TELEPHONES SOLD.

Don't pay exorbitant rental fees to the Bell Telephone Monopoly to use their Telephones on lines less than two miles in length. A few months' rental buys a first-class Telephone that is no infringement, and works splendid on lines for private use on any kind of wire, and works good in stormy weather. It makes homes pleasant; annihilates time; prevents burglaries; saves many steps, and is just what every business man and farmer should have to connect stores, houses, depots, factories, colleges, etc., etc. The only practicable and reliable Telephone that is sold outright and warranted to work.
Chance for agents. No previous experience required. Circulars free WM. L. NORTON, Buffalo, N. Y.

THE
...ate and Building Journal

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, JAN. 2, 1886.

REVIEW OF THE MARKET---1885.

This week closes a year of substantial prosperity to real estate owners, as well as to all classes of business connected with building. Nothing like speculation has entered into the trade; but during the months of October and November and the fore part of December there was certainly the semblance of a boom in central business property and in lots lying along the Boulevards on the West and South Sides. Prices of the former have appreciated until foreign capital is ready to let go. Whenever anything central was offered at anything like a reasonable price, the buyer could be readily found.

In the following pages will be found a classified list of sales of $50,000 and upward, showing location, frontage, etc., thus enabling the reader to see the rate paid per foot or per acre, and the approximate value of the improvements.

A comparison of the "total amount of sales" one year with another for the last fifteen years, shows a decrease from 1873 to 1880, and then a gradual increase again for two years, when the annual totals footed up respectively about $51,000,000 for 1883-'84 and '85, except that the figures approach nearer to $52,000,000 in '84 and $57,000,000 in '85.

Because the figures for the last four years do not come up to the totals for the first four years in the table, it does not follow that we have had less prosperity. Prices during the former period were inflated, and during the latter period values were, and are still, on a gold basis. It must also be borne in mind that formerly when real estate was having a boom, the same piece of property was sometimes transferred twice or oftener in one week, in the same manner that a jockey trades horses, and the habit of putting in a false consideration in the deed, was not uncommon then. Now it is otherwise. The purchaser buys to hold as an investment, or for improvement, and prices are stiff enough without putting in a false consideration.

One of the advantages in studying the JOURNAL is, that it enables investors to see at a glance what streets are going ahead, Ashland ave., Adams st., Albany ave., Belmont ave., Calumet and Campbell aves., Centre ave., Chicago ave., Cottage Grove ave., Dearborn st., Dearborn ave., Division st., particularly West Division. Eighteenth st., Groveland ave., Halsted st. south, and Harrison st., west, and Jackson st., east and west, Larrabee st., La Salle ave., La Salle st. and West Madison st., Market st. and Michigan ave., Milwaukee av. and Monroe st., E. North av. and Oakley av., Ogden ave. and Ohio and Ontario sts. Prairie av. shows a large amount in the cost of residences. Randolph st., east and west, shows up well; Wabash ave. shows improvements amounting to $2,000.000, and Warren ave. on the West Side, has developed more rapidly than any street in the city, considering that its improvements have nearly all been made within the last year, and now extend all the way to Garfield Park.

The prosperity and advancement of any street is determined by the number and character of the improvements made. In short, for nearly every lot sold a building has been erected or is to be erected in the immediate future.

The maximum figures for business property may be put down at $2,000 per front foot, and for residence $500 per front foot on the South and North sides. In some few instances the prices paid have exceeded the above. Business property on State st., Milwaukee av., Clark st. and Wabash ave, has improved rapidly, and rents, notwithstanding, have remained firm. Of course, the greatest advancement and the most extensive improvements made anywhere are south of Madison as far as Van Buren st. east of the river. A parallel cannot be found for it anywhere in the country outside of New York, if the elegance and strength of buildings are considered, and the amount of money expended.

On page 3 of THE REAL ESTATE AND BUILDING JOURNAL, in the 1st of January number for the year of 1883, we find the grand totals for all the years since 1871.

The Chicago Times has copied these figures verbatim et literatim et punctuatim without giving the JOURNAL credit. The like has been done many times before by this and other papers. The totals are as follows:

1872	$78,183,500
1873	78,428,000
1874	67,871,700
1875	53,149,850
1876	42,153,000
1877	38,123,290
1878	42,126,800
1879	38,123,900
1880	43,682,900
1881	54,859,190
1882	56,510,539
1883	51,715,037
1884	51,924,721

BUILDING REVIEW.

No one who has lived in Chicago and traveled about the city in quest of information about building and building material, during the last two or three years, will believe that less building has been done in 1885 than in 1884. One thing is certain, residence building has kept pace with offices, stores and manufactures. In 1884 there were 4,273 buildings of all kinds erected. In 1885 there are upwards of 4,300 buildings begun, costing about $20,000,000. In 1884 there were 1,500 houses—strictly dwellings and 850 cottages—constructed; in 1885 about 1,600 dwellings and 800 cottages. In 1884 there were 1,510 flats and in 1885 over 2,000 in number, so it is seen that the flat craze did not subside, as was predicted by wisacres and scribes. In a majority of storebuildings there are flats above, so it is plain to be seen that official and other reports used by newspapers do not strictly convey the truth as to the amount of building improvements for residence purposes

The operations of S. E. Gross & Co., Campbell Bros., Turner & Bond, Chandler & Co., W. D. Kerfoot & Co, and a score of others, have been almost entirely confined within the city limits, but outside, in Hyde Park, Towns of Lake, Lake View, Cicero and Jefferson, more than as many more residences were built, and many of them elegant and costly. In1884 Hyde Park alone built nearlyas many houses as Chicago, but they were mainly small dwellings and cottages, and did not amount to much in the aggregate..

Minneapolis boasts of having built 3,500 houses, at a cost of $8,500,000. The JOURNAL knows, from having reported a list of new buildings almost every week for the last year, that fully four-fifths of the improvements are small houses, ranging in cost from 1,000 to $3,000. She has built some business blocks, costing $200,000, and one elevator costing $375,000. It takes her five years to expend $38.000,000. Chicago exceeds that amount in two years, within the city limits. Building statistics of outside improvements are very difficult to obtain, but it is safe to say that the outside suburban towns, which are essentially a part of Chicago, have built more houses than Minneapolis or St. Paul. There is no denying the fact, however, that the above named cities are outstripping everything in the West but Chicago—St. Louis and San Francisco not excepted.

In comparing Chicago building operations of 1885 with any previous year, it must not be forgotten that, although a greater number of costly buildings were begun in 1884, their construction was carried on and completed in 1885, such as the following:

The Board of Trade Building, 173x225 feet in dimensions, 9 stories; cost $1,500,000.

Home Fire Insurance Building, 138x100 feet, ten stories high; cost $750,000.

Insurance Exchange Office Building, 165x60 feet, ten stories: cost $750,000.

Chicago Opera House, 125 feet front, running to the alley; cost $600.000.

Sibley Warehouse, 160x189 feet, seven stories; cost $500,000.

Traders' Safe and Trust Co. Building, 80x90 feet, 8 stories; cost $250,000.

J B Mallers Office Building, 40x60 feet, 12 stories and basement; cost $175,000.

Adams Express Building, 90x131 feet, 9 stories; cost $175.000.

Goff Building, 71x60 feet, 9 stories and basement; office building cost $150,000.

Union League Club House, 75x100 feet; to cost $150,000.

Martin Ryerson Building, six stories and basement, 68x170 feet; cost $125.000.

Troecher Building, 80x90 feet, six stories and basement; to cost $95,000.

McCormick Warehouse, 100x120; to cost $800,000.

Chicago Women and Children's Hospital, 125x50, 5 stories high; cost $60.000.

Hansen Bloch, 5 stories; office building cost $60,000.

The above are the most important buildings commenced in 1884 and completed in 1885, and which are not recorded in our totals for this year.

The leading on most noted buildings begun in 1885, are as follows:

Phœnix Insurance Co's Building, 9 stories high, basement, 217x50 feet, to cost $500,0000.

Rialto Building, rear of Board of Trade, 140x100 feet, containing 500 rooms, to cost $900,000.

Marshall Field's (store house), 7 stories and basement, 200x325 feet, containing 500,000 sq. feet store room, to cost $800,000.

Studabaker Bros. Carriage Factory and Ware House, 105x172 feet, cost $200,000.

174363

Taylor & Harper, elevator, 100x206, cost $180,000.

The Johnathan Clark Office Building, 50½x101, cost $150,000.

Kinsley's Restaurant and Cafe Buiding, a double store and four stories, 45x175 feet, cost $125,000.

Dahl's 7-Story Bnsiness Block, 100x68 feet, cost $100,000.

Art Institute Building, 4 stories, 100x80 feet, cost $100,000.

C. & N. W. R. R. Co. Grain Elevator, 60x100 feet, cost $100,000.

Langham Hotel, rebuilt into warehouse, cost $100,000.

Grannis Block, burned and rebuilt, 90x70 feet, 7 stories, cost $100,000.

Conrad Furst Building, 6 stories and basement, 83x105 feet, $80.000.

St. Clair Store Building, west side, 4 story and basement. Cost $75,000.

W. M. Hoyt Apartment Building, 100x100 feet, cos $65,000.

C. C. Heisen Office Building, 6 stories, 92x50 feet, cost $60,000.

Jonathan Clark's State Street Store Building, 80x138 feet, cost $60,000.

C. M. & St. P. Ry. Co., two-story iron warehouse, 150x 250 feet, cost $60,000.

J. B. Clow Six-Story Storehouse, 40x150 feet, cost $50,000.

M. Brand & Co., five-story brewery, 60x185 feet, cost $50,000.

A. J. Walker, seven-story and basement carriage repository, 40x165 feet, cost $50,000.

Crane Brothers Manf. Co., four-story factory, 180x160 feet, cost $40,000.

Farragut Boat Club, two-story club-house, 40x70 feet, cost $40,000.

Church edifices are as follows:

A memorial church at the corner of Thirty-third and Butterfield streets, 88x135 feet, cost $200,000.

Church of the Epiphany, 60x120 feet, cost $80,000.

Reformed Episcopal Society Church Building, 80x50 and 72x30 feet, cost $50,000.

Western Avenue Methodist Episcopal Church, 91x108 feet, cost $50,000.

Zion Congregation Synagogue, 64x115 feet, cost $50,000.

Grant Place Methodist Episcopal Church Building, 63x92 feet, cost $35,000.

Trinity M. Epicopal Chnrch Mission Building, 70x110 feet, three stories and basement, cost $25,000.

School-houses were erected as follows:

Nos. 840 to 860 Twenty-first street, a three-story school, 130x75 feet. $58,000.

Nos. 96 to 108 Hudson avenue, a three-story school, 92-80 feet, $55,000.

On Wallace street, near Thirty-first, three-story and basement school, 124x70 feet, 15 rooms, $50,000.

At the corner of Ashland avenue and Thirteenth place, three-story and basement school, 15 rooms, 124x70 feet, $50,000.

At the corner of Ashland avenue and Nineteenth place, three-story and basement school, 124x70 feet, 15 rooms, $50,000.

At the corner of Ashland and Wabansia avenues. three-story and basement school, 85x80 feet, $40,000.

Nos. 2527 to 2,545 Lime street, three-story school-house, 110x70 feet, $40,000.

Nos. 982 to 988 Wilcox avenue, a three-story school, 70x 120 feet, $40,000.

This does not include a number of manufactories inside and outside of the city limits and only a few of the largest school houses and churches. As the Journal is almost universally kept on file, a reference to its pages will show a more minute description of all the buildings above emunerated as they were begun and finished. Several pages might be taken up with descriptions of beautiful and costly buildings begun during the year, but we are compelled to go to press without them. The following interviews of leading houses engaged in the various lines of building materials will afford much information.

Akron Sewer Pipes.

Perfect sewerage of cities is essential to health and life. In securing perfect sewerage, much depends upon the kind of sewer pipe used. Realizing the importance of this boards of health and sanitary officers, have made a thorough investigation of the kinds of pipe offered on the market for carrying off sewage, and as a result have adopted the Akron sewer pipe as the standard. So much merit does this pipe possess that already imitations are in the field, but they will soon have their day as buyers will prefer the genuine to the imitation, especially as it can be bought at the same price. The manufacture of this pipe was begun in 1856 and in 1869. N. A. Williams, 219 E. Washington street, dealer in sewer pipe, drain tile, fire brick, fire clay, cement, grouud brick, chimney tops and flues, plaster, fire sand, etc., became the representative of the Akron Sewer Pipe Co. in Chicago and ever since has been the largest dealer in this popular sewer pipe. Though the pipe is the best made, it is offered at prices which compete with imported makes. For prices and further information apply to N. A. Williams.

Builders' Hardware.

The general tendency of builders' hardware has been toward lower prices, though the higher grades of which there are fewer manufacturers have not been materially reduced. The greatest cutting has been in the cheaper grades, many of which have been sold at less than the cost of manufacture. Owing to the recent sharp advance in iron and copper, there is now a decided upward tendency. Chicago has the reputation among manufacturers of being the closest market in the United States in this line and consequently it must be the most satisfactory market for any one in need of this material. Many new improvements in builders' hardware novelties have been introduced and the trade is keeping well up with the times. The business has an old and prominent representative in the firm of Orr & Lockett, the largest retail builders' hardware concern in the West. They are located at 184 and 186 So. Clark street, where they keep constantly on hand a large assortment of all grades of builders' hardware. To illustrate the volume of their business, one needs but to recount many of the largest buildings erected during the past few years and furnished by them with hardware, such as the new Board of Trade bldg., Pullman bldg., C. B. & Q. General Office bldg., First National Bank bldg., W. I. R. new depot, N. W. Safety Deposit & Trust Co's bldg., Home Insurance Co's bldg.; Atchison, Topeka & Santa Fe office bldg., at Topeka. They are now engaged in furnishing the new office bldg. for the Burlington, Cedar Rapids & Northern railway, at Cedar Rapids. Many of our finest residences have been furnished by them with the best grades and latest improvements and novelties in builders' hardware. They are sole agents for the Norton air cnshion, door check and spring and Geer's spring hinge, with which they have had rmarkable success in handling. While they have been prominently engaged in the handling of builders' hardware, they also carry in stock almost everything conceivable in general hardware and cutlery. They also deal in special hardware for meat markets and cooling rooms. Their business which is constantly growing, has been larger the past year than ever before.

They report that the indications at the present time point to a prosperous trade for the coming year.

Indiana Pressed Brick.

Having full faith in the continued growth of Chicago and knowing that her new citizens would require new homes, Wm. E. Hinchliff & Co. opened their 15th season, that of 1885, with increased capacity for making their fine Indiana Pressed Brick which have enjoyed for years the merited favor of the building community.

Probably nothing measnres better the rapid growth of our city than the new schools that the Board finds necessary to build each year, and in the exclusive use of the Indiana brick, Wm. E. Hinchliff & Co. find a gratifying endorsement. The fame of this material throughout the North and the West has enabled this the largest and oldest pressed brick concern in the State and the second largest in the country, to send scores of carloads to Wisconsin, Minnesota and beyond. St. Paul has used about 100,000 in her new water works and Minneapolis about the same number in her elegant new public school during the past summer, all sold through Mr. S. C. Ferris, the firm's widely known agent in Minneapolis.—The most notable structure outside the city and its immediate vicinity is the magnificent new edifice in whose splendor the Congregational church-goers of Evanston are rejoicing. The intelligent investigation and montiive genius of the members of this firm has produced many improvements in methods of manufacture during recent months. Among these probably the most important is an improved kiln for the burning of their ware and to cover which a patent is now pending. This progressive spirit along, with the unequalled facilities for shipping brick and filling large orders with promptitude places this firm first among its competitors. They are centrally located at 159 La Salle st., Room 10.

Imported Rock Asphalt.

The attention of architects, owners and builders is called to the above article for floors of cellars, stores, breweries, malt houses, hotel kitchens, stables, laundries, conservatories, public buildings, carriage factories, sugar refineries, mills, rinks, etc.; in fact, for any place where a hard, smooth, clean, dry, fire and water proof, odorless and durable coloring of a light color is required in basement or upper stories, laid either over cement-concrete, brick or wood, in one sheet without seams; also over cement-concrete for roofs for fire-proof buildings. For dwelling-house cellars. especially on moist or filled land, this material is especially adapted, being water-tight, non-absorbent, free from mold or dust, impervious to sewer gasses, and for sanitary purposes is invaluable. It is equally well adapted for roadways and walks, as it will withstand the hardest usage. This article, long in use in Europe, where its great value has been proved is natural rock asphalt, and contains no coal tar or artificial products, hardens immediately, and is ready for use within a few hours after being laid. In an article in Johnson's Cyclopedia, Gen. Q. A. Gillmore says of the "Natural Rock Asphalt:"

"It must be conceded that nothing has yet been discovered which can replace with entire satisfaction the bituminous limestones of Seyssel and Val-de-Travers. In the natural asphaltic rock, the calcarious matter is so intimately and and impalpably combined with the bitumen, resists so thoroughly the action of air and water, and even muriatic acid, is so entirely free from moisture'— properties due perhaps to the vast pressure and intense heat under which the ingredients have been incorporated by nature,—that we are forced to attribute the excellence of this material to the existence of certain natural conditions which the most skillful artificial methods fail to reproduce."

Simpson Bros., who are handling this material, have in their employ foreign experts of long experience in Europe, and are prepared to fill orders for any work in this line. Samples may be seen at their office, room 15. 159 La Salle street.

Paints, Oils, Varnishes, Etc.

The improvement which has extended through nearly all lines of business during the past year, was noticeable in a marked degree in the paint, oil varnish and painters' supply trade. While there has been a good deal of competition, it has been in the lower grades. and has not affected the leading makes. In speaking of the leading makes, the celebrated Coffin, Devoe & Co.'s paints are worthy of special mention. The success and popularity of their paints have been due to their quality, the motto of the firm being: "The best always pays in the end to both buyer and seller." They manufacture all their domestic products, from the raw material to the finished goods ready for the market, and import direct all reqnisite foreign goods demanded for their extensive trade. The variety of their paints is as great as the various ways in which they may be used, including railway paints, coach and car colors, varnishes, white lead, ready mixed house paints, etc., etc.

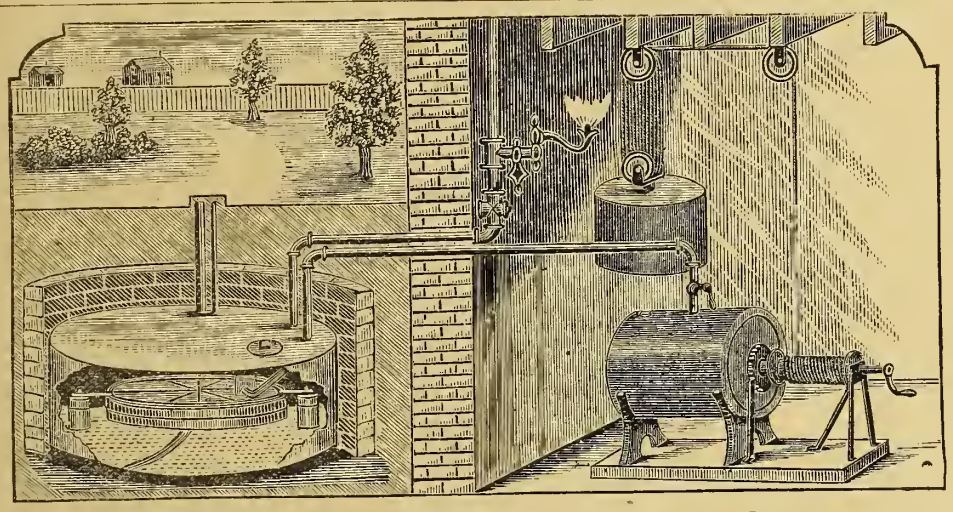
The firm are located at No. 176 Randolph st., and make a specialty of the F. W. Devoe & Co. goods.

Upon the general good feeling in all lines of business, they base their prospects for a good trade during the coming year at remunerative prices. The firm, while satisfied with the results of the past year, are desirous of holding the leading place in the trade which they have attained and will spare no effort in that direction. The large amount of building for the coming year. much of which has already been contemplated, will require a large supply of materials in their line, and the manufacturing concerns who are looking forward to an increase of business, will also without doubt increase their orders.

The firm publishes a book entitled, "Exterior Decoration." containing a number of beautifnlly colored views of residences painted with their paints. This work has been produced at an expense of many thousand dollars, and will surpass anything of its kind heretofore published. In the text is found a full description of the best methods of painting, with special reference to their paints. The book can be inspected at their office at any time, and will be supplied to merchants on certain conditions.

A walk throngh their establishment gives evidence of what may be done, even in dull times, by an active and enterprising firm.

Parties interested in paints are always welcome.



Anderson Pressed Brick.

Among the industries of Chicago that have been established and reached the point of absolute success in the past few years, none are to be more favorably noticed than the Anderson Pressed Brick Co. Following in the wake of numberless ventures of Pressed Brick corporations in Chicago, which were failures, this company started in some five years since, and have steadily increased their reputation for supplying to the country a product that had been before their advent necessary to buy from distant markets at exhorbitant prices. For example, in 1881, the pressed brick used in Chicago cost the consumer not less than $42-00 per M—from that price up to $55.00. Now the same brick are bought from $25.00 to $40.00. This was brought about simply by the introduction of home-made product which was superior to that [illegible] other markets. Immediately the [illegible] prices to secure any trade, and the [illegible] to the Chicago consumers, of some [illegible] this particular building material.

Had there occurred any deficiency in the quality of the product of the Chicago Anderson Co, or any disability to supply the wants of the consumer, these facts recited would not have been the result, but to the contrary. The continued success in the efforts of this house institution to furnish the best building brick for finish fronts ever offered, has become an established fact. Their advance has been uninterrupted, until to-day they justly boast of having the most extensive establishment of the kind in the country and come nearer to supplying the increasing demands of every architectural requirement in the way of brick—be

for plain and substantial construction or elaborately ornamented buildings—than any other concern in the world. Their office is at 157 La Selle st.

Hardwoods—California Redwood.

The geographical position, and many other advantages of Chicago, have conduced to give her great prominence as the centre of the lumber trade of the United States. Of this great trade, the hardwood interests form a very important part. The volume of this business in Chicago has assumed proportions of the greatest magnitude, owing to the widespread popularity of hardwood for almost every conceivable use. This business has a prominent representative in tne firm of Charles B. Crombie, who deals extensively in all kinds of hardwood, such as ash, oak, walnut, whitewood, cherry, maple, long leaf yellow pine, California redwood, etc. The latter was first introduced by Mr Crombie and has become one of the leading finishing woods. Its richness of color, the facility wilh which it can be worked, and its durability, make it one of the most important species of lumber used in the construction of houses.

It has been used with very good effect for shingles, for it excels pine in clearness, beauty, durability and resistance to fire. The sale of this wood has increased surprisingly during the past two years.

Recently Mr. Crombie has removed his office from South Water street to a beautiful suit of offices in the Adams Express building, 187 Dearborn st. His facilities for carrying on the business are the best, and enable him to turn out orders promptly. He reports the prospects for the coming year to be very encouraging for the Hardwood lumber trade, and also reports that the railroad business for the coming year bids fair to be exceptionally good, if the roads are built that are already contemplated and mapped out on paper.

This is one of the specialities of his business, although he deals largely in heavy building timber, in oak and yellow pine and piling of all kinds. The walls of his office are decorated with samples of domestic woods of all kinds, and one of the handsomest is the large piece of redwood, 52 inches in width, 1 inch thick, which reaches from the ceiling to the floor, and shows an absolute clear face.

It is well worth seeing, and Mr. Crombie is always pleased to have visitors examine the woods in his office and takes pleasure in imparting information concerning the woods to such as ask.

Gas Fixtures.

The trade during the past year in gas fixtures shows an improvement over that of the preceding one. Progress has been made also in both the construction and the designs which are specially noted for their ornamentations and beauty. The gas fixture trade has a prominent representative in the W. C. Vosburgh M'f'g. Company. Marked success has accompanied them in the establishment some two years ago of their Chicago branch under the able management of Mr. C. H. Littlefield. Their manufacturing establishment is in Brooklyn, N. Y., where it has gained wide spread popularity. The western branch occupies spacious quarters at Nos. 184 and 186 Wabash ave., where they always have on hand an immense stock of gas fixtures, marked for their beauty, originality of design, superiority of workmanship and finish.

They manufacture all grades of fixtures, suitable for ecclesiastical purposes, theaters, hotels, as well as all kinds of residences and sell at wholesale and retail. They report prospects of a large business for the coming year, based upon the large amount of building to be done, much of which has been already contemplated.

Galvanized Iron Cornices.

The improvements which have been made in the construction and design of galvanized iron cornices, have made them very popular and they are now almost universally used. Among the representatives of this branch of the building interests is E. E. Noyes, with office and manufactory at 33 W. Madison st. During the past year he has received and carried into successful execution many contracts for cornice work in residences, churches, stores, etc. Experienced workmen are employed by him in the execution of his work. He reports the business of the year to have been very encouraging with bright prospects for the coming year.

Mason, Contractor and Builder.

In reviewing the various industries that have made Chicago one of the chief commercial centres of the country, it is instructive and interesting to note the advances that have been made in each of the representative enterprises, and ascertain exactly what has been accomplished by energy and capital. In looking over the field it is easy to see that the building trade has exercised an important influence upon the welfare and prosperity of this section of the State. The builder is an important factor and much depends upon his skill and honesty. The improvement in the various building materials has greatly aided him in producing a fine effect to his work. Among our builders who have been particularly successful in carrying out large contracts is Mr. Jos. Downey with office at No. 159 Lasalle street. The Western Indiana Railroad Depot, the County Poorhouse at Jefferson, the Missouri State Lunatic Asylum at St. Joseph, Mo., are some of the contracts received and executed by him. Within the past ninety days he has built three police stations and one engine house. As a man's best testimonial is his work, so with him no better reference does he care to give than the many buildings in Chicago and outside which stand as witnesses to his skill and execution.

Mahogany and Cabinet Woods.

Improved Plumbing and Gas Fitting.

In no branch of business connected with house-building has more marked and handsome improvements been made than in plumbing and gas-fitting. The injurious effects of sewer gas and the agitation of the drainage question by the newspapers, have been the means of bringing about many reforms in Chicago's sewerage and in her sanitary condition.

Prominent among Chicago's sanitary engineers and sewer-builders is Mr. N. A. Williams, manufacturer of and dealer in sewer-pipe, fire-clay, drain tile, cement, plaster, fire-sand, etc., with office at 219 E. Washington street. Mr. Williams is too well and favorably known among Chicago architects and builders to need any praise from any source. His success lies in his knowledge of the business he follows and his integrity.

Mr. J. J. Wade, whose place of business is at 531 W. Madison street, is one of Chicago's most enterprising and energetic sanitarists. His store is one of the finest in the city, and the character of his work has not been questioned. Mr. Wade has distinguished himself by his inventions and his advocacy of sanitary measures and his advanced ideas on the drainage question.

Mr. David Whiteford, whose place of business is at 346 W. Randolph street, has done much by way of earning the reputation of being a first-class business man, as well as by his inventions, among which may be mentioned his patent stop, waste and water-closet. He is a plumber and gas-fitter in the fullest sense of the term, and, like Mr. Wade, his success is due to gentlemanly traits and the assiduous pursuit of his business.

The relation between architect and plumber has become closer during the last two years than ever before. No branch of the business requires a more thorough knowledge of ventilation in all its branches, and the plumber and sewer-builder should always be consulted, as it is impossible for even the architect to understand as fully as the plumber and sewer-builder the best means of avoiding sewer gas and impure air.

Brooklyne.

There is a growing demand for suburban property. Salaried men are more than ever turning their attention to the advantages derived from owning a home for themselves. This is made possible to them by the easy payment plan. Among the growing suburbs of Chicago, is Brooklyne, situated only nine miles from the city. It has the best of train accommodations, as the Lake Shore & Michigan Southern Illinoie Central, Pittsburgh & Ft. Wayne, all run to it. Amor other of the advantages which it offers, a pure air and water, good society, etc., et Among the improvements already made a sidewalks, street lamps, graded streets, et etc. Prominently connected with the grow of Brooklyne, is Wm. V. Jacobs, Rooms and 33, Hansen Bld'ng, 118 Dearborn Within the past two years Mr. Jacobs ha built over sixty houses here. Building o erations during the coming year will quite extensive. Besides dealing in city an suburban real estate, Mr. Jacobs carries o a large loan business, making loans in an amount at current rates.

Summary.

The following is a summary of warranty deeds filed for record during the six days ending Thursday evening, Dec. 31, 1885:

	Sales.	Amount.
City	780	$6,002,294
County	884	2,433,983
Total	1664	$8,436,277

Summary of Warranty Deeds for the week ending Dec. 31, 1884:

	Sales.	Amount.
City	89	$467,709
County	97	156,425
Total	186	$624,134

How to Decorate.

A necessary addition to the writing desk is a silver sealing set, which includes a silver tray, and on it a match-box, candlestick, a box containing sticks of wax of various colors, a paper knife and seal.

The collection of silver paper knives, trays and other articles designated for writing desks, are additional proofs of the high art attained in the silversmith's handiwork.

Very effective wood-baskets are made of fiat, flexible baskets, caught together and fastened with full loops of broad satin ribbon and a cluster of cones. The cones are gilded, and the following couplet is quaintly traced in one end of the ribbon: "Heap on the wood, for the night is chill."

Chimney pieces of Mexican onyx ornamented with garlands of flowers in gold or silver are rapidly coming into fashion.

Large flowers and large effects are the style for room and table decoration.

The awning cloths in black or gray, alternating with bold stripes of rich colors, are pnt to use for fancy bed-covers, the plain spaces filled with bright embroidery, the whole set off with velvet or silk border, and the short cashmere fringe in blocks of different colors, which now finishes many decorative articles.

Silver lamps are entwined with golden spathes of palm flowers, and the stained glass globe above reproduces the brilliancies of the tropical skies.

Ribbon bows find place on almost every conceivable article of drawing room furniture.

LAW DECISIONS.

Sale of Lands of Bankrupt Estate.—The by Woods, J., holding, where a sale of opinion of the United States Supreme Court the lands of a bankrupt estate has been made and confirmed by order of the bankruptcy court and the lands has been conveyed by the assignee, that the Circuit Court of the United States if without jurisdiction, at the suit of the purchases, to enjoin a sale of the same lands about to be made upon the order of a State court.

County Bonds—Recitals in—When Purchasea bound to Ascertain whether Authorized or not.—The opinion of the Sup Court of the United States, by Field holding where county bonds are authoriz by statute npon a vote of a mojority of the citizens of the connty, and certain officers are designated to certify the result, if in such cases the bonds refer to the statute and recite a compliance with its provisions and have passed for a valuable consideration into the hands of a bona fide purchaser, without notice of any defect in the proceedings, the county will be estopped from denying the truth of the recitals. That in this case there were no recitals in the bonds, and the bank in taking them was bound to ascertain whether or not they were authorized.

William Jack et al v. F. D. Weiennett.
Ottawa, Nov. 14, 1885.

Taxes—A tax is not a debt in the ordinary sense of that word. The State may distrain and sell property for a tax, if not paid when denanded, without first obtaining a judgment, and as between it and creditors of the person owing the tax. the State is entitled to a preference. The claim of the goverment for the payment of taxes upon the citizen is paramonnt to all other claims and liens against his property.

The Constitntion provides that the General Assembly shall provide such revenne as shall be needed by levying a tax by valuation. so that every person and corporation shall pay a tax in proportion to the value of his' her or its property. To enforce this provision it is indispinsable that the tax shall have priority in right of payment over individual debts.

Where a insolute debtor makes an assignment of his property for the benefit of his creditors, even before the tax books are placed in the hands of the collector, the State will still have the right to subject the property assigned for the payment of any taxes due from the assignor; and when the property assigned consists of nots and choses in action, the collector, on proper petition to the County Conrt, will be entitled to an order of that conrt directing the assignee to first pay the taxes of the assignor ont of the trnst fund.

An assignee of a failing debtor takes the property assigned subject to all equities, liens or incumbrances, whether created by operations of law, or by the act of the insolvent, which existed against the same in the hands of the insolvent.

If property aseigned for the benefit of creditors is sold in good faith to a pnrchaser before the tax books come to the hands of the collector, so as to become a lien on the same, the purchaser would take free of any lien for taxes. But tangible property in the hands of the assignee, after the cellector receives his warrent, is snbject to distress and sale by the collector the same as if in the hands of the assignor.

If the insolvent laws could be held to have the effect of releasing either persons or property from taxation, to the extent they would be unconstitutional, as Sec. 6, Art. 9 of the Constitution denies the power of the Legislatnre to release any person or property from his or its share of taxes levied for State puuposes.

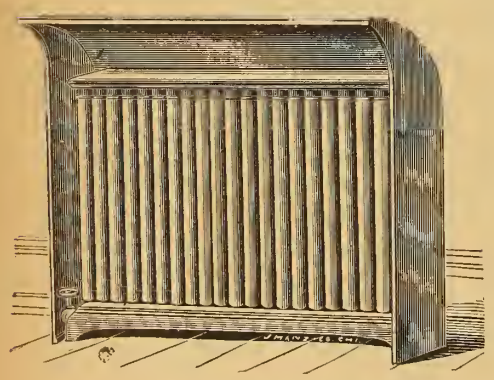
The statnte continnes the power and dnty of the county collector and his snccessor, to collect taxes after his retnrn and final settlement until they are paid and the lien created by the warrant continues from one collectior to another, even after retnrn of the tax books, and the entry of the taxes in another book.

ORR & LOCKETT,

Dealers in

Builders' Hardware

Fine Cutlery and Tools



OF EVERY DESCRIPTION,

Sole Agents for Penn. Green Serpentine, and Scottish Red Corsehill Stone.

Elizabeth Kauffman v. Jonathan Peacock et al.

Ottawa, Nov. 14, 1885.

DOWER.—Inchoate—How terminated.—The inchoate right of dower does not become property or anything more than an expectancy, at any time before it is consummated by the husband was seized, is sold under a deed of trust in which she unites with her husband and releases her dower, is sold, the surplus proceeds of the sale after satisfying the debt secured, becomes the personal property of the husband and her inchoate right of dower in the property is terminated.

DEED OF TRUST—Surplus proceeds of sale under, personal property.—If real estate is sold under a deed of trust by which the wife's right of dower is released, any surplus arising from the sale left after paying the mortgage debt, becomes the persenal property of the husband, if living, and as such liable to be taken by his creditors the same as personal property acquired by him from any other source.

STATUTE—Sec. 5 of Dower Act.—The statute (Sec. 5 of the Dower Act), giving the wife of a mortgagor the right of dower in the surplus arising from a sale only when the sale is made after the death of the mortgagor, or husband, would seem by implication to exclude her right of dower in the surplus when the sale is in the lifetime of the husband.

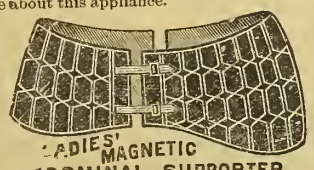
DISEASE CURED WITHOUT MEDICINE.



A vaaave Discovery for Supplying Magnetism to the Human System.

Electric Wand Magnetism Utilized as never before for Healing the Sick.

THIS MAGNETIC BELT IS

WARRANTED TO CURE Or Money Refunded, the following diseases without medicine:—Pain in the back, hips, head, or limbs, nervous debility, lumbago, general debility, rheumatism, paralysis, neuralgia, sciatica, diseases of the kidneys, spinal diseases, torpid liver, gout, seminal emissions, impotency, asthma, heart disease, dyspepsia, constipation, erysipelas, indigestion, hernia or rupture, catarrh, piles, epilepsy, dumb ague, etc.

When any debility of the GENERATIVE ORGANS occurs, lost vitality, lack of nerve force and vigor, wasting weaknesses, and all those diseases of a personal nature, from whatever cause, the continuous stream of Magnetism permeating through the parts must restore them to a healthy action. There is no mistake about this appliance.

Warranted TRY ONE.

TO THE LADIES:— If you are afflicted with Rheumatism, Neuralgia, Nervous Exhaustion, Dyspepsia, or with Diseases of the Liver, Kidneys, Headache or Cold Feet, Swollen or Weak Ankles, or Swollen Feet, an Abdominal Belt and a pair of Magnetic Foot Batteries have no superior in the relief and cure of all these complaints. They carry a powerful magnetic force to the seat of the disease.

For Lame Back, Weakness of the Spine, Falling of the womb, Leucorrhœa, Chronic Inflammation and Ulceration of the Womb, Incidental Hemorrhage or Flooding, Painful, Suppressed and Irregular Menstruation, Barrenness and change of Life, this is the Best Appliance and Curative Agent Known.

For all forms of Female Difficulties it is unsurpassed by anything before invented, both as a curative agent and as a source of power and vitalization.

Price of either Belt with Magnetic Foot Batteries, $10. Sent by express C. O. D., and examination allowed, or by mail on receipt of price. In ordering, send measure of waist and size of shoe. Remittance can be made in currency, sent in letter at our risk.

The Magneton Garments are adapted to all ages, are worn over the underclothing, (not next to the body like the many Galvanic and Electric Humbugs advertised so extensively) and should be taken off at night. They hold their *power forever*, and are worn at all seasons of the year.

Send stamp for the "New Departure in Medical Treatment Without Medicine," with thousands of testimonials.

THE MAGNETON APPLIANCE CO.,
218 State St. Chicago Ill.

A MAN

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE,
President and General Manager, Chicago.

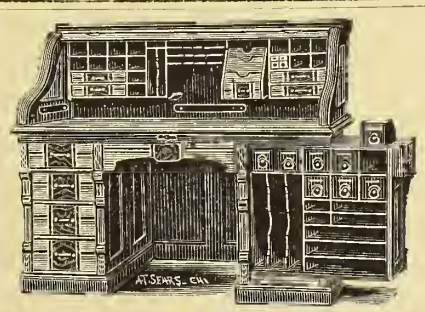
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

TIN SHINGLES

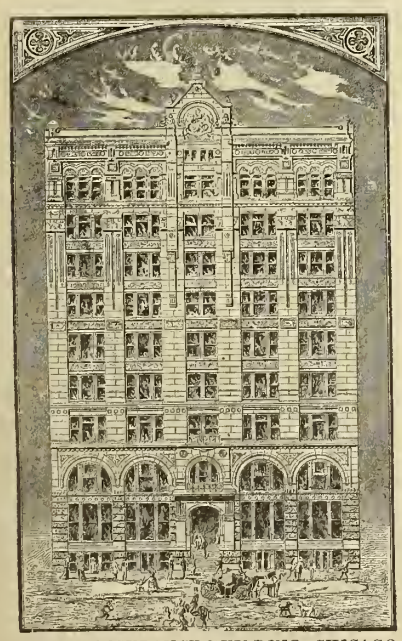
We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM OLD MEDAL** at the **World's Exposition New Orleans, La.**

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

THE REAL-ESTATE AND BUILDING JOURNAL



Vol. XXVIII.—No. 1. CHICAGO, SATURDAY, JANUARY 2, 1886. SUPPLEMENT.

Representative Buildings.

1885.

NEW BOARD OF TRADE BUILDING, CHICAGO.
W. W. BOYINGTON, ARCHITECT.

ROYAL INSURANCE BUILDING, CHICAGO.
W. W. BOYINGTON, ARCHITECT.

This is a nine-story building and is located on Jackson street, sixty feet west of LaSalle street, and nearly opposite the new Board of Trade, running through the entire block to Quincy street. No more desirable location can be found for commission, insurance, banking or other branches of business needing first-class office accomodations. The construction of the building is of the best quality throughout, embracing all the latest improvements. It it fireproof and well equipped with elevators, safety deposit vaults, heating and ventilating apparatus, electric lights, etc. Mead & Coe, Major Blk, south-east corner LaSalle and Madison streets, have charge of the renting of the offices.

Annual Review of the Market.

1885-1886.

The review of the real estate market for the year ending Dec. 31, 1885, may be made with the greatest satisfaction, as no year for the past ten at least, has been equal to it in the firmness of prices, the general advance of real estate in all locations and of all classes, the steady demand for both improved and unimproved property.

Beginning with the center of the city and working out from it in all directions, we first come to speak of

CENTRAL BUSINESS PROPERTY.

The demand for this class of property has been unprecedented in the history of Chicago. It has come from both home and eastern capitalists. Every piece of central business property placed on the market at any thing like reasonable prices was taken, and still the demand continues. Many important exchanges were made, among them may be noted the sale by the McNeil estate to the Phœnix Fire Ins. Co., of 50 feet on Clark street by 213 feet on Jackson street, being the southwest corner, for $400,000; the southeast corner Adams and State, 100x138, to Henry Strong, $310,000; the northwest corner Fifth ave. and Randolph, 80x180, to L. C. P. Freer, 80 feet between Adams and Jackson, to F. Haskell, $158,000, and many other ranging from 100,000 to 150,000.

The causes for this active demand are the uncertainty of stocks and other investment securities, the low percent offered for money by the banks, the growing pupalarity of real estate as an investment, especially Chicago realty, and the steady, sure and large income which this security brings.

These same reasons which have influenced capitalists, have caused smaller buyers in large numbers to invest in

NORTH, SOUTH AND WEST SIDE REAL ESTATE,

both improved and unimproved, for residence and business purposes.

The select residence portion of the North Side, lying east of Dearborn ave. and north of Chicago av. to the park, has received many important additions in fine residences and the advance in the values of this property has been quite marked.

There has been the nearest to a boom on the South Side, in the rapid exchange of several thousand feet of Boulevard property and the greatly advanced prices at which this was bought, ranging at 50 to 100% over the prices asked a year ago. The property affords special advantages in train accomodation to board of trademen, who were large buyers.

The West Side has equalled the other Sides in the improvements made, the advance in values and the demand for its property. The property holders of the West Side have read with a self-assuring complacency all editorials concerning the "Exodus from the West Side," knowing that the West Side is

(Continued on page 3).

In order that we may be able to lay before our readers and purchasers of real-estate generally, a somewhat succinct statement of what has been done in that line of business during the year now closing, and at the same time give a fairly reliable opinion of the prospects of that trade for the coming twelve months, we have obtained the views of several prominent Real-Estate Brokers, and give the results of our conferences:

Messrs. S. H. Kerfoot & Co., No. 91 DEARBORN STREET—the oldest and one of our most reputable firms of that fraternity, state that, while dealings have been of a quiet kind during the year past, reference to the records of deeds will show that the transactions have been many in number, fair in regard to values, and large in the aggregate of money value This is as concise, true and correct a statement of the matter as could be made.

MR. S. H. KERFOOT, the Senior member of this firm, who has been in the business for now nearly thirty years, says that during the whole past year there has been as much firmness in the market as he has ever known to characterize it.

MR. S. H. KERFOOT, JR., the junior member of the firm, expresses the opinion that there has not been, during the past ten years, so fair a promise of brightness and activity in purchases and sales as there now is for the ensuing year.

Snow & Dickinson, 97 WASHINGTON ST.—While the real-estate fraternity of Chicago, embraces a large number of men, only a comparatively small number are pre-eminently successful in carrying on their business. To do this it requires business faculties, experience, integrity and untiring energy. It has been by a combination of such qualities that the firm of SNOW & DICKINSON has met with unwonted success. Through active transactions in Chicago real-estate for many years, both members of the firm, EDGAR M. SNOW and THEO. G. DICKINSON, have acquired a large experience and wide knowledge of Chicago realty. Their operations during the past year have been very extensive, including many important sales in business and residence property. Their connection with capitalists have enabled them to place loans in large amouuts at rates as low as five per cent.

The collection of rents, payment of taxes, care and management of property for non-residents or city owners, is another branch of their business. As they give special attention to the sale and management of central bnsiness property and North and West Side real-estate, reliable and valuable information may be obtained from them in reference to this property. All business given to them will be transacted in an honorable and business-like manner.

North and South Side Residence Property.—There is always room and success awaiting active, energetic and honorable men in the real estate and loan business of Chicago. Every firm with such qualities embarking in the real-estate business gives credit to the fraternity. The success of the firm of **C. U. Gordon & Co.** has been due to these qualities. Their business during the past year has increased, and the scope of their operations widened. Their property for sale lies priucipally on the North and South Side, where their sales for the past year have chiefly been made.

The firm is composed of C. U. GORDON and W. L. BLOOD, both active and energetic men. They anticipate an active demand for property during the coming year, and to meet this have prepared a fine list of residence property on the two sides. They also rent houses, collect rents, and care for property in general. Loans are negotiated by them on first-class securities at current rates. Office rooms, 70 and 71—79 Dearborn street.

Nelson Thomasson—ROOM 3, 85 WASHINGTON ST.—During the past year there has been an increasing demand for all classes of property—especially in this market, in the transactions in acre property. This has been due in a large degree to the extension of Chicago in every direction. Some of the largest transactions in this class of property have been negotiated by NELSON THOMASSON, who has dealt in acre-property for many years. He has promised to give us a list of some of his best sales, which we will publish soon. In one instance the buyer made over forty-one thousand dollars profit in a single investment. He is very familiar with acres in Lake View, Jefferson, Cicero, Lake, Lyons, Hyde Park and Calumet Townships — which comprise the best lands around Chicago. He also deals largely in stores and business property. The largest sale of store property for the year 1885, was made by him. A great many elegant residences were sold through his agency. As an owner and a representative of owners, MR. THOMASSON is largely interested in Park and Boulevard property and offers bargains therein. He has also some choice sites for factories and warehouses on the Belt and other Railroads, cheap.

Wright & Turner, 116 DEARBORN ST., Room 49—Is one of the most active firms in the business. They do a general Real-Estate, Loan and Renting business, both in and out of the city. The general awakaning in business in all lines had its effect on the real-estate market during the past year, which is shown by the constantly increasing confidence in Chicago realty, both by home and non-resident capitalists. The out-look is still more encouraging for the coming year, as reported by them.

They buy and sell all classes of real-estate, negotiate loans, giving their personal attention to the care and management of property, such as collecting rents, paying taxes, etc.

Their business extends over a wide territory outside of Chicago, such as Florida orange lands, groves and winter homes, Western cattle ranches, and farms, in nearly all of the Western States. Business entrusted to their care will receive prompt and carefu. attention.

LOANS.—The loan market of Chicago has an old and well-known representative in the firm of **Wright & Tyrrell**, whose operations in Chicago for non-resident and city capitalists have been on the largest scale, embracing many millions of dollars. They have found Chicago real-estate, when compared to that of other large cities, to be far ahead in the advantages which it offers to investors. Their business includes the making of loans in any amount, at current rates, on good security. Their office is located in room 9, Tribune Building, southeast corner Madison and Dearborn streets, where it has been for the past twenty years.

Subdivisions.—The rapid building up of the vacant property adjoining Chicago and immediately inside the city limits, has been due in a large measure to the untiring efforts of a few men who have given their attention to the buying, subdividing and building up of available tracts of land so situated. Among these none are more prominent and none have undertaken the business on so large a scale as SAM'L E. GROSS & CO. Their subdivisions principally lie on the North and West sides, just inside the city limits and within easy distance of the parks which adorn the North and West Divisions, and are so well chosen that they have become very popular and are constantly increasing in value. During the past five years this firm has sold over 3,500 houses and lots, a record which alone tells the story of their successful operations. It is easily discernable why buying their houses is good policy. For buying as they do large quantities of building material of all kinds and building under the direction of their own superintendants, they are able to make an immense saving and thus offer their houses much cheaper than they could be built separately, and the variety of their houses affords buyers an opportunity to select just what suits them.

In answering the queston why the firm has accomplished so much in so short a space of time, Mr. Gross said: For the good and fair treatmeut I give people, I refer to the many thousands who have bought houses and lots from me, and who are now living in homes of their own, which they are paying for, with ease and comfort. I have never been compelled to foreclose a mortgage, or sue a purchaser.

I build on my own land, buy all my building material in large quantities, and hire all work done on the houses, by the day, under the immediate and constant supervision of my own superinteudents and foremen, and I therefore can sell a better built house, for a less price, than others.

The main office of this firm is at Northwest corner Clark and Madison Streets, Chicago.

South Chicago, Ill.—Important improvements have taken place in South Chicago during the past year. The construction of a street railway has been begun and cars are running on a part of it. This will connect all the important points on both sides of the Calumet river. Further improvements have been reported, such as construction of a grain elevator, several brick blocks and many frame buildings. Another lumber firm has leased 1000 feet dockage, thus making the eighth lumber yard now there.

Mr. JACOB BREMER, with office in Eigemann bldg South Chicago, has been prominently connected with the growth of South Chicago since 1873. He is making a specialty of South Chicago real estate, of which he has a large list, both improved and unimproved. The interests of non-residents are carefully attended to by him Taxes are paid, insurance placed, loans negotiated and in fact everything in connection with a general real estate business is done by him.

The prospects for 1886 for South Chicago, Mr. Bremer reports, as very favorable. Important improvements will be made.

Mortgage Loans.—No city has had as marvelous a growth as Chicago since the fire of 1871, when its best business and residential portions were wrecked and devastated by fire. The fire had its good results in giving Chicago a class of buildings especially for business purposes, which places her among the leading cities of the world. She is not excelled in the high character of her many business blocks. The growth and prominence would not have been so rapid, if there were not liberal loans on the part of capitalists who foresaw the coming greatness of Chicago. Especially is this so in reference to the crisis which she passed through at the time of the great fire. At that time no firm was more active in the placing of loans than FRANCIS B. PEABODY & CO., through whose agency many of the largest loans were negotiated. Ever since that time as well as previous to it, they have been prominently engaged in the placing of loans in any amount on good security. They are ranked among the oldest and largest firms in this business, having placed $40,000,000, or more. In reviewing the business of the past year, they report an improvement in the volume of business transacted, and that Chicago real estate is getting on a firmer foundation. They see every indication pointing to an active business in loans and real estate for the coming year. The rates of five, six and seven per cent, which have ruled for the past year, will continue as the money market is firm at these rates. The firm, composed of FRANCIS B. PEABODY, JAS. L. HOUGHTELING and FRANCIS S. PEABODY, have their offices located at 68 Washington st., where valuable information in regard to the money market may always be obtained.

Edwards & Richards, South Chicago and Cheltenham Real Estate.—The general improvement in business during the past year has had its effect upon the real estate interests of South Chicago and Cheltenham Beach. Both these suburbs have made marked improvements and have still brighter prospects before them for the coming year. The revival in the iron interests throughout the country, have given new life to the Rolling Mills, which have had so important a part in the growth of South Chicago. This property has an enterprising representative in the firm of EDWARDS & RICHARDS. They have confined their efforts almost exclusively to South Chicago and Cheltenham real estate, and as a result are well versed in the values and salable real estate. Any correspondence in regard to this property will be promptly attended to. Beside their real estate interests, they are carrying on extensive fire insurance business, placing insurance in reliable and strong companies. Office Room 7, Winnepeg Block, South Chicago, Ill.

Real Estate, Loans and Renting.—The real estate fraternity has received during the past year a prominent addition in the firm of NORMAN T. GASSETTE & CO. For the past thirty-six years Mr. GASSETTE has been a citizen of Chicago, and in that time has filled some very important trusts. From 1862-1872 he was clerk of the Circuit Court and ex-officio Recorder of Deeds. In 1872 he engaged in the real estate business, which he continued for four years. From 1876-1878 he was President and Treasurer of the corporation of Donelley, Gassette & Lloyd During the last year he resumed the real estate business, in which he has had marked success. His long experience and large acquaintance, enables him to make favorable negotiations for property owners and buyers alike. The care and management of property, including the paying of taxes, collecting rents, attending to repairs, forms a prominent feature of his business. Correspondence solicited from both property owners and buyers. Office Rooms 9-10, 85 and 87 Dearborn street.

Sam'l Gehr & Son, 114 DEARBORN STREET.—Chicago would not have had so rapid and substantial a growth if there were not liberal loans on the part of capitalists for building and other purposes. The placing of these loans so as to insure the capitalist against any loss, is an important one. It requires a large experience and general knowledge of real estate. The business has representatives who give their time almost exclusively to this branch of real estate business. Prominent among these is the firm of SAM'L GEHR & SON. By giving special attention to placing of mortgage loans on city real estate, they are enabled to give capitalists first-class security and the highest current rates of interest. They take the care and management of property for non-residents. Entire estates are also placed in their hands. Recently they have placed upon the market a subdivision of twenty acres, located on Halsted street between 52d and 53d streets. They report an increase in the volume of business transacted during the past year and believe that indications point to an active business for the coming year. The loan market is firm and rates of interest steady.

West Side Real Estate.—The improvements on the West Side for 1885 have been extensive and numerous. More buildings have been put up on this side than on either of the others. Madison st., Ogden ave., VanBuren and other business streets have all received additions in stores and fine business blocks, while residences without number have sprung up in every direction. This property has had a prominent representative for many years in HENRY A. OSBORN, 128 LaSalle street. Mr. Osborn deals almost exclusively in West Side business and fine residence property, and by confining his attention to this special property, has gained a thorough knowledge as to values and the salable real estate. During the past year he has transacted some of the largest deals, notable among which is the block on the north west corner of Madison and Page streets, for $90,000; south-west corner Halsted and Madison streets, "Cole Block," for $152,000 and many smaller ones. He believes that the prospects for this property is even brighter than at this time last year, owing both to the general awakening in business and to the amount of improvements of the last year.

Barnes & Parish, 157 LASALLE STREET.—The two prominent branches of the real estate business, the buying and selling of property and the renting of houses are carried on in a representative manner by the well known firm of BARNES & PARISH. Their success is due to the possession of the necessary requirements of the business, experience, energy, integrity and business facilities. Their list of real estate comprise choice investment property in all parts of the city and acre property throughout many of the states. Their renting department is one of the largest in the city. Their facilities are unsurpassed for the care and management of property both for non-residents and city owners, including the paying of taxes, collecting rents, making repairs, securing of responsible tenants, etc.

John N. Young, ROOM 514, NEW OPERA HOUSE BUILDING, south-west corner Clark and Washington streets.—The real estate transactions of Mr. Young during the past year has included both city and suburban property. Among the suburbs, he has been chiefly interested in Lake View and Englewood, in which he has made many sales. His lists of city property are from the West, North and South Sides, both business and residence, improved and unimproved. He has also negotiated many loans during the past year, the demand for which has been on the increase.

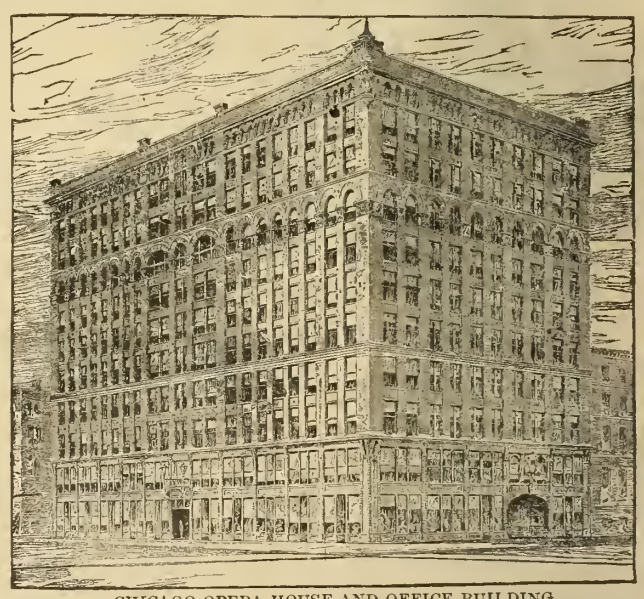
Upon the completion last spring of the New Opera House Building, a cut of which may be seen in this issue, Mr. Young removed his office to it, where he has a pleasant suit of rooms and where information in regard to real estate matters in general may be obtained.

Suburban Real Estate.—The real estate interests of the suburbs adjoining Chicago have for a long time held an important place in the transactions of our brokers on account of the vast amount of this property changing hands from year to year. The year of 1885 has surpassed other years in the aggregate number of sales. If any discrimination was made as to the rapidity in growth of our suburbs, it would be in favor of Englewood, which has been marked for its building and real estate transactions during the past year. For many years JOHN A. BARTLETT has made this suburb his residence and during this time has given special attention to its real estate interests. He has seen Englewood grow from a few hundred in population to as many thousand. It enjoys the advantage of a city and is without many of its disadvantages. In consulting with Mr. Bartlett, reliable information may be obtained in regard to salable Englewood real estate. Office: Room 21, 152 LaSalle street.

Real Estate and Loans.—The advance which is continually going on in Chicago real estate and the bright prospects ahead, together with the many paying investments which have already been made, have induced many prominent and responsible business men to engage in the real estate and loan business. Led by such inducements, the firm of WM. LEAGUE & CO. embarked in the real estate and loan business. Mr. League is one of Chicago's old citizens and has been engaged for many years in the commission business. He has a large circle of friends and a wide business experience. During the past year he has made important transactions in real estate and looks forward to an increasing business for the ensuing year. His office is very favorably located in the Royal Insurance Building (a cut of which appears in this supplement), No. 169 East Jackson street.

Mortgage Loans.—In reviewing the money market of the past year, there is noticeable an advance and improvement over the business transacted during the preceding year. While some stir was made over certain large loans being negotiated as low as 5 per cent., an investigation proved the security to be gilt-edge and the transaction to be nothing more than had been made in preceding years on such loans. The rate of interest has been steady at six and seven per cent. according to the amount, and the money market firm. The firm of GREENEBAUM SONS, 72 Dearborn street, holds an important place among our loan brokers. They make a specialty of placing mortgage loans on city real estate. They negotiate their loans at the lowest current rates. The buying and selling of mortgages is another prominent feature of their business. Their long experience enables them to negotiate loans for capitalists with very satisfactory results.

Business and Residence Property.—The demand during the last year for business and residence property has been greater than could have been expected from the general depression of business throughout the country. The demand still continues, owing to the large number of eastern as well as home buyers seeking Chicago property for investment. Prominent among those who have figured largely in the transactions of the past year is Mr. D. S. PLACE, 147 LaSalle street. For over seven years he has been engaged in the buying and selling of Chicago real estate and the care and management of property for non-residents. His operations during the last year has included large deals in central business property, together with many sales in residence property on the three sides. He gives special attention to West Side real estate.



1st Mortgage Loans.—The firm of CHANDLER & CO., Mortgage Bankers, at 110 Dearborn st., report a large increase during 1885 in the amount of capital invested in mortgages on real estate in this city, Englewood and Hyde Park. This is due to the continued growth and confidence, seen by all in the future of this wonderful city Messrs. Chandler & Co. have been making loans on Chicago realty since 1858, and represent some of the most prominent banks and capitalist here and in the East. Their mortgages are accepted without question or examination of the security, so great is the confidence felt in their judgment. They have always on hand for sale a choice line of these securities, and investors will do well to consult them before placing funds elsewhere. They also transact a large business in the buying and selling of real estate, and the renting and care of property and owners listing property with them will be sure to further their own interests.

Real Estate, Loans and Renting.—Every year sees the addition of new firms to the real estate agents and the dropping out of old ones. Among the recently established agencies is that of WM. REED & CO., 95 Clark street, Room 3. The firm is composed of WM. REED and N. A. CLEMONS, both men of business experience. Mr. Reed has been a resident of Chicago for the past thirteen years, and has in this time gained an extensive knowledge of real estate and its values.

The firm is transacting a general real estate business, comprising the buying and selling of real estate, negotiating loans, renting and management of houses, including the paying of taxes, collecting rents, placing insurance, etc.

They are centrally located, being on the northeast corner Clark and Washington streets, and are ready to satisfy buyers with property of all grades and in all parts of the city.

M. T. Cole & Co.—West Side real estate is improving with every year and prices are continually advancing. It has had for many years a prominent representative in the firm of M. T. COLE & CO., south-west corner Madison and Halsted streets, who are the oldest of West Side real estate agents. Their business comprises the buying and selling of real estate, negotiating loans, renting houses and the general care and management of property. They report encouraging prospects for the coming year in this property.

CHICAGO OPERA HOUSE AND OFFICE BUILDING.
COBB & FROST, ARCHITECTS.

Chicago Opera House and Office Building, SOUTH-WEST CORNER WASHINGTON AND CLARK STREETS.—No year has been so marked for the completion of so many fine office buildings as the one just closed. They stand as monuments of Chicago enterprise. Among them, the above is an excellent representative. The building has a front of 182 feet on Clark street by 107 on Washington street, and is ten stories high. It is built of red pressed brick with brown stone trimmings, giving a pleasing and substantial effect. The elevator service is perfect, four Hydraulic elevators giving instant and ample communication with every floor. It is heated with steam from six large steel boilers, which supply power for the elevators and the apparatus for ventilating the entire building. The building is throughly fire-proof, the ceilings, floors and partitions being constructed of the best hollow fire clay tile. The sanitary and lavatory conveniences are most complete. Offices are arranged and rented to suit tenants. The interior finish is both rich and substantial. The rent includes janitors service, thorough care of rooms, halls, elevators etc. The building is in charge of W. D. KERFOOT & CO., 90 Washington street, through whose agency the Chicago Opera House Company was organized to build it. They are the agents also for the Gaff building, another of Chicago's newly completed office buildings, and many other large structures.

William L. Davis, for years in real estate at 153 Randolph street, has recently formed a co-partnership with C. L. Hammond, late secretary "Crown Point Iron Co.", Crown Point, N. Y. The new firm of W. L. Davis & Co., 153 Randolph street, will do a general real estate business in all its branches, including loans and renting. All business of either residents or non-residents, receives their personal attention.

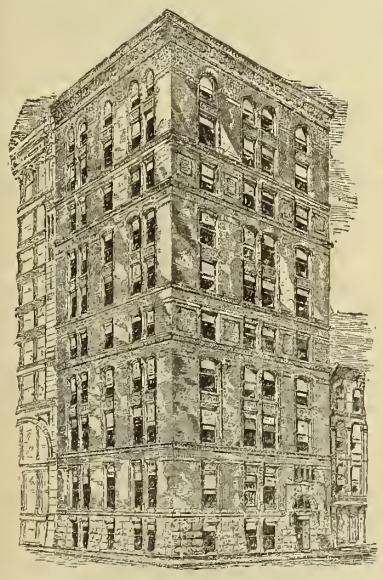
W. L. Davis & Co. are particularly interested in Lake Shore property. At Argyle Park, on the new Chicago and Evanston R. R, (trains start from Union Depot), they have recently sold nearly 1,000 feet, on which some fifteen beautiful homes are now built or building. The development of this new road especially interests the Board of Trade and wholesale dry goods sections. Lake shore homes, near the city, with rapid transit and at reasonable prices, is worthy of attention. For particulars see W. L. Davis & Co., 153 Randolph street.

John S. Oehmen, ROOM 26 ASALAND BLOCK, North-east corner Clark and Randolph streets.—The fire insurance business of Chicago has its place among the most important of the varied occupations which her business men engage in. It is the only safe protection against loss by fire. To this business Mr. Oehmen has given his attention. He has in this time also been interested in real estate, but the increase in his insurance business made it advisable for him to follow up this altogether. Through his residence in the southern portion of the city for many years, he has derived a wide knowledge of the real estate of this division of the city. He has formed a connection with the well-known house of A. H. Darrow, which enables him to place insurance in the most reliable companies at rates as low as the lowest. Business may be transacted with Mr. Oehmen either at his office, Room 26, Ashland Block or his residence, No. 2247 Wentworth avenue.

Real Estate and Loans.—The year of 1885 has seen the rapid development of the property west of Garfield Park. This has been due in a great measure to the West Chicago Land Co. This Company has sold and improved a large amount of their property in this vicinity through their enterprising agent, M. A. FARR, of the firm of J. B. Goodman & Co. There have been over forty houses built during the past year on this property, which were sold as fast as built.

The property is offered for sale in blocks as well as lots and is suitable for mercantile and manufacturing purposes. The Madison and Lake street cars run to the property together with the Galena Division of the C. & N. W. R. R., which runs twenty trains daily. The Western Dummy Railroad and the Western Indiana Belt Line R. R. also run through it.

The firm of Jas. B. Goodman & Co., consisting of Jas. B. Goodman and M. A. Farr, report an increased demand for lands during the past year. They are dealing largely in pine, cedar and hardwood timber lands, iron lands and iron-mining options and leases. Office No. 68 Washington street.



South Side Real Estate and Suburbs. The nearest approach to a boom in real estate during the past year was the rapid exchange of several thousand feet on Grand and Drexel Boulevards, and on the streets east of Drexel Boulevard, between 43d and 51st streets. The property had been held for some time at prices which were far too low when the many advantages which it possessed, were considered. So when a few strong buyers came to the front, prices advanced and are now from 50 to 100 per cent. higher than they were a year ago and the property is still in demand at these increased figures, owing largely to the many improvements contemplated. A large amount of this property was sold through the agency of BOGUE & HOYT, 174 Dearborn street, who still hold select pieces of this property for sale, besides their usual large list of City, Hyde Park, Kenwood and Woodlawn real estate. This property has been held firmly, and in accordance with the views of those who have given the property a careful study, will advance during the coming year.

Investments.—Chicago real estate as a source of investment is becoming more popular with every year. It is preferred to stocks, because the income is more assured together with the prospective increase in value. The magnitude of the trade and the incessant activity in the market have enlisted the services of a large number of Chicago's responsible business men. Among them is the firm of LYMAN & GIDDINGS, established over twenty-five years ago by Mr. Lyman, with whom for the past five years Mr. L. Romeyn Giddings has been associated. They carry on a general real estate business, including the buying and selling of real estate, negotiating loans, renting houses and the care and management of property. The latter, the care and management of property for non-residents, forms a large part of their business, in which they have had great success and won the confidence of many patrons. Their offices are very finely situated at 101 Washington street,

where reliable information in regard to values may always be obtained.

Care and Management of Estates.—The management and care of real estate in Chicago is a business of great importance and requires men of integrity and honor, combined with long experience and business faculties. The business is also an extensive one on account of the great number of non-resident property owners, together with home capitalists who have not the time to personally care for their property. Mr. CHAS. GOODMAN, No. 200 LaSalle street, has had marked success in this branch of the real estate business. Since 1868 he has been engaged to take the entire charge of W. S. Johnston's vast estate, valued at $2,000,000, with upwards of 600 tenants. He was employed first by Mr. Johnston, and after his death in 1882, by the estate. He gives special attention to the management of estates, maintaining them at the highest standard of productive efficiency. Reliable information as to values of Chicago real estate and to investment properties may be obtained from him.

Real Estate and Loans.—The fact that the Chicago real estate and loan market is in a better condition than for many years is becoming generally acknowledged. The prospects for a large business during the coming year are based largely upon this. Messrs. H. M. Garlick and John V. Hair, associated together in the Hansen Building, Room 23, 118 Dearborn street, are prepared to meet the wants of the many real estate buyers and owners. Mr. Garlick, after a discontinuation of several years, has again resumed the real estate business, which he carried on successfully during 1873—1877. Mr. Hair has been connected for several years with H. C. Morey & Co. Their lists include residence and business property on the West, South and North Sides; also desirable suburban real estate and acres. Mr. Garlick, from his many years residence in Lawndale, has an extensive knowledge of this property. The negotiation of loans and the care and management of property are other departments of their business.

COUNSELMAN OFFICE BUILDING, CHICAGO.
BURNHAM & ROOT, ARCHITECTS.

MEAD & COE, 149 LaSalle Street.—During the nineteen years in which this firm has been engaged in transacting Chicago real estate, they have built up a large and substantial business which varies little from year to year. They are largely engaged in the care and management of property for non-residents, for whom they also have the investing of money in Chicago realty.

Their dealings with capitalists have brought them largely in connection with central business and manufacturing properties. They expect to place upon the market this spring a desirable subdivision, located at Auburn, which has the advantage of passenger trains on five different roads, including the Chicago, Rock Island and the Eastern Illinois railroads. There are at least fifty passenger trains, all of which must stop at the crossing, where there are two depots located. The subdivision has lake water and over 5,000 trees have been set out. It is desirable as residence property. Several manufacturing establishments hav been located there recently and further improvements have been projected for this year.

JEROME P. BOWES & CO.—Prominent among the active and enterprising firms of real estate brokers in this city is that of Messrs. JEROME P. BOWES & CO., at 184 Dearhorn street (Howlaud Block), who have for many years heen actively engaged in the buying and selliug of city aud suburban property. During the past year they have bought and improved considerable property iu various parts of the Town of Lake, which includes Englewood, Normal and Stock Yards districts. Their lists of real estate cover all parts of the city. They are authorities as to values of real estate iu any part of Hyde Park. Town of Lake and South Side are properties of which they make a specialty. They have facilities for improving vacant property by the construction of houses to suit buyers, at low prices and easy terms. They are also transacting a large business in loans, which they are placing on auy good security, at current rates of interest. They also pay taxes and collect rents and take full charge of property for nou-residents and others.

KNIGHT & MARSHALL, Room 10, Reaper Block.—The steady and rapid development of the Chicago real estate market, is one of the most certain indications of the solid prosperity of this city, and its realty is more sought after every year as an investment rather than for speculation. In the selection of real estate for investment, the advice of experienced and honorable agents should be, and by judicious buyers, is always sought. From many years of active service, the firm of Knight & Marshall, established in 1854 (John B. Knight and James M. Marshall), have acquired an experience and a knowledge of real estate of which buyers and property owners may well avail themselves.

The interests of the firm extend over all parts of the city, and comprise all classes of property. The care and management of property for non-residents, including the paying of taxes, collecting rents, and the general supervision of the property, forms an important feature in their business. They are also placing loans in any amount at current rates on good security.

E S DREYER & CO, 88 Washington St.—Through many years of honorable dealing in the buying and selling of Chicago real estate, the negotiating of loans and the transacting of general banking business, the firm of E. S. Dreyer & Co. have established a business which places them among our leading agents. The firm is composed of men of integrity and honor combined with experience and business faculties. They also do a banking business.

North Side property is their speciaity, of which they have a thorough knowledge as to values.

Their loan business is an extensive one, owing to the facilities which they have for carrying it on to the advantage of both capatalist and borrower. During the past year they have had considerable success in the handling of subdivision property.

West Side Real Estate,—The reports from all sections of the West Side show an improvement over the business of 1884. This is especially so for that section south and west of Van Buren and Robey streets, and where houses have been built during the past year almost without number. Prominently connected with the transactions in this district, as well as other parts of the West Side, is the real estate agency of W. H. Davis & Co, room 21, No. 156 Washington street. They make a specialty of West Side real estate, and carry on their list a large amount of this property for sale, improved and unimproved, business and residence. Property bought now in the above named section, can not help but prove a good investment in view of the improvement already made, letting alone those contemplated for the coming year

EDWIN F. GETCHELL & CO., Room 5, 127 Dearborn St.—To make a success of the real estate business from the very start, requires both a general knowledge of property, and a large circle of acquaintances. Largely to this has been due the many important operations during the past year of one of the most successful of those who have recently engaged in the real estate and loan business of Chicago, Edwin F. Getchell & Co. Mr. Getchell has given considerable attentiou to first-class residence property, and has negotiated probably the largest deal in this class of property made during the past year, namely: the sale of Mrs. Coleman's residence, 3344 Michigau av., to G. B. Shaw for $72,500.

He has also been connected with some of the most important transactions in Chicago business property. Both as an owner and the representative of owners, he has extensive interests in South Evanston, Douglas Park, Lawndale and Hinsdale. This property is being improved rapidly, and can be bought at reasonable prices. Loans are negotiated by him at current rates of interest in any amount.

LOANS.—From present indications, the business to be transacted in loans for the coming year, will show an increase over the large business of the past year. Greater confidence in Chicago real estate is being manifested both by home and non-resident capitalists. Large amounts are yet to be made by investing in and improving city and suburban real estate. Prominent among our large loaning firms is H. A. Hurlburt, Room 2, 165 Washingtou street. He has heen so long connected with the loan business of Chicago, that no commendatiou of him on our part is necessary. He makes loans in auy amount on improved real estate, and at lowest current rates. Some of the largest loans of the past year have beeu negotiated through him.

J. J. CHASE, Room 14, Major Block, southeast corner Madison and LaSalle streets. Mr. Chase holds his place among the old and reliable real estate agents, having for the past sixteen years been actively engaged in the buying and selling of Chicago real estate, negotiating loans and manaaging property for non-residents. During the last year he has transacted many important deals in Chicago realty and country property, his transactions amounting to over $200,000. Among some of his sales is the twenty-five acres on the corner of 95th and State streets, sold for J. W. Brockway for $37,500; for James Allen he sold improved property on Lake and Francisco streets at $19,000. He also transacted a number of sales for Close Bros. & Co. of property througout the West. His lists comprise property, improved and unimproved, in lots and acres, throughout the city and its suburbs. The increase in his business will he met during the coming year with greater facilities for carrying it on.

E. A. WARFIELD.—The real estate business is carried on in a representative manner by Mr. E. A. Warfield, who from his large number of friends and wide experience is able to make successful negotiations for property owners and buyers. His lists of property comprise city and suburban real estate, improved and unimproved, for residence and business purppses. Loans are also negotiated by him at current rates of interest, in any amount. Property owners and buyers will receive satisfaction in conferring with Mr. Warfield. His office is located at 99 Washington street.

(Continued from page 1).

and ever will hold its own and that it is only a question of a few years at the most, when the present inconveniences arising from the bridges will be removed.

The large number of buildings erected show that the demand of unimproved property was especially great while the brokers had no difficulty in disposing of improved residence or business property in any location. Property on the

OUTLYING LIMITS OF THE CITY

has received some very important improvements. Beginning with the southern borders, are the fine palatial residences built on the several boulevards, to the southwest are the opening up of several new subdivisions and the erection of hundreds of comfortable homes, to the west, in the vicinity of Douglas Park, the subdivisions of Messrs. Sawyer & Lombard are situated and are being improved with fine residence blocks; between this and Garfield Park an exceedingly large number of houses have been built, many by Campbell Bros. In the vicinity of Garfield Park, the West Chicago Land Co. have their subdivisions which have been improved during the past year; S. E. Gross & Co, have carried on large operations in this locality. The same activity in building is noted in the vicinity of Humboldt Park as well as to the extreme northern limits.

SUBURBAN PROPERTY

has had an active demand and many of the suburbs have prospered beyond the most sanguine expectations. Men of small means, salaried men and common laborers have put their small savings into lots throughout the suburbs and borders of the city with greater profits than ever.

The extent of these sales may be seen when it is considered that over two-thirds of the business of the year was made up in sales of lots and small property under $5,000. The suburbs to the south, including Hyde Park, Woodlawn, Englewood. et. al., have been especially prosperous and the property has advanced considerably over the fignres of last year, while those to the west and north, Oak Park, Austin, Garfield, Evanston, Lake View, etc., have received many important improvements.

LOANS

were made at rates from 5½ to 7%, governed by the amount and location of security, with an occasional one at 5%, the consideration being gilt edge security and largeness of the amount. Capitalists have come to regard mortgage loans on Chicago real estate as first-class security on account of the general firmness of the market. More loans were made by Chicago capitalists than usual, which is but another indication of the confidence of Chicagoans in their city. Chicago is no longer owned by Eastern capitalists.

RENTS.

In nearly all localities, rents have held their own, there being but a slight depreciation in some places and a small advance in others. Brokers have had no difficulty in renting first-class property, either residence or business. The houses built were generally of a high character and easily rented.

THE INCOME

accruing from improved property shows a very favorable comparison with previous years. Inside business property netted as high as 8%, while residence and store property reached as high as twelve and thirteen per cent., especially when laid out in flats.

An approximate can only be made of course as to the general advance of real estate, for while certain localities increased from 50 to 100%, as the boulevard property on the South Side, or some of the property along the new Harrison and Adams street car line, others remained firm at last year's prices. It may be safe to say, however, that real estate has advanced ten per cent. over the prices of 1884.

In summing up our review of the year's work, it may be pronounced satisfactory to buyer, seller and agent alike. Buyers have received a good income on money invested, sellers have received high prices for their property, and the agent, while in many cases has had to work hard to bring the buyer to the fluctuating and ever changing price of seller, still has effected sales enough to call the last year a profitable one.

JEFFERSON.—Chicago is noted for its many and prosperous suburbs and thrifty villages. The advantages of living in them are many. Pure air, clean water, good influences, low rent and the splendid opportunities now offered salaried people and men of small means, of securing home for themselves, are all afforded. A visit to the thriving town of Jefferson by our reporter, discovered evidences of a solid and prosperous growth of this place. The improvements which have been made during the past two years are especially noteworthy. Several business blocks, many strong and substantial houses and stores have been built. Sidewalks to a large extent are being placed throughout the town. The village contains a large brick school, churches, halls, and stores of all kinds. It is practically divided into two parts, the business portion and the residence portion. The latter consists of D. W. Eldred's subdivision of 150 acres, which is largely built up with substantial houses. Mr. Eldred has erected about twenty houses the past year. He has sold a large amount of the property, having left only about two hundred lots, which he is offering on easy terms, to suit purchasers. Prominent among the improvements to be made during the coming year, is the laying out of a new park in the center of Eldred's subdivision. The village has from 1,600 to 1,800 inhabitants. It is situated on the Wisconsin Division of Chicago and Northwestern R. R., within about eight miles from the city and takes but from twenty to thirty minutes to reach it. Property is still advancing and the improvements warrant the assumption of a continued advance for some time to come. The Chicago, Milwaukee & St. Paul will during the coming year run convenient trains, stopping at the new depot to be erected on Mr. Eldred's subdivision.

Some time next spring Mr. Eldred will probably place on the market his subdivision of forty-five acres at Turner's Park. He also owns acre property adjoining Washington Heights. Full information may be obtained by applying to Mr. Eldred, Room 24 Times Building, who will take you auy day to see the property.

Real Estate, Loans and Renting.—Among the recent firms embarking in the real estate business, especially worthy of notice is that of McAULEY & ELLIOTT, who have opened up spacious departments in the Chamber of Commerce, Room 9, corner LaSalle and Washington streets. The firm consists of D. R. McAuley, who has been located for some time on the West Side, and T. P. Elliott, formerly with E. A. Cummings & Co. They engage in a general real estate business, buying and selling in all parts of the city, negotiating loans, renting, etc. The care and management of property will receive special attention. Both members of the firm have a large experience from their actively engaging in real estate business for years. They are members of the Real Estate Board. The real estate business of the coming year in all its branches, they believe, will be even larger than the past year, owing to the growing confidence in real estate as an investment.

B. F. JACOBS, 99 Washington Street.—The rapid extension of Chicago limits is due largely to the enterprise and push of her real estate agents who give their attention largely to the subdividing and improving of adjoining vacant properties. Through the active efforts of B. F. Jacobs has been due in a great measure the improvements which have been made in the University Subdivision at Paulina and 40th streets. Much of this property has been sold and many houses erected.

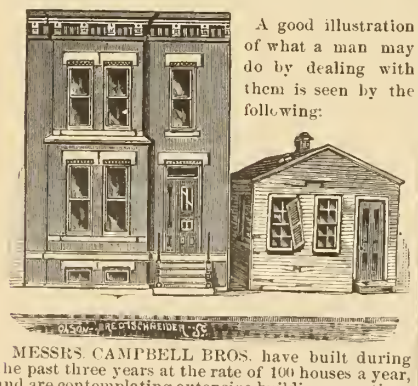
The interests of Mr. Jacobs lie in all parts of the city and in all classes of property. He has now under course of constructiou a large block on Carpenter and Washington streets, to be divided into elegant flats, and to be ready for occupancy early in the spring. The cost will amount to over one hundred thousand dollars.

He is now subdividing and will build homes on the L. P. Morton's subdivision between Douglas Park and 22d street, on both sides of Boulevard, consisting of about 300 very fine lots.

He reports an improvement in the business of the past year, with prospects of a much better trade for the coming year.

B. F. WEBER, 86 LaSalle Street.—For the past ten years Mr. Weber has been actively engaged in the real estate business of Chicago. During this time he has been chiefly interested in North Side property and the suburbs adjoining, notable among which are Lake View and Evanston.

Both of these suburbs are growing with every year owing to the many advantages which they possess. To illustrate the rapidity with which property is selling, a subdivision in Lake View, placed in Mr. Weber's charge, was more than half sold during the short space of sixty days. Another subdivision given in Mr. Weber's charge last year, has been almost entirely sold. He is also handling other subdivision property in these suburbs and in Rogers Park with great success.



Mr. Weber reports an increase in the business of 1885, with a bright prospect for the coming year. His office is centrally located at No. 86 LaSalle street, Rooms 15 and 16, where buyers can always find a choice list of investment property.

Woodlawn Real Estate.—During the past year the real estate of this beautiful suburb has been quite active owing to the many excelleut advantages which it offers as a suburb to Chicago. It is situated only seven miles from the city on the Illinois Central R. R., which is noted for the many conveniences of its suburban trains. The houses in Woodlawn are substantially and artistically built and their number has been very materially increased during the past year, there having been built about one hundred houses. The society is select, being made up of Chicago business men, who are taking advantage of the pure air and water, perfect drainage, beautiful scenery and low rents—all offered in Woodlawn. Mr. L. A. GILBERT has been intimately connected with the growth of Woodlawn and through his efforts during the past year, a large number of lots and houses has been sold. To searchers for suburban homes, he is ready to offer the choicest property in Woodlawn either improvedor unimproved. Information given either at city office, Room 5, 97 Dearborn st., or at Woodlawn.

Numerous changes have taken place in the real estate fraternity during the past year; prominent among them may be noted the new firm of WHEELER & CO., Rooms 9 and 11, 155 and 157 Washington Street, who branched out for themselves October 8th; since which time their operations have been crowned with marked success. Among their sales are the following: Cottage and 50-foot lot, Englewood, $2,500; lot Springfield ave., $500; 4 lots, Glencoe, $400; cottage and lot, McGovern st., $2,000; 2 houses and lots, Winter st., Englewood, $4,250; cottage and lot, Maplewood, $800; cottage and lot, Myrtle ave., $1,700; Dearborn ave., improved, $8,000. Leasehold 464 and 466 W. Madison st, $13,500; 5 acres, Jefferson, $2,000; 30 acres, Lombard, $12,000; 280 acre farm, Bond County, Ill., $16,800 and 64 feet, Warren ave., $4,160. Their Renting department is increasing rapidly, to which they will give special attention. In their Sales department can be found lists of property on all sides of the city, as well as in all the suburbs. They have just had placed in their hands by owner for sale or exchange for Chicago improved, some 60,000 acres of the finest land in California, all on the Southern Pacific Railroad. They are now preparing a subdivision, comprising about 600 lots, to place on the market the coming spring on one of the leading railroads with guaranteed 5 cent fare. With the energy and ability of this firm, can safely be predicted for them a brilliant future.

Englewood.—This suburb during the past year has been noted for its growth and prosperity. The demand for Englewood real estate has been quite active, and at times the supply of houses would not equal the demand of those seeking homes. The improvements have been of a very high order in both residences and business blocks. Many Board of Trade men are seeking this suburb for their homes, preferring the advantages of pure air, select society, low rents and taxes which it offers, to the high rents, foul air, etc., of the city. For many years the firm of REDFIELD & BLAINE has figured prominently in the landed interests of Englewood, and to them is due, in a measure, its rapid growth. They are posted in regard to values, and have on their books a large amount of the desirable real estate for sale Trustworthy information may be obtained from them by applying at their office, 6134 Wentworth Avenue.

Campbell Bros., Builders.—The building, which has been going on in that part of the west side, south and west of Van Buren and Robey Streets, has assumed proportions of great magnitude. It requires a visit several times a year to keep pace with the improvement in this locality. The residences which are constantly being added are especially noted for their high character, not being after the usual style of cheap brick cottages, but fine residences with pressed brick and stone fronts, and all the modern improvements. This property has received a special impetus from the new horse railway built during the past year and now affording adequate accomodations to the thousands residing in this locality, running from Western Avenue, on Harrison and Adams Streets, to the center of the city. As builders in this locality, no firm has been more prominent than CAMPBELL BROS., who have operated on the west side for many years. They are just issuing a catalogue elaborately illustrated with cuts of Chicago in 1830, also at time of the fire in 1871, together with cuts of their blocks of houses, showing the various styles, locations and prices. These houses are built with pressed brick and stone fronts, with all the modern improvements. They range in price from $2,500 to $8,000, and are sold on easy terms. They are located on DeKalb, Campbell Avenue, Lexington and Grenshaw Streets and are reached by the Ogden Avenue, Twelfth Street and Harrison Street cars. They are also now building forty houses on Warren Avenue near California Avenue, more than one-half of which are for the market.

A good illustration of what a man may do by dealing with them is seen by the following:

MESSRS. CAMPBELL BROS. have built during the past three years at the rate of 100 houses a year, and are contemplating extensive building operations for the coming year. Their beautiful catalogue will be sent on application to them. 149 Madison Street.

West Side Real Estate.—Never has the demand for West Side real estate been stronger than for the last year, or even the past few months. The improvements are both extensive and of a high character. This property has a prominent representative in the firm of E. W. ZANDER & CO., the successors to the old firm of Searl & Zander. They are now located in their new office, most elegantly furnished and equipped, at No. 69 South Clinton, where they have every facility for carrying on their business. They are dealing largely in North Side real estate as well as West Side. The care and management of property, including the collecting of rents, paying taxes, placing insurance, etc., forms a large part of their business. Their business has more than doubled during the past two years. They are now offering some good investment properties, which may be bought very low. They report constant improvement in this property, with a very encouraging outlook for the coming year. Reliable information in regard to values of West and North Side property may be obtained from them.

Central Business Property. — The demand during the past year for central business property has been unprecedented in the history of Chicago. A large number of important exchanges have been made in this property; in fact, every thing which was at all reasonable was taken at once. The demand still keeps up from both Eastern and home capitalists. Prominent among those who have operated largely in this property is the firm of J. P. WHITE & CO., Room 4, Reaper Block, 97 Clark Street. His business has been established for many years, and consists in the buying and selling of business properties, negotiating of loans and the making of leases. He reports the outlook for central business property to be very encouraging for the coming year, and never looked better or firmer.

His familiarity with central business property in both figures and values, makes his services very valuable to buyers.

Douglas Park.—This already rapidly improving section of the city received a new impulse during the past year through the construction by Messrs. CHARLES B. SAWYER and JOSIAH L. LOMBARD No. 127 Dearborn Street, room 5, of a large number of especially attractive dwellings, and admirably suited by location and ease of access to business men in the wholesale district. They own and control 160 acres of land just west of and adjoining Douglas Park, and within the city limits, reached by the Ogden Avenue and Twelfth Street cars, and the Burlington Railroad. They are building simply to develop this property, and are offering houses absolutely at cost. The prices at which they are sold cannot be competed with, either by those who build for a profit, or by individual parties building houses for themselves. As a result, many have already taken advantage of the opportunity, and secured for themselves one of these stylish, tasty and substantial houses The houses are all semi-detached, with handsome fronts of pressed brick, brown stone, and terra cotta, plate-glass windows, and with a splendid view of the Park. There are sewers, perfect drainage and lake water, and the neighborhood and community are every way inviting. An investment in Chicago real estate, especially in a neighborhood growing as rapidly as this, always pays the investor handsomely. The property and houses will bear inspection

Hermosa.—In the early part of the present year a number of capitalists who were projecting a new manufacturing enterprise spent considerable time in visiting various points in Illinois and surrounding States in search of a desirable location for the establishment of a factory. A score of small cities offered them substantial inducements to locate within their limits. In each case the transportation facilities, presence of coal and other advantages were carefully considered, but in no case were the points of superiority offered found to compare with those afforded by a Chicago suburb. The town of Hermosa—until recently known as Garfield, and re-named because of the existence of another postoffice of that name in the State—was chosen. Its advantages surpassed anything found elsewhere. It adjoins the city limits of Chicago at their northwest corner, and is surrounded by railroads and thoroughfares, giving easy access to the entire railway system of Chicago The Omaha branch of the Chicago, Milwaukee & St. Paul Railroad traverses the town from east to west, and the Milwaukee branch of the same road runs in close proximity to its eastern border. The Chicago & Northwestern "cut-off" runs along its west line, and the Belt Line terminates within a few rods of its southwest corner. Among the notable establishments which have recently located in the new city is the Expanded Metal Company, composed of the gentlemen above referred to, and the Eclipse Furnace Company. The great warehouse of the WASHBURN & MOEN Manufacturing Company is at the junction of the Northwestern "cut-off" with the Chicago, Milwaukee & St. Paul and the Belt Line Railroads. The location of the first named company infused new life into the enterprise of establishing the town, and forty elegant cottages were begun. Twenty of these are now completed and ready for occupation, and the remaining twenty will be finished early in the spring. A postoffice and telegraph station are established, and everything that goes to make a thriving city is being vigorously pushed forward in a substantial manner. Streets are being graded and graveled, and plans for lighting are being considered. Stores are open, and schools with a large attendance are established. The railroad station of Hermosa is a mile west of Humboldt Park and five and a half miles from the Union Depot, Chicago Frequent trains are run to accommodate people from the city who live at Hermosa, and the point is favored by the railroads with the lowest fare made to any of Chicago's suburbs for the distance traveled. Very much of the credit for the prosperity of this place is due to Mr. J. F. Keeney, who has held fast to the faith in the final success of his enterprise through adversities which for a time seemed to overwhelm this and other new towns beyond recovery. He is ready and willing to give any information desired in regard to this property.

Humboldt Park Property.—Vast improvements have been made in property adjoining Humboldt Park during the past few years. Subdivision after subdivision has been opened up and sold. Houses without number have sprung up; still the demand keeps up, and property is selling at increasing prices. Especially is this so in regard to the year just passed, as double the amount of sales were made and buildings erected, in comparison with the year before. The well-known agency of C. F. HATTERMAN so long established in this vicinity have entered very largely into the transactions of this section both as buyers and sellers. They are now making extensive plans for the coming year for the buying and selling of this property. Correspondence solicited. Office, 762 Milwaukee Ave.

J. A. & S. G. Hair, 159 La Salle St.—The real estate interests of Chicago have attained proportions of the greatest magnitude and enlisted the attention of many of our talented and enterprising business men. Numbered among those who have operated successively during the past year, in the buying and selling of real estate, is the agency of J. A. & S. G. HAIR. They have negotiated some important deals in business and residence property. Their experience and knowledge of Chicago realty may be used with profit by investors. They have in their hands for sale a large amount of central business property besides residence property on the West, South and North Sides. They also negotiate loans in any amount at current rates of interest.

PULLMAN BUILDING, CHICAGO.
S. S. BEMAN, ARCHITECT.

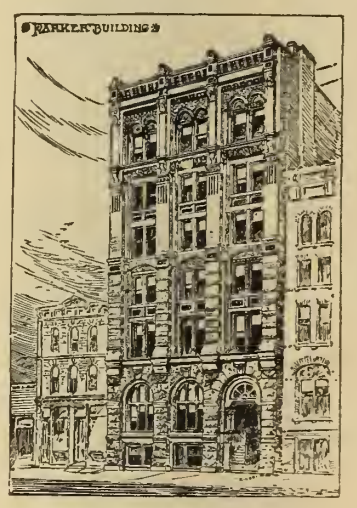
Hegewisch.—The growing town of Hegewisch lies in Section 31, half way between Pullman and Hammond on the Calumet River. One hundred acres of the land lying between several lines of railway on the Calumet River is occupied by the United States Rolling Stock Company. This company alone has made extensive improvements, constructing 500 feet of dock front and connecting it with a system of tracts 2,500 feet in length, and have expended over $400,000 in erection of buildings and purchase of the most improved machinery; between 1,000 and 2,000 men are engaged by them. To furnish homes for this large number of mechanics and their families, a syndicate was formed which purchased nearly 500 acres of land in the immediate vicinity, a large portion of which has been subdivided and sold through the well known real estate agency of BOGUE & HOYT, 174 Dearborn Street, southwest corner Monroe. Houses and stores have already been erected in large numbers, two large hotels are there. Other corporations are making extensive improvements in this vicinity. The region presents very attractive advantages for manufacturing enterprises of all kinds, and lumber yards and other; all kinds of business which requires a large amount of ground. HEGEWISCH will bear investigation by those who pay large rents in the city. The firm of BOGUE & HOYT, 174 Dearborn Street, southwest corner Monroe, who have this property in charge, are offering desirable lots and valuable tracts on reasonable terms. The agent at HEGEWISCH is JAMES F. CASSIDY, at the HEGEWISCH Land Office, next door to the Roys House.

Abstracts of Title.—The importance to property owners of obtaining reliable abstracts of title cannot be over-estimated. Questions in regard to titles are constantly arising in the courts and otherwise, which show it would be very unsafe for one to deal in real estate without an abstract of title. The real estate agent as well as the purchasers of real estate realize this, and hence the custom of requiring an abstract has been firmly established. The fact that they have been able to obtain accurate and reliable abstracts has done much to bring about the present feeling of security in real estate titles, although many property owners do not fully realize the litigation and expense they have been saved by having a reliable abstract of title. The oldest and largest firm in the business is that of HANDY & COMPANY, 94 Washington Street, who possess the only books in existence, covering the public records back of the fire of 1871, besides a complete record to date. No better proof could be asked of their work than the acknowledged popularity of their abstracts, which are not excelled in correctness and reliability. They employ a large number of experienced abstract-makers, and their growing business is being met constantly with new facilities for carrying it on, so that customers may receive abstracts in as short a time as they can be made, insuring the care and accuracy necessary in the work.

Haddock, Vallette & Rickcords, 85 and 87 DEARBORN STREET.—The abstract question has been discussed pretty thoroughly during the past year, both by the Real Estate Board and the real estate fraternity at large. It is a weighty question, and concerns all property owners and buyers, as so much depends upon correct and reliable abstracts. The value of the abstracts of the firm of HADDOCK, VALLETTE & RICKCORDS, both as to correctness and reliableness, was generally recognized in all these discussions. The popularity of the firm is growing every year, owing wholly to the character of the work they turn out. The increase in their business during the past year necessitated the enlargement of their offices, and they are now prepared by their spacious quarters and large corps of experienced abstract-makers to furnish abstracts on the shortest possible notice, and with the greatest correctness.

The Necessity for reliable and accurate abstracts of title and continuations, has, in the past few years, grown to be one of the most important factors in real estate transactions. Despatch in the execution of orders has also become one of the prime elements in the making of abstracts; but, owing to the inability of the limited number of firms who had the business in hand to keep apace with the great increase in the volume of real estate deals, delays have been the rule rather than the exception.

A great step was, however, taken in remedying this natural evil, when the COOK COUNTY ABSTRACT COMPANY, 125 Washington Street, opened its books for business last spring; and that the real estate and legal fraternity has been quick to recognize that its pretensions to responsibility, accuracy and despatch are upon a good foundation, is shown in no undeniable way by the constantly increasing business done by it.



This Company's books cover every foot of ground in Cook County since the great fire of 1871, and its terms are very reasonable.

Otto Peltzer & Co. have been conducting a regular abstract office at No. 85 Washington Street, in this city, for seven years with the most flattering results.

The fact that all abstracts are submitted to attorneys for examination, and that their order books show over 16,000 orders (many of which come directly from real estate dealers and attorneys) is certainly good evidence of the general acceptability of their work.

While always soliciting a share of the general patronage of the abstract work, they also most respectfully commend to fair consideration such of their abstracts as may come to attorneys through their clients, assuring the general public that no business trust is more sacred to them than the interest of those who honor them with their orders. They also make special searches for real estate standing in the name of judgment debtors and others, for attorneys who have claims or judgments, so that claimants may realize their amounts by levy.

The late effort of the Real Estate Board to regulate what should be treated as "regular" abstracts, and the publication in pamphlet form by Otto Peltzer of the history of the abstract business, which appeared in the columns of this journal, has largely increased the business of their office and brought their abstracts in more general favor than heretofore.

PARKER OFFICE BUILDING, CHICAGO.
J. M. VAN OSDEL & CO., ARCHT'S.

County Recorder's Abstracts.—The review of the firms engaged in making abstracts of title to property in this city, would be incomplete without a favorable mention of the COUNTY RECORDER'S ABSTRACT DEPARTMENT, now under the direct and careful management of WILEY S. SCRIBNER our present Recorder of deeds The impression entertained by many of our citizens that that department of the Recorder's office is managed by politicians is erroneous, as we are assured that all of the men employed there have been educated to the business by the best abstract makers in the city, and none of them have been employed as abstract makers in the Recorder's office less than seven years. Then, too, it is a fact, as we are informed and believe, that the Recorder can furnish a complete abstract of title to almost all of the property in the county from the Government to date. He certifies them under the official seal of the county, and they stand the test of the courts whenever and wherever tried.

The Resting of Titles to Real Estate.—Among the new organizations of the past year of peculiar interest to real estate men, property buyers and owners, the NATIONAL REAL ESTATE TITLE ASSOCIATION, 114 La Salle Street, holds a very important place. The importance of some plan by which titles to real estate can be rested at some given point or date, and give to the holder of title protection against past defects, has long been recognized by owners, dealers, mortgagees and lessees. Through the medium of this association this protection can now be secured. After a full and satisfactory examination of titles, they issue a certificate of guarantee and protect the title up to that date against any adverse claims that may come up against the same. At the date of issuance of the guarantee the title rests, and a living warranty, that grows stronger each year, secures and protects the patrons of this association, this being the only plan by which titles can rest at a given point or date and give perfect security to owners of real property.

THE
Real Estate and Building Journal

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, JAN. 9, 1886.

ERRATA.

Through the stupidity and meanness of a compositor in not correcting his proof when marked and remarked, the tables showing the annual summaries for 1884 and 1885 were incorrectly dated. They are corrected in this issue and show 51 millions for the former and 57 millions for the year 1885.

Also we correct an error made in the transfers on page 7. Ogden ave. near Chicago ave. should read: "Ogden ave. near above," etc.

THE MARKET.

OPENING STREETS AND ALLEYS.—GRAPPLING WITH THE BRIDGE NUISANCE.

The city fathers have at last been compelled to look toward the interests of property owners. This Journal has more than once published the opinion that the prices of real estate were in advance of public improvements—that something must be done to keep pace with the increase in population and the handsome improvements being made by private capitalists. Our city has the elements of greatness in it and it will continue to grow in spite of the ignorance of public officials and old fogyism.

Three hundred thousand people on the West Side are clamoring for a remedy of the bridge nuisance and they are determined to have some kind of relief. Some weeks ago a reporter of one of the daily papers interviewed Marshall Field on purely business topics, and before he allowed the scribe to depart he said: "I am a friend to any and all newspapers that will advocate the removal or abatement of the bridge nuisance and the development of a better system of drainage," saying further that unless the hindrance to travel could be stopped or lessened, we must remove our shipping to the lake front or at least a portion of it: then use stationary bridges and lighter the cargoes of vessels under them, and furthermore that the health of the city could only be maintained by adequate sewers and a perfect system of drainage. A successful business man can see the needs of the hour and suggest a remedy, but it requires years of talk and bluster in our City Council to meet an emergency. Many of our aldermen are intelligent, conscientious men, like alderman Campbell, and are doing all in their power to have something done on these questions. At Mondays meeting of the City Council Ald. Campbell said: "By the eternal, the streets must be opened, an outer harbor built, and the bridges closed." An outer harbor would pay the expenses of the city government. Ald. Wetherell remarked that if it were the wish to test the city's rights there, it could be done by ordering the opening of one street, say, Van Buren.

Ald. Young remarked that captains of vessels didn't want a better harbor for anchorage than that now on the lake front. Cargoes could be discharged there and lighters used; but the trouble was the expense.

This brings us to another question: the raising of the money. Property owners will consent to be taxed for these purposes and the money can easily be raised, but we are reminded of a story told on General Jackson when it was fashionable to go to horseraces. A slick young man stepped up to the man of destiny and told him of a chance to make some big money by betting on a certain horse and further added that his friend, the major, who stood near by, would "hold the stakes." Gen. Jackson turned slowly till he faced them both and then said: "Yes, but who in hell will hold the major!" We must first sit down hard on the professional politicians and send some business men to the Council to help Ald. Campbell and the other well disposed members. We do not want to loose the money after it is raised, nor do we want any more jobbery in public affairs, such as we have witnessed the last five years in the construction of the City Hall and Court House. The opening of Randolph, Washington, Madison, VanBuren and Harrison streets and Lake Park Place to the lake shore, is a movement which the JOURNAL recommended some three or four weeks ago when discussing values of central property lying along Michigan ave. boulevard between Randolph and Adams streets. There lies some of the best property in the city, and it was recently bought as low as $500 a foot because Michigan ave was a one-sided street. If the above named streets are extended to the lake or out into the lake as is the case with Randolph street viaduct, it will give more room where it is most needed and will facilitate bringing our docks to the lake front. Instead of property being worth a thousand dollars a foot or less on Michigan ave. between Randolph and Adams streets, it would be worth $2,000 a front foot.

The week must be put down as quiet in the real estate market. Sales out in the suburbs have been few and far between on account of the wet weather, and the majority of the inside transactions are for small amounts. some of them being for less than $1,000. The few important sales recorded during the week are: one on Jefferson ave. for $25,000; 20x180 feet on Lake street west of Franklin, at $1,750 per foot, bought by J. M. Wing; also 38½ feet on Wabash ave., cor. of Eldredge Court, for $33,000; and 144 feet on West Madison street with 1216 feet to alley in same sub was sold by the estate of Edward Loomis to S. W. Rawson for $53,205; also an undivided half of block "C" on Ogden ave., corner Douglass Park, by Josiah Lombard to Moses E. Worthen for $25,000; and 50 feet on Market street for $40,000, completes the list of important sales.

(The Market continued).

The opening of the business for the new ear takes on a very encouraging aspect and nds to verify the prophesies of our leading id conservative firms published in our last sue. The weather has aided immensely the nsummation of sales and other transac- ons, while building has been pushed most as rapidly as in spring or summer. xtensive building operations for the com- g year are now under contemplation, any of which will be commenced at once the mild weather continues.

The drainage and sewerage of the Town Lake is being considered, and plans made r a radical change in carrying off the wage of this immense and growing dis ict, comprising thirty-six square miles of land territory. Plans for a permanent stem of drainage have been prepared, hich if adopted will give a complete and equate sewerage to the district. The asons for immediate action in this matter the rapid growth of the Town of Lake, ving in five years increased from a popu- ion of 18,380 to 50,000.

The compact population of Englewood rmal Park and in the vicinity of the ion Stock Yards and throughout most of northeastern part of the town, and the ation within its borders of that peculiarly icago institution, the Union Stock Yards, well as the greater part of the slaughter- and packing industries that go with it, o demand it.

The remoteness of a large part of the vn from a suitable place of outfall, takes matter of sewage disposal ont of the or- ary channels of practice, and renders it of the determining featnres in the ice of a system.

t is proposed to continue for the Stock ds district a combined system of sewer- , by which roof water and sewage can h be conveyed from tne buildings by gle connections.

or the Englewood district a double sys- is proposed, involving a drainage system storm-water and a separate sewerage tem. This sytem possesses advantages Englewood over the combined system will cost but a trifle more, the estimated being $204,850.

mong other reasons urged for the adop- of this permanent system of sewerage the avoidance of legal complications delays, a great saving in the immediate final cost of construction, and the re- al of the necessity for the purchase and rovement of any land for use in the ess of sewage purification.

he plan recommended for cleansing the th Fork is by means of a conduit along tern Ave. from the west end of the k Yards slip to the canal, with pumping ks at the canal, the sewage finding ance to the eastern arm of the slip, being cepted and discharged into the western within the range of the current estab- d by the pumps.

very beautifully illustrated catalogue of bell Bros. has come to hand, containing trations of Chicago in 1830, Chicago at ime of the fire in 1871, and a bird's eye of Chicago in 1885; also statistics ing growth of Chicago, according to ensus. Then follows cuts of their blocks ouses built on the West Side, on Seeley, alb, Loomis, Grenshaw, Jackson, War Ave., Campbell Ave. and Lexington st., a plat showing arrangement of rooms. book is sent free on application.

is reported that negotiations have been in Turner Park, which will place that erty very favorably on the marget this g. Further particulars will be given.

e Leesburg R. E. Association of Florida appointed J. J. Chase as their repre- tive for the Northwest. Their lands rise over 75,000 acres of orange s, town lots and gardening lands in the localites of Florida.

visit to the firm of Holbrook & Co., rs in hardwood lumber, divulged the that there is more encouragement g hardware lumber dealers than here- e. This is based upon the consumption e large amount of hardwood laid in g previous years, the general revival siness, and the bnilding contemplated e coming year.

Hinchliff & Co report the sale of Indiana Pressed Brick to have been larger last year than any previous year. Among their sales of Indiana pressed brick the last month, are 15,000 to J. M. Dumphy, Dearborn Ave. and Michigan st., 30,000 to Gutrich Bros., for stores and flats, 30,000 to Wheelock & Clay for houses on Thirty-third st. and Vernon Ave.

Beaver, Wight & Wetmore report an active trade in gas fixtnres. There has been considerable competition in the grade of gas fixtures used for a medium class of houses.

The Tumalty Plumbing Co. are getting out improvements for ventilation, which will soon be brought before the public.

The Real Estate Board.

The Chicago Real Estate Board met in regular monthly session Wednesday, with President Lyman Baird in the chair.

The following named members were present: Messrs. F. A. Henshaw, C. W. Pierce, E. A. Cummings, Sam'l Polkey, W. L. Pierce, F. A. Barnes, Bryan Lathrop, Lyman Baird, F. M. Elliott, J. M. Marshall, H. A. Goodrich, Ernst Prussing, E. S. Dreyer, H. C. Morey, C. H. Mnlliken, B. L. Pease, R. W. Hyman, Jr, A. J. Stone, E. W. Zander, Jno. G. Hair. W. H. Thompson, J. A. Wilson, M. R. Barnard, J. H. Van Vlissingen, D. R. McAuley, B. R. De Young, W. G. Jackson. J. L. Lombard, Geo. P. Bay, L. Ingledew, S. M. Parish, E. M. Snow, Wm. A. Bond, R. C. Givens, S. M. Moore, G. L. Warner, W. W. Baird, A. B. Mead, George Birkhoff, Jr., N. T. Gassette, Sam'l Gehr, H. C. Harvey and E. F. Getchell.

The minutes of the previous meeting were read and approved.

The Membership Committee reported favorably on Messrs. D. O. Strong and C. L. Hammond for membership. A vote by ballot being taken, they were declared elected.

The Committee on Exclusive Agency made a report, which was referred back to the committee with instrnctions to present a contract at the next regular meeting, with a recommendation that it be adopted by the Board as advisory.

The Committees on Leadpipe and Dower-Book reported progress, and the trial report of the Committee on Sign-Boards was accepted and the committee discharged.

The Nominating Committee presented the following ticket as the fruit of eighteen long and arduous sessions: President, Lyman Baird; vice-president, Bryan Lathrop; treasurer, E. S. Dreyer; secretary, E. M. Snow; executive committee, R. W. Hyman, Jr., F. A. Barnes and J. B. Knight; daily call committee, C. H. Mulliken, R. C. Givens, and C. P. Silva; reference committee, W. D. Kerfoot, M. R. Barnard and Willis G. Jackson; membership committee, A. B. Mead, J. A. Wilson, F. A. Henshaw, Geo. P. Bay, E. Goodridge, F. C. Gibbs and E. F. Getchell.

It was resolved that all amendments, including a new addition to Article VIII of the constitution as proposed by Mr. N. T. Gassette, be printed and made a special order for the annual meeting to be held Jan. 13th, at 2 P. M.

It was resolved that the president appoint a committee of three to make arrangements for the next annual banquet and that the president be appointed an ex-officio member of such committee.

There being no further business before the Board, on motion the meeting adjonrned.

After the meeting a well attended caucus was held, at which W. W. Baird, W. A. Bond and Geo. Birkhoff, Jr., were appointed a committee to nominate an opposition ticket.

Confusion in Names and Numbers of Streets.

More than a hnndred times have complaints been made at the City Hall, by mail and by personal call, about there being no names of streets on lamp posts, or that the names of the streets had been torn off or effaced bv time and weather. For many years, also, thousands of letters have been lost or delayed on account of the imperfect system of numbering streets in vogue.

In answer to the questlon; "What remedy do you propose for the confusion between the north streets and south streets and between the east streets and the west streets?" superintendent of letter carriers, Henry F. Donovan says:

"Except as to details, there can be no two opinions on the subject, for there is only one possible solution of the difficulty. The east-and-west streets will have to be numberered continuonsly from the lake westward to the western city limits; and the northern half of every north-and-south street will have to be given a different name from the southern half. Nothing short of these two changes will cure the present disorders. Take the east-and-west streets, for instance. The lake shore is not a straight line, and is probably a mile further from State street away down south than it is in the heart of the city. If, therefore, the east-and-west streets are numbered from the lake shore westward, the number of given houses on these streets will be no clue to its location. Some would say that while the numbering shonld begin at the lake shore it should not begin, on every street, at No. 1, bnt with such a number as would bring No. 300, say, on all these streets in a line, all the way from north to south. Either way will answer the purpose and either will suit me. Then some would say that there shonld be a break in the numbers at the river, and that all these streets should begin at the same number on the West Side, so that the number of a house will indicate at once which side of the river it ls on. From the river down to Sixteenth street this is entirely practicable; and I think it ought to be done."

"Then as to the north-and-south streets?"

"In the case of the north-and south streets if the northern half of each of these streets is to be given a new name, some will say at once that the new name should begin at the river. Others, among whom is Commissioner Cregier, say that the new names should begin from Lake street. I favor the Lake street dividing line. I shall not fret about the adoption of either line; but I am more anxious abont the reform in the north-and-south streets than any other change in tbe [streets whatever, and if the Mayor, Commissioner and committee will only be good enough to remedy this one defect in the nomenclature of our streets we can afford to wait five years for all the other changes."

How to Clear the Sidewalks of Snow.

Our Snpreme Court has twice decided that the city can not, under its mere police power, require abutting property-owners to keep the sidewalks free from ice and snow: Grindley v. City of Bloomington, 88 Ill. 557; City of Chicago v. O'Brien, 111 Ill. 532.

The court holds that the sidewalks are as much the property of the city as the roadway; that the duty devolves upon the city to clear the sidewalks, and the municipality cannot, under the general "police power," require the property-owners to perform this work. These decisions are not in line with those of other States, and it is generally held that such an ordinance is legal and blnding: Mayor v. Mayberry, 6 Hnmph. 368,; Washington v. Nashville, 1 Swan, 177; White v. Nashville, 2 Swan, 364; Bonsell v. Mayor, 19 Ohio, 418; Paxon v. Sweet, 13 N. J., 196; Woodbridge v. Detroit, 8 Mich., 274; Boston v. Shaw,1 Metc., 107; Lowell v. Hadley, 8, Metc., 180; Goddard's Case, 16 Pick., 504.

The corporation counsel says: "The Supreme Court of this State, in its latest decisions upon this question, stands four to three against the validity of Section 1955 of the code, which requires all property-owners to clean their sidewalks, and we can but submit to that ruling until such time as the court may conclude, if ever, to adopt the rnle in force in other States.

"It is impracticable for the city to clear its eight hundred or nine hundred miles of sidewalk after every snow storm. The cost of snch a work would be appalling, and no large city ever undertakes so great a responsibility. Moreover, it is cheaper and better for the property-owners to themselves keep their sidewalks clear rather than to be taxed for that purpose. It may fairly be assnmed that the great majority of the people would gladly comply with a reqnirement that their sidewalks should be kept passable if they knew their recalcitrant neighbors would be forced to do likewise. As the law now stands, yon are unable to pass an ordinance which will reach all property owners alike, but yon can, in my jndgment, enact a law which will be effective in the great majority of cases. This is not to be done as an exercise of the "police power," but as a requirement of a consideration from those citizens who receive certain privileges from the public, represented by the mnnicipal government. You are aware that the owners and occupants of most houses and buildings in this city occupy a portion of the sidewalk space. The sidewalk area is nsed for coal or other storage purposes; space is taken for steps or entrance to basements, and for other purposes. But the street is the property of the city, from bnilding line to building line, and the city may altogether refuse the use of any part of the same for these purposes, or may accompany the grant of such privileges with any reasonable condition. It strikes me as only fair and right that those who receive from the pnblic the privilege of using any part of the city's property, should, in return, be required to keep the sidewalks in good condition for use by the public. Under the existing ordinances it is unlawful for any property owner to use the area beneath the sidewalk without a permit from the department of public works. These permits may be conditional upon this provision, and such provision may, by order of council, be attached to outstanding permits. As a matter of fact, few property owners have as yet taken out these permits, and they now oecnpy the sidewalk space without authority of law. It does not, it is true, reach sidewalks in front of vacant lots, or in front of houses which are set back from the street, where the sidewalk area is not used for coal vanlts or other pnrposes. But I predict that it will be found effective, if properly enforced, to meet nearly all cases of improved property, and will certainly cover the business streets.

"The condition of our sidewalks in winter is not creditable to a metropolitan city, and I hope the proposed legislation will to a great extent, at least, remedy the evil. Equally important with an ordinance on this subject is a provision for its strict enforcement, and I submit an order directing the police department in detail how to enforce the legislation contemplated."

Care of Hydrants.

An experienced plumber has some advice to offer concerning the winter care of hydrants. He says that while a defective hydrant is more liable to freeze than a good one, yet a perfect one will freeze if not cared for. The hydrant valve is set below the frost line, and is arranged so as automatically to drain the hydrant of standing water, but it does this only whenthe hydrant is tightly closed. If not fully closed after drawing water, the same condition is made as in a leaky hydrant, and it freezes. Before the coldest weather comes, hydrants should be placed in good condition and protected from cold. The valve of a hydrant, being placed beneath the frost line, is in a very disadvantageous position, and if repairs are necessary the yard has to be dug up for a considerable distance around it. To avoid the necessity of repairs the valve should be used as little as possible. In order to protect the valve from wear by constant use, the plnmber recommends that a stop-cock be placed upon the nozzle of the hydrant for use in the summer months. During nine months of the year the hydrant valve could then be kept fnlly turned on, the flow of water being shut off by the stop-cock at the nozzle. In the cold weather the hydrant valve would again [illegible] use.

The Business Situation.

It has grown to be quite common for every little editor of every little or big news paper extant to inflict on the suffering public his particular views of the financial and business status of the country; in case of depression, he explains the causes forsooth! When prosperity dawns, he prophesies improvement in trade! The ignorant consider the information wonderful and are thankful to these oracles for vouchsafiug so much, gratis. The time was, not more than a generation ago, when the west could not build any railroads, any fine houses or make any great public improvements without the sanction of the East. In short every business pulsation of the West was in obedience to a throb of the monied heart of tne East. Things are changed now. The West is less easily affected by financial and tariff questions than the East. The great West and the productive South are consumers as well as producers, and are fast becoming the manufacturers of their own products, and all we need now are honest men, a snfficient currency to do business with, and more people to occupy our western prairies. Chicago has grown to be the great railroad center of the entire West, and no department of business bids fairer for the coming year than the iron interest, which will give employment and good wages to thousands of workmeu. Crops have been good the past year in almost every particular, and there is plenty of wheat and corn in the country for export. All of the surplus of products in manufactured goods have been worked off, and although there is a good deal of competition in foreign markets in wheat and flour, these articles stubbornly hold their own in spite of the large supply and small export demand.

The annual summaries of business for all the leading commercial points in the country, show an improvement in almost every department and a decided decrease in the number of failures.

The footings show that the number of failures in 1885 was 3 or 4 per cent. smaller than in 1884, and there was a decrease of 50 per cent. in the liabilities. The average of liabilities was less than $12,000, while in 1884 it was over $20,500, and in 1878, the year preceding specie resumption, it was over $22,000. The ratio of failures to traders was only one in eighty-six, while in 1878 it was one in sixty-four. It is probable that there will be an increase in the nnmber of failures for the next few weeks, as the first quarter of the year is usually a period of large bankruptcy harvests; but the epidemic of insolvency is over without doubt.

The situation at Chicago is this: All classes of business men are pleased with the past years record, but members of the Board of Trade, who have been keeping house rather extravagantly, having incurred a heavier burden than their income would warrant. The wealthier operators are stronger than ever and can stand the additional expenses of high office rent and the expense of the new building. Real estate owners in Chicago never felt better than at this time; prices have been high and there has been a steady demand since the season opened in 1885, and there now seems to be no cessation in sales. Unless rents should decline in the spring in consequence of so much new building, a continuation of this good feeling may be expected and prices may go a peg higher for central property and business locations upon the West Side. The general prosperity of the city is of more importance than a rush in house building or a temporary advance in the price of real estate.

The business men of Chicago must unite in a grand effort to prevent eastern trunk lines from discriminating against this city in freight rates, for as long as it is possible for a shipper at Quincy, Ill., or at DesMoines, Ia., to get a lower throughrate to the seaboard than Chicago shippers can obtain, this city will suffer.

"Less talk and more cider," or to be plainer, less bragging and bluster and more quiet work through combined action, will be for the permanent good of Chicago.

The following statistics from the Clearing House and Board of Trade reports, will be found interesting to many of our readers:

CLEARING HOUSE REPORTS.

The monthly clearings for the year 1885 at Chicago were as follows, showing an increase over the returns of 1884 of $58,898,611.

Month.	Amount.	Mouth.	Amount.
Jannary	$189,867,993.34	September	$192.897,440.66
February	140,472,633.93	October	234,770,623.21

Hardwood Lumber.

The use of hardwoods has increased to a great ex during the last few years. They have won a place in construction of buildings which can be filled by no sni tute. The great advantages to be gained in the nse of t lie in their dnrability and beauty of finish. Ash, oak and white), maple, cherry, walnnt, red birch, gum, Geo pine and whitewood are among the varieties in com use.

Mr. Robert Larkins, wholesale and retail dealer in h wood lnmber, is regarded by the readers of the JOURNA a reliable dealer, as his yards at the corner of Union p and Twenty-second st. are well stocked with almost e variety and every grade of seasoned hardwood, especi in whitewood, oak, ash and cherry, with a constant and selected stock of rough or dressed and matched hardw flooring. Among the limited nnmber of hardware chants confined exclusively to that trade, Mr. Rob't Lar deserves a special mention. Architects and bnilders find it to their interest to drive out to his yards and over his stock before contracting for future work. His fice and yard are located at Union place and Twenty-se st., oppositePalmer, Fuller & Co.'s mannfactory.

BUILDING REVIEW.

THE LUMBER MARKET.

Our tables for both hard and soft woods have been re-ed, and our reporters are canvassing for prices of building terial, although but little is used now and business quiet in all branches of building material. Lumber alers have called in their traveling men for the winter, d are not seeking to push sales. The work of figuring the profits for the year 1885 and the prospects of the esent year are occupying their attention. Prominent alers say that there is to be a revival in railroad building d fully as much house building as in 1885, and it is ther claimed that country yards are well nigh exhansted acconnt of the prolonged building activity into the nter throughout the country.

Construction Notes.

CITY AND COUNTRY.

Bids wlll be received at the office of the Board of Edu-tion, City Hall, not later than January 11, for a fifteen-om bnilding, to be built at the corner of York and Laflin reets; for same, corner of Fairfield avenue and Twelfth reet; J. J. Flanders, architect; also bids not later than Febnrary 18, for the labor of 100 able-bodied convicts for any kind of labor, and the same for fifty more convicts for light labor, to be rendered about May 1; price to be paid for teaming to be agreed upon; contract not to exceed eight years; bond, $1,000; also bids will be received at the office of Connty Commissioners, corner of Fourth and Race sts., Cincinnati, Ohio, for the improvement of Robinson road from Montgomery Pike to its sonthern terminus in Columbia Township. Jos. W. Brewster, Auditor Hamilton Co., O.

Also bid to same parity and same place, not later than Jannary 20, for the improvement of Fleming Road between Springfield Pike and Winton Road, to same auditor; also for improvement of Ross av. from Lebanon Turnpike to the Carthage Pike in Mill Creek Township, to same auditor.

Sealed proposals will be received by P. A. McGann, City Clerk, not later than Monday noon, January 18, for a sewer in Franklin av. from the north line of main sewer, District No. 9, to Cherry st., to be paid for in assessment certificates. Bond will be required to sufficiently protect the city. Proposals for stone flagging, lightning rods and hardware for a court house in Hamilton, Ohio. J. W. McLanghlin, arch., Nos. 46 and 47 Johnston Building, Cincinnati, Ohio.

Bids will be received by the Board of Education for a public library building, not later than January 18; for labor and material for an addition for district school building on Brown st.; also for a twelve room school house on Vine st., by Supt. of School Buildings, 287 West Ninth st., Cincinnati, Ohio. Address bids to Geo. O. Deckebach, chairman, for 13th and 28th district improvements.

Bids will be received for the construction of two school buildings at Bismarck, Dak., not later than February 1. Address F. A. Thomas, Clerk, Demeseith, Rolette Co., Dak.

It is estimated that $900,000 will be required to pave the intersection of streets ordered to be improved in Chicago this year. Many of the ordinances, however, have been withheld, and the council has so far passed only enongh to call for an expenditure of $750,000. The commissioner of pnblic works will ask for this sum, but as only $448,000 was allowed for the purpose last year, it is probable that the amonnt will be reduced to abont $500,000. In this event the paving of quite a number of streets will have to be deferred nntil next year.

Woodlawn Real Estate.

During the past year the real estate of this beautiful suburb has been quite active, owing to the many excellent advantages which it offers as a suburb to Chicago. It is situated only seven miles from the city, on the Illinois Central R. R., which is noted for the many conveniences of its suburban trains. The houses in Woodlawn are substantially and artistically built and their number has been very materially increased during the past year, there having been built about one hundred houses, The society is select, being made up of Chicogo business men, who are taking advantage of the pure air and water, perfect drainage, beautiful scenery and low rents—all offered in Woodlawn. Mr. L. A. Gilbert has been intimately connected with the growth of Woodlawn, and through his efforts during the past year a large number of lots and houses has been sold. To searchers for suburban homes, he is ready to offer the choicest property in Woodlawn, either improved or unimproved. Information given either at city office, room 5, 77 Clark street. Reaper Block, or at Woodlawn.

Suburban Improvements.

JEFFERSON.

The year 1885 was one of prosperity for the town of Jefferson; the inhabitants have increased greatly and a proportionate number of dwelling houses have been built; five church buildings have been erected and as many school houses and a brick sewer was built during the year. Immediately west of Humboldt Park, for more than a mile, hundreds of houses have been built.

LAKE VIEW.

During the last year 600 dwelling-houses have been built in Lake View. Over six and a half miles of water-pipe have been laid, three miles of sewer built, over four miles of new streets, and forty new subdivisions made, and two churches built.

The Board of Trustees met Monday night. A numerously-signed remonstrance against the paving of Halsted street was referred to Committee of the Whole. A statement in regard to the Marine Hospital sewer has been sent to the Hon. G. E. Adams, who will lay the matter before Surgeon Hamilton.

HYDE PARK.

The opposition to the improvement of Cornell ave., or to that part north of Fifty-third street, by Mr. Grey and Mr. Mulvey, backed by several other residents, was met by Judge Jamison and Mr. Bridge in good spirit. It was clear to the Board that this was an important improvement, and the ordinance was passed by a unanimous vote.

The matter of enlarging the Village hall was called up by Mr. Peirce. The Board seemed to favor a reasonable outlay for that purpose, and ordered superintendent Cole to prepare plans and get estimates of cost to present at next meeting. The general idea is a wing in the south side of the present building, 24x50. It will enlarge the hall to a seating capacity of about two hundred.

Special assessment notices have been published as follows:

For 6-inch water-pipe in St. Lawrence ave. from 70th to 71st st.; 8-inch water-pipe from So. Chicago ave. to St. Lawrence ave.; a 30-inch brick-sewer in Champlain ave. from 45th to 46th sts.; a 2-foot brick-sewer branching to the west and east along Forty-sixth street to the center line of Champlain and Langley aves.; also a 2-foot brick-sewer thence running south on Champlain and Langley aves. respectively to Forty-seventh street, with man-holes, catch-basins, house connection slants, etc.; also a 2-foot brick-sewer in Washington ave. from 56th to 54th sts.; 6-inch water-pipe in St. Lawrence ave. from So. Chicago ave. to 67th st., with hydrants, valves, connections, etc.; for 12-inch tile-pipe sewer in Jefferson ave. from 54th to 53d sts., also that Lake ave. be improved from Chicago city limits to the center line of Fortieth street, by grading and filling the central 38 feet, macadamizing the central 33 feet with broken stone and granite, constructing cobblestone gutters, constructing stone curbing, laying stone crosswalks, etc.; for 6-inch water-pipe in South Park avenue from Clement ave. to 71st st.

A brick sewer to be constructed along the center line of Sixty-third street, from Stony Island ave. to a point 150 feet east of the center line of Charles ave., or St. Lawrence ave. provided, the internal diameter of said sewer being as follows: From Stony Island ave. to Sheridan ave., 66 inches; thence to Lexington ave., 60 inches; thence to Greenwood ave., 54 inches; thence to Cottage Grove ave., 48 inches; thence to Evans ave., 42 inches; thence to Langley ave., 36 inches; thence to Summit ave., 30 inches; and thence to a point 150 feet east of the center line of Charles avenue, 24 inches.

Wells or basins, manholes, catch-basins, house-connection slants, etc., to be constructed and connected with said sewer.

The following ordinances were ordered engrossed: for side walk on east side of Evans ave. from 45th st. to 385 ft north of same; on the west side of ave. M from 106th to 107th sts.; for improvements of Cornell ave. from 51st to 56th st.

EVANSTON.

An ordinance was passed by the Village Board of Trustees Monday night granting to the Chicago, Evanston & Lake Superior Railroad a right of way through the village. The majority of the inhabitants appear to think that the road will prove largely beneficial to the village and the entire neighborhood, while some are of the opinion, that the road should not have been given the right without returning something tangibly valuable to the village at large. It is further claimed that the village would be repaid indirectly, in as much as property would increase in value and that the population would be largely augmented by the influx of people who have hitherto lived in southern and western suburbs because the Northwestern Depot is so far removed from their places of business.

LAW DECISIONS.

WILLIAM VOCKE v. S. E. GROSS.

No power to confess judgment against assignee of lease.—Before Judge Rogers Wm. Vocke, as owner of a building fronting La Salle ave., let it for a term of three years from May 1, 1885, to Geo. H. Taylor, who, on October 22, 1885, assigned the remainder of his term to Samuel E Gross, by indorsement in writing on the lease, which indorsement was signed by Mr. Gross as well as Mr. Taylor, and in which it was specified that Mr. Gross assumed and agreed "to make all the payments and perform all the covenants and conditions" which by the lease it was incumbent upon the lessee to do.

The lease contains a power whereby the lessee authorizes John Milton Oliver or any attorney of any court of record to enter the appearance of the lessee, waive service of process and confess judgment for any rent that might be due, and contains a clause to the effect that the covenants and agreements should be binding upon, apply and inure to the respective heirs, executors, administrators and assigns of the parties.

Acting under this power a declaration was made by Mr. Vocke as lessor, against Mr. Gross, as assignee of the lessee, for an alleged default in the payment of rent, and upon the usual cognovit being filed with the declaration, judgment was entered in favor of Mr. Vocke against Mr. Gross.

The present motion is to set aside the judgment as having been entered without authority, and the only question is, whether the attorney who signed the cognovit had authority to do so on behalf of Mr. Gross.

Mr. Gross assumed to make all the payments and perform all the covenants and conditions of the lease. Now covenants, agreements and conditions in such instruments, all imply substantially the same thing. A condition is defined as "term of a contract or covenant;" "a clause in a contract containing terms of a stipulation that is to be performed."

The lessor and lessee agree that the covenants and agreements of the lease shall be binding upon, apply and inure to their assigns respectively. But they do not agree that any grant of power to a third part (Oliver) given by the lessee, shall be obligatory upon the assignee. And Gross, the assignee of lessee, only assumes and agrees 1st, to make all payments of rent, 2d, to perform all the covenants, and also, 3d, all the conditions of the lease.

Now a power to confess a judgment is not a payment, nor a covenant, nor a condition.

The covenants and agreements of the lessee may bind Gross, the assignee; still there is no power to confess judgment against him, either by express provision or by any necessary implication; as the power given to confess a judgment for rent is not a covenant or agreement to be performed nor a condition of the term of the lease.

Relative to confessing judgment there is 1st, the appointment of Oliver, for the lessee, by the lessee; 2nd, the authority to Oliver to enter lessee's appearance and confess a judgment. There is a donor (Taylor and a donee (Oliver) of the power. And there is no element of a covenant, agreement or condition in it. The defendant Gross (the assignee of the lease), has in no way conferred such power upon Oliver or any other attorney.

The power to confess a judgment is in its nature personal. It is a specific grant of authority to perform a certain act. It must be strictly exercised, and the power itself must be clear and explicit and must be strictly pursued.

Neither the language of the lease, nor of Gross' written acceptance of the assignment and obligation to pay rents and perform covenants and conditions, authorize such construction of the writing as will warrant or include a grant of power to confess a judgment.

I do not want to be understood as holding that an assignee could not, whatever might be the language of the lease and acceptance of the assignment, place himself in that predicament. I merely hold that in the present case and by the language used he has not done so.

The judgment must therefore be set aside.

How to Decorate.

The latest novelty is a lamp and stand in one piece, so that it can be moved from one part of the room to another, and can also be raised or lowered at convenience. The stands are made of brass, bronze, wrought and twisted iron and crystal in the most attractive designs.

Numerous are the guises beneath which the stationary case conceals itself this year. The safe, with doors of wrought bronze, and with a recess for the note-paper, ledgers shelves for packages of envelopes, and drawers for letters is one; while an upright piano, with the envelopes where the keys should be, and the paper in the top, forms another concealing agent.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, December 28, 1885.

MISCELLANEOUS ORDINANCES.

An ordinance was passed for the condemnation of Shedd's Park; also for establishing alley grades in the City of Chicago; also consenting that the Board of Lincoln Park Commissioners may take, regulate, improve and control a certain part of North avenue; also an order was passed to raise the sidewalk on the east side of Wabash av. near Thirty-second st.; also to stop proceedings in the improvement of Sedgwick st., corner Garfield av., with sidewalk.

Dec. 31.—An ordinance was passed for 6-inch drains on Prairie av. from Thirty-third st. to Douglas av.; on Crosby st. from Division st. to Larrabee st.; for curbing and filling Western av. from Ogden to Blue Island aves.; for curbing, grading and paving Clinton st. from West Harrison st. to Maxwell st; Robey st. from West Chicago av. to West Division st.; Robey st. from West Indiana st. to Chicago av.; for establishing sidewalk space on Flournoy, Lexington, West Polk, Harvard, West Taylor, Fillmore and Grenshaw sts.; also on south side of West Huron st. from Lincoln to Hoyne av.

How to Decorate.

The present tendency of decoration in wood-work leans towards Oriental designs, particularly of the Moorish order and we have workers who are capable of equalling anything produced in the best periods of the past, and the standard of excellence is higher to-day than ever before. Numerous fine examples of this peculiar style of wood-carving and brass suitable for panels, doors, chairs or any interior decoration are displayed.

The fashion of curtains, screens and door-hangings is not merely ornamental but adds decidedly to the comfort of houses—allowing airy interiors while shutting off drafts and sounds, with a delightful feeling of snugness and privacy.

Brass fire-screens in butterfly form, with balls of jewelled glass are magnificent; and when placed in front of a blazing fire the effect is that of all manner of precious stones.

A novelty in table-cloths are those of very fine damask with hemstiched borders, wrought in floral or any pleasing fancy design with silk floss and finest ingrain colors, light and indigo blues, old pink, olive, pearl and amber.

TELEPHONES SOLD.

Don't pay exorbitant rental fees to the Bell Telephone Monopoly to use their Telephones on lines less than two miles in length. A few months' rental buys a first-class Telephone that is no infringement, and works splendid on lines for private use on any kind of wire, and works good in stormy weather. It makes homes pleasant; annihilates time; prevents burglaries; saves many steps, and is just what every business man and farmer should have to connect stores, houses, depots, factories, colleges, etc., etc. The only practicable and reliable Telephone that is sold outright and warranted to work.
Chance for agents. No previous experience required.

A MAN
WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE,
President and General Manager, Chicago.

Viewed Through Others Spectacles.

It is quite common for the inhabitants and especially the newspapers, of rival cities to poke fun at one another and to magnify each others faults. Chicagoans point with pride to their lofty buildings, and are elated over the large volume of the city's trade, but when referring to St. Louis, they speak of it as the village just over the big bridge, and laugh at the stereotyped condition of her citizens and tell stories to show the resemblance between a cigar sign and a St. Louis native. Minneapolis and St. Paul indulge in the same kind of sport between each other; and from the tone of an editorial in Wednesday's "Tribune", Chicago is jealous of the prestige gained by the former.

No city in the country has been subject to greater abuse and ridicule than Chicago, but no oue has ever been so foolish as to deny her supremacy in the West in the point of size. If "self-praise is half scandal", then Chicago has done too much bragging for her own good, and before criticising other cities too severely, she should sweep before her own door. If we are to judge by our own newspaper reports, no city in the union is so cursed by ignorant, unscrupulous politicians and ballot box stuffers. "It is the only large city in the country where education and refinement incapacitate a man from being elected to office;" "it is the only city in the world where a scabby man can beat a gentleman either in an election or in a trial before a Chicago jury, no matter what the evidence is;" "it is the only city of large size in the country, where a householder, after he is robbed by a thief, is compelled to go and buy back his property from a pawnbroker, although one of these "fence" keepers has been sent to the penitentiary in the last generation." "Society in no other large city makes it possible for a sneak and hypocrite to become eminently respectable and pose as "a purely good man." "No city in the United States will tolerate an army of thieves and dead beats but Chicago, and in no municipality under the sun are the tax gatherers and tax eaters so bold, impudent and ignorant, these qualifications being indispensible requisities in a collector of personal property taxes." "In no other city in the country are the members of the city council allowed to extort money from every public enterprise to the detriment of tax payers and the comfort and convenience of the toilers; railroad companies doing just as they please as long as they keep paying the aldermen." Remarks similar to the above in substance, are heard in Ohio, Indiana, Michigan and throughout the South. Stories about sandbaggers and pickpockets going through people in broad delight upon our streets, deter thousands of modest country people from visiting the city and perchance to make it their home. There is no denying the fact that there is much truth in these burning criticisms and there is still one more crying evil prevalent in Chicago not heretofore noticed, to wit.: the common practice of shysters in collecting monies belonging to their clients and friends and failing to turn it over—they simply cover up the theft by expanding their fee, as in the case of oue Thos. J. Shea, an alleged lawyer and collecting agent, who is still a member of the Chicago bar. This man Shea, whose office has been at 162 LaSalle street, would undertake to do the collecting for a business house for 25% of the amount of the monies collected by him, the client paying costs, etc., and no collection, no fee, but the scamp would await a favorable opportunity and steal money, costs and all and say nothing about it. The fellow is a member of the Chicago bar. This class of swindlers are very large in Chicago and should be wiped out along with a hundred other swindlers like them, and the criminal classes should be compelled to take a back seat instead of a front one.

No Easy Payments.

If People Think We don't Sell Cheap

ALL THEY HAVE TO DO TO BE CONVINCED IS TO

CALL AND GET OUR PRICES!

We handle no poorly-made goods, and as we do no easy payment business, we do not have to take goods back on chattel mortgages and place them on our floor again as new.

Our Goods, therefore, are all free from vermin, as they have been received direct from the factories and have not been in use in all sorts of tenement houses, and as

WE SELL FOR CASH

we can sell goods at the VERY LOWEST FIGURES.

BE SURE AND REMEMBER THE PLACE:

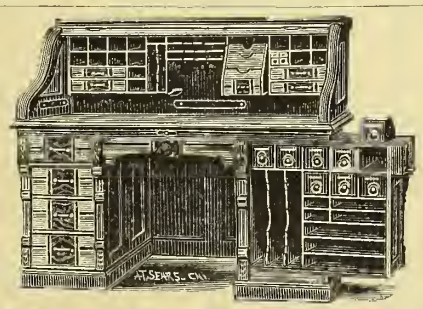
J. J. WADE'S
WASH TANK
AND ALL-PORCELAIN
WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

Coutracts solicited in all parts of the country. Roofing slates of all sizes and colors furnished to the trade at quarry prices.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

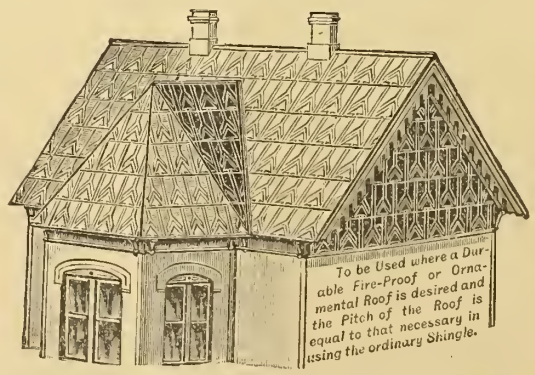
Tumalty Plumbing Co.,

PLUMBING, GAS AND STEAM-FITTING,

No. 9 Arcade Court,

Bet. Madison and Monroe Sts., **CHICAGO.**

☞ Repairing of all kinds promptly attended to.



NATIONAL SHEET METAL ROOFING CO.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

TIN SHINGLES

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest** roof in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM GOLD MEDAL at the World's Exposition, New Orleans, La.**

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

OFFICE
OF THE
Real Estate and Building Journal.
121 Fifth Avenue, CHICAGO.

Taxpayers

are interested in improvements ordered by the Common Council, where assessments are levied. Therefore examine our table on 4th page.

Contractors and Builders,

looking for contracts, should scan the table on page 15, which shows all that is required pertaining to Buildings to be erected.

Dealers in Building Material,

including Builders' Hardware and every thing else which enters into the construction of houses, should also look at the Table of future New Buildings.

Architects and Owners

will find correct information on prices of all building material in our Tables of Markets, as well as the work laid out for the future, and the work in prospect.

Real Estate Agents and Buyers

will find our classified lists of sales alphabetically arranged by Streets and Towns, of great service to them in determining values.

Lawyers,

having business of a real estate nature, should read our columns of ADVERTISED SALES and FORECLOSURES.

Merchants and Manufacturers

giving credit, should give close attention to the lists of MORTGAGES, JUDGMENTS, BILLS OF SALE and TRUST DEEDS, as they are so classified as to be of value as a reference record in "looking up" Debtors.

This JOURNAL

contains more valuable information than any other newspaper published in Chicago and

Is a Guide to Investment

and

A Protection to Credit.

Subscribe for it! It only costs $4.00 a year, and it may make you rich.

Lots for business and residence uses.

Particular attention is called to one Ten-Acre Lot, with a dock fron one thousand feet, adapted to Box Manufacturing.

☞Possessing Docking and Dredging machinery of its own, this company is pr pared to enter upon and execute promptly all work pertaining to dock construction. Special inducements offered to manufacturers.

THE

Real Estate and Building Journal

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, JAN. 16, 1886.

The Real Estate Board.

The annual meeting of the Chicago Real Estate Board was held Wednesday, Jan. 13, with President Lyman Baird in the chair.

The following named members were present: Messrs. F. A. Henshaw, E. A. Cummings, Sam'l Polkey, W. L. Pierce, T. C. Gebbs, F. A. Barnes, Bryan Lathrop, Geo. M. Bogue, A. B. Mead, Lyman Baird, F. M. Elliott, J. M. Marshall, F. Hatheway, H. A. Goodrich, J. H. Trumbull, Ernst Prussing, F. R. Chandler, E. S. Dreyer, H. C. Morey, Wm. A. Merigold, C. H. Mulliken, B. L. Pease, C. P. Silva, A. D. Hyde, R. W. Hyman, Jr, A. J. Stone, E. Goodridge, E. W. Zander, Jno. G. Hair, R. M. Outhet, J. A. Wilson, S. E. Gross, M. R. Barnard, J. W. Farlin, J. H. Van Vlissingen, D. R. McAuley, Pleasant Amick, E. S. Hawley, H. L. Hill, W. G. Jackson, J. L. Lombard, Geo. P. Bay, C. C. Chase, D. W. Eldred, L. Ingledew, S. M. Parish, E. M. Snow, W. A. Bond, R. C. Givens, G. L. Warner, W. W. Baird, P. R. Chandler, C. R. Calkins. George Birkhoff, Jr., G. D. Pease, T. G. Dickinson, N. T. Gassette, H. C. Harvey, Sam'l Gehr, E. F. Getchell and A. J. Stone.

The following amendments to the Constitution and By Laws were adopted:

Resolved, That Article VIII of the Constitution be amended by striking out the words "then the Board shall vote by ballot, and if the applicant shall receive two-thirds of all the votes present" so as to make it read as follows:

"All proposals for membership shall be in writing and shall be referred to the Committee on Membership. If the committee shall report favorably recommending the applicant, he shall be declared elected, but not otherwise; and on signing the Constitution and By-laws, and paying the fees and dues as herein provided, he shall be deemed a full member of the Board."

"Certificates of membership shall be issned to individuals only, and not to firms."

Resolved, That Article VII of the By-laws be amended by striking out the words "Objections to such persons, if any, may then be communicated to the committee" at the eighth and ninth lines thereof; and by inserting instead the following: "and mail to each member of the Board the names of such applicants, stating when and where the committee will meet to receive objections, if any, to such persons. Such meeting shall be held at least six days after the notices have been mailed," So as to make it read as follows:

"All applications for membership shallbe in writing, and referred to and acted upon by the Committee on Membership, whose proceedings shall be secret and confidential. They shall pass on each application separately, after which they shall post on the bulletin board for six (6) days the names of all the applicants who have been favorably considered, and mail to each member of the Board the names of such applicants, stating when and where the committee will meet to receive objections, if any, to such persons. Such meetings shall be held at least six days after the notices have been mailed. After the committee have finally passed npon the applicants, they shall at a regular or special meeting of the Board report for membership the names of such persons as have been approved by a majority of the committee."

"Provided the committee shall not admit any person to membership who shall not have received the affirmative votes of a majority of the committee, or who has received two negative votes in said committee."

Resolved, That Article III of the Constitution be amended by inserting the words "or real estate owners" in the second line thereof, so as to make it read as follows:

"All persons whose business is the sale or eare and management of real estate "as agents, or real estate owners, whose place of business shall be in the county of Cook, may become members of this Board as hereinafter provided."

Resolved, That Article IV of the Constitution be amended by inserting the words "from the membership whose business is the sale or care of and management of real estate as agents," at the third line; and the words "all members being entitled to vote," at the fourth line thereof, so as to make it read as follows:

"Officers of this board shall consist of a President, Vice-President, Secretary and Treasurer, who shall be elected from the membership whose bnsiness is the sale or care and management of real estate as agents, at the annual meeting, to serve for one year or nntil their successors are duly elected, all members being entitled to vote. Provided. that to fill vacancies, elections of officers of the Board may be held at any regular meeting, due notice of such election having first been given by the Secretary."

"Provided also that no member shall be elected to the same office for two snccessive terms."

Resolved, That Article VIII of the Constitntion be amended by adding the following:

"Provided that the membership shall be classified, to wit: into agent-members and associate members; and that the initiation fee of associate members shall be one-half less, and the dues one-third less than are the initiation fee and dues respectively of agent-members."

"Provided, however, that no member hereafter admitted, save his business is the sale, or care and management of real estate as agent, shall be permitted to offer property for sale, or exchange on the daily Call of the Chicago Real Estate Board; and it shall be the duty of the Secretary nnder the direction of the membership committee to keep an accurate roster of agent-members and associate-members, for the purpose of a rigid enforcement of this By-law."

"Provided that of the members of the Chicago Real Estate Board elected subsequent to January 1st, 1886, none but actual agent-members shall be permitted to propose an amendment to this Constitntion and By-laws, or vote on the question,—for the adoption of any by-law or rule for the government of the business, or which involves the compensation of the agent-membership, or on the question,—for the abrogation of any rule which will in any way affect such interests, or participate in any debate pertaining to the subject matters uamed above; and all Standing Committees, either appointed or elected shall be composed of agent-members exclusively.

"Provided also that any agent who shall cease to do business regularly as such, shall be transferred from the list of agents to that of associate-members, bnt no rebate of any part of either initiation fee or dues which he has already paid shall be made; bnt it is distinctly understood that the provisions of this article shall in no way apply to the present membership."

Resolved, That article IX be amended by striking ont the word "constitutional" in the seventh line, inserting instead "the;" and after the words "special meetlng" in the eighth line add "in accord with the provisions of Article VIII of this Constitution," so as to make it read as follows:

ARTICLE IX.

BY-LAWS AND AMENDMENTS.

The by-laws shall prescribe the amonnt of fees and dues; for the appointment of committees; prescribe the duties of officers and members, and provide rules and regulations for their government.

This Constitution and the article nnder which this Board is organized may be altered or amended by three-quarters of all the votes of the Board present at any regnlar or special meeting, in accord with the provisions of Article VIII of this Constitution, provided due notice of such proposed alteration or amendment shall have been given at a regular or special meeting held at least one week previously, and the purport of the same communicated to all the members of the Board by the Secretary.

Resolved, That article XIII of the By-laws be amended by adding after the last "the" in the second line the word "agent," so that it will read as follows:

ARTICLE XIII.

These By-laws may be altered or amend ed, or new by-laws adopted by a vote of two-thirds of the agent-members present at any regular meeting of the Board, one week's previous notice having been given by the Secretary to all members of the Board.

Resolved, That Article I of the By-laws be amended to read as follows:

ARTICLE I.

FEES AND DUES.

The membership fee of each agent-member, which shall entitle such member to a certificate of membership shall be One Hundred Dollars ($100) until the Board numbers one hundred aed fifty (150) agent-members, and then the price of member ship shall be Two Hnndred Dollars ($200).

The membership fee of each associate-member shall be one-half the fee for agent-members.

The annnal dues of agent-members shall be Thirty Dollars ($30), and the annual dues of associate-members shall be one-third less than the dues of agent-members, to be paid semi-annually in advance, on February 1st and August Ist, and no member shall be entitled to vote who is in arrears for the same.

Such certificates shall be transferable, on approval by the Committee on Membership, in accordance with Article VIII of the Constitution. and the payment of ($5) registration fee to the Treasurer ofthe Board.

Mr. Dix, representing Treasurer Chandler, made his annual report, which was accepted, subject to the approval of the executive committee.

Mr. E. A. Cummings presentcd the annual report of the Executive Committee.

President Baird appointed Messrs. W. L. Pierce, S. M. Parish and Norman T. Gazette members of the Banquet Committee.

It was resolved to appoint a committe of three to revise the constitution and by-laws, and have them printed.

The annual election took place next, and the following named members were elected for the ensuing year:

E. A. Cummings, President; Bryan Lathrop, Vice-President; E. S. Dreyer, Treasurer; E. M. Snow, Secretary. Executive Committee: R. W. Wyman, Jr., F. A. Barnes and W. L. Pierce. Reference Committee: W. D. Kerfoot, M. R. Barnard and Willis G. Jackson. Membership Committee: A. B. Mead, J. A. Wilson, F. A. Henshaw, F. C. Gibbs, E. Goodridge, Geo. P. Bay and H. W. Hoyt. Call Board Committee: C. H. Mulliken, C. P. Silva and W. W. Baird.

There being no other business, on motion the meeting adjourned.

Interesting to Tax-payers.

WARNING FROM THE SUPT. OF PUBLIC INSTRUCTION.

OFFICE OF THE SUPERINTENDENT OF PUBLIC INSTRUCTION, SPRINGFIELD, ILL., Nov 15, 1885. —Information received from varions parts of the State reveals the fact that school boards are made victims of fraud and deception in different ways, and I am impelled to address them this circular to guard against any further losses.

Worthless pnblications, school apparatus and other contrivances are sold to school directors at enormous prices; district orders are secured by irrisponsible agents through shrewd folding of sheets of paper, under the pretense of collecting school statistics, and other information concerning the schools, the district records are searched and the directors' signatures obtained by strangers; and various other schemes are worked cansing the school districts loss in money, and, what is worse, depriving the schools of that legitimate support to which they are entitled. I am, furthermore, aware that in many cases too much money is expended annually for supplies and incidentals, while a judicious expenditure of funds in this direction would do much to increase the efficiency of our schools. While it is poor economy to withhold that which is essential and necessary, extravagance in this respect benefits nobody except the dealer. In the rural ungraded schools, a little [illegible] ey judiciously expended for school supp[illegible] each year will go a great ways.

In the first place, the law requires school directors to do the business of the district at regular or duly called meetings only. (Of a called meeting each member of the board must be given due notice.) The courts hold that public business should be transacted at public meetings, and business not done in this manner may be declared illegal. Especially is this true when the expenditure of money, issuing of orders, is concerned. Next school directors should do business only with reputable, reliable firms. Both in this respect and whether the supplies and other articles to be purchased are necessary and worth the price asked for them, I am sure the county superintendent will take pains to advise them with regard to the supplies, apparatus and appliances which are indispensable in a well regulated school."

It is obvious that the Superintendent of Public instruction does not reside in Cook County, for the simple reason that his fears are all based on the supposed undue credulity and innocence of the average school director. He lays down the law, which is his duty, and then tells them how to avoid being swindled. The trouble has all been the other way in this portion of Illinois. The school directors do the stealing here, the tax payers do the kicking, and the County Superintendent of Schools looks on and tells the people and the newspapers "how it is the duty of the Township Trustees" to investigate such matters. "I am sure the County Superintendent will advise them" don't strike in as far as the man Lane is concerned. He is more positive about "Phonics" and certain kinds of text books than he is about any question of crookedness on the part of the school directors under his jurisdiction. The favorite scheme of some of the school directors in Cook County is to become intimately acquainted with some prominent and "respectable furniture establishment," buy their stuff whether it is needed or not, and then draw the orders for twice the amount, and if the Township Treasurer is in the "ring," he will give his check on the bank where the township funds are kept for the amount. It is a mistake to suppose that the uneducated school directors do not know how to steal. They can learn that in the same manner that a monkey learns to take the pennies and deposit them in his masters clothes—a la Tilton school fashion. A finely educated man is too proud to steal—a politician thinks it is smart.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, January 11, 1885.

On Monday night the council granted the Chicago Passenger Railway Company the right to maintain and operate a single track on Adams st. from Desplaines st. to Center av.; on Center av. from Adams to 21st, aud on 21st from Center av. to Western av. Commissioner Grieger estimated the cost of a double roadway, swing-bridge at Adams st., at $150,000. A similar one at Jackson st., including a viaduct from Canal st. to the river and approaches, at $280,000.

It will be remembered that the JOURNAL was the first newspaper to advocate the building of such bridges as a partial remedy for the much complained of hindrance to travel.

The City Collector submitted his annual report for the year ending December 31, 1885, accompanied by an official letter from the City Comptroller certifying that the report has been compared with the books of his office, and found correct, and that the moneys collected were duly deposited in the City Treasury to the credit of the respective accounts.

Ald. Cullerton moved that the recapitulation be published and the report placed on file.

The motion prevailed.

The following is the recapitulation:

RECAPITULATION.

Amount of warrants—special assessments	$4,197,296.00
Amount of warrant—delinquent water tax	25.607.86
Amount of Licenses	1,916.014,22
	$6,138,918.08

(Continued on page 38).

Damaging Effects of Poorly Paved Streets.

No doubt it was the intention of the Park Commissioners to make Washington Boulevard the best residence street on the West Side. A West Side editor who has examined the snbject, hits the nail so squarely on the head that we give his exact words to show the folly of opposing asphalt as a top dressing for streets.

The stupendous blunders of the West Park Commissioners in applying various granite and gravel top dressings on that thoroughfare, has busted the snap. Although they have an excellent foundation, the top dressing is a wretched failure, notwithstanding the expenditure of such enormous sums in experiments. In places where a certain quality of stone is used, the surface is a sea of volatile mud, the horses' feet spattering it over everything, carriage, robes and harness. In other places the continuous rains have rendered the surface soft and spongy, the wheels cutting in so as to make the hauling disagreeably heavy and hard on horses. In short, a drive over the boulevard and through the parks during our wet weather, has been a wearisome burden. With such an experience with granite, it would be a policy most short-sighted and disastrous for a prominent residence street to adopt it. Instead of advancing on such a thoroughfare, property values would depreciate.

Since the work of paving Warren ave. with asphalt begun. the sappers and miners are industriously at work decrying asphalt, exalting wood blocks and glorifying granite as the proper thing for top dressing for Jackson street.

The majority of property owners on Jackson street are, it seems, in favor of using asphalt for that street, as it is one of the very best residence streets on the West Side. With the foundation Jackson street has already, the expense of an asphalt covering, guaranteed in every respect, can be put down at a price not exceeding $4 per foot, and Jackson street property owners will make the mistake of their lives if they don't have it.

The improvement of Warren av. has been approved and highly praised by such men as Francis B. Peabody, H. H. Schufeldt, Jno. H. Dole, Chas. A. Dupee and others of equally good judgment.

Fire Proof Building Material.

One of the most important subjects that can engage the attention of property owners, builders, or architects, is the best mode of securing exemption from the destructlon of fire. The resisting qualities of well burned clay have long been recognized, and may have possibly suggested the idea of inventing the far famed effective fire-proof building material, called Fire Proof Hollow Clay Tile. The popularity of fire-proof hollow building tile is general, and its introduction into huildings has been more rapid than the most sanguine expectation of dealers and manufacturers. The necesfity for making buildings of every description as nearly fire-proof as possible, is so fully recognized at the present day, that the entire community are interested in the effectiveness of the material used for the purpose.

Among the most successful of the manufacturers of this material is the Pioneer Fire-proof Construction Co., with office and warehouse at 1545 Clark street, This company refer to their work as their best testimonials, which may be seen in a large number of the fine office buildings erected during the past few years in Chicago and elsewhere. The buildiugs illustrating our 2d of January supplement were all fire-proofed by their celebrated fire-proof hollow tile. In addition to these, which were the New Board of Trade, Royal Ins. Co. Building, Counselman Building, Parker Office Building, Pullman Building, Chicago Opera House Buildiug, may be mentioned,

Chicago City Hall and Court House, Chicago.
Cook County Jail and Court House (North Side) Chicago.
Traders' Loan and Trust Co.'s Office Building "
Montauk Office Building, "
Maller's Office Building, "
Calumet Office Building, "
The Kendall Office Building, "
Old First National Bauk Buildiug, "
Major's Building, "
Marshall Field & Co.'s Buildiug, "
Blair's Building, "
Hiram Sibley's Mammoth Warehouses, A and B, "
Chicago Water Works Building (North Side), "
New U. S Custom House and P. O. Buildiug "
J. S, Kirk & Co.'s Boiler House, "
H. H. Porter's Residence, "
Potter Palmer's Mammoth Fire-proof Hotel, "
McCoy's European Hotel, "
West Hotel, Minneapolis, Minn.
Ryan Hotel, St. Paul, Minn.
Equitable Life Assurance Society Building, St. Louis, Missouri.
Gay's Office Building, St. Louis, Mo.
Colby Office Building, Milwaukee, Wis.
Wisconsin State Capitol Extension, Madison, Wis-
Stillman Apartment Building, Cleveland, Ohio.

The Factory Building of this Company at Ottawa, Ill., and also their Office Building in Chicago, are built of Fire-proof hollow tile.

This indestructible material is made into all the various shapes required by builders, including blocks for partitions, ceiling tiles, furring tiles, filling between iron pillars and roof-beams, floor aud roof-bridge tiles, fire-proof casing for iron and wooden colnmns, fire-proof deafening blocks, fire-proof ceiling plates, etc. The company manufacture everything in connection with the making of bnildings fire-proof, and from special designs if desired.

A beautiful illustrated catalogue has been lately issued by them, which will be sent on application.

LUMBER DEPARTMENT.

Mahoganizing Mahogany.

The practice of deception in the manufacture of articles luxury and adornment by means of surface imitation, ving them an apparent quality and value which they do t possess, has long prevailed in the arts. It has long en a feature of cabinet furniture of the cheaper grades. iere is and always will be a market for such wares, beuse great numbers of buyers cannot afford to pay for what genuine and intrinsically excellent, but are willing to ke the next best thing—a good imitation which can only detected by experts. The manufacturers and vendors in purely business point of view, cannot be justly blamed r supplying the demand for goods in their line. Indeed, e force of competition makes it unavoidable, so long as ere is no concerted action by the trade against pandering such a perversion of good taste.

The supremacy of mahogany as the king of cabinet oods has long been conceded, and it is not likely that it ill ever be supplanted by a successful rival. Sometimes, it not often, it goes out of fashion for a brief period, as did some twenty years ago to make way for the black alnut craze. But it did not stay long under a cloud, the nportations increasing from half a million feet in 1874 to n millions in 1884. In one respect it has an advantage ver almost all other woods. Its beauty, instead of deterorating, increases with age; it does not shrink, warp or ieck, and the peculiarly rich tone of mahogany furniture iade fifty years ago cannot be acquired only by the lapse f time, and time is therefore an unavoidable element in ie price of the product. Furniture that has thus been enched and beautified by age is called "antique," a term hich heightens the charm and intensifies the desire for its ossession; and manufacturers, in order to profit by the age and serve their customers, have resorted to a process f staining new mahogany. or toning it up, as it is called, o as to counterfeit the appearance of age and give an ntique effect to the new wood, the furniture being real ahogany upon which no deception has been practiced xcept to make it look older than it really is.

But like most other manias, the antique craze is subsidug; either because the price, as a rule, is an infalible index f what is real and what is spurious, or because reputable anufacturers are not disposed to encourage deception. Rosewood, the nearest rival of mahogany, is also subjected to the staining process, which robs it of its natural beauty when new, to make it saleable. Whatever in esthetic adornment pretends to be what it is not, and to have cost what it did not, is a cheat, an imposition and a lie; and in cabinet work, in architectural construction and kindred things, it is always better to let the material speak for itself, whether it is mahogany, new or old, rosewood, cherry, oak or what not. Painted surfaces are not objectionable, except in so far as they are intended to deceive by a close imitation of something better than what the paint covers.

The hardwood trade for the past year was characterized by a steady demand for consumption, and dealers have realized fair profits. Poplar sold ahead of many other kinds of hardwood, but has yielded less profit. The uses of this wood are daily increasing, although it has a competitor in white pine. It is stated that two-thirds of the poplar landed in Boston is below the standard grade, and the selling price on such lumber has established a basis of value for the choice lots, the prices during the year ranging from $26 to $30 a thousand, which is said to be too low to leave any profit for the dealer. Good walnut has been very scarce for a year past, and is in strong demand now by furniture manufacturers.

There has been and is still a good demand for cherry,and prices have remained reasonable. It is used largely for parlor and bed-room furniture, and to some extent for finishing purposes in fine buildings.

Ash was quiet until Nov 1, when it came into request in a small way. The value, or at least the selling price, dropped during the summer months to a point below any quotations for the last five years, due to dull trade and low rates. At present the prospects for ash are brighter and prices firmer.

THE MARKET.

At no time since 1882 was there so much active inquiry so early in the season. Bnyers generally are wont to sleep during January and Febuary, and in some seasons did not wake up till April.

Owners of acres and suburban lots are somewhat elated over the prospects for a big run in outside property. We indulge in the same hopes, for no longer than a week ago a wail was sent up that a tract of five acres near South Park was recently sold for $12,500 which cost $25,000 in 1869. The loss of interest on the investment during that time has been about equal to the principal, and meanwhile there have been taxes and assessments in abundance. Land in that vicinity was sold about that time at $150 a front foot, that would not bring over $30 now. It is thought by many experts that property near the parks and boulevards picked up after such an enormous shrinkage would yield good profits before long.

A great many instances of this kind might be cited to show that there is still a great chance for speculation. That "South Park assessment," which extended as far west as Ashland av. in the Town of Lake,was a great burden to property owners during the dark days of the panic, and caused a great many investors like John Jeffries & Son, of Boston, to withdraw in dusgust. But those seven "installments with interest added," are now out of the way, and we have the grand drive and the splendid improvements without paying for them, as long as we can buy 5 acres for $12,500. There is the same chance to speculate in other directions, as in the case of some of the towns along the Wisconsin Division of the C. & N.-W. R. R. Take Montrose and Norwood for instance; men who bought there prior to 1873 allowed their lots to be sold for taxes, and some have not redeemed them to this day. All of this property is worth more now than it was then, and it will be a good investment yet.

The one thing specially to be noted in the condition of the market for the week, is the beginning of the demand for property for spring improvement. It is several weeks in advance of previous years.

SCHRADER BROS.,
Real Estate and Loans.
79 and 81 Fifth Ave. Chicago.
North Side and Lake View property a specialty.

The sales are mostly in a medium class of property, ranging from $4.000 to $8,000.

The loan market continnes the same as it has been for the past few weeks.

The ordinance passed to lay sewers in Woodlawn, has created quite a stir among the inhabitants of that peaceful suburb. The assessment of 75 cents a front foot is more than many of the owners feel they can stand. Still it is just the improvement needed, as much of the land is low and requires some system of drainage, and will add greatly to the value of Woodlawn property.

A large sale in fine residence property on Prairie av., valued at $150,000, is about consumated.

John V. Hair has just sold 385 feet on Ashland av. between York and Polk sts., west front, for $36,000. This is very cheap, as property is selling for $150 a foot in that vicinity. It was bonght on specnlation, and will be immediately placed on the market.

Hopkins & Silva report favorably in regard to Washington Heights and Morgan Park, in both of which many improvements are under contemplation.

Adolph Loeb & Bro. report real estate to be more acceptable to bnyers as an investment than ever before.

J. P. White & Co. find capitalists as desirous as ever for central business property.

L. A. Gilbert has made several sales in Woodlawn and Hyde Park.

Foreman & Sons are receiving a good demand for medium class property.

Loans are commencing to be active.

S. H. Kerfoot & Co. report more inquiry for business and residence property for 1st of May changes.

Hair & Garlick find prospects for Lawndale property very bright for the coming year. They have already closed several sales in this vicinity.

E. F. Getchell & Co. report the demand for residence and acre property thirty to forty-five days earlier than last year. They will place on the market 150 acres in Hinsdale in five-acre blocks, and also in lots.

Sawyer & Lombard report that further building is going on by other parties in the vicinity of their property at Douglas Park, and that the inquiry for this land is good.

Important real estate transfers were recorded this week:

State st., southwest corner of Randolph, east front, 106¾x30x40x90 feet, improved, dated Jan 11,Carrie C. and George A. Springer to Francis Bartlett of Boston, $280,000.

West Lake st., northwest corner of Desplaines, south front, 60x140 feet, improved, dated Jan 7, J. Nelson Vance to Albert W. Gilmore, $28,000.

The premises Nos. 4724, 4726 and 4728 Kenwood court, dated Jannary 2, E. G. and W. O. Goodman to E. E. Crepin, $15,000.

Bellevne place, 182 feet west of Lake Shore drive, north front, 18½x108 feet, improved, dated Jan 4, Henry J.Cobb to Sarah P. Jenks, $14,000.

A PERFECT TITLE TO REAL ESTATE is a necessity to every owner, mortgagee or lessee.

J. J. DANFORTH, President. W. J. WILCOX, Secretary. C. C. BROOMELL, Treasurer.
COOK COUNTY ABSTRACT COMPANY.
128 Washington St., (opposite Court House).

Stanton av., 370 feet north of Thirty-ninth street, east front, 132x204 feet, dated Nov. 23, 1885, Ether Wadlow to J. M. H. Burgett, $14,220.

On Monroe st., 130 feet west of Franklin st., north front, 40x168 feet, improved, for $115,000, and a number of minor sales amounting to $40,000 and upwards, as will be seen by a glance at our record columns.

The improvement of the Calumet river is being discussed anew and plans are being made to render the appropriations by congress available. Heavy property owners during the week met and passed resolntions and committees were appointed to take charge of the matter. The appropriation of $50,000 for the improvement of Calnmet river is still nnavailable on account of the provisions in the bill. The appropriation of $20,000 in the same bill for the improvement and maintenance of the South Chicago harbor has been expended. The former appropriation was made on the condition that properly executed relases should be obtainod which would gnarantee the government against all damages. These releases have been obtained from property holders as far sonth as One Hundred and Tenth street. In some eases sonth of that point property owners will suffer actual damage, and in other cases imperfect titles are held. Among the questions discussed was whether the appropriations conld be obtained for that part of the river as far south as One Hundred and Tenth street. It was finally resolved that the proper maps and papers should be forwarded to Washington to the chief of engineers with the request that the expenditure of the appropriation on that portion to which right had been obtained be allowed. Congressman Dunham has expressed his willingness to assist in the matter. An executive committee of five was appointed.

WHAT NEXT?

The wrangle which eusned npon the attempt to discriminate among the abstract firms and declare certain abstracts as acceptable and others not, had hardly quieted down and nothing to show as a result of the prolonged discussion, before war was declared against the Recorder and the County Abstract Books. What may we expect next, or rather what may we not expect to arise, concerning this important and all-absorbing snbject, "abstracts?"

In reference to the present discnssion the greatest ignorance as well as downright prejudice prevails. To clear up this is the purpose of the statement of the following facts:

In 1875 the county bonght of Willmans & Theilke the set of abstract books now owned by the county, for the express purpose of rendering to the public, abstracts at price greatly reduced from those which private concerns were then charging.

That it has succeeded in this is no donbted. But these books were not in statutory form. For the statute lays down certain minnte laws as to how the books shall be kept. In 1878 the Board of Commissioners passed a resolntion that the Recorde shonld have the old books transcribed into new books and pnt into the regnlar form as laid down by the statute. The Recorde then commenced the work which has been continned ever since, until now about half of the work has been completed, costing the county in the neighborhood of $75,000. Thu it has taken six years to complete one-half the work.

The Committee on Pnblic Service of the last Board of Commissioners, throngh its chairman, Mr. Senne, requested our present Recorder, Mr. Wiley S. Scribner, to make a proposition to the board, stating the shortest time and smallest amount necessary for him to complete the set of books. The proposition was made by the Recorder, as reqnested, in which he stated that he would complete the set of books, according to the reqnirements of the statute, for $50,000, within three years from December 1, 1885, which would complete his term of office. The reasonableness of the proposition, when compared to the price already paid and time taken to complete the one-half, the work now done, may plainly be seen.

The reasons which prompted the request of this proposition are, first the saving of the expense of copying a part of the records twice, as is now necessary, they being first copied into the old books and then into the new books as fast as possible; and second, the saviag which will be made in the making of abstracts, as the present condition of the books does not permit rapid work.

The law reqnires this to be done, leaving the question to rest simply on the expense and as to how it shall be done. The pnblic will be served with abstracts in a mnch shorter time and at less expense.

The statement made by one af the prominent dailies, that real estate dealers will not accept abstracts made by political clerks, and certified to by officers not financially responsible for errors, and that if the tract indices were completed and the record brought down to date, the county books wonld still be of no scrvice in any impotant real estate transfer, would be all right if it were only trne. Bnt it is not; for all the men employed by the Recorder have been educated by the best abstract makers in the city, and none of them have been employed less than seven years, and the large nnmber of abstracts which the county tnrns out shows their general acceptance. The abstracts are certified nnder the official seal of the county and stand the test of the courts wherever and whenever tried.

In reference to the leasing of the books, and the offers made, many of them by firms never before heard of, it may be said that

GREENBAUM SONS,

Cen'l Eastern Ag'ts North-Western Land Association and Park addition to Pierre, Dakota.
Special attention given to the sale of suburban property. Houses built and sold on terms to suit purchasers.

hey are wholly out of place. If any one has a right to these books, it is the Recorder, appointed by the people to care for them, and chargeable to them for their safe keeping.

The bids made by Overlock & Co., Wesson & Co. and Mr. Simmons, of $3,000 to $3,500 a year, for twenty years, for the lease of the Judgment and Tax Sale Records, together with the office, are extremely low, and possess no merit worthy of their acceptance. For the office would bring enough rent alone to more than cover the amount offered, and what particular use these two classes of records would be, is hard to tell, except to close up the abstract department.

During the past six months the Recorder has cleared for the county $2,000 from the Abstract Department, notwithstanding all the abuse of newspapers and the prejudice raised thereby.

Allow the Recorder and the County Abstract Department to rest in peace, and the county will receive double the income. The increase in the number of the real estate transactions demands an increase in the number of abstract firms rather than a decrease.

Suburban Improvements.

HYDE PARK.

Three lots were sold on Madison avenue, between Fifty-third and Fifty-fourth sts., 40x190 feet each, at $45 per foot, to be improved by first-class dwellings early in the spring; also three 50 feet lots on Fifty-third street, south front, between Hibbard and Kimbark aves, at $47 per foot, fine residences to be built as soon as the weather permits.

Mr. A. Montgomery Ward has recently purchased twenty-seven half-acre lots at Windsor station, west of the South Chicago branch of the Illinois Central railroad, between Seventy-fifth and Seventy-seventh streets, which will be improved by him with buildings. The Illinois Central has obtained an acre of ground at Seventy-fifth street, on which will be built a new and tasty depot for the accommodation of the many families now living at Windsor Park.

The following special assessments for public improvements have been made, and are the final estimates thereon. The assessments have been collected and paid over to the village, and rebates are due to the property-owness are herein given. These rebates will be payable about the 15th inst.:

HYDE PARK ORDINANCES.

The following ordinances were ordered engrossed: For changing name of George Place to Hibbard ave.; for vacating portion of street lying east and adjacent lots 6 to 10 in Farr's sub of lot 3 in Elisha Bayley's sub in sec 10 38 14; for tile sewer in Hibbard ave. from 52d to 200 ft north of 53d st.; for water-service pipe in same from same to same; for improvement of same from same to 53d st.; for sidewalk on east side of Evans ave. from 45th st. to 385 feet north of same: for same on west side of ave. "M" from 106th to 107th sts.

CHELTENHAM BEACH.

The pavillion will probably be opened next summer, as a receiver has been appointed to take charge of the Cheltenham Improvement Company's assets, who will lease it to some responsible hotel man for the season. The travel during the last season amounted to 13,000 visitors by the Illinois Central trains, besides thousands in carriages, who patronized the South End. Next season Seventy-fifth or Seventy-ninth street will probably be macadamized from Stony Island ave. to the lake, making a fine continuous drive from the city south.

ENGLEWOOD.

Board of Trustees met on Wednesday in the town-hall, Geo. L. Chatfield presiding. A petition from residents in Englewood to improve Wright street from Sixty-third to Sixty-fifth street was referred. Ordinances for the improvement of State street from the centre line of Fortieth street to Fifty-first street and from the centre line of Fifty-first street to Sixty-third street and for the opening of Winter street from Garfield blvd to Sixty-third street were adopted.

The construction of the viaduct over the Forty-third street crossing of the Fort Wayne and other tracks will be followed by other improvements of the same kind. Viaducts will be constructed over the Lake Shore and Rock Island tracks at Fofty-third street and over the Halsted street crossings of the Stock-Yards tracks.

LAKE VIEW.

The Board of Trustees held a special meeting Monday evening. Ordinances were passed for a system of sewers in Noble and Seminary aves. and Baxter, Snyder, Nevada, Rosene, Halsted, Melrose and School streets. An ordinance was introduced granting to the North Chicago City Railway Company the right of way for a street railway on Halsted street from Fullerton ave. to Clark street. The matter was referred to the Committee of the Whole. In view of the liability of the water supply being obstructed by anchor ice, the board has obtained permission from the city authorities to connect the water main in Halsted street with the city main, and, in case of an emergency, to take water from the city. The connection was made on Wednesday, and a valve put in so it can be used if needed. This is a temporary arrangement, and continues only until August.

Woodlawn Real Estate.

During the past year the real estate of this beautiful suburb has been quite active, owing to the many excellent advantages which it offers as a suburb to Chicago. It is situated only seven miles from the city, on the Illinois Central R. R., which is noted for the many conveniences of its suburban trains. The houses in Woodlawn are substantially and artistically built and their number has bsen very materially increased during the past year, there having been built about one hundred houses, The society is select, being made up of Chicogo business men, who are taking advantage of the pure air and water, perfect drainage, beautiful scenery and low rents—all offered in Woodlawn. Mr. L. A. Gilbert has been intimately connected with the growth of Woodlawn, and through his efforts during the past year a large number of lots and houses has been sold. To searchers for suburbau homes, he is ready to offer the choicest property in Woodlawn, either improved or unimproved. Information given either at city office, room 5, 97 Clark street. Reaper Block, or at Woodlawn.

5404 Julia Fisher v Charles Fisher. On ver, $547.50

North, Central and South American Exposition

The North, Central and South American Exposition, held in New Orleans, began November 10, 1885, and will close April 1, 1886, is especially devoted to the development of trade relations of the United States with the Spanish and Portuguese American countries, and will go far toward the solution of the great and most important commercial problem of the day, "what shall we do with our surplus manufactured products?" Every commercial interest of our country is closely identified with the result of this pioneer movement to establish a "Hemispherical Policy," by which Americans shall be induced to trade with Americans, and by which the $710,000,000 of South and Central American commerce now carried on with England, France and Germany shall be diverted to the United States, where it rightfully and geographically belongs; and to develop more iutimate trade relations between the 55,000,000 producers and consumers of the United States and the 48,000,000 producers aud consumers of Mexico, South America, Central America and the West India Islands; in other words, to stimulate an exchange of our surplus raw materials.

The imperative necessity for a new commercial movement in this directiou can best be appreciated by reference to some official facts and figures.

According to recent reports by the Department of State, the total imports of those various contries and the shares of the same supplied by the United States are as follows:

	Total imports from all countries.	Share of the same imported from the United States
Mexico	$42,579,000	$12,704,000
Central America—		
The five Republics.	10,000,000	3,178,000
British Honduras	1,164,000	430.000
South America—		
U. S. of Columbia	23,000,000	6,380,000
Venezuela	10,859,000	2,427,000
British Guiana	10,000,000	1,884,000
Dutch Guiana	1,400,000	320,000
French Guiana	1,600,000	102,000
Brazil	79,169,000	8,695,000
Uraguay	17,919,000	1,368,000
Argentine Republic.	80,436,000	5,075,000
Chili	53,304,000	3,267,000
Bolivia	900,000	——
Peru	12,000,000	1,071,000
Ecuador	6,000,000	629,000
W. India Islands—		
Spanish W. Indies	62,805,000	13,135,000
British West Indies.	30,907,000	9,160,000
French West Indies.	12,550,000	1,588,000
Danish West Indies.	8,645,000	734,000
Dutch West Indies.	2.100,000	940,000
Hayti and St. Domingo	7,724,000	4,054,000
Grand Total	$475,061,000	$77,141,000

	Total exports to all countries.	Share of the same exported to the United States
Mexico	$13,509,000	$9,016,000
Central America—		
The five Republics.	14,328,000	6,161,000
British Honduras	1,223,000	263,000
Sonth America—		
U. S. of Columbia	11,356,000	3,892,000
Venezuela	14,220,000	6,674,000
British Guiana	15,400,000	4,096,000
Dutch Guiana	1,650,000	623,000
French Guiana	75,000	2,000
Brazil	93,185,000	50,266,000
Uraguay	16,000,000	2,219,000
Argenline Republic	60.208,000	4,110,000
Chili	72,716,000	338,000
Bolivia	1,950,000	——
Peru	21,000,000	2,078,000
Ecuador	5,000,000	——
W. India Islands—		
Spanish West Indies	75,000,000	64,072,000
British West Indies	31,613.000	5,265,000
French West Indies	12,225,000	2,464,000
Danish West Indies	6,600,000	360,000
Dutch West Indies.	3,000,000	2,378,000
Hayti and St. Domingo	9,654,000	3,489,000
Grand total	$479,912,000	$167,876,000

These figures show that of a total annual demand amonnting to $475,000,000, the United States supplies but $77,000,000, or 16 per cent.

Of the total annnal exports of these countries, amounting to $479,000,000, the United States take but $168,000,000, or 35 per cent.

In other words, the exchanges of Central and South America, are mainly with Europe.

To deflect this great and rapidly increasing trade to our own ports, is one of the fundamental objects of the exposition. Situated, as New Orleans is, in the geographical and transportation centre of population, it is the place above all others to inaugurate a hemispherical commercial policy.

The industrial welfare of the United States demands a trade revolution in this direction. Our annual manufactures amount to the enormous total of $5,000,000,000 in value. of which only 2 percent go abroad. We cannot find relief in Europe, as her markets are overstocked with manufactured goods. Our only relief is in the non-manufacturing couutries of Spain and Portuguese America.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED,

For the week ending January 9, 1886.

OWNER.	Stories.	KIND OF BUILDING.	SIZE.	LOCATION.	COST	ARCHITECT OR BUILDER.	DESCRIPTION.

Mrs J H Ward	2	Addition	60x70				

In return we need their raw materials; hence the benefits will be mutual.

The time has now arrived when the statesmen of the three Americas must grapple with this transcendentaly important commercial problem, and solve it in a way that will give a dew impetus to the development and progress of American industries. It is our purpose to make the North, Central and South American Exposition the nucleus and promotlng power of this grand consummation. Under one roof are collected the tropical products and raw material with which Spain and Portuguese America are so profusely endowed, and the manufactures which the United States produces in overabundance, and now desires to introduce to new foreign markets.—Exposition Gazette.

BUILDING NEWS.

CITY AND VICINITY.

The West Side Chicago Street Railway Company will expend $100,000 for barns at Kedzie ave. and Van Buren street in the spring. The company owns eight acres of ground at that place.

Paul Cornell has sold 65 feet, corner of Madison ave. and Fifty-second street, to F. H. Wait, upon which a $75,000 house is being constructed; also 90 feet on Madison ave., just north of Fifty-second street, to G. C. Hick and E. Edwards, who are building a double house, costing $15,000; also 85 feet on Washington ave., between Fifty-first and Fifty-second streets, to Dixon Bean, who is erecting a house, which is to cost $15,000; also 100 feet on Madison ave., between Fifty-first and Fifty-second streets, to Anson Hopkins, upon which a $8,000 house is being built; also 60 feet on the corner of Hibbard ave. and Fifty-second street, west front, to Ernest Albert, scenic artist for Chicago opera-house, who has just broken ground for an $8,000 house; also 50 feet on Hibbard ave., just south of Fifty-first street, to Lewis P. Harvey, who has just commenced a house which will cost $5,000; also 60 feet on Washington ave., between Fifty-first and Fifty-second streets, to T. B. Broughham, who is just completing a handsome residence.

Mr. L. B. Dixon, architect, reports the following: Two houses on Kimbark avenue, south of Forty-seventh street, two-story frame, to Messrs. Paris and Tobin. Cost $7,000 each.

ELSEWHERE.

Springville, Ia.—A new Catholic church.

Newark, O.—Mr. Stasel will erect a large business block.

Fergus Falls, Minn. — Over $1,000 has been subscribed for a Baptist church.

Ouray, Col.—A new hotel with all modern imprvoements will be erected here.

Akron, O.—The C. A. & C. railway compahy will build a new depot here.

H. D. C. Richards of New York has made a proposition to the city of Vicksburg, Miss., to build water-works there.

S. S. Brown, C. Rosche and J. Giles have formed a corporation at Louisville, Ky., called the Western Contract Co., with a capital stock of $25,000 to build railroads, bridges, houses, etc.

The people of Austin, Tex., contemplate organizing a company to erect the electric light plant.

The trustees of the Washburne bequest for a public library at La Crosse, Wis., have purchased a site for the building. It is proposed to put in the fouudation next season and erect the building next year.

The citizens of Pueblo., Col., have raised $1,500 toward the buildiug of a new opera house.

Enough stock has been subscribed for to insure the erection of a farmers' warehouse at Delavau, Wis.

St. Louis, Mo.—Mr. L. C. Williams, six brick dwellings, to cost $15,000; architect C. C. Helmers.

H. Jans, three-story brick and stone store, to cost $18,000; architect F. J. Capitain.

St. Paul, Minn.—Judge Hale, four-story brick store.

William Belyla, a residence on Sibley ave. to cost $6,000.

Wilgus Bros., a three-story brick block, to cost $15,000.

J. G. Wordell, a block of wooden tenements, to cost $10,000.

New Orleans, Fla.—Jas. G. Clark, James A. Renshaw and G. W. Westfeldt, will receive bids for erecting a large church building in that city.

Samuel R. Bullock & Co. have received the contract for erecting water-works at Pensacola, Fla.

A jail costing $12,650 will be built at Newtown, Putnam Co., Fla.

How to Decorate.

In place of lambrequins, elaborately embroidered, beautiful silk scarfs with long, fringed ends, are now used on mantel shelves, gracefully held in place by an odd vace or jar.

Tiny Roman lamps in brass are used on writing desks.

The most beautiful novelty to be fouud in art china is the Rookwood pottery ware, manufactured in Cincinnati. There are many shapes of vases, pilgrim bottles, flower bowls, jardinieres in various sizes, water jugs, of antique pattern, and umbrella stands in large and small sizes. The coloring in this ware is exqusite; pale yellow, rich Indian red, sea green, dead blue and beautiful mixtures are shown.

Curtains are now looped back with large bunches of pink and white hydrangeas and brilliant yellow chrysanthemums, which are made of paper.

Screens have now become an indispensable adjunct to every room; in fact, a necessity, not a luxury. They can be used to shut off the draught from a door or window, or to relieve the monotony of a blank wall, and make a charming nook instead of a dreary waste of open space where the sensation of comfort would be impossible. Very beautiful are the glass fire screens decorated with dried leaves and flowers, with an occasional bright-winged butterfly or draggon-fly sporting among the leaves and flowers. This is quite an artistic occupation demanding much taste and patience; but the result is very beautiful. This style of screen should be mounted in gilded bamboo.

The Newport scarfs are extremely satisfactory for draping pictures upon easels, or for the mirror upon the dressing case, are very ornamental.

All sorts of pretty styles and fancies in different wares for dinners and high teas are to be seen this season; the picturing of subjects appropriate to sets, and varying these for each dish, was never more carefully studied, particularly those of fish, roast and game, in rich and minutely patterned dinner ware. Cashmere and gold borders are in the lead. A pretty device as to form is having these corners turned back, overlapping the dish or cover; the handles show much novelty. On some covers grotesque human fignres, shells, clusters of rings and various objects, which fancy chooses to display, make their appearance.

The substitution and use of silver has been carried so far that there are silver table brushes and crumb pans, silver tongs for lifting asparagus, silver fish-knives and forks, butter knives for the separate use of each guest, call bells, bon-bon sets, and in deed all wood and metal used at table has been supplanted by silver

Calendars for the year 1886 are varied and beautiful, and it can be safely said that no poet of any renown has been neglected.

The designs in carpets are more beautiful this season than ever before; hall, library and dining|room carpets show small figures, geometrical and fantastic in character and color.

Prices and goods guaranteed to be satisfactory. Please call or send for Illustrated Catalogue.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE,
President and General Manager, Chicago.

E. ST. JOHN,
General Ticket and Passenger Agent, Chicago.

NOTICE

TO

Real Estate Ag's

AND

Property Buyers.

THE REAL ESTATE AND BUILDING JOURNAL has undertaken to publish a **Classified List** (bona fide) of

Select Property for Sale.

The LEADING AGENCIES are requested to give the subject some thought, and then let us know of their APPROVAL or OBJECTIONS.

The JOURNAL is known and recognized as a reliable reference record as regards real estate transactions.

Frequent inquiries are made at our office for a list of property for sale, by unthinking, honest people, who are in quest of a home or a piece of business property. Some of the leading capitalists, whose names are on our subscription lists, have expressed their approval of just such a scheme.

NO RELIABILITY can be placed in many of the long lists of "for sale" in the Sunday papers, because the same piece of property is listed by more than one and the "bulk" of it can not be "delivered." The plan proposed is as follows: The List will be alphabetically arranged and classified by Streets and Towns—the Improved—the Un-improved, etc., etc. This list will be composed of carefully prepared descriptions from reputable agents, and NOTICES INSERTED IN HOME AND FOREIGN PAPERS to the effect that such a classified list can be found in the REAL ESTATE AND BUILDING JOURNAL, and as we now know hundreds will call for the list because it will be reliable.

Agents can elect whether they wish to pay 10 cents a line for their list or pay a commission when the property is sold.

Each Agency will have a Box No. arranged in an Index Book, and when a proper person comes along to buy, he will be introduced to the Agents. If he is only a tool or a curb stone broker, he will probably not be "brought round." The JOURNAL will not transact a real estate business exactly, but if it can find a suitable buyer, the agent who is our best friend, will be glad to sell to him and pay us for our trouble. In no case will we do any "undermining" or allow it if we can help it. We will introduce the "bona fide" purchaser, and let the "scalpers" take a walk. Thus we will weed out the bad ones for you.

By this method fewer opportunities will be afforded to "parasites" to impose on legitimate dealers, because just as soon as we learn that the Agentgiving us the list, has not the full control of the property, that property will be dropped, nor will we be concerned about the "title." If it is not acceptable, then the trade will not go through and we will not ask for our part of the commission.

This feature of the JOURNAL will be advertised all over the country, and will have a twofold effect in drumming up buyers.

Prepare your lists and send them in; it will cost nothing, unless you sell to the man we introduce, in case you do not elect to pay 10 cents a line.

TELEPHONES SOLD.

Don't pay exorbitant rental fees to the Bell Telephone Monopoly to use their Telephones on lines less than two miles in length. A few months' rental buys a first-class Telephone that is no infringement, and works splendid on lines for private use on any kind of wire, and works good in stormy weather. It makes homes pleasant; annihilates time; prevents burglaries; saves many steps, and is just what every business man and farmer should have to connect stores, houses, depots, factories, colleges, etc., etc. The only practicable and reliable Telephone that is sold outright and warranted to work. Chance for agents. No previous experience required. Circulars free WM. L. NORTON, Buffalo, N. Y.

How to Decorate.

Goblets of new importation are of the finest possible cut glass and beautifully engraved around the top.

The celluloid dressing-case sets, imitating ivory, are pieces of exquisite workmanship. The resemblance to ivory is perfect, and it will not turn yellow, nor crack, as the genuine article will.

Metal, in its divers forms, bronze, gold, etc.—can only fill a moderate. limited and restricted role in the decoration of the home, as, for instance, in balustrades, door and window fittings, glass frames, cornices, and in the accessories of the fire-place.

THE STORE FOR

No Easy Payments.

If People Think We don't Sell Cheap

ALL THEY HAVE TO DO TO BE CONVINCED IS TO

CALL AND GET OUR PRICES!

We handle no poorly-made goods, and as we do no easy payment business, we do not have to take goods back on chattel mortgages and place them on our floor again as new.

Our Goods, therefore, are all free from vermin, as they have been received direct from the factories and have not been in use in all sorts of tenement houses, and as

WE SELL FOR CASH

we can sell goods at the VERY LOWEST FIGURES.

BE SURE AND REMEMBER THE PLACE:

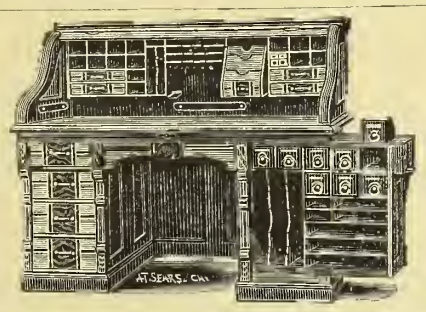
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

TIN SHINGLES

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded FIRST PREMIUM and GOLD MEDAL at the World's Exposition, New Orleans, La.

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

OFFICE
OF THE
Real Estate and Building Journal.
121 Fifth Avenue, CHICAGO.

Taxpayers

are interested in improvements ordered by the Common Council, where assessments are levied. Therefore examine our table on 4th page.

Contractors and Builders,

looking for contracts, should scan the table on page 15, which shows all that is required pertaining to Buildings to be erected.

Dealers in Building Material,

including Builders' Hardware and every thing else which enters into the construction of houses, should also look at the Table of future New Buildings.

Architects and Owners

will find correct information on prices of all building material in our Tables of Markets, as well as the work laid out for the future, and the work in prospect.

Real Estate Agents and Buyers

will find our classified lists of sales alphabetically arranged by Streets and Towns, of great service to them in determining values.

Lawyers,

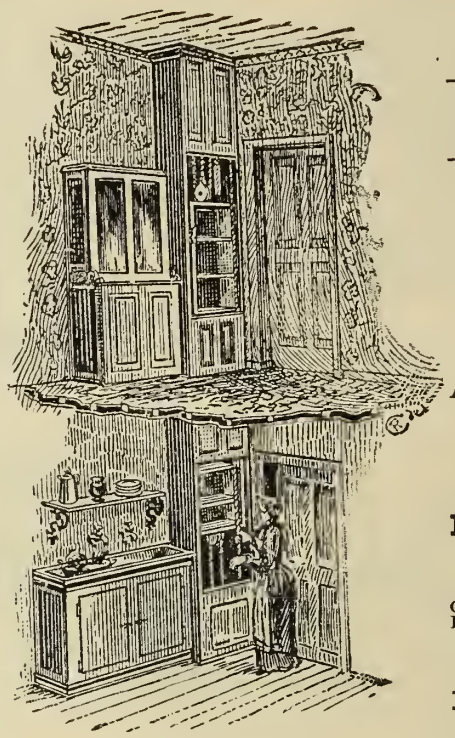
having business of a real estate nature, should read our columns of ADVERTISED AGLES and FORECLOSURES.

Merchants and Manufacturers

giving credit, should give close attention to the lists of MORTGAGES, JUDGMENTS, BILLS OF SALE and TRUST DEEDS, as they are so classified as to be of value as a reference record in "looking up" Debtors.

This JOURNAL

contains more valuable information than any other newspaper published in Chicago and



Is a Guide to Investment

and

A Protection to Credit.

Subscribe for it! It only costs $4.00 a year, and it may make you rich.

THE
Real Estate and Building Journal

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, JAN. 23, 1886.

REAL ESTATE.

Prospective Public Improvements.---Stimulating Private Enterprise.

More New Bridges and the Opening of Washington, Madison and other Streets

Recommended by the Mayor and Favored by the Common Council.

Increase in Values.---That Elevated Railway.

Our real estate agents and largest taxyers are now foremost in the inaugnration of nearly all pnblic improvements here the welfare of the city demands em.

Some of the most favorably located towns the West have been kept back and forced be a "pent up Utica" because of the lack enterprise among property owners, who tained an early footing there. In many all towns and in some of the cities there to be fonnd rich men who have an ndance for themselves and their dendants and who will oppose any measnre t increases taxes; but no one ever heard them saying rents were too high. We ve a few such men in Chicago, as can be ified by looking np the records of Lake eet, which should be to day the leading iness street of the West Side—manufactng and wholesaling as far west as Ada eet, and from there to Western avenne a t class retail street; bnt what is its conon to-day? Although wider than many our leading thoroughfares and extending far west as Anstin long ago, and the lots n it of good depth, it is to-day bnt a d or fonrth grade street. For many rs the only enterprising institntion on it the West Division Street Car Compas—cars, and that company has done more hinder the progress of christianity by king men swear and more to impede iness by refusing to increase their facis for transporting passengers, than the nbined effect of the ignorance of some men and the stench of the Chicago r. Politicians, no matter how dishonest ne of them may be, will eagerly take hold advocate or vote for anything that proes to be popular.

is a blessing to Chicago that her lthiest men are the most enterprising, withstanding the present and past condin of Lake street. Had some of those ly settlers gotten hold of Madison street, n Washington street might have become usiness street or perchance Monroe. ngs are now taking on a more favorable ect. Members of the Common Council with each other in trying to solve the lge question, the mayor recommends s to be taken at once toward the reval of our shipping to the Lake front, and favors an early solution of the "Lake front question" including the opening of the streets between Randolph and Adams.

The new Adams street railway is meeting with a good deal of opposition from property owners under the new grant, bnt the pnblic generally favor the enterprise. Owners of property on west Lake street are now encouraged because of the prospects of having a first class donble bridge over the river at that point. Since all street cars turn aside on Clinton street to come in on Randolph, that portion of Lake street near the river presents a cheerless appearance.

The question of bnilding an elevated street railway on west Lake street is being discnssed by a certain syndicate of Chicago and New York capitalists, bnt it is believed that an entirely different ronte is to be chosen—say south on one of the thoroughfares west of State street and then to tnrn west across the river and through the thickly settled portion of the sonth western section of the city, continued west and thence north in belt line fashion so as to compass a large portion of the densely populated districts of the West Side. Be the ronte west or south or circnitons, there is going to be an elevated railway in Chicago if money will build it.

We have had a season of activity in central property nntil there is nothing more offered worth looking after, and men who have the foresight to see the ontcome of this pressnre for desirable business property, can make some money by investing now. This is not the season for trade in acre property, bnt in spite of the snow and cold weather, several sales have been made. Chicago's future is assnred and as long as prices remain reasonable, money will flow into real estate investments. Some of the most conservative judges of the market are firm in their belief that snburban lots will have a veritable boom as soon as spring comes and there is sure to be an improvement and a few men with broken backs will be made whole yet. The first thing in order is the building of the bridges at Madison and Adams streets, and the completion of the Lake street bridge. West Side realty will advance in valne as soon as the bridge question is settled.

In summing up the situation of the market the Chicago Times of last Sunday says:

A year ago there was nothing in the real estate market of Chicago but confidence and a firm belief that the time wonld come when there wonld be a revival of trade, and a disposition manifested among those who had plenty of cash to exchange it for lots and houses and blocks, both inside and ontside of the bnsiness district. At that time one firn could have readily transacted about all of the business that was done. During that dnll time not a broker weakened in his belief that a change for the better wonld come, and not an owner offered to reduce the selling price of a single piece of real estate. Prices then were as firm as they ever were or as they now are. With practically no movement the maket was strong, and that strength developed nntil a time has been reached when everyone is being amply repaid for the firm stand then taken.

To-day there is a condition of activity in the real-estate market nnlike that which ever before prevailed in Chicago. Instead of the broker going about seeking a pnrchaser for a good piece of property, his principal bnsiness seems to be to go among his brethren backed by plenty of cash that is ready to be invested, and it is a lucky broker that can secure a place in the center of the city to plant his money. A few weeks ago it was announced that there were three pieces of good property in the business district that could be bonght. Yesterday a broker said these lots had been withdrawn from sale, the owners preferring to keep them and take the chances of a still greater increase in value. They might be pnrchased, perhaps, but nothing less than a fancy price wonld take them. One of these is on Dearborn street, for which the owner has refnsed an offer of$2,800 per front foot for the lot and improvements.

In addition to the great demands for improved inside lots, the inquiry for acres has shown a decided increase since tqe beginning of the year, and a nnmber of important sales have already been made, both sonth and west, while many deals are pending for acre property which the purchasers design putting into the market as soon as the sales can be closed and the subdivisions made. The promise for a good year never was better.

FIGHTING OVER THAT ABSTRACT CONTRACT.

The REAL ESTENE AND BUILDING JOURNAL is the only newspaper of any standing in Chicago that has had a friendly word for Recorder Scribner in this contest. The Chicago Tribune, it is said, has gone ont of its way to oppose Colonel Scribner, and in Friday's issne undertakes to show that the letting [illegible]ch a contract to the Recorder is nnlawful and nnconstitntional.

In the JOURNAL of Jannary 16, a review of the whole matter can be fonnd, and it is only necessary to say further that Mr. Scribner's bid was the lowest offered, and the only one that was worth considering by the Connty Board. All abstract companies must get their information from the books in his custody, and $75,000 has already been expended on them, bnt they are incomplete and can be made whole for $50,000 more. The bids of other abstract firms conld not be considered becanse the profits for six months under Scribner's management amonnted to nearly as much as the rental offered for the Department for a year. Three thousand dollars a year would not pay for the rent of the rooms and vaults.

It wonld be foolishness for the county to let the books go into the hands of private parties after expending so much money on them, when the County Recorder can perfect them and serve the public better and cheaper, besides keeping the books and the property where they belong. The only question worth while considering is, as to whether $50,000 is too large an amonnt. Col. Scribner has shown the public that he is not a specnlator and jobber at the expense of the county. His record is clear, and the JOURNAL believes he is honest, and it was not hired to say so, either.

Building Material Dealers Association.

A large meeting of the building material dealers was held Thursday afternoon in the Builders' & Traders' exchange rooms, at No. 159 LaSall street, in order to adopt a constitntion and by-laws for an organization known as the Chicago Building Material Dealers' association. The object of which, as set forth by the by-laws, was to secure protection against losses through dishonest dealers, and to effect the adoption of a competent lien law, by the amendment of the present State law on that point, which does not oblige a man to pay any more than the the amonnt of his original contract. Dealers who are not members of the Builders' & Traders' Exchange will be eligible to become members of the association. Any member may report another member who fails to pay his bills or keep his contracts to the Secretary, and after an investigation by the Board of Directors he may be expelled from the association, provided the charges are proven. The by-laws, as drawn np by the committee, were adopted after a few slight amendments and the first Thnrsday in Febrnary was chosen as the day on which the election of officers would take place.

The Lake Front Question.

The council and the mayor are waking up to the real interest of the city as will be seen by the subjoined letter to the corporation Connsil from the mayor. If Mr. Winston succeeds in solving the knotty qnestion so as to allow the city autority to open Washington, Madison and Monroe streets, a great improvement may be looked for in the real estate in that locality.

The Mayor has addressed the following letter to Corporation Connsel Winston:

Dear Sir: I have come to the conclnsion that a last and final effort should be made to settle the Lake-Front qnestion. The interests of navigation, the interests of our citizens who suffer such inconvenience from the delays at the bridges, our lnmber interest—in fact every material interest of the community demands that we should endeavor to secure for the city and her people, without longer delay, the use of the outer harbor provided by the United States Government. How and in what manner this object may be secnred is a qnestion of great moment and reqnires much consideration. There is nothing now before the City Conncil concerning this matter upon which it can intelligently act, and it is obviously necessary to first formnlate a plan to lay before that body for its consideration. As a preliminary to any fnrther steps in the matter I request yonr opinion in fnll as to the legal statns of the whole Lake-Front qnestion, including the so-called "three blocks" from Randolph street to Monroe, and the claims set up by all parties to the onter harbor.

BUILDING NEWS.

COUNTRY.

The Bohemian Mutual Savings, Loan and Bnilding Association, of Milwankee, Wis., has filed articles of incorporation with the Secretary of State. There is no capital stock and the object is to create a fund out of which loans can be made to members.

Skarb Polski Mutnal Loan and Bnilding Society, of Milwaukee, Wis., has also been incorporated; capital stock $2,000,000.

Ann Arbor, Mich., has expended over $400,000 in bnilding improvements dnring 1885.

Anrora, Ill.—More bnilding was done in this town in 1885 than was done for six years previous. and the prospect for 1886 are much better than they were one year ago.

Fort Worth, Tex.—J. F. Ellis will erect a four-story hotel, 95x100 feet, to cost abont $50,000.

The Charleston Lumber and Bnilding Co. has been organized at Charleston. W. Va. The capital stock is $52,000, paid np. A brick yard is in contemplation, with capacity of 40,000 per day.

Memphis, Tenn.—R. R. Chnrch will build three honses on west side of Short Third street, to cost $600.

L. B. Eaton will bnild a frame honse at 152 and 154 St. Martin, to cost $3,000.

The St. Paul Colored Baptist Chnrch will erect a new house of worship on Johnson ave., to cost $5,000.

G. W. McCrae will make general repairs at 312 Adams street, to cost $8,000.

J. S. Robinson, corner Second and Madison sts., will fit np a store to cost $4,00[illegible].

P. Kalleher will build a donble frame tenement, corner Virginia and Manve aves., to cost $2,984.

Cedar Key, Fla.—Mr. Goodemath is negotiating for land, on which to erect a pencil factory.

The new anxiliary pnmp for the Bnrlington, Iowa, water-works, has arrived and will be placed in position and be ready for nse abont March 1st. It is said to be one of the finest in the West, having cost abont $18,000.

A grain firm at Dulnth, Minn., will soon build a flour warehouse, capable of storing 10,000 bushels.

The Pensacola Water Co., capital stock $150,000 has been incorporated at Pensacola, Fla., with B. R. Pitt as president.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED.

For the week ending Jauuary 23, 1886.

THE U S. A. MEDICAL MUSEUM AND LIBRARY COST—$200.000.

The appropriation by Congress of the sum of $200,000 for erecting a fire-proof building for the library, pension records, and museum of the Surgeon General's Office, United States Army, will be expended under the supervision of Cluss & Schultze, architects.

The estimates for a building, limited to the space absolutely required, and devoid of expensive exterior and interior architecture, had been from $250,000 to $300,000. Under these circumstances the Building Commission, presided over by the Secretary of War, decided that the feasibility of the scheme must be conclusively shown by a bonded contract based upon detailed drawings and specifications before the work could be allowed to proceed; hence, anything involving avoidable expense was ruled out of the architect's designs.

Details of Construction.—Concrete foundations, Exterior walls of bricks with a bonded internal lining of hollow bricks; cornices, spandrels, tympanums, of pressed bricks and terra-cotta; partitions of solid and hollow bricks; floors and roofs formed of flat arches, built of hollow bricks between rolled beams, with terrra-cotta protections for girders and beams; columns of fire-proof sectional wrought-iron; corridors floored with encaustic tiles; halls with Portland cement; offices with wood on concrete; stairs of iron; stoops, base-course, sill-courses, and miscellaneous blocks of rubbed Graywecke bluestone; library and museum constructed as independent compartments; heating by low-pressure steam, mostly with indirect radiation, besides open fire-places with mantles and grates; ventilation by steam-heated aspiration-shafts; water-closets, laboratories and alcoholic specimens strictly separate in the wing inside the court-yard.

Available Floor Space in Square Feet.—Basement, 21,400, offices 33,600, museum 11,270, book-stack 20,800 (capacity 320,000 volumes); and besides 4,200 square feet in the small yard wing which, with 60,000 cubic feet contents, is not included in the building contract.

The basement of the building constitutes mainly one vast reservoir for fresh air, and by including one-half the contents of this, the building measures 1,342,500 cubic feet of space under roof. The contract price, including steam-fitting, is $179'987, which gives the low rate of thirteen-and-four-tenths cents per cubic foot, which leaves funds to pay for plans and supervision, and besides a small balance towards the erection of the wing in the yard.

This edifice is located at the southeast corner of, and with the rear abutting on the Smithsonian Grounds, because before long it must be extended by a main-front, facing the public grounds, when the present front will assume its place in the rear elevation of the building. The present Congress will no doubt grant the moderate estimates for the iron frames and shelving of the book-stacks and cases for the pension-records and the exhibition cases of the museum, so that the furnishing will be almost simultaneously completed with the construction of the building.

SWEZEY'S IMPROVED DUMB WaITER.

Among the modern improvements now adopted into buildings, both new and old, is the Dumb Waiter. The Swezey improved Dumb Waiter holds its place among the best and most popular of those now offered to the public.

In the first place the arrangement of the guides and counter weight, if the plans furnished by the inventor are carefully followed out, effectually obviates the catching of the car at any point in the shaft except where it is desired to arrest its progress; at the same time the friction is so far reduced and the car so carefully balanced that the labor entailed in its operation is reduced to a minimum. The most important improvement, however, is the improved safety catch, invented by Mr. Swezey, and used at each story, and with the aid of which the downward progress of the car can be arrested at will at any of the openings. It releases itself when the car moves upward, so that although it can only be applied voluntarily, it cannot be used to prevent the use of the car maliciously, and is under prompt control either on the story at which it is applied or from any opening in the shaft.

The Swezey improved Dumb Waiter is supplied complete and ready for erection by the inventor.

M. B. Swezey No 120 Twentieth street. Among the many references are the following: Adler & Sullivan, W. L. B. Jenney, W. A. Furber, Potter Palmer, M. C. Armuor, Campbell Bros.

Soldiers' Home.'

CUTTING MAHOGANY IN NEXICO.

In Mexico the season for cutting the mahogany usually commences about August. Gangs of Indian laborers are employed, consisting of 2 to 50 each, under the direction of a captain. Each gang has also a cazador, or "huntsman," whose duty it is to search the trackless forest for suitable trees to be felled and to guide the wood-cutters to the places The felled trees of a single season are scattered over so wide a space that miles of roadways have to be made to reach them, and numerous rude bridges constructed over the rivers that lie in the way. All the largest logs have to be "squared" before they are brought away on rude wheeled trucks along these forest roads. Each truck requires seven pairs of oxen, and the work could be much more expeditiously done by our portable railways and plantation engines. The implements used by the Mexican in this trade are rude and insufficient, large bodies of timber being often spoiled by their insufficiency combined with the ignorance of the workmen employed.

Real estate bought and sold on commission. Loans negotiated on real estate and other collateral securities. Stores and houses rented. Rents collected and all business relating to real estate transacted.

BUILDING DEPARTMENT.

Building operations outside have entirely ceased on account of the deep snow. Save among the architects, building news is difficult to obtain. Pretty much all of the plans for the future, obtainable at this date, are reported in our table of future new buildings, and we direct the attention of our readers to the same. The improvements to be made in suburban towns next summer are foreshadowed in our news columns of Suburban Improvements. The lumber market is dead and all building material is quiet.

BUSINESS OUTLOOK.

Financial centres are well supplied with money. The rate of interest is very low, and on good securities money can be had at 2½ per cent. in Eastern markets. Steps are being taken by which the congested capital of the East seeking investment at such rates can find its way into the West, where it can command far better prices, and at the same time be safe. Financial managers of the country have been at fault for years in not establishing some system by which the natural influx of money to the centres where the rate of interest is the lowest, could be returned to the more remote sections where it is sadly needed. The people of Egypt, thousands of years ago, adopted a policy by which the fertility of their country was greatly stimulated, by making irregation from the Nile easy. The same system must be adopted in our financial matters. Money flows to our Eastern financial centres and waits there for employment, losing abundant opportunities where it is more needed. What is wanted is that some of this idle money be set to work in the far West and South, stimulating industries and exchanges and employing labor, and, in general, giving life to half employed industries.

The railroad managers are nearer to a settlement of their disputes than ever before. Business men generally have but little sympathy with railroad wars, feeling that the more they fight the better it is for the shippers. In one sense it is true, and in another it is not. Legitimate railway management is a necessity. A local paper a few days ago published figures which show that our railway management is in sad need of improvement, and our railway systhem needs reorganization. Seventy-two companies were last year sold in foreclosure, and forty-four went into the hands of receivers, there to remain for an indefinite time. Hundreds of millions of capital are jeopardized, and the coustruction of new roads which may be needed, is checked. A vast amount of money is lost in railway building, and in speculation, simply because of lack of proper management on one side and of proper legislative checks and balances on the other. The problem is a difficult one of solution. It is easy to point out defects and make assertions, but it is a very difficult matter to make even one suggestion that will point in the direction of a solution.

The business interests of the country have not been in as healthy condition for five years. We are protected against any material advance in prices. We are assured of good home markets. We have, on the whole, an excellent currency, which the common sense of the people will not permit to be tampered with. We have passed through two years of depression and are now entering upon a period of prosperity; we have learned how to check over-production and to make only what is needed; we have learned many valuable lessons and are able to put them into successful practice.

BUILDING PAPER.

THE MARKET.

The natural supposition with real estate so thoroughly snowed nnder, wonld be that very little business in actual sales has been transacted by the agents for the past week, bnt a visit to their offices discovers a different state of affairs. Many of them close the week with a satisfactory number of sales consummated, while others have had more offers of a very encouraging nature than they have received for some time. All are agreed that the year will be noted for the amount of business transacted.

Considerable interest is manifested in central bnsiness property, such as Dearborn street. Third and Fourth aves., between Jackson and Polk streets. The buildings already contemplated for this property, will make a great change in its aspect before the year is through. The following are some of the improvements under way. On Third ave., south of Harrison, excavations are being made for a large building. A party wall contract has been signed in view of erecting a building on next fifty feet to the W. H. Thomas building, fronting on Harrison street between 3d avenue and Dearborn street,

Negotiations are now pending for a ninety-nine years lease of 150 feet on Dearborn street between Harrison and Polk. The building to be erected on this ground will be occupied by a large wholesale paper house. Another ninety-nine year lease has been made for fifty feet south of Harrison street between Dearborn street and Fourth ave. The building will be commenced as soon as the weather permits.

Business property on West Madison street, west of Loomis, is already renting at advanced figures with indications of a general increase over last years' rents. Corwith's bnildings on Madison street near Loomis, are being considered by some prominent dry goods firms for rental. If rumors prove true, the corner of Ashland avenue and Madison street will be improved by a large building this year. Other locations will likewise increase in rents. This is due to improvements already made and contemplated and to the general rise in the value of this property.

The new railroad which was granted the privilege to run through Evanston, is now busily buying the right of way. Sellers of Evanston property look forward to a lively trade this spring, partly from the impetus which the new railroad will give.

The annual banquet of the Real Estate Board, is set for Feb. 4 at the Palmer House. Arrangements are made for an attractive program, including an orchestra, quartette club and talented addresses. The banquet will be of an unusually high order. The committee who have this in charge and of whom tickets may be obtained, ure W. L. Pierce, S. M. Parish and N. T. Gassette.

W. D. Kerfoot & Co., in comparing their business transacted since the 1st of January with the same period last year, note an improvement. Among their recent sales are the following: 39 feet on Adams street, east of Dearborn, $73,000; bnyer James Todd. 25 feet on Adams street, south front and east of Dearborn street, $38,000. 40 acres at Auburn, $50,000. 60 feet on State street, near 14th, $12,500. On Salt street, south east and south west corners of Alton R. R., 382 feet north to river, sold by the Amer. Dairy Salt Co., to C. D. F. Smith for $105,000. Also 4 houses on Chestnut street near Clark, for $19,000; besides several sales ranging from $4,000 to $7,000.

Property on the boulevards to the south is bringing higher prices than it has for many years. A recent sale was made of 219 feet on Grand Boulevard, south of 41st street, at $125 a foot, which is the highest price per foot this property has brought since the panic. The sale was negotiated by Nelson Thomasson.

A $25,000 High School will be completed this spring at La Grange.

The agency of Norman T. Gassette will hereafter be known as Norman T. Gassette & Co., Arthur A. Spicer and Edwin B. Jennings forming the company. They have removed their office to 57 Dearborn street. Their sales for the last ten days have amonnted to $82,000. The sale of 50 ft on the corner of 13th street and Wabash avenue was affected by them for $35,000.

J. A. and S. G. Hair report a good inquiry for residences.

E. S. Dreyer & Co. are receiving more offers than for some time for properties ranging from $5,000 to $20,000. The firm will move in the spring to the north east corner of Dearborn and Washington streets.

C. U. Gordon has taken W. L. Blood as a partner and the firm will be known as C. U. Gordon & Co.

A bill was filed in the Snperior Court by Charles Joseph Sheffield of Cleveland, O.; Ellen Sheffield Phelps of Englewood, N. J.; Josephine Sheffield Porter of New Haven, Conn.; and Florence Sheffield Boardman of Cleveland, O., children of Josep E. Shefield, for the partition of the residne of Sheffield's addition to Chicago, now remaining unsold by the executors of his will. Sheffield's addition embraces the northeastern portion of the Fourteenth Ward and the western half of the Fifteenth Ward, a considerable part of which still belongs to the estate. The extent of the real estate comprises 370 separate lots, and this is not all of the estate. The owner of this property, Joseph E. Sheffield of New Haven, died Feb. 16, 1882, leaving a widow and five children—viz: the four complainants and the defendant, George St. John Sheffield. At the time of his death he owned a large amount of real estate besides that covered by the bill, but he gave his executors full power to sell and convey it, and in this way a large amount was disposed of. The will divided the residuary portion of the estate into seven equal parts, one for each of the five children mentioned, one in trust for another daughter, and one to the Sheffield Scientific School at New Haven, subject to the payment of life annuities of $1,000 to each of of his three brothers and sisters. The defendants are three of the devisees and their husbands, wives, and heirs, as well as the husbands, wives, and heirs of the complainants.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, January 14, 1885.

MEISCELLANEOUS ORDINANCES.

Ordered, that in order to furnish the public with full notice of proposed street and sidewalk improvements to the end that the property owners to be assessed for the same may have an opportunity of expressing their views on the charecter and necessity of the improvement, the Commissioner of Public Works in hereby directed to cause a short notice to be published in such of the daily newspapers as he deems sufficient for such purpose, of all orders passed by the City Council for street and sidewalk improvements;

That permission be and is hereby granted to the trustees of the Servite Sisters Industrial Home for Girls, of Chicago, to bury, not exceeding fifteen bodies, in separate graves, in lot eleven (11), of block nine (9(, in Couch's Subdivision, in the south half of the N. W. ¼ of Section 13, Town 39, North of Range 14, E, of 3d. P. M.

also, that the Commissioner of Public Works be and he is hereby authorized to allow to the authorities of Lake View permission to draw from the water mains or the city, sufficient water for the use of the town, for and during the time when the water supply of said town is impaired or destroyed. upon such terms and conditions as may beagreed upon by said authorities and the Mayor and Commissioner of Public Works of Chicago. This order shall be in force until August 1, 1886, and no longer.

also, he is hereby directed to proceed in the matter of the improvement of Newberry avenue, from Maxwell street to Fourteenth street,

also, that the Law Department be and are hereby directed, to stop all proceedings in the matter of the assessment for the improvement of Hurlbut street, from North av. to Fullerton avenue, until the further order of this Council.

also, to stay and delay proceedings now pending in the County Court for the improvement of West Polk street, from Halsted street to Centre avenue, until the further order of this Council.

Ordinance, was passed repealing ordinance for curbing filling and paving Nebraska street, from Loomis street to Ashlaud avenue.

Ordinance, to stay the collection of the assessment in the matter of improving Rees street until 1887.

also, West Ohio street, from Desplaines street to Milwaukee avenue, until further orders from this Council.

The City Council on Monday, Jan. 1886, considered the question of creating a drainage and water commission. Some weeks ago the Citizens' associotion prosented a petition to the council in this matter, which was referred to a special committee. An ordinance which that committee drafted creating the commission and appropriating $30,000 of the water fund to pay the expenses of the commission was passed by the council Nov. 3, but vetoed by the mayor, who desired that the oedinance should more fully define the duties of the commissioners.

The law department was instructed to draw up an amended ordinance in accordance with the suggestions of the mayor in his veto and submit it to the council. The all-night saloon ordinance will also receive consideration.

The council requested the comptroller to present on Feb. 1, his estimates of the municipal expenses of the year, and an order was passed authorizing the payment of 75 per cent of existing salaries of city employes until the appropriation bill for future expenses is passed and salaries are fixed.

Property-owners petitioned that the Chicago Passenger railway company be given the right to lay tracks on North Ashland av. to Erie street, to North Centre av., to Austin av., and on Washington street, from Desplaines through the tunnel to Michigan av. The petition was referred to the proper committee.

67 and 69 South Canal St., near Madison, CHICAGO.

REAL ESTATE LAW.

Landlord and Tenant–Termination of Lease –Notice.—After landlord giving sixty days' notice to a tenant to deliver up possession at the expiration of a lease, and during the time between notice and expiration of the lease, the landlord consents to let the tenant remain a short time, so as to gather his garden, etc., will that effect the validity of the notice so that the landlord cannot recover in a suit of detainer?

If the consent of the landlord amounts to an agreement to extend the time of occupancy, and such may be assumed from the case stated, it will affect the force of the notice given.

Landlord —Distress for Rent Before Due. —Can a landlord distrain crops for rent of the premises before the rent is due if he believes the tenant is about to sell the crops and move away?

The law makes no provision ror recovery of rent before due. See cases in which rent may be recovered by law. Haines' Treatise, new edition, p. 869.

Real or Personal Property.—Hay scales built upon land by the owner are real estate and pass with the soil under then, not to the executor, but to the heirs, as a well dug and stoned by the testator would have passed to them; and a bill of sale from the heirs of five-sixths of the scales, not under seal, did not convey any interest in the scales, or give a right to any portion of the income derived from them. Dudley v. Foote, Supreme Court of New Hampshire, 1884.

Building Material—When Subject to Levy. —Building material or material intended for building or repairing a house while detached from the free-hold, would be subject to levy at the suit of a creditor of the owner.

Tenant — Termination of Lease—Notice. —The law provides that where the tenancy is for a certain period and the term expires by the terms of the lease, no notice to quit or demand for possession is necessary. The tenant is bound to surrender the possession. See Haines' Treatise, new edition, p. 856. This, however, may be regulated by stipulatson between the parties in the lease.

How to Decorate.

A popular style in fancy clocks is a representative of the old Dutch hall clock. They stand about ten inches high and present an ancient look in their carved oak cases.

For lighting the dinner table, the ideal illumination remains—candles on the table itself, ond on the walls in sconces and bras appliques.

A late novelty is to have the napkins at each plate slipped into a gilded clothes pin; the pins to be decorated with tiny bunches of forget-me-nots, resebuds or other small flowers painted in oil.

Possessors of old silver now display it to advantage on dressers and buffets as well on their tables.

Treasures of gold, silver, brass and iron, are taken from their places of concealment and are made to serve some common and specific purpose of use and ornament. China, of exquisite quality and shape, is also employed to beautify the table.

Small panes of crackled glass, with irregular crystaline forms for transom lights, for the upper portion of sashes and doors and for the borders of windows, has added largely to interior scenic effects.

A demi-john, broken off at the neck, makes a very pretty flower-pot or fernholde; gild the wicker-work and fasten bows of ribbon at the sides, then, if it is intended for a flower-pot, fill with earth and arrange in a deep window seat or on a iight fancy table.

Many screens have a silk curtain hanging upon a rod in the place of the customary panel.

Kensington crepe forms the ground of a small table-scarf, on which are embroidered in colored silks outline disks irregularly grouped: some enclose geometric ornaments, others a spray of blossoms.

Wicker work tables are more popular than ever, and are much improved when ornamented with colored ribbons.

Too many pictures should not appear in a moderately sized room; ar uneasy sense of crowdiness is experienced. And to confine the walls to a few large pictures would be to produce a monotonous dreariness in the beholder. Moreover, the sense of enjoy ment to be derived from one or two large paintings is not to be compared to that which the contribution of various schools afford.

Exquisite tray covers and doylies of flax and silk are shown; the silk woven upon one side to form a satin surface, and the linen forming the damask flowers. The prettiest are of yellow gold satin, fringed with fine silk strandes; others are red, pale blue or pink.

Brass handles of elegant and varied forms are attached, instead of tasseled cords, to the lower parts of blinds, for drawing them down.

WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE,
President and General Manager, Chicago.

E. ST. JOHN,
General Ticket and Passenger Agent, Chicago.

NOTICE
TO
Real Estate Ag's
AND
Property Buyers.

THE REAL ESTATE AND BUILDING JOURNAL has undertaken to publish a **Classified List** (bona fide) of

Select Property for Sale.

The LEADING AGENCIES are requested to give the subject some thought, and then let us know of their APPROVAL or OBJECTIONS.

The JOURNAL is known and recognized as a reliable reference record as regards real estate transactions.

Frequent inquiries are made at our office for a list of property for sale, by unthinking, honest people, who are in quest of a home or a piece of business property. Some of the leading capitalists, whose names are on our subscription lists, have expressed their approval of just such a scheme.

NO RELIABILITY can be placed in many of the long lists of "for sale" in the Sunday papers, because the same piece of property is listed by more than one and the "bulk" of it can not be "delivered." The plan proposed is as follows: The List will be alphabetically arranged and classified by Streets and Towns—the Improved—the Un-improved, etc., etc. This list will be composed of carefully prepared descriptions from reputable agents, and NOTICES INSERTED IN HOME AND FOREIGN PAPERS to the effect that such a classified list can be found in the REAL ESTATE AND BUILDING JOURNAL, and as we now know hundreds will call for the list because it will be reliable.

Agents can elect whether they wish to pay 10 cents a line for their list or pay a commission when the property is sold.

Each Agency will have a Box No. arranged in an Index Book, and when a proper person comes along to buy, he will be introduced to the Agents. If he is only a tool or a curb stone broker, he will probably not be "brought round." The JOURNAL will not transact a real estate business exactly, but if it can find a suitable buyer, the agent who is our best friend, will be glad to sell to him and pay us for our trouble. In no case will we do any "undermining" or allow it if we can help it. We will introduce the "bona fide" purchaser, and let the "scalpers" take a walk. Thus we will weed out the bad ones for you.

By this method fewer opportunities will be afforded to "parasites" to impose on legitimate dealers, because just as soon as we learn that the Agentgiving us the list, has not the full control of the property, that property will be dropped, nor will we be concerned about the "title." If it is not acceptable, then the trade will not go through and we will not ask for our part of the commission.

This feature of the JOURNAL will be advertised all over the country, and will have a twofold effect in drumming up buyers.

Prepare your lists and send them in; it will cost nothing, unless you sell to the man we introduce, in case you do not elect to pay 10 cents a line.

No Easy Payments.

If People Think We don't Sell Cheap

ALL THEY HAVE TO DO TO BE CONVINCED IS TO

CALL AND GET OUR PRICES!

We handle no poorly-made goods, and as we do no easy payment business, we do not have to take goods back on chattel mortgages and place them on our floor again as new.

Our Goods, therefore, are all free from vermin, as they have been received direct from the factories and have not been in use in all sorts of tenement houses, and as

WE SELL FOR CASH

we can sell goods at the VERY LOWEST FIGURES.

BE SURE AND REMEMBER THE PLACE:

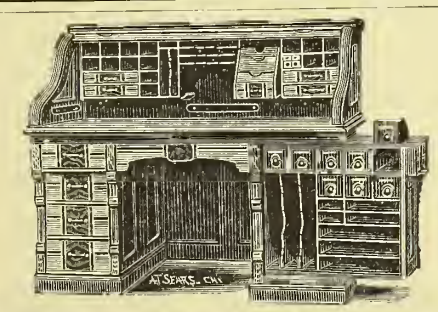
J. J. WADE'S
WASH TANK
AND ALL-PORCELAIN
WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

NATIONAL SHEET METAL ROOFING CO.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

TIN SHINGLES

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM and GOLD MEDAL at the World's Exposition, New Orleans, La.**

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

OFFICE
OF THE
Real Estate and Building Journal.
121 Fifth Avenue, CHICAGO.

Taxpayers

are interested in improvements ordered by the Common Council, where assessments are levied. Therefore examine our table on 4th page.

Contractors and Builders,

looking for contracts, should scan the table on page 15, which shows all that is required pertaining to Buildings to be erected.

Dealers in Building Material,

including Builders' Hardware and every thing else which enters into the construction of houses, should also look at the Table of future New Buildings.

Architects and Owners

will find correct information on prices of all building material in our Tables of Markets, as well as the work laid out for the future, and the work in prospect.

Real Estate Agents and Buyers

will find our classified lists of sales alphabetically arranged by Streets and Towns, of great service to them in determining values.

Lawyers,

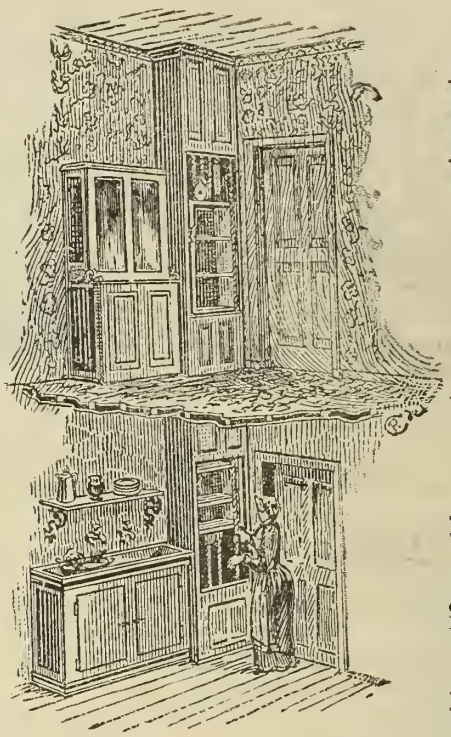
having business of a real estate nature, should read our columns of ADVERTISED SALES and FORECLOSURES.

Merchants and Manufacturers

giving credit, should give close attention to the lists of MORTGAGES, JUDGMENTS, BILLS OF SALE and TRUST DEEDS, as they are so classified as to be of value as a reference record in "looking up" Debtors.

This JOURNAL

contains more valuable information than any other newspaper published in Chicago and



Is a Guide to Investment

and

A Protection to Credit.

Subscribe for it! It only costs $4.00 a year, and it may make you rich.

Real Estate and Rents.

The Demand for More New Buildings Explained.

Business Streets Compared.---Harrison's Letter to the Governor.

The Lake Front and Bridge Questions.---A New Solution to the Water Question.

REAL ESTATE AND RENTS.

It frequently happens that our predictions for the future utterly fail, and particularly so in regard to real estate. No man knows exactly what six months or a year may bring forth. All newspapers published in Chicago have already prophesied a boom in real estate during the present year, but none have been so foolish as to predict a boom in rents. Competent judges who are not any too conservative in their views generally, say that rents cannot increase, but that the prices of last year will obtain and remain firm for new structures, supplied with all modern conveniences and comforts, and that old time frame houses will go "a-begging." Store property will certainly hold its own, because if there has been any excess in new building the past year, it has been in residences, and business structures must necessarily follow population. There is certainly no lack of store buildings on our main thoroughfares, such as State and Clark streets on the South Side and Madison, Lake, Indiana and Van Buren streets on the West Side. The same is true of North Clark street, but that thoroughfare has more to support it in point of territory, as the North Side has fewer prominent retail streets than either of the other divisions. North Clark street will be to the North Side and Lake View what South State street is to the South Side and the Towns of Lake and Hyde Park; it has made great strides as a retail street during the last three years, and rents remain at a good figure. The firmness of rents depends upon the supply of houses or rather the scarcity of buildings to let; therefore investors will consider rents and the building record very carefully before buying and building.

Real estate men are divided in their opinions on the subjects of rents and the prospects of continued activity in building. Some of our wealthiest agents who are also owners of many houses, believe that building has already been overdone, and that rents will suffer in consequence of the oversupply. Another class of agents who are actively engaged in building houses for themselves or their principals, talk more encourageingly of the prospects of the future than they ever did, believing that the increase in Chicago's population, amounting to about 50,000 per annum, will warrant a continuation of the active building which has characterized the city for the past two years. The thousands of old rotten tenements, such as disgraced State street for many years and some of which are still standing, will no longer find tenants, except rag pickers and low saloons. The district west of the river as far as Desplaines or Union streets, has always been an eye sore to the West Side, and must sooner or later be built up with modern structures. Why old rotten buildings have been allowed to stand on West Lake street for twenty years after they were fit for a human being to live in, was explained in last week's Journal. Therefore it is not wholly on the basis of the 50,000 increase in population that capitalists and builders figure on. The razing and abandonment of old worn out and dilapidated buildings, creates a further demand for new houses.

THE LAKE FRONT AND BRIDGE QUESTION.

Mayor Harrison in a letter to the Governor asks for his aid in the Lake Front and Bridge question. He suggests that the Governor appoint a commission, consisting of citizens of high standing and undoubted integrity, who shall endeavor to bring to a close the litigation in regard to the Lake shore and thus relieve the vessel interests, which are suffering from the lack of harbors and render more feasible any plan for abolishing the bridge nuisance.

There is no doubt that such a commission might facilitate matters and bring to a successful issue those questions of vital interest to all Chicagoans.

A SOLUTION TO THE WATER QUESTION.

The solution to the water question, which has been suggested, is worth the consideration of property owners and their representatives, coming as it does, endorsed by Prof. Andrews, president of the Chicago Academy of Sciences.

Recently wells have been sunk for manufacturing and other purposes, to distances of one hundred feet or more. These wells have been bored in territory extending from North avenue to South Chicago and west to Oak Park. The water drawn up has been in quality and amount a surprise to all and has given rise to the following conclusions: 1st, the existence of a bed of rock, broken into millions of tunnels, connecting with the bottom of the lake wherever this juts out through the blue clay; 2d, that these immense exposures will furnish an inexhaustible supply of pure lake water flowing through natural horizontal tunnels from the lake bottom, ten or fifteen miles from the shore, and this supply will rise in perpendicular wells of any size, up to the level of the surface of the lake; and 3d, that these natural tunnels may be utilized in supplying the city with water free from sewage pollution, by the sinking of shafts or wells of the same diameter as our present lake tunnel or larger if necessary, which will tap these innumerable supplies at a depth of a little over a hundred feet and the establishing of pumping stations wherever desired.

The engineer who had charge of the drilling of a well at 68th street and Evans ave., 115 feet deep, 35 feet of which was in the rock, said that the tools suddenly dropped into a cavern and the water began rising until it stood at the lake level and that the water in the shaft showed the action of the lake under the influence of storms, thus proving that the water comes directly from the lake.

Dr. Andrews corroborates the statdment in regard to the stratum of rock and says: "I have frequently observed the multitude of crevices in this stratum of rock. The strata are inclined in all directions for short distances, but in a general way underlie the city at an average depth of eighty or ninety feet.

It would not be a costly experiment for the city to sink an eight-foot shaft in the crevice at Sixty-eighth street, or perhaps a number of smaller shafts at one of the existing pumping stations would answer, and by the pumping see if they could lower the water. If they could not, I should say beyond a doubt it is connected withe the lake in a way that would readily solve the water question. Manufacturers, hotel keepers and others using large quantities of water might sink wells of their own, to avoid taxes, if not to obtain pure water.

In the residence portion of the city, the people living in a block could put down a well for house use. One-tenth of their water rent for a year would put down the well and a second tenth would probably pump the water into the pipes in their houses. They would thus save 75 per cent. of their water taxes and have pure, cold water in the summer."

Whether the plan is a feasible one or not for the supply of the whole city, there is no doubt that many, who use immense amounts of water, could obtain water in this way with great satisfaction.

EVIL EFFECTS OF TOO MANY LAWYERS.

Whenever a community becomes overstocked with a redundancy of legal talent there is going to be trouble. Those who cannot make a living by legitimate means will become shysters, collection agents, collection attorneys or candidates for office, in either of which capacities they will do more harm than good to the community. A shyster will advise anybody and everybody to go to law, even if he must undertake the case on a contingent fee. The average collecting agent will deteriorate until he is no better than a thief, because he will resort to all sorts of subterfuges by way of charges, in managing to keep all that he collects. Collection attorneys do pretty much the same thing, and rarely rise above the position of a collecting agent. It is generally a higher grade of shysters who embark in politics; they are generally too proud to follow the business of collecting and "hanging around" justices courts, and have not energy enough to make a living by collecting hard claims. It frequently happens that the noisiest men in our legislatures are men of this class. They cannot manage a case in court so as to be success ful, but they can spout in politics, because their hearers do not generally know the difference between logic and bosh. But by far the greatest damage done by these incompetent fellows is the wrong advice they give to poor men, urging them to go to law at loss of money and time, when a good lawyer would tell them at once that it was of no use. Lawing is a two-handed game, and one of the most expensive; better throw up a copper or compromise in the beginning.

Business men have learned that it is better to lose many small bills than try to collect by law, and where they are swindled and robbed by petty thieves and shysters they have a remedy in publishing their names, so as to prevent them from imposing upon others. A short time ago a thief by the name of Allen, who cannot go to his home in Ohio because he stole there, sought employment and charity at the office of this Journal, and having been tolerated until the proprietor was taken suddenly ill, he jumped at the opportunity to steal, and it was afterwards ascertained that the little scoundrel had a partner in crime, and both of them were in "snooks" with a red-headed shyster by the name of Adams, who kept an office on Washington street. A judgment in tort was obtained by the publisher against Allen, but he and his lawyer skipped out of court before onything could be done, and it was never possible to learn his address, so as to arrest him on a warrant. Our justice courts are almost rendered useless on account of the practices of shysters and crooked constables.

We could cite numerous instances to show that business men are always the losers by going to a justice court for justice. The benefit of the doubt and perfect credence are given to the dead beat or the thief—never to business men who prosecute.

THE RECORDER UNJUSTLY CENSURED—HIS VINDICATION ASSURED.

The controversy over the abstract department in the Recorder's office was brought about by the action of the county board of commissioners in sending an expert to the department for the purpose of ascertaining the exact condition of the books and the feasibility of having the records written up, so as to make them available, if they were not so, as public abstract books. The expert labored for a period of 104 days, at a salary of $10.00 per day, at the instance of Commissioner Senna, and a majority of the board, and the examination only ended the latter part of November last. The work of completing the books was found practicable and was therefore recommended. In order that the public records might be preserved intact, it was proposed to Col. Scribner by members of the county board, that he should submit a proposition or bid "to complete the work, so as to get it in a tangible shape." It was then deemed unsafe to allow these records to pass into the hands of outside parties after expending so much of the public money on them, and if it is unconstitutional for the Recorder to do the work, then it is unlawful to barter them away or lease them to outside parties, and depend upon it the taxpayers of the county will rise up and prevent their removal or the disposal of them. The Recorder is perfectly willing to superintend the work if the county will employ the men to do it, although the board believed it was advisable for him to complete the work for a certain sum, and if necessary give a bond for the fulfillment of the contract. Nearly seven years had been occupied in preparing these abstract books before Col. Scribner came into office, and it is an outrage to attribute their incompleteness, if they are incomplete, to him. The much abused Recorder and the well meaning members of the board are trying to bring order out of chaos, which according to outside schemers and speculators has reigned for seven years before Col. Scibner came on the scenes.

About all the public institutions in Cook county and the city have passed into the hands of the Democratic party but the Sheriff's office and the Recorder's office, and a Republican newspaper would sacrifice one of these for pure cussedness. There is not the first scintilla of evidence to show collusion between Col. Scribner and the county board. Shame on the man who would wantonly put a stigma on an honest public official and destroy the usefulness of public property for the sake of a whim.

REPORT OF NEW BUILDINGS AND BUILDINGS TO BE ERECTED,

For the week ending January 23, 1886.

BUILDING NEWS.

COUNTRY.

Architects Haley & Allen report brick schoot house at Willmar, Minn., to cost $20,000.

Architect F. G. Corser reports brick bnilding lor the Daily Argus, Fargo, Dak., to cost $28,000. Plans under way.

Miles City, Montana Ter.—R. M. Hongh and M. H. Dustin of Lincoln, Ill., will probably build a large slanghter-house, with a capacity of $20,000 beeves for the season. Other contemplated improvements will necessitate the expenditure of about $250,000.

Indianapolis, Ind.—A new Y. M. C. A. bnilding will be erected at a cost of $35,000.

Willow River, Wis.—Dr. Wiltrout has the plans completed for his magnificent private hospital. The architect is arranging details, and work will begin at once upon the bath and summer houses to be erected upon the pond. Fully $30,000 will be expended if the plans thns far made are carried ont. The site is one of the most beautiful upon the St. Croix River.

Winona, Minn.—The Chicago, Milwankee & St.Paul railwill build a new and substantial passenger depot at this place in the near future.

St.Panl, Minn.—Contracts have been made for twenty new houses on the west side, near the Clinton street depot. Work will be commenced in March.

An addition will be made this year to Macalister college, to cost abont $40,000.

MINNEAPOLIS, MINN.

The work of rebuilding the burned bottle works in South Minneapolis is progressing with remarkable rapidity. The bnildings will be larger and more snbstantial than those destroyed. It is expected to resume operations within two or three weeks, giving employment eo 125 men.

Architect W. H. Dennis reports plans in hand for a $15,000 brick and stone residence for S. P. Channell, on the bluff back of Lowry's residence. Work will be commenced with tbe opening of spring.

Block for H. L. Gordon, with cut stone front, cost $25,000.

Architect W. C. Whitney reports frame house for G. A. Morse, on Chicago avenue and 24th street, to cost $5,000. Plans under way.

A memorial hall with marble tablets inside will be constructed in Darlington, Wis., in memory of dead soldiers.

Pittsburgh, Pa.—A new court house is to be erected in this city and will cost about $2,250,000.

Detroit, Minn.—The snm $120,000 was expended for building improvements during the year of 1885.

Anoka Minn.—expended $500,000 for building improvements last year.

The Minnesota Jockey Club will erect a $70,000 club house in St.Panl this year.

St. Thomas, Dak.—A 15,000 bushel addition is being added to the St. Thomas elevator.

Templar's Point, Wis.—The Knights Templar will invest $10,000 in building and improvement next season.

Maysville, Nev.—Nisbit & Co., of Chillicothe, Mo., are contractors for the new court-honse here, to cost $40,000. Eckle & Man, of St. Joseph, Mo., are the architects.

F. M. CLARKE
Real Estate and Loan Agent,
85 WASHINGTON STREET,
ROOM 4, CHICAGO.
Real estate bought and sold on commission. Loans negotiated on real estate and other collateral securities. Stores and houses rented. Rents collec.ed and all business relating to real estate transacted.

BUILDING DEPARTMENT.

There must necessarily be a season of repose in every branch of business. Real-estate men find it in the heat of the summer, architects and builders in the dead of winter. The work of finishing inside, including the wood work, is by no means stopped, but the number of building permits taken out have dwindled down to almost nil. Should this present thaw, so noticeable on Thursday, continue, contractors and builders will not wait for spring to commence work, of which there is an abundance planned.

It is difficult to find architects in their offices before 10 o'clock a. m. and after 3 o'clock P. M., consequently our table of future new buildings is somewhat shorter this week than formerly. Lumber merchants especially dealers in hardwood are sanguine of a good trade the coming season.

Exterior adornment has been carried ahead of interior decoration and finish; now builders or owners of fine dwellings as well as office buildings use the best and most costly grades of hardwoods for finishing inside. There is more of a demand here for mahogany than formerly, as is evidenced by the accessions to the trade in that line. Wild cherry and mahogany are taking the lead in furniture manufacturing but white ash is also very popular. Walnut is getting scarce—very scarce, and the best walnut sets are always veneered with mahogany. The Southern States afford nearly all of the supply, but more railroads must be built in the South before much of the best can be made accessible and available. North Carolina, Tennessee, Kentucky, South Western and Western Virginia, Arkansas and other states abound in the very best of hickory, ash, maple, black walnut and butternut; also wild cherry, oak, poplar and pine, and where ever this fine timber is fonnd, water power is also found. The climate is favorable for cutting timber the year round and manufacturing lumber. Hundreds and thousands of beautiful, tall, straight trees of walnut, chestnut, hickory, oak and what-not, may be seen standing along the streams and in ravines throughout eastern Kentucky, Tennessee, South Western Virginia and elsewhere in the South, but for want of railway facilities they are valueless. Instead of cutting down our northern forests in Minnesota and Wisconsin, lumber companies should turn their attention to the South. The wholesale destruction of forests along our Lake regions and in theWest is the prime cause of our severe winters.

THE MARKET.

The condition of the market at present affords more encouragement to the agents than ever for an active spring trade, which will be larger than for many years. A large amount of unimproved property is being sold for immediate improvement, in both the city and suburbs. Acres are in demand. There is a general good feeling among the farmers throughout the State, both in respect to the crops of the last year and the outlook for this year.

Pearsons & Taft, who make farm loans a specialty throughout the State of Illinois, say that the prosperity of Illinois farmers is strongly indicated by the prompt payment of interest on all their loans, and often 10 or 12 days in advance. They very seldom find a foreclosure necessary. This is well shown by the Ætna Life and the Conn. Mutual Life Ins. companies. The former company, the past eighteen years, has invested chiefly in farm loans, and now has on its hands but $400,000 in farmlands, while the latter, investing its funds wholly in city real estate, owns $12,000,000 in city property. These loans are becoming more popular with capitalists, and bring the uniform rate of 6%.

Redfield & Blaine report the following sales in Englewood real estate: 122 feet on Indiana ave at $27 a foot; 75 feet on Yale street at $50 a foot, and 100 feet on Sixty-first street at $47 a foot. The general outlook is very eucouranging for Englewood.

John W. Brooks has taken as a partner, B F Parker, and the firm will hereafter be known as J. W. Brooks & Co.

Our leading agencies, whose cards appear on first page and on editorial and record pages, are too busy to engage in lengthy interviews. They have barely finished up their business for the past year and balanced their books. Loans are unusually active at 6%, and eveu at 5 1-2%. An early spring trade and fair weather is all that is wanting.

The preparatious for the banquet of the Real Estate Board have been drawing rapidly toward completion. Several new features of special interest are promised by the committee. From preseut indications the banquet will be of a very high character and worthy of the hearty support of the entire Real Estate Board. The banquet will be at the Palmer House, on Thursday evening. February 4. Information may be obtaiued from the committee, consisting of Messrs Pierce, Parish and Gazette.

Chicago is to have another large first-class retail dry-goods store, located on Wabash avenue. James H. Walker & Co., composed of Columbus R. Cummings, William B. Howard and James H. Walker, will open a retail department. They concluded to do it on Tuesday and to make such a substantial addition to the capital of the firm as to place it on a footing to buy for cash and secure every possible facility for doing a large business. Mr. Thomas Ktlpatrick, of Taylor, Kilpatrick & Co., of Cleveland, a retail merchant of twenty-five years experience and a man of large means, has been taken into partnership and will have charge of the store. Mr Cummings and Mr. Howard own the building at the southwest corner of Wabash avenue and Adams street, formerly the Langham Hotel, and this will be the location. It has a frontage of eighty feet on Wabash avenue and 180 on Adams, and when reconstructed will be six stories in hight. The firm expects to carry a stock of abont $1,000,000, embracing every department of dry goods carpets and upholstery. Buyers will be sent abroad at once, as considerable time will be required to get together a suitable stock. It is the intention to be ready for business by August or September.

REFORM-SHOOL PROPERTY.

The bill filed some time ago by Augustus French against Ira McCord, the board of county commissioners, and the county of Cook, to restrain Adam Ochs, than president of the board, from executing a deed of the reform school property to Ira McCord, was dismissed before Judge Garnett on motion of the complainant's solicitor, without prejudice. French was a bidder for the property when it was offered for sale by the county board. He bid $55,000, but it was claimed that his bid was not made in accordance with the reqnirements, in that a certified check, as an earnenst of good faith, did not accompany it. The sale was therefore made to McCord, who only bid $51,000. A preliminary injnnction was issued by Judge Garduer, a supplemental bill had been filed in the case, and the suit was to be put on trial Tuesday, when Wallace Beckman, representing French, appeared and had the bill dismissed, without explanation. County Atty. Law knew nothing of the dismissal, but some of the county commissioners, who were defendants in the case explained the action by the inference that French concluded he had no case.

Since the dismissal of the above suit to restrain, other tax-payers have filed another bill to prevent the consnmmation of the deal.

WONDERS OF CHICAGO.

We wonder why there is so much smoke and so little fire in the common council and the law department. We wonder why the bridges cannot he begun now or in early spring. We wonder what the mayor will write about to the Governor next. We wonder what the Illinois Central R. R. Co.'s attorneys are thinking about concerning the lake front question. We wonder what they want to build an elevated railroad on Washington Boulevard for, when Lake street is so much wider and better for it, and the street cars on said Lake street seldom run on time. We wonder why the Park Commissioners do not take the hint! We wonder why a pudding head can get an office in Chicago, when intelligence oft-times goes a-begging.

We wonder what Buck McCarthy, who is county commissioner, thinks of the Recorder's office and the abstract imbroglio. Wonder what the Tribune is goiug to do about it!!

OPPOSING ASSESSMENTS.

A large meeting of property-owners of the Eighth Ward was held at West Side Turner Hall to remonstrate against the assessment against property on Jefferson street between Harrison and Twelfth for the widening of that thoroughfare. Fully 300 of those interested were in attendance, John Lussem presided and Jacob Walsh acted as Secretary. Ald. Redmond Sheridan in a speech stated that from the result of his investigation made among the records of the law department he had formed the opinion that the only thing left for the property-owners to do was to take measures for the repeal of the assessment. Louis Preckler suggested that a committee be appointed to visit the Council and obtain a repeal of the ordinance. Several other property-holders spoke against the assessment, and as a result the following committee was appointed to wait on the Common Council and procure a stay of proceedings pending a confirmation of the assessment by the conrts: Thomas Walsh. Mathias Cooney, and Joseph Kerstner. The meeting then adjourned until Tuesday evening. The committee met Ald. Sheridan at 2 o'clock Monday fternoon in the City Clerk's office.

Property in Dispute.

Miuueapolis property-holders are very much interested in a case now being prepared for an appeal from the Superior to the Supreme Court. The action is by Sara J. Sanborn and Maria Hoge and Willian Peters. and is one of ejectment. The original case was begun in 1882, and the ruling of the Superior Court involves over $2,000,000. The present case, to be a test one, is brought on Lot 8, Block 38, Bassett & Moor's Addition. The defendants put their claim on a tax-title holding from 1863. The plaintiff's claim is based on a mortgage-foreclosure sale. The point involved is whether the title is based on the act of 1858 or 1862. The former, the defendants claim, touches the case as applying to redemption sales, while the latter act is on judicial sales. In the District Conrt trial of the action in 1884 Judge Young held, probably by a subsequent euactment of 1883, in favor of the plaintiff. The act of 1883, here in questiou. makes the Sheriff's certificate giveu in 1863 valid and title-bearing.

Suburban Improvements.

HYDE PARK.

Ordinances were passed for a brick sewer in State street, from Forty-fifth street to Forty-seventh street;

For fifty gas lamp-posts on Cottage Grove avenue from Thirty-ninth to Forty-seventh street;

For granting certain rights to the South Chicago and Southern R. R. Co. was referred to the Judiciary Committee;

[The West Division Railway Company pays $70,000, and the appropriat'n last year was $65,000.]	
Repairs of viaducts	17,500
Viaduct Indiana street	40,000
Viaduct Twelfth street	68,620
[The railroads pay $61,380, and there has already been appropriated $55,000]	
Viaduct Lake street	15,000
Ogden Dam	6,000
Canal pumping-works	45,000
Fullerton avenue conduit	21,500
Washington street tnnnel	11,000
LaSalle stseet tunnel	11,500
River	23,320
Salaries	14,100
Bureau of Sewers—	
Cleaning sewers and catch-basins	38,000
Raising man-holes and catch-basins on streets to be graded and paved	35,000
Extending sewer on Armitage avenue from North avenue to Augusta street and Humboldt Park	80,000
Sewer on Hamlin avenue from Twenty-second to Kedzie	51,000
Extension of general system	150,000
Refunding amounts advanced	12.187
Salaries	22,410
Bureau of Streets—	
Cleanitg 517 miles of improved streets	222.345
Cleaning uninproved streets	120,000
Repairs	47,600
Salaries	29,920
Sidewalk intersections	15,000
Parks	6,600
Maintenance of public buildings	65,600
City-Hall construction	72,500
Bureau of maps	6,675
Street intersections	750,000
Salaries	19,000
Commissioner's office salaries	5,560
Total	$2,287,544

FIRE DEPARTMENT.

Salaries	$557,898
Repairs of apparatus	28,666
Miscellaneous expenses	9,000
New material	28,666
Supplies	85,168
Fire-alarm telegraph(this includes $23,620 for extending the under ground system)	45,585
Fire-boat	32,000
New apparatus	138,025
Total	$864,312

This includes the need of lots for engine houses as follows:

Lot in the vicinity of Kedzie avenue and Lake street, and new houses in the vicinity of Thirty-third court and Ashland avenue, Thirteenth street and Oakley avenue, and on East Ilinois street.

POLICE DEPARTMENT

The Cheif of Police asks for new stations at Stanton and Warren avenues, Eagle and Thirty-fifth and Forest avenue.

Salaries	$1,125,711
Miscellaneous	93,613
New sites and buildings	24,000
Total	$1,243,525

HEALTH DEPARTMENT.

The Commessioner of Health wants thirty-six instead of twelve tenement-house inspectors, and 200 scavenger teams—an increase of fifty, making the cost $219,000. He asks for $320,760.

CONSTRUCTION NOTES.

Sealed Proposals for Constructing Public Building.

Sealed proposals for the furnishing of materials and construction of the Colorado state capital building at Denver, Colorado, under the act of the general assembly, approved April 1, A. D. 1885, are invited by the Board of Capitol Managers until Saturday, February 20, 1886, at 12 o'clock noon. Plans, specifications and instructions to bidders may be seen after January 8, 1886, at the office of the Board of Capitol Managers. at room No. 4, Barclay block, Denver, Colorado. Proposals must be submitted for the entire work. Proposals are required to be submitted on the schedule blanks and accompanied by a copy of the instructions to bidders, both of which, together with copies of the act aforesaid, will be furnished to intending bidders upon application to the secretary of the Board. All bidders will be required to furnish bond and security, or a certified check, payable to the order of the Board of Capitol Managers, equal in amount to 2½ per cent, of the bid submitted, which bond or certified check will be forfeited to the Board in the event of the failure or refusal of the bidder to enter into a contract with the Board should his bid be accepted. For the materials used in the constructian of said building, preference will be given to those found in the state of Colorado, provided the same can be procured in said state as cheaply as other materials of like quality in other localities. All bids must be sealed and endorsed "Proposals for State Capitol Building," and addressed to the Board of Capitol Managers Denver, Colorado. For further information apply to the Secretary of the Board at the office in Barclay block.

BENJAMIN H. EATON,
Governor and ex officio Chairman Board of Capitol Managers.
Attest: GEORGE T. CLARK, Secretary.

Sealed proposals will be received by the undersigned up to 3 o'clock p m. Wednesday February 3, 1886, for the labor of from 200 to 250 convicts. Contracts to run not less than three nor morethan eight years. Bidders stating for what length of time they wish to contract the labor, the character of employment, number of convicts desired, whether bidders will furnish power, or desire it furnished by the state, amount of power desired. All proposals must be sealed, marked, "proposals for convict labor," and addressed to J. P. Roberts, secretay of the board of commissioners southern Illinois penitentiary, Chester, Ill, The bids will be opened at the prison at Chester, Ill., at 3 o'clock p m., February 3, 1886; in the presence of bidders. Bids must be accompanied by bond of $5,000 conditioned that if the contract be awarded to bidder he must enter into the same with good bonds for its due performance. The commissioner reserves the right to reject any and all bids. Full particulars may be obtained by addressing J. P. Roberts, secretary board of Commissioners, Mound City, Ill., or G M Mitchell, Warden, Chester, Ill.

Erie street paving, between Monroe and Adams street.

Sealed proposals will be received by the undersigned, up to 12 o'clock at noon of Monday, the 8th day of February, for improving Erie street, from the northeasterly gutter line of Monroe street to the southeasterly gutter line of Adams street, by grading the same and paving the central thirty-six (36) feet thereof weth Medina or other suitable stone, together with the nec essary drainage, crosswalks, curbing, etc.

Said work to be paid for in an assessment. upon the lots and lands bounding and abutting upon said improvement in proportion to the front, payable to the contractor or assigns in two installments, one half in ten days after confirmation, and remainder in one yesr there-after.

P. A. McGahan.
City Clerk. Toledo.

Sealed proposals will be received by the undersigned up to 12 o'clock at noon of Monday, the 8th day of February, 1886, for improving Collingwood avenue from the southwesterly line of Jefferson street to the northeasterly gutter line of Ashland avenue, by grading the same in its full width and paving the central thirty feet there of with Trinidad asphalt, having a concrete foundation together with the necessary curbing, drainage, etc.

P. A. McGAHAN,
City Clerk, Toledo.

How to Decorate.

A very attractive screen panel shows a profusion of golden oranges, small green oranges and orange blossoms painted in oil. Another screen has three panels of bamboo matting, on the natural tint of which are painted branches laden with apples in russet and olive bronzes.

Little Chinese or Japanese bowls are used at luncheons instead of cups for bouillon.

If bare floors with rich rugs are objectionable, it is better to have the carpet made leaving a margin of a foot or two of the floor uncarpeted, not only because it adds to the general appearance of the room, particularly if it is bordered, but because it can be more frequently removed.

In selecting curtains and draperies for any room great care should be exercised. They should harmonize in both color and texture with the upholstering in the apartment, and should be either lighter or of a decidedly contrasting color from the carpets.

Copper framer of beveled-edged mirrors admit of many styles of enrichment; oxidized silver candelabra attached to these and treated conventionally have an elegant effect.

Dinner and tea tables are no longer restricted to white, but all sorts of colors are noticeably mixed together with harmony.

THE RECORD.

(See table of Future New Buildings, Fourth Page).

BUILDING PERMITS.

Armitage st, at No 149, Alex Schuster, cottage 20x50—$800.
Blue Island ave, at No 428, C Nutt, one-story shop, 24x50—$1,000.

NOTICE
TO
Real Estate Ag's
AND
Property
Buyers.

THE REAL ESTATE AND BUILDING JOURNAL has undertaken to publish a Classified List (bona fide) of

Select Property for Sale.

The LEADING AGENCIES are requested to give the subject some thought, and then let us know of their APPROVAL or OBJECTIONS.

The JOURNAL is known and recognized as a reliable reference record as regards real estate transactions.

Frequent inquiries are made at our office for a list of property for sale, by unthinking, honest people, who are in quest of a home or a piece of business property. Some of the leading capitalists, whose names are on our subscription lists, have expressed their approval of just such a scheme.

NO RELIABILITY can be placed in many of the long lists of "for sale" in the Sunday papers, because the same piece of property is listed by more than one and the "bulk" of it can not be "delivered." The plan proposed is as follows: The List will be alphabetically arranged and classified by Streets and Towns—the Improved—the Un-improved, etc., etc. This list will be composed of carefully prepared descriptions from reputable agents, and NOTICES INSERTED IN HOME AND FOREIGN PAPERS to the effect that such a classified list can be found in the REAL ESTATE AND BUILDING JOURNAL, and as we now know hundreds will call for the list because it will be reliable.

Agents can elect whether they wish to pay 10 cents a line for their list or pay a commission when the property is sold.

Each Agency will have a Box No. arranged in an Index Book, and when a proper person comes along to buy, he will be introduced to the Agents. If he is only a tool or a curb stone broker, he will probably not be "brought round." The JOURNAL will not transact a real estate business exactly, but if it can find a suitable buyer, the agent who is our best friend, will be glad to sell to him and pay us for our trouble. In no case will we do any "undermining" or allow it if we can help it. We will introduce the "bona fide" purchaser, and let the "scalpers" take a walk. Thus we will weed out the bad ones for you.

By this method fewer opportunities will be afforded to "parasites" to impose on legitimate dealers, because just as soon as we learn that the Agentgiving us the list, has not the full control of the property, that property will be dropped, nor will we be concerned about the "title." If it is not acceptable, then the trade will not go through and we will not ask for our part of the commission.

This feature of the JOURNAL will be advertised all over the country, and will have a twofold effect in drumming up buyers.

Prepare your lists and send them in; it will cost nothing, unless you sell to the man we introduce, in case you do not elect to pay 10 cents a line.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY

By reason of its central position and close relation to all principal lines East and West, at initial and terminal points, constitutes the most important mid-continental link in that system of through transportation which invites and facilitates travel and traffic between cities of the Atlantic and Pacific Coasts. It is also the favorite and best route to and from points East, Northeast and Southeast, and corresponding points West, Northwest and Southwest.

The Rock Island system includes in its main line and branches, Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns, villages and stations.

THE GREAT ROCK ISLAND ROUTE

Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed; smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human skill can make it; the safety appliances of patent buffers, platforms and air-brakes; and that exacting discipline which governs the practical operation of all its trains. Other specialties of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and luxuries of its Passenger Equipment.

The Fast Express Trains between Chicago and the Missouri River are composed of well ventilated, finely upholstered Day Coaches, Magnificent Pullman Palace Sleepers of the latest design, and sumptuous Dining Cars, in which elaborately cooked meals are leisurely eaten, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Kansas City and Atchison, are also run the Celebrated Reclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE

Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and British Provinces. Over this route, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and hunting and fishing grounds of Iowa and Minnesota. It is also the most desirable route to the rich wheat fields and pastoral lands of interior Dakota.

Still another DIRECT LINE, via Seneca and Kankakee, has been opened between Newport News, Richmond, Cincinnati, Indianapolis, and Lafayette and Council Bluffs, Kansas City, Minneapolis and St. Paul and intermediate points.

For detailed information see Maps and Folders, obtainable, as well as Tickets, at all principal Ticket Offices in the United States and Canada; or by addressing

R. R. CABLE,
President and General Manager, Chicago.

E. ST. JOHN,
General Ticket and Passenger Agent, Chicago.

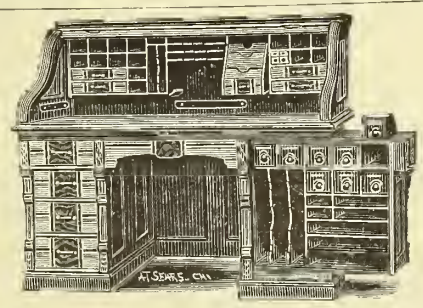
J. J. WADE'S
WASH TANK
AND ALL-PORCELAIN
WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

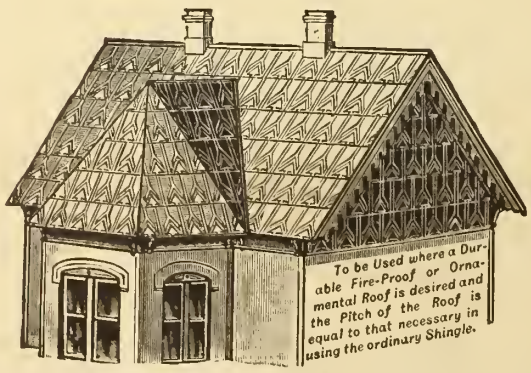
Bet. Madison and Monroe Sts., **CHICAGO.**

☞ Repairing of all kinds promptly attended to.



NATIONAL SHEET METAL ROOFING CO.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

—TIN—SHINGLES—

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.**

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

OFFICE
OF THE
Real Estate and Building Journal.
121 Fifth Avenue, CHICAGO.

Taxpayers

are interested in improvements ordered by the Common Council, where assessments are levied. Therefore examine our table on 4th page.

Contractors and Builders,

looking for contracts, should scan the table on page 4, which shows all that is required pertaining to Buildings to be erected.

Dealers in Building Material,

including Builders' Hardware and every thing else which enters into the construction of houses, should also look at the Table of future New Buildings.

Architects and Owners

will find correct information on prices of all building material in our Tables of Markets, as well as the work laid out for the future, and the work in prospect.

Real Estate Agents and Buyers

will find our classified lists of sales alphabetically arranged by Streets and Towns, of great service to them in determining values.

Lawyers,

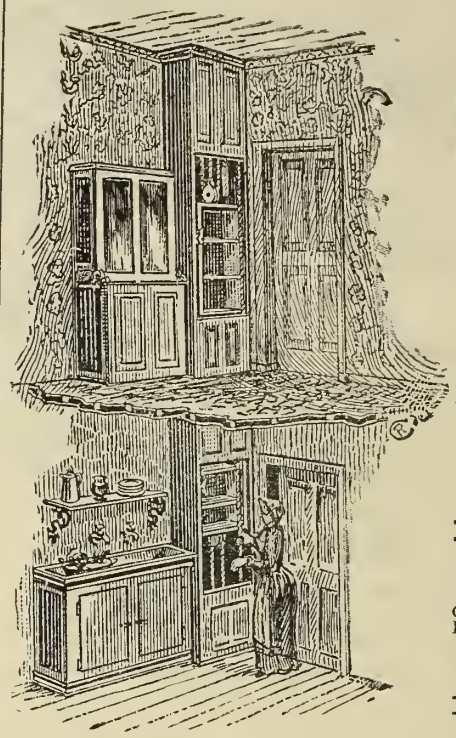
having business of a real estate nature, should read our columns of ADVERTISED SALES and FORECLOSURES.

Merchants and Manufacturers

giving credit, should give close attention to the lists of MORTGAGES, JUDGMENTS, BILLS OF SALE and TRUST DEEDS, as they are so classified as to be of value as a reference record in "looking up" Debtors.

This JOURNAL

contains more valuable information than any other newspaper published in Chicago and



Is a Guide to Investment

and

A Protection to Credit.

Subscribe for it! It only costs $4.00 a year, and it may make you rich.

CHICAGO, SATURDAY, FEB. 6, 1886.

Our Real Estate Board.

ITS THIRD ANNUAL BANQUET.

Tne rapid growth of Chicago was made evident by the large attendance and the superbness of the Third Annual Banquet of the Real Estate Board, held at the Palmer House, Thursday evening.

About 200 guests, nearly all of whom were representatives of various agencies, engaged in selling real estate in Chicago. The menu was excellent and the floral decorations were rich and elegant. The first consisted of eight courses of viands to allure the taste, and confectionery, choicest fruit, etc. Mr. E. A. Cummings presided over the feast.

The Banquet Committee were: W. L. Pierce, S. M. Parish and N. T. Gasette, and the Reception Committee, Lyman Baird, Henry C. Morey and Wm. A. Merigold.

When the feast was over, the president made a speech of welcome. The toasts were responded to as follows:

"Our Guests," by Hon. Thos. B. Bryau; "The Honest Agent," by Willis G. Jackson; "The Factor between Landloard and Tenant," W. W. Baird; "The Real Estate Owner," Fred. W. Peck; "Chicago, the City in which we Live," Hon. Carter H. Harrison; "The Law," Gen. I. N. Stiles; "The Chicago Real Estate Board, Conservator of the best Interests, etc," Norman T. Gasette; "The Last Words," Rev. Dr. G. C. Lorimer.

It was both amusing and edifying to listen to the allusions of speakers to eachother, especially between Gen. Stiles and our mayor, and between Dr. Lorimer and the latter—the law and order question coming plainly to the front.

The Bauquet was a decided success; the feast was superb and elaborate, the programme attractive and interesting, and the whole affair reflects great credit upon our Real Estate Board.

The following is a partial list of those present:

Edwin R. Rundell, P. Baden, R. C. Smyers, Charles J. Holmes, E. S. Dreyer, J. F. Lyon, Pleasant Amick, H. J. Christoph, W. F. Lubeke, Frank Riedle, Eli Smith, E. D. Reiners, Robert C. Givens, F. H. Vallette, Hon. H. H. Cody, Jesse Holdom, James H. Gilbert, William A. Ewing, Edward Wentworth, Charles S. Read, J. M. Burrows, Thomas E. Patterson, Josiah L. Lombard, W. C. Coffin, J. F. Bird, C. A. Drew, J. D. Schrock, F. M. Clarke, H. M. Garlick, Johu V. Hair, George J. Morly, W. H. Phare, Alfred Nixon, C. F. Taylor, G, A. Springer, Nelson Thomasson, C. H. Pierce, Chas D. Martin, Geo. L. Merriam. C. L. Hammond, Lumley Ingledew, Jacob C. Magill, E. A. Linn. H. Goldy, Jerome J. Danforth, F. C. Vierling, A. D. Hyde, H. H. Gage, Samuel Polkey, James A. McLane, J. C. Sampson, F. H. Henshaw, Charles E. Kotz, James H. Gilbert, Jesse Holden, Mr. Phillips, Mr. Vallette, J. W. Harlin, A. C. Thomson, A. B. Mead. Geueral J. B. Leake, Lyman Baird, Henry Morey, William D. Kerfoot, Rev. George C. Lorimer, Mayor Harrison, E. A. Cummings, General J. N. Stiles, Thomas B. Bryan, Henry L. Hill, Samuel Gehr, F. W. Spriuger, W. N. Springer, O. M. Wells, John M. Secrist, Oscar H. Secrist, E. W. Zauder, D. W. Eldred.

The regular monthly meeting of the Real-Estate Board was held Wednesday, February 3. There was a larger number of the members present than usual, owing to the consideration of several important matters of business.

Six new members were received—H. J. Christoph and E. S. Pease as associate, and W. N. Springer, J. N. Young, N. Thomasson and E. C. Waller as regular members.

The contract for exclusive agency was drawn up and accepted, and arrangements for printing ordered.

M. R. Barnard, Chairman of the Committee for the re-drafting of the Constitution, reported several slight changes. One thou sand copies of the constitution were ordered printed.

An amendment was offered by Mr. Barnes to be considered at the next meeting, the purport of which was, "to deny members who did not pay their dues within a certain time, the privilege of voting, and when such dues should amount to membership fee, to forfeit said membership and sell to highest bidder." Several other amendments were offered for consideration at the next meet ing.

W. W. Baird resigned his position on the Real-Estate Call Board, owing to business interests requiring all his attention.

Norman T. Gassette was elected to fill his place and accepted the position with an appropriate address.

Among the most important business transacted was the adoption of resolutions offered as follows by Mr. Bond:

RESOLVED, That this Board does deprecate and denounce any and all efforts to dispose of the abstract books now in the possession of and used by the County Recorder, by lease or otherwise; believing that those books should remain in the possession of the county authorities and under their control to the end that the public may have, as a matter of right, access to them for the purpose of procuring information at a moderate cost, and that a lease or other disposal of the books would prevent or subvert that desirable condition, and might lead to the establishment of a monopoly of the abstract business in this county, to the obvious detriment of all dealers in real estate, but particularly of those who buy small lots for their own occupancy and of those who sell similar lots to such purchasers; and be it further

RESOLVED, That we will cheerfully and heartily co-operate with the Citizens' Association in any lawful endeavor they are making for the purpose of preventing the lease or sale of the abstract books in question, or any part thereof.

RESOLVED, That a committee of 5 be appointed to co-operate with the Special Committee of the Citizens' Association in this matter.

The following were the committee appointed:

WILLIAM A. BOND.
LYMAN BAIRD,
H. C. MOREY.
M. R. BARNARD,
W. G. JACKSON.

The closing business was the presentation, by R. C. Givens, with one of his appropriate and characteristic speeches, of a beautiful and expensive marble clock, with three bronze figures, to Lyman Baird, the retiring President of the Board. Inscribed on a gold plate attached to the clock was the following: "Presented to Lyman Baird by Chicago Real-Estate Board, as a testimonial of his faithful, efficient and intelligent administration as President." Ex-President Baird thanked the Board very heartily for the beautiful token of their esteem and friendship, and hoped to be ever found working for the best interests of the Real-Estate Board.

The meeting was then adiourned till Feb. 13, at 12:30 o'clock.

OUR PUBLIC LAND LAWS—TO BE REPEALED.

Petitions and complaints have inspired the Senate bill. The Senate Committee on Public Lands has received scores of memorials, petitions and complaints, relative to the mismanagement and abuses of the present system. The object of the proposed new law is designed: (1) to protect the public domain; (2) to protect the valid rights of bona fide claimants.

The text is as follows:

A BILL TO REPEAL ALL LAWS PROVIDING FOR THE PRE-EMPTION OF THE PUBLIC LANDS, THE LAWS ALLOWING ENTRIES FOR TIMBER CULTURE, AND FOR OTHER PURPOSES.

SEC. 1. BE IT ENACTED, That Sec. 2.229 and Sec. 2,301 and Chapter 4 of Title 32, exepting Secs. 2,276, 2,283, 2,286 and 2,288, of the Revised Statutes of the United States are hereby repealed: Provided, however, that the repeal shall not affect any valid rights heretofore accrued or accruing under said laws, but all bona fide claims lawfully initiated before the 1st day of July, 1886, may be perfected, upon due compliance with law, in the same manner, upon the same terms and conditions, and subject to the same limitations, forfeitures and contests as if this act had not been passed; that all entries heretofore made under the Pre-emption laws on which final proof and payment heve been made, and to which there are no adverse claims, and which have been sold to innocent purchasers, have been confirmed and patented upon presentation of satisfactory proof to the proper department officer of such sale; and provided further, that any person who has not heretofore had the benefit of the Pre-emption law, and who has failed from any cause to perfect title to a tract of land heretofore entered by him under the Homestead law, may make a second homestead entry, in lieu of the pre-emption privilege hereby repealed, but this provision shall not apply to persons who shall perfect title to lands under the Pre-emption or Homestead laws under proceedings already initiated; and provided further, that all outstanding certificates of deposit on account of surveys heretofore issued under the provisions of Secs. 2,401, 2,402 and 2,403 of the Revised Statutes and acts supplemental thereto shall be receivable as cash (except for fees and commissions), in the disposal of public lands, at the land offices at which such certificates are now receivable in commutation of homestead and pre-emption rights.

SEC. 2. That an act entitled "An act to amend an act entitled an act to encourage the growth of timber on Western prairies," approved June 14, 1878, be and the same is hereby repealed: Provided, that this repeal shall not affect any valid rights heretofore accrued or accruing under said laws, but all bona fide claims lawfully initiated before the 1st day of July, 1986, may be perfected upon due compliance with law in the same manner, upon the same terms and conditions, and subject to the same limitation, forfeitures and contests as if this act had not been passed.

SEC. 3. That Sec. 2,275 of the Revised Statutes be amended so as to read as follows: "Where settlement with a view to pre-emption or homestead has heretofore been made, and where settlement with a view to homestead shall hereafter be made before the survey of the lands in the field which are found to have been made on Secs. 16 or 36, those sections shall be subject to the pre-emption or homestead claim of such settler, and if they or either of them have been or shall be reserved or pledged for the use of schools or colleges in the State or Territory in which the lands lie, other lands of like quantity are appropriated in lieu of such as may be patented to pre-emption or homestead settlers; and other lands are also appropriated to compensate deficiencies for school purposes where Secs. 16 or 36 are fractional in quantity, or where one or both are wanting by reason of the township being fractional, or from any natural cause whatever."

SEC 4. That an act to provide for the sale of desert lends in certain States and Territories, approved March 3, 1877, is hereby amended so as to read as follows:

"SEC. 1. That it shall be lawful for any citizen of the United States, or any person of requisite age who may be entitled to become a citizen and who has filed his declaration to become such, to file a declaration, under oath, with the Register and Receiver of the land district in which any desert land is situated, that he intends to claim a tract of desert land not exceeding one-half section, by conducting water upon the same, within the period of five years thereafter: provided, however, that the right to the use of the water by the person so conducting the same on or to any tract of desert land of 320 acres shall depend npon bona fide prior appropriation, and such right shall not exceed the amount of water actually appropriated and necessarily used for the purpose of irrigation and reclamation, and all surplus water over and above such actual appropriation and use, together with the water of all lakes, rivers and other sources of water supply upon the public lands and not navigable, shall remain and be held free for the appropriation and use of the public for irrigation, mining and manufacturing purposes subject to existing rights. Said declaration shall describe particularly said half-section of land, if surveyed, and if unsurveyed shall describe the same as nearly as possible without a survey. At or after the expiration of the period of five years after filing said declaration, upon making satisfactory proof to the Register and the Receiver of the reclamation of not less than one-half of said tract of land in manner aforesaid, and that he or she is a citizen of the United States and has for such a period of five years resided upon and cultivated said tract, and that no portion of the same has been alienated except as provided in Sec. 2,288 of the Revised Statutes, a patent for the same shall be issued to him or her: Provided that the party filing upon the lands under this section shall make his residence upon the same within twelve months after such filing, which residence shall thereafter be continuous; and any failure to reside upon said lands thereafter for a period of more than six months shall work a forfeiture of all rights under said filing and settlement: Provided further, that no person shall be permitted to enter more than one tract of land, and not to exceed 320 acres, which shall be in compact form.

"SEC. 2. That all lands, exclusive of timber lands and mineral lands, which will not without irrigation produce some agricultural crop, shall be deemed desert lands within the meaning of this act, which fact shall be ascertained by proof of two or more credible witnesses under oath, whose affidavits shall be filed in the land office in which said tract of land may be situated.

"SEC. 3. That this act shall only apply to and take effect in the States of California, Oregon, Colorado and Nevada and the Territories of Washington, Idaho Montana, Utah. Wyoming Arizona, New Mexico and Dakota, and the determination of what may be considered desert land shall be subject to the decision and regulation of the Secretary of the Interior: Provided, that this act shall not affect any valid rights heretofore accrued under said act, but all bona fide claims heretofore initiated may be perfected upon due compliance with the provisions of said act, in the same manner, upon the same terms and conditions, and subject to the same limitations, forfeitures and contests as if this act had not been passed."

SEC. 5. That hereafter no public lands of the United States not heretofore offered at public sale, except abandoned military or other reservations, isolated and disconnected fractional tracts authorized to be sold by Sec. 2,455 of the Revised Statutes, and mineral and other lands, the sale of which at public auction has been authorized by acts of Congress of a special nature, having local application, shall be sold at public

(Continued on page 87).

BUILDING NEWS.

COUNTRY.

Richmond, Ind.—A $35,000 church will be erected here in the near future.

About $10,000 will be expended on new buildings and the grounds of St. Thomas Seminary this year.

Architect Hodgson & Stem report brick and stone court house, at Albert Lea, Minn., to cost $45,000.

Janesville, Wis.—A $25,000 G. A. R. hall is to be built next season. Plans are now being made.

Colorado Springs, Col.—Mr. H. H. Hall has plans for a 2-story stone residence, 48x52 feet, at a cost of $12,000.

Sioux City, Iowa.—A new Chamber of Commerce bnild ing is to be erected here next season at a cost of $25,000.

Dubuque, Iowa.—Mr. G. L. Torbert has plans for a block of six 2-story brick stores, 102x55 feet, at a cost of $10,000.

The seed-house of D. M. Ferry & Co., of Detroit, will immediately rebuilt their warehouse destroyed by fire on New Year's day.

Omaha is calculating on building a new City Hall, a Board of Trade building, three new Bank buildings, and a Y. M. C. A. building, in 1886

The Missouri State Insane Asylum, a building to be five stories high and 60x380 feet, will be built at Nevada Mo., at a cost of $200,000.

The Wm. Widdecomb block will be erected at Grand Rapids, Mich. It will be six stories and basement; cost $125,000. S. J. Osgood is the architect.

New York.—The new buildings for which plans and estimates have been prepared for this year are about 137 in number, at an average cost of $2,200,000.

Fairmount, Minn.—The school-board of this place has decided to erect a new $12,000 school house, which will be commenced with the opening of spring.

Devils Lake, Dak.—Over one hundred thonsand dollars have been expended in improvements in this city during the past year. A large elegant hotel will be erected here next year.

St. Mary's Township, Minn.—The Catholic church, near Janesville, recently destroyed by fire, will be rebuilt as soon as the insurance is adjusted. The new structure will probably cost $25,000.

Edina, Mo.—Knox Co. is building a Court House. It will be three stories with tower, stone and brick wall, iron walls, iron roof, and cost about $114,000. Dawson & Anderson, of Des Moines, Iowa, are the builders.

Plans have been filed for the erection of an eight-story structure at Nos. 34 and 36 Wall street, New York, to be occupied by the Gallatin National Bank and also to be used for office purposes. The cost is placed at $350,000.

Montevedio, Minn.—The Western Minnesota Seminary has voted to procure a site for a new College building, have plans drawn and be ready for active work on the structure in the spring. The building will probably cost $30,000.

BUILDING DEPARTMENT.

SANITARY HOUSE INSPECTION.

In "Gerhard's Guide," the necessity for Sanitary House inspection is plainly pointed out, as follows:

"Wherever we find that a house has settled considerably, owing to poor foundations, and exhibits walls full of cracks; wherever the brick work is laid with the poorest kind of mortar; wherever the outer walls appear wet or splashed, owing to window-sills that do not project beyond the walls, and are not grooved on the under side so as to throw the water clear of the walls; wherever the plastering is unsatisfactorily done, and does not show well-planed and true surfaces; wherever the floor-boards are loose, or show wide cracks favoring the accumulation of dirt and dust, and forming harboring places for vermin; wherever door frames are out of plumb, and doors, windows, and shutters constructed of unseasoned wood, with panels full of cracks; wherever gas-fixtures hang out of plumb, or rattle with every footstep, owing to insufficient strength of the joists; wherever locks refuse to work, window sashes stick and sash ropes are torn; wherever the paint soon scales or wears off; wherever the cold-air box is constructed of a poor material, with a multitude of cracks and crevices; wherever hot-air flues are insufficient in size, and carried close to unprotected wood work; wherever, finally, the whole plumbing job appears to be "scamped,"—there we may, with a tolerable degree of certainty, assume that sanitary considerations have been neglected, and sanitary work but imperfectly done, even if the building and health regulations have, to all superficial appearance, been complied with."

CONRTRUCTION NOTES.

Proposals for building State Capital at Denver, Col., not later than Feb. 20th will be received; plans at the office of the board of capitol managers, R 4, Barclay Block; bids must be for the entire work. submitted on schedule blank accompanied by a copy of instructions to bidders, all of which will be furnished on application to the Secretry of the Board. Bond and Security or a certified check equal to 2 ½% of the bid marked "Proposals for State Capitol Buildings" Board of Capital Managers, Denver, Col.

Sealed proposals for furniture at the office of the Board of Education of Chicago til Wednesday Jan. 27 at 8 P. M. seats and desks, etc, for the following buildings will be received: Brainard School, Cooper School, Grant School, Froebel School Cottage Grove School, Healy School all fifteen rooms buildings except Cottage Grove but nine rooms. Address "Paul O Stensland, Committee on Apparatus and furniture".

A MODEL
MEAT MARKET.

A meat dealer good at any place,
Is indeed an acquisition;
Where e'er is seen most every trace
Of cleanliest condition.

At William Davidson's best steaks are cut,
Indeed with the greatest ease;
Of either Porter-house or Round.
In a manner sure to please.

And oh! such roasts, his are of fame,
Of either kinds of meats,
That brings to him a goodly name;
With best all around he greets.

He keeps the best of pork and mutton,
As well of veal and finest lamb;
And of pure meats he sausage makes,
And cured most fine he has of ham.

Of game he has the various kinds,
To suit the most fastidious minds;
At prices, too, indeed so low,
That patrons round to his place go.

Then go there every one and all,
For if on him you once but call,
The satisfaction he will give,
Will be remembered while you live.

THE MARKET.

The indications of the past week tend to further strenghten the opinion already held by so mauy of our agents that the present year will afford the nearest to a boom in Chicago real estate than has been seen for many years.

Central business property is stronger than usual and is being sold at an advance of at lest 10% over last years prices at this time. This property is certain to increase over present prices 10 to 15% during the coming year. The fact that the property is passing into strong hands indicates that new locations will be rapidly developed for business purposes.

The property north and west will show greater improvement, it is believed, than towards the south. The Adams Street Railway will have its effect in developing Adams street as a business street and will no doubt have the right of way to Western ave. and from there to the Park, as such grants are now given by the Council with so little regard for the property owners. The new charter obtained by a street railway company for Washington street through the tunnel to Desplaines, then to the south and west, will open up new property in that locality of the West Side.

The largest transfer of the week was made by Isham & Prentice of the followiug:

Hannah Busby to Norman B. Ream the Busby Block, on the east side of Dearborn street, between Randolph and Lake, for $210,000, and takes in part payment the

North Side and Lake View property a specialty.

Woodruff Hotel, on the southeast corner of Wabash avenue and Twenty-first street, the value of the latter property being set down at $125,000. The Busby Block is a very substantial building with stone front. It is six stories high, sixty-two feet on Dearborn street, and for most of the distance 161 feet deep. The Woodruff Hotel is seventy feet front, 119 feet deep and five stories high. With it goes a stable, nearly in the rear of the hotel, 75x50 feet.

C. J. Hambleton & Co. report the following recent sales: 1325 Michigan ave., house and lot, for $8,000. House and lot on Wentworth ave. near 48th st., for $2,500. Lot on 51st court near Halsted st., for $480. Two lots on May street near 52d, at $300 each. Lot at Parkside, for $350. Three lots on School street near 52d, at $500 each. Cottage and lot at Moreland, for $900. Two lots on West Lake street at Moreland, at $700 each. Lot on Halsted street near Belmont ave., for $100.

ADVANCEMENT IN SOUTH SIDE RESIDENCE PROPERTY.

Less thau four years ago Mr. W. S. Walker bought forty feet with two frame buildings on Prairie ave., near Twenty-eigth street, for $10,000. He has just sold the same property to Mr. A. C. Bartlett of Hibbard, Spencer & Bartlett, for $18,500.

Mary W. and O. R. Keith sold to N. B. Ream 83x177½ feet on Prairie ave. between 18th and 20th streets, at No. 1901, for $140,000; and A. B. Ream sold to Mary W. Keith 60x120½ feet or No. 20 Groveland ave for $60,000.

Connecticut Mutual Life Insurance Co. sold to Henry S. Northrop et al 22x160 feet on Clark street, 70 feet south of Randolph, for $60 500.

ACRE SALE.

Raspin R. Cherry sold to Sam'l P. Parlmley 40 acres (except railroad) on the southwest corner of 71st and Wallace streets, for $60,000.

TAX-PAYERS VERSUS PARK COMMISSIONERS.

More than 200 property-owners have organized to fight the assessment for the Lake Shore Drive or for its extension from Oak to Pearson street. Some time ago the Lincoln Park Commissioners levied a still larger assessment for a similar purpose, but were compelled to withdraw it on account of opposition from property-owuers, with the

J. J. DANFORTH, President. W. J. WILCOX, Secretary. C. C. BROOMELL, Treasurer.
COOK COUNTY ABSTRACT COMPANY.
128 Washington St., (opposite Court House).

understanding however, that the City of Chicago should surrender to the Lincoln Park Commission for boulevard purposes Pine street, from Oak street to the Water-Works, and with the further understanding that the surrender was in lieu of any further assessment for Lake Shore drive improvement or additions.

The Park Commissioners are determined to enforce the assessment and have engaged counsel for the purpose. As soon as the matter comes before the county court, the inequalities and injustice will be smoothed over and the assessment allowed to go through.

It is claimed that at present Pine street, between Oak and Pearson, is not desirable for residences on account of the freqnent washings out of the road by storms. The improvement proposed would add materially to the value of the abutting property--$100 to $150 a foot, perhaps—and adjacent property would increase in proportion to its nearness. owing to the making of this strip a first-class residence neighborhood. The man who owns a lot at the corner of Ohio and Dearborn streets, and the one who owns twenty-five feet at North avenue and Dear born, both twelve blocks off, will not get much sleep if they try to figure ont their proportions of the rise in values. The Commissioners admit that the improvement will not benefit any other portions of the North Side, and hence say it would be unfair to spread the assessment over more gronnd. Property-owners within the "benefited district," however, contend that Pine street from Oak to the Water-Works is to be turned into a boulevard. The only persons who will receive any real benefit from the improvement are those whose property faces the drive, and therefore they, like the people on Michigan avenue and Washington street, should pay the cost of what will add 30 or 40 per cent to the value of their property. Yet by this assessment they are charged only one-third of the cost, while two-thirds must be borne by those who derive merely an imaginary benefit. It seems to them only fair that the owners of the lots on the west side of the street and the owners of the present water lots on the east side shonld pay the whole cost. The latter sell some water for a very large price, and, in addition, when they throw in ashes and dirt, will have a frontage worth from $400 to $500 a foot which will cost them less than $200.

The total assessment is a little over $80,000. The land taken cost $52,000, and the estimate for a substantial breakwater, filling, sidewalk, trees, etc., is $28,500. There may, however, be a rebate of 10 or 15 per cent., perhaps more. The owners of the water lots intend, as soon as the weather permits, to fill in about 300 feet east of Pine street. If this be done before the extension of the drive is commenced, the breakwater which the Park Commissioners propose to construct will be unnessary, and the expense of the piling—$2,500 or $3.000—will be saved. A considerable sum can also be saved by uniting with these property-owners in doing the filling. A strong effort, however, will be made to have the assessment annulled on the ground of inequality and injustice.

Suburban Improvements.

HYDE PARK SUBDIVISIONS.

The following subdivisions were approved: Subdivision of lots 13 and 14, Block 1, Reform School subdivision sec 2 38 14; Carr's subdivision in block 1 Reform School subdivision sec 2 38 14; Johnston & Clements subdivision, w ½ s e ¼ sec 2 38 14; Cornell & Hibbard's subdivision in Gray's addition sec 25 38 14; Vandersyde & Ton's subdivision in Assessor's subdivision sec 15 37 14; Reich's snbdivision in Assessors snbdivision sec. 22 37 14; Jacob's subdivision of block 1 Norton's subdivision sec 27 38 14; Lynch's addition to Hyde Park s w ¼ sec. 10 38 14; McKeevers & Brown's subdivision lot 41; Dobbins' subdivision sec 3 38 14; Leonard's subdivision of part of Seipp's subdivision sec. 25 38 14; resubdivision of part of block 7 Johnston & Clement's subdivision sec. 22 38 14; Wells' subdivision in block 2 Lockwood's subdivision sec. 3 38 14; Brown & McKeever's subdivision of part of lot 41; Dobbins' subdivision sec. 3 38 14.

Ordinances were passed for a brick sewer in Wabash ave. from 45th to 47th sts; same granting certain rights to the S. Chicago & Southern R. R. LAKE VIEW.

The Board of Trustees met Monday night. A committee of citizens from Melrose street remonstrated against the Nevada street system of sewers, and it was agreed to withhold the assessment for that part of the system that affected Melrose street. The Attorney reported that Robey street would probably be opened amicably and in time for the sewer to be ordered early in March. The report of the Committee on the Analysis of the Water was placed on file. A petition in favor of granting the right of way on Halsted street to the North Chicago City Railway Company was referred to the Committee of the Whole. A communication was received from the Chicago Commissioner of Public Works fixing the price for water taken from the city at eight cents per 1,000 gallons.

LAKE.

The Board of Trustees convened Wednesday afternoon in the Town Hall, George L. Chatfield presiding. A committee consisting of Messrs. Burns, Coffee and Hogan addressed the board in upholding a petition asking that Atlantic street, between Fifty-third and Fifty-fifth street, be widened to a width of sixty feet. The petition was granted. An ordinance was adopted for the improvement of Wright street, from Thirty-ninth to Fifty-fifth street.

CHICAGO CITY COUNCIL.

Miscellaneous Ordinances.

(Continued from last week's issue.

COUNCIL CHAMBERS,
CHICAGO, January 25, 1886.

The annual estimates for the current expenses of the city of Chicago as prepared by the Comptroller and presented in his report to the Common Council, Jan. 25:

POLICE DEPARTMENT

The Chief of Police asks for new stations at Stanton and Warren avenues, Eagle and Thirty-fifth and Forest avenue.

Salaries	$1,125,711
Miscellaneous	93,613
New sites and buildings	24,000
Total	$1,243,325

HEALTH DEPARTMENT.

The Commissioner of Health wants thirty-six instead of twelve tenement-house inspectors, and 200 scavenger teams—an increase of fifty, making the cost $219,000. He asks for $320,760.

The following table shows the difference between the Comptrollers estimate and what the Departments ask for:

	Controller's estimates.	Department estimates.
City cemetery	$ 500	$ 500
Contingent fund	25,000	25,000
Cost collecting city taxes	85,000	85,000
City-Hall fund	23,490	72,500
Dep'mt Public Works.	964,117	1,825,447
Election Expenses	50,000	50,000
Fire Department	714,855	864,312
Health Department	241,385	320,760
Judgment account	73,125	73,125
Legal expense	12,500	12,500
Police courts	1,000	1,000
Police Deapartm't	1,096,162	1,243.325
Pounds	1,400	1,400
Print'g and stationery	10,500	10,500
Salaries	116,000	116.000
Sewerage	258,597	389,597
Street-lamp fund	545,000	545,000
Special assessment on city property	15,600	15,000
	$4,233,632	$5,650,967
OUTSIDE OF LIMITATION.		
School-tax fund	$1,427,800	$1,784,750
Public Library	69,979	69,979
Interest account	575,105	575,105
Sinking funds: general $89,500; school $38,500	128,000	128,000
	$2,200,884	$2,557,834
Grand total	$6,434,516	$8,208,801

The Council has at its disposal $269,024 more than the estimates of the Controller, he having left that margin to work on.

MORE NEW STREET CAR LINES.

Ordinances were introduced in the Common Council granting the Chicago Passenger railway company right of way on Michigan avenue from Adams to Washington streets, on Washington street through the tunnel to Desplaines, Desplaines from Adams to Austin avenue, Austin avenue to Center avenue, Center avenue to Erie street, on Erie street to Ashland avenue, and on Ashland avenue from Erie street to North avenue; also on Franklin street from Washington to Harrison streets.

Also an ordinance with a petition granting the Star Horse railway company rights of way on Dearborn street from Washington to Polk, to 4th avenue, to Taylor street, to Western avenue, including a bridge across the river; also on Desplaines street from Harrison to 12th, to Union, to 22d; on 14th from Union to Western avenue; on 19th from Union to Western avenue, across Center avenue at 19th street; on 22d street from State street to Trumbull avenue, including a bridge across the river; on Western avenue from Taylor street to 22d, and on 15th street from Western avenue to California avenue. Referred to committee on railroads.

An ordinance authorizing the North Chicago railway company was presented to construct tracks from Clybourn avenue to the river on Halsted street, and the West Division company from the river to West Indiana street; transfer tickets must be given by either company, so that passengers can ride from Lake View to the Stock Yards for one fare.

Also an ordinance giving the north side company the right to build a road on Market street from Chicago avenue to Michigan street, with single-track connections with Wells street on Illinois and Michigan streets.

MISCELLANEOUS ORDINANCES.

The Law Department was ordered to stay all further proceedings in the matter of the widening of Jefferson street until further orders;

also for staying proceedings for planking the alley running one hundred feet north of Gurley street, between Miller and Sholto streets.

(Continued from page 83).

sale or be subject to private entry.

Sec. 6. That Sec. 2,288 of the Revised Statutes be amended so as to read as follows:

"SEC. 2,288. Any person who has already settled on the public lands, either by pre-emption or by virtue of the Homestead law, or by any amendment thereto, and any person who shall hereafter settle on the public lands by virtue of the Homestead law, or any amendments thereto, shall have the right to transfer by warranty against his own acts any portion of his pre-emption or homestead for church, cemetery or school purposes, or for the right of way of railroads, canals or ditches for irrigation or drainage across such pre-emption or homestead; and the transfer for such public purposes shall in no way vitiate the right to complete and perfect the title to their pre-emptions or homesteads."

SEC. 7. That an act entitled "An act to provide additional regulations for homestead and pre-emption entry on public lands," approved March 3, 1879, be and the same is hereby repealed; that Sec 2 of an act entitled "An act relating to the public lands of the United States," approved June 15, 1886, is hereby repealed.

SEC. 8. That any person entitled to enter a homestead under the provisions of Chapter 6 of the Revised Statutes shall, by complying with all the provisions of said chapter relating to the entry of homesteads, be entitled to enter as a homestead of one-half section or less of mountainous lands as defined by this section. All lands, exclusive of mineral lands, which are so mountainous and rough that they cannot be ploughed and cultivated, shall be deemed mountainous lands within the meaning of this section, which fact shall be ascertained by proof of two or more credible witnesses under oath, whose affidavits shall be filed in the land office at which the lands are subject to sale. The Secretary of the Interior may provide for cross-examination of such witnesses and for the production of proof on behalf of the United States before the Register and the Receiver as to the character of the lands when deemed necessary by him: Provided, that any forty-acre tract of the public lands, three fourths of which is mountainous land as defined in this section shall be deemed for the purposes of this act as mountainous land.

SEC. 9. That in all cases under the Pre-emption and Homestead acts of private entries at the local United States land offices all contests and protests on the part of the Government or any individual contemplated concerning the land to be entered, shall be instituted pending the six weeks notice of final proof, if not before that time instituted and before the duplicate receiver's receipt is issued, and not afterward: Provided, that whenever it shall appear upon the face of the papers returned to the Commissioner's office that a clerical error has been committed, said Commissioner shall have power to suspend such entry, upon proper notification to the claimant through such local land office, until such error has been corrected: Provided further, that after final proof of the claimant and the issuing of the duplicate receiver's receipt, if it shall come to the knowledge of the Commissioner before the patent has been issued for the same, that fraud has entered into the title so acquired by the claimant, the Commissioner shall suspend the issuing of the patent for the same and file with the United States Attorney-General notice of such suspension of the patent, with his reasons therefor, and it shall be the duty of the Attorney-General to commence proceedings at once in the proper court by a sciera facias bill or information to set aside such title. This act shall apply to all cases of suspended entries under the United States Pre-emption and Homestead acts.

THE RECORD.

(See table of Future New Buildings, Fourth Page)

NEW ATLAS OF CHICAGO.

Robinson's Atlas of Chicago, the first volume of which is just out, will embrace all the territory within the city's corporate limits. It is compiled from official records, private plans and actual surveys, under the supervision of E. Robinson, assisted by the following engineers: Roger H Pidgeon, Geo. E. Ryan, Jas. P. Brown. L. F. Graether, W. S. McDonald and W. S. Miller.

The atlas, complete, will be in five volumes, the first of which includes the section bounded by Madison, State, Twelfth, Halsted, Thirty-ninth street and the Lake. The plan of the atlas, by which anyone can easily find any part or place of the city, is very simple. The first sheet contains the "Outline and Index Map of Chicago," in five parts. The coloring of the charts in this atlas, while not gaudy, is so clear and the tints so distinct that it will not tax the patience or eyesight of those who consult it. The explanations of the different tints and diagramatic characters which are printed on the maps and plates. is lucid and ingenious.

Brick buildings are denoted by a reddish tint, stone buildings by a brown tint, wooden buildings by a yellow tint, and iron buildings by a blueish shade. Brick stables and wood stables are distinguished by a cross. Open streets and proposed streets are plainly distinguished. The numbers of the houses, old and new, the lot dimensions, sewers, water-pipes, with their sizes, fire-hydrants, elevation of the streets in feet, the present and old block numbers, railroad depots, ward lines, etc., are all plainly shown.

The atlas is self explanatory, and meets a want filled by no other. The remaining four volumes will be pushed rapidly toward completion and delivered during the coming year. The large number of subscribers already received, shows that the plan of the atlas is a popular one.

One of the leading agents said, in regard to the atlas, "It fills an important place, and all that could be asked would be that arrangements should be made for keeping it posted." On inquiry, it was found that such arrangements had been made by Mr. Robinson.

REAL ESTATE LAW.

TAX SALE OF REAL ESTATE.

Portia Gage v. William M. Bailey et al. Filed at Ottawa, Jan 25, 1886.

A demurrer to a bill in chancery admits all its allegations of fact. So where a bill to set aside a deed for land sold for taxes alleges that no such notice as the statute requires was given before taking out the tax deed either by the purchaser or his assignee, a demurrer to the same admits such allegations, and if the demurrer is overruled and the defendant abides his demurrer, the tax deed will be set aside on equitable terms.

Tax title.—If land sold for taxes is redeemed within the time required by law by depositing with the proper officer a sum double the amount bid at the tax sale, and sufficient also to cover all costs, expenses and fees required by law, any deed thereafter issued on such sale is absolutely void and of no validity.

When the owner of land attempts in good faith to redeem the same from a tax sale before the time of redemption expires, but the sum deposited for that purpose by an honest mistake is sufficient, relief will be granted and the tax deed set aside on equitable terms.

Tax sale.—When the owner of land sold for taxes has paid all the subsequent taxes, it will not be necessary for him in redeeming to deposit with the county clerk money for such subsequent taxes.

The statute allows the holder of a certificate of purchase given on tax sale a fee for publication of notice of the purchase, etc., not exceeding one dollar for each tract or lot, but does not require the payment of that sum. It may be less but not more.

Where a tax deed is wrongfully taken out costs are properly awarded against the defendant in a decree setting it aside as a cloud on the title.

James W. Converse et al v. Ann Rankin et al. Filed at Ottawa, Jan. 25, 1886.

1. Tax title.—Set aside where owner attempts to redeem in good faith.—If a party whose land has been sold for taxes, in proper time, attempts to redeem it from the sale and pays the amount required of him by the officer entitled to receive redemption money and receives a certificate of redemption, and when notified of a trifling deficit, seeks in good faith to ascertain its amount so as to pay the same, and is referred to the

purchaser, who promises to make and deliver a statement of such deficiency, if any, which he fails to do, but takes out a tax deed, a court of equity will set aside such deed as a cloud on the title upon payment of the deficiency.

2. Costs.—In chancery—Discretionary.—Under the statute (R. S. Ch. 23, Sec. 18), the matter of costs in most chancery cases is within the discretion of the court. When a party wrongfully takes out a tax deed, it is proper on bill to set the same aside as a cloud on title, to award costs against him.

A Dakota Liar in Chicago.

We clip the following from the "American Real Estate World," of Des Moines:

A DAKOTA LIAR IN CHICAGO.

"Oh, yes," remarked a sharp-faced, prosperous looking passenger, "Dakota is a great country. I've just come from there. It's going to be a great farming region, and there will be good towns up there by the hundreds. That's my business—starting new towns. During the last two years I've laid out, named, and started up three new towns. Money in it? I should say so. What do lots bring? I don't sell. No, sir; haven't sold a lot for fifteen months. Give 'em away—every last one of 'em. You can have the title deeds of a dozen right now if you want 'em. No, sir ree, the man that tries to sell town lots in Dakota gets left."

"How in the world can you make any money by giving away town lots?"

"Just as easy as rolling off a log. There's 10,000 people in this country hungry to get hold of anything they can get for nothing. They swallow town lots as if they were oysters. I send out a peck of deeds every week to eastern parties who have replied to my immigration circulars. The lots don't cost them a cent, but they must pay the recording fees. My son-in-law is the recorder. The surveyor's charges must be paid. My youugest son is the surveyor. That's just a starter, you know, to interest lot owners in their property as it were. That's what we call the preparatory state. Then comes the business part of the transaction. Local improvements must be made, and the city council (that's me, my sons, son-in-law and two hired men) levies a special assessment. The first thing is grading street. Then comes sidewalk. Then sewer. And if they stand it we clap on a fence. But the most of 'em won't stand it. After paying out a few hundred dollars for grading and sidewalk the most of 'em fail to whack up. Of course the city treasurer (that's me) takes possession under the law. Why, with land at two dollars and a half an acre, the recorder's fees alone makes us even, and the special asssessments a regular bonanza. Can I give you a dozen lots to-day?"

THE SILVER QUESTION.

Minister McLane, in the official report to our government on the bi-metallic problem in Europe, states that France has a silver coinage of $600,000,000 of her own, and besides has Belgium and Italian silver coins in circulation, amounting to about $180.-000,000 more. As France has about 38,000,-000 population, this would give her about $21 of silver per capita. These coins, by the way, are over 3 per cent. lighter than American Silver coins; for our rotio is sixteen parts of silver to one of gold, and the European ratio fifteen and one-half to one. "Under no circumstances," says Minister McLane, " would France adopt the American ratio; still less would she adopt any higher ratio to assimilate the present market value of silver bullion to the value of gold." France finds no difficulty in keeping this enormous mass of light weight silver on a par with gold, in all its domestic and international arrangements. We have less than four dollars per capita of silver against the twenty-one dollars per capita in France, yet there are people who pretend to fear that we will lose our gold if we add to our stock of silver dollars. Minister McLane, we think, has over-stated the amount of silver coin in France. He confounds the amount minted by the Latin Union for that in actual circulation in France. The most trustworthy figures gives the average amount in that country at fourteen dollars per head, and of gold about twenty-five dollars per head. The proportion in this country is three dollars and seventy-five cents per head of silver, and about eleven dollars per head of gold. How the American people have been fooled on this matter by the bankers and the newspapers!—Record & Guide.

Interesting to Ladies.

Our lady readers can hardly fail to have their attention called this week to the latest combination of improvements in that most useful of all domestic implements, the "sewing machine."

As we understand it, a machine for family use should meet first of all these requirements: It should be simple in its mechanism; it should run easily; it should do a wide range of work; it should be as nearly noiseless as possible; it should be light, handsome, durable, and as cheap as is consistent with excellence throughout.

These conditions the "Light-Running New Home" certainly meets. It has also several very important and useful attachments and "notions" of its own, which go far to make good its claims to popular favor.

The "New Home" specially recommends itself to purchasers on account of its superior mechanical construction, ease of management and reasonable price. Over half a million have been sold in the last three years, all of which are giving universal satisfaction. This unrivalled machine is manufactured by the NEW HOME SEWING MACHINE Co., Orange, Mass., and 30 Union Square, New York.

How to Decorate.

A novelty in upholstery is corduroy used for coverings of different kinds. French fashions in upholstery are again coming in, and the gilt and white frames for furniture are being covered with Louis XIV brocades, which have a sumptuous effect in flower knots and bows of bright colors on light blue or cream satin ground, the figures richly embossed in satin, with cut and uncut velvet reliefs. The room in which the decorations are all of one color, is not the most fashionable, for often three pieces of furniture in five are upholstered in different colors, all of which harmonize.

Novel bureau sets are made of boltiug cloth, in which are shown disks in soft yellow green, enclosed by embroidered outlines. In each disk is embroidered a purple and yellow pansy. Curtains of this material are delightful in effect for summer use. The cloth, although of gossamer lightness, is very durable.

Elegant velour curtains are in gold ground and have the surface well covered in rich designs in several shades of color.

Textile fabrics of many different kinds are now employed for wall decoration and there is room for wide choice among them, every day some novel idea challenges criticism. Double faced portieres of silk chenille are among recent importations attracting much admiration.

Mediæval furniture becomes more and more the fashionable preference.

The beauty and durability of cut-glass ware have made its popularity lasting, and it bids fair to be in fashion for a long time to come in the decoration of the table. The little tete-a-tete sets in three pieces are particularly attractive and dainty. Very elegant single pieces of heavy cut crystal are seen in punch bowls, berry dishes, salad bowls and carafes.

The staircase is a conquest of modern art, the object, end and aim of a staircase is to constitute between the different floors of a house, villa or mansion a means of communication at once sure, easy and as little fatiguing as possible; agreeable to the eye, elegant in structure and as well decorated as possible.

Tall scrap baskets of birch bark may be tastefully decorated by fastening a wide band of satin ribbon through the centre and terminating it in a large bow with loops and ends; in the bow may be caught bunches of grasses and thistle balls varying in color.

Tall objects should be placed at the corners of the table, not in the centre.

Very elegant wood baskets to hold logs for the open fire are made of brass.

Beautiful serviettes to lay upon a tea or coffee tray are made entirely of drawn work or only a very small centre of linen is left, and that is generally covered with embroidery. The edges are usually hemstitched all around with an inch wide hem, and trimmed with Russian or Cluny lace.

Tray cloths worked in outline stitch in gold floss are very attractive.

A pretty design tor a lamp-shade has golden rod and asters, with a spray of Virginia creeper in rich autumnal tints.

Brass bells for table use are made of antique designs.

French sash curtains of embroidered muslin with a border on either side, are used by many in preference to those of colored silk.

A happy suggestion for a mirror frame is a twiggy branch of the mounlain ash, with its brown stems and groups of vivid scarlet berries. The stems or twigs may be leafless, or you may paint on them a few scattered, yellowish-brown leaves. A pine branch is picturesque, with its long needles and bronzy brown cones.

An attractive waste-paper baskets can be constructed out of old fishing hats bronzed or gilded and caught together in the centre by a twist of ribbon in the loops of which are fastened a branch of gilded cones. The inside of the hat may be lined with satin or not, as fancy dictates.

Property Buyers.

THE REAL ESTATE AND BUILDING JOURNAL has undertaken to publish a **Classified List** (bona fide) of

Select Property for Sale.

The LEADING AGENCIES are requested to give the subject some thought, and then let us know of their APPROVAL or OBJECTIONS.

The JOURNAL is known and recognized as a reliable reference record as regards real estate transactions.

Frequent inquiries are made at our office for a list of property for sale, by unthinking, honest people, who are in quest of a home or a piece of business property. Some of the leading capitalists, whose names are on our subscription lists, have expressed their approval of just such a scheme.

NO RELIABILITY can be placed in many of the long lists of "for sale" in the Sunday papers, because the same piece of property is listed by more than one and the "bulk" of it can not be "delivered." The plan proposed is as follows: The List will be alphabetically arranged and classified by Streets and Towns—the Improved—the Un-improved, etc., etc. This list will be composed of carefully prepared descriptions from reputable agents, and NOTICES INSERTED IN HOME AND FOREIGN PAPERS to the effect that such a classified list can be found in the REAL ESTATE AND BUILDING JOURNAL, and as we now know hundreds will call for the list because it will be reliable.

Agents can elect whether they wish to pay 10 cents a line for their list or pay a commission when the property is sold.

Each Agency will have a Box No. arranged in an Index Book, and when a proper person comes along to buy, he will be introduced to the Agents. If he is only a tool or a curb stone broker, he will probably not be "brought round." The JOURNAL will not transact a real estate business exactly, but if it can find a suitable buyer, the agent who is our best friend, will be glad to sell to him and pay us for our trouble. In no case will we do any "undermining" or allow it if we can help it. We will introduce the "bona fide" purchaser, and let the "scalpers" take a walk. Thus we will weed out the bad ones for you.

By this method fewer opportunities will be afforded to "parasites" to impose on legitimate dealers, because just as soon as we learn that the Agentgiving us the list, has not the full control of the property, that property will be dropped, nor will we be concerned about the "title." If it is not acceptable, then the trade will not go through and we will not ask for our part of the commission.

This feature of the JOURNAL will be advertised all over the country, and will have a twofold effect in drumming up buyers.

Prepare your lists and send them in; it will cost nothing, unless you sell to the man we introduce, in case you do not elect to pay 10 cents a line.

No Easy Payments.

If People Think We don't Sell Cheap

ALL THEY HAVE TO DO TO BE CONVINCED IS TO

CALL AND GET OUR PRICES!

We handle no poorly-made goods, and as we do no easy payment business, we do not have to take goods back on chattel mortgages and place them on our floor again as new.

Our Goods, therefore, are all free from vermin, as they have been received direct from the factories and **have not** been in use in all sorts of tenement houses, and as

WE SELL FOR CASH

we can sell goods at the **VERY LOWEST FIGURES.**

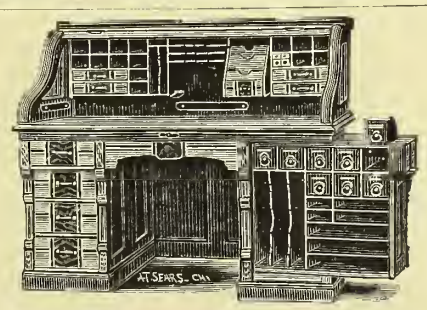
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

—TIN—SHINGLES—

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.**

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, FEB. 13, 1886.

ROBBERY.

Property Owners and Tenants.

Landlords as well as Agents, Cheated by Gas Companies.

The extortion of Gas Companies is proverbial. Criticisms of the press, so far, have had no effect in lessening the evil in Chicago. They go right along in their work of cheating and extorting money from consumers as if nothing had happened. Let any one who doubts this go to the West Side Gas Co's office, at the corner of Halsted and Washington streets, on the 8th, 9th and 10th days of each month, and remain inside during business hours, and he will be convinced of the truth of what the papers say. A majority of all those who pay protest against being charged so much, but the "cheeky" clerks and henchmen have the usual way of lying out of it, and the consumer, knowing that the company are in possession of his $10 left on deposit, and and that it will cost him more to quit than to continue a month or two longer, he lets the matter run, hoping the reasons alleged by the company, to-wit: "that people burn twice as much gas in winter as summer"—will prove true. But when summer comes the impudent fellows will argue that, inasmuch as the evenings are so much longer, pleasanter and more enjoyable, more gas is burned than in winter time.

If the above theories do not go down with the consumer, the fellow who is doing the lying will suggest that it is possible that the gas is leaking in consequence of some defect in the plumbing, which you should have fixed.

Nor is this all; the cheakiest thing lately heard of occurred on the South Side, at 121 Fifth avenue. The partially defunct concern of which one Judson is receiver, undertook to furnish gas at the above number. Two meters were put in on the second floor and one on the third. The tenants who occupied the rear portion of the secoud floor as well as those occupying the third floor, moved out, each having used separate meters, distinct from the tenant occupying the front portion of the second floor. On account of the lamp-black or some other dirty substance gathering in the pipes and choking up the burners, in consequence of which a gas stove was rendered useless and had to be condemned, this new gas company, who manufactures gas from a low grade of oil mixed with water, was ousted, to prevent further damage.

After doing without light for two weeks, or till the middle of the month, and securing another stove, this "only" tenant left in the building, secured gas from another company. Now comes the cheating. The Judson company sends in a bill for a whole month, three times as large as any one for previous months, knowing that their gas had not been used. Their scheme undoubtedly was to make the only remaining tenant pay dearly for other tenants who moved out, and also to punish the man who would dare to discontinue using the "jnicy" substance called "gas by a new process."

A number of people who burn gas in their residences declare their intention of using lamps and candles for a month and keeping the gas shut off, so as to be able to prove by a competent plumber and others that no gas was nsed, when the swindling gas companies present their bills as usual for gas consumed. The injured party can then take out a warrant for, or bring an action against, the responsible members of the company for obtaining money under false pretenses. Unless this extortion is stopped a movement must be organized to put a stop to it. The Real-Estate Board is the body to take action and then others will follow.

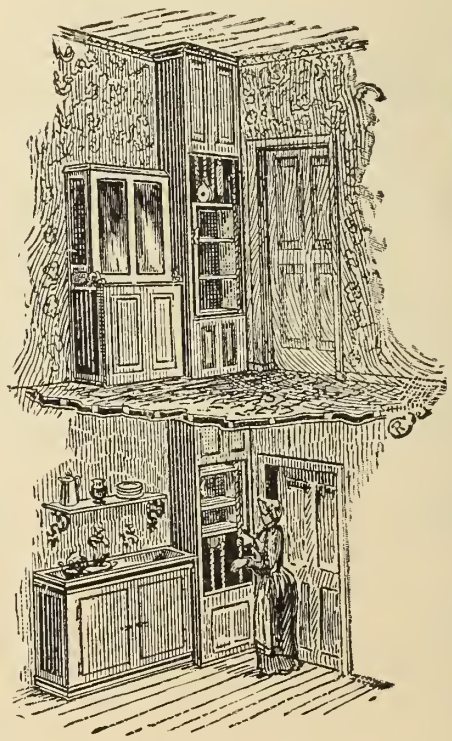
BAD RESULTS OF JOBBERY.

The crash of a heavy stone upon the sidewalk at the county court House on Tuesday last is another reminder of the dishonesty of politicians. This is the third or fourth occurrence of the kind and our county commissioners are apparently stirred up about it. $50,000 was entirely too large a sum of money to expend in perfecting a set of Abstract book and indices whereby tax payers might be benefited, but $75,000 must be set aside to patch up the crumbling walls of a court House which cost the city and county millions of dollars to build. The Tribune of Thursday in an article headed The Crumbling Court House said:

Commissioners Lynn and Van Pelt inspected the moldings around the eaves of the building and came to the conclusion that it was unsafe for persons to go into it through any of the main entrances until something could be done to brace up the rotten parts. Therefore, to protect the county from liability in case of accident from a falling stone of a few tons' weight npon the head of a citizen, the Commissioners ordered all the main entrances fenced in, as well as the sidewalks along Clark, Washington and Randolph streets, except a space abont two feet wide just inside the gutters. The only entrances left open are those leading to the elevators on the basement floor, and, although it may seem like a joke, Commissioner Van Pelt seriously advises all persons having business in the building to look aloft before entering and keep their eyes on high until they get inside. The work of bracing up the upper portions of the building and the spending of the $50,000 already appropriated for that purpose will begin as soon as the weather will permit. Besides this $50,000, according to the provisions of the County Board when the appropriation was made, $25,000 more will be added when the June revenues come in.

Perhaps it would be well for our Real Estate Board to unite with the citizens association in an investigation of the matter. This is good news to send out to non-resident taxpayers and would be investors.

Suburban Improvements.



An ordinance was passed providing for a water pipe in Indiana Ave, from 51st to 55th sts; also for granting certain rights to the Western Electric Co in So. Chicago; also same to the So. Chicago & Southern R R Co. in Hyde Park, for changing name of Frederick Place to Monroe Ave.

Albert Lea, Minn., claims building improvements for the ar to the amount of $138,579.

BUILDING DEPARTMENT.

The present thaw is having a good effect already in the work of building. The number of permits have more than doubled and outside work is progressing to some extent. Much of the work laid out late last fall was stopped by the severe weather before it was finished; now it is going forward with a rush, to be ready for May moving. Those contemplating building as an investment are looking forward to the renting season with some solicitation.

If there should appear to be a demand for more new houses with modern conveniences, there will be an activity unheard of heretofore since the fire, but if there should be a surplus, a lull may be expected.

The building of last year was marked not alone by the great number of houses, but by the elegance, commodiousness and size of the structures erected.

BUILDING NEWS.

COUNTRY.

—Council Bluffs, Ia., expended $700,000 in new buildings during the year of 1885.

—Mitchell, Dakota, expended $200,000 for building improvements.

—Madison, Wis., expended over $500,000 in building improvements in 1885.

—Improvements at Iowa City, Iowa, for the past year amount to over $50,000.

—Oshkaloosa, Wis.—Improvements during the past year foot up $348.000.

A MODEL
MEAT MARKET.

A meat dealer good at any place,
Is indeed an acquisition;
Where e'er is seen most every trace
Of cleanliest condition.

At William Davidson's best steaks are cut,
Indeed with the greatest ease;
Of either Porter-house or Round.
In a manner sure to please.

And oh! such roasts, his are of fame,
Of either kinds of meats,
That brings to him a goodly name;
With best all around he greets.

He keeps the best of pork and mutton,
As well of veal and finest lamb;
And of pure meats he sausage makes,
And cured most fine he has of ham.

Of game he has the various kinds,
To suit the most fastidious minds;
At prices, too, indeed so low,
That patrons round to his place go.

Then go there every one and all,
For if on him you once but call,
The satisfaction he will give,
Will be remembered while you live.

REMEMBER THE PLACE:

REAL ESTATE NEWS.

The improvement of streets, building of bridges, and looking after assessments occupy a considerable portion of the time of property owners as well as agents. Owners of realty are determined to have something to say about taxes and the expenditure of the public money. Ward bummers and pudding headed politicians have had their day. The common council can order an improvement but the property owners will DECIDE FOR THEMSELVES whether it is needed or not, and the board of public works may let contracts but if any jobbery is attempted the citizens interested in the character of the improvements will protest. The great cry on the part of the Mayor and common council is the limit placed upon taxation. The public on the one hand demand new bridges and more tunnels but the Comptroller's estimates are way below the appropriations asked for by the board of Aldermen.

The committee on finance finished its work on Thursday for the Appropriation bill which will be submitted to the council at the next regular meeting.

The amount agreed upon is just inside the amount of the tax levy and receipts for licenses and miscellaneous sources, and the council will have no margin to work on. The extra policemen and new stations and the additional firemen and apparatus and horses have been stricken out. Health Commissioner De Wolf gets an advance of $1,000 in salary, but his estimate of $320,760 for his department, which was reduced to $241,385 by the Controller, was cut down to $120,723, the fifty additional scavenger teams and twenty sanitary inspectors asked for being thrown out by the committee. $75,000 was inserted for a bridge at Jackson st. If the council agrees to this there will be $100,000 available for the purpose. The estimate for the bridge and viaduct is $280,000, the land damages being unknown at present. West Side property-owners say that there will be no land damages and that the bridge and viaduct wouldn't cost $280,000. The railroad companies would have to pay about $50,000, and if the $75,000 went through the property-holders would guarantee the contractors against loss if the contract was let this year.

The Committee on streets and alleys, South Division, met Thursday but did not consider the ordinance granting the Chicago Passenger Railway Company the right of way on Dearborn street. Ald. Whelan said it would be allowed to rest awhile. In his opinion it would ultimately be passed. The Committee on railroads, which has the Star Company's ordinance among its papers, may not meet for some time. President Weeks of the Chicago Company said they were getting along nicely with reference to Dearborn street. Some of the property-owners were opposed to tracks on the street, but he thought they would come around in a little while. The company had gotten along smoothly so far and didn't want to have a fight when completing its system.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, Fedruary 1, 1886.

Ordinance to stay proceedings for planking alley north of Milwaukee ave., between Currier and Noble streets; also for paving Sangamon street, from Milwaukee avenue to Chicago avenue; also the paving of Wade street; also to stay proceedings in collection for assessment of improving Bryson street between Lincoln and Robey streets.

Also to stay proceedings for improvement of West Ohio street, from Milwaukee avenue to Ashland avenue, and to stay improvement of West Twelfth street, from Centre avenue to Ashland avenue, and stop all proceedings for improvement of Wisconsin street: also to stay proceedings in the matter of the improvement of Douglas avenue, from Halsted street to the river, until otherwise ordered by this Council.

An ordinance to cause a sewer to be constucted on Nineteenth street, between Oakley avenue and Western avenue.

Alao for repealing an ordinance for the improvement of Douglas avenue, from L. S. and M. S. Ry tracks to Halsted street.

Resolved, That the city, as the owner of the property east of and fronting on Michigan avenue, between the south line of Adams street and the north line of Washington street, consents to the construction, maintenance and operation on said Michigan avenue, of a single or double track horse railway, by the Chicago Passenger Railway Company.

Also ordinance to stay proceedings for the assessmenst for improving Thirty-fifth street, from Halsted street to Archer avenue, for one year.

Also Madison street, from Wabash avenue to Michigan avenue.

Also, to stay proceedings in the opening of a proposed street running from Thirty-seventh to Thirty-eighth street, and between Cottage Grove and Langley avenues.

Also, to stay proceedings for the improvement of alley, between Fifth avenue and Franklin street, and Congress street and Charles place.

C. J. HAMILTON, President. J. J. DANFORTH, Superintendent.
COOK COUNTY ABSTRACT COMPANY.
128 Washington St., (opposite Court House).
Best Work! Lowest Prices! Shortest Time!

Also, to stay all proceedings of the special assessments for the paving of Franklin street, between Madison street and Lake street.

IMPORTANT TO AGENTS

That classified list of property for sale is being compiled by THE REAL ESTATE AND BUILDING JOURNAL and will be published in the supplement and JOURNAL both. Those who prefer the main body of the paper can have it so and those who want to use the supplement to send to subscribers can choose it. Both JOURNAL and supplement will be left with news dealers on Saturday and Sunday and notices to the effect that such a bona fide list of improved and unimproved property for sale can be found in the JOURNAL at all news stands. Make up your lists and send them in at 10 cents a line or as per agreement to be signed.

Country Building News.

The building improvements at Cedar Rapids, Iowa, for 1885, foot up $633,975; the jobbing trade was worth $13,501,196.

Detroit, Minn. have expended $125,000 on improvements during 1885.

The Joseph Schlitz Brewing Co, will build a four-story and basement brick building in Milwaukee, Wis; at a cost of $50,000.

A large brick and stone church will be built on the corner of Howard and 19th sts., Detroit, Mich., by the St.Anne's Church Society, at a cost of $100,000.

At 1700 Micollet ave., Minneapolis, Minn., 3 brick tetement dwellings will be erected by E. J. Phelps at a cost of $25,000.

C. W. Clark of Little Rock, Ark., has received the contract to build an $18,000 court house at Jonesbors, Ark.

A $50,000 hotel will be built at Cantonsville Maryland.

REAL ESTATE LAW.

Huldah E. Burke v. Betsey P. Grant. Filed at Ottawa, Jan. 25, 1886.

MORTGAGE.—Release by acts.—A was the owner of a city lot upon which his brother B had a mortgage for $1,000, and C was the owner of a farm mortgaged for $3,000. A exchanged his lot and a stock of groceries with C for her farm, each assuming payment of the other's mortgage. A and B came to see the farm, when B discharged the $3,000 mortgage and took a mortgage from A for $4,000 on the farm, C having taken steps to sell her stock and personal property on the farm, was induced to sell and deliver the same to A upon the promise of B that he would release his mortgage on the lot: Held, that as B induced the sale of the stock to his brother by C, under the belief that the incumbrance on the lot would be released, he was estopped from enforcing payment of his mortgage, and that it was properly declared paid and set aside as a cloud on the title of C.

David Preston et al. v. Gilbert A. Colby et al. Filed at Ottawa, Jan. 25, 1886.

A purchased of a banker real estate for $16,300 and afterward formed a partnership with B and C, for manufacturing plows, etc., and made valuable improvements upon the purchased premises, and borrowed of the bankrr $3,000, for which the firm gave a judgment note payable in ninety days. Afterward A, in the absence of B, for the purpose of closing up the partnership business, obtained a deed for the property from the banker, and gave his notes secured by mortgage on the same for $19,500, which included the purchase money, the interest thereon and the $3000 firm note, which however was retained, and judgment confessed thereon. A, at the same time, turned over to the banker as a security for the debt all the personal property of the firm. The banker, after such transfer, filed a creditor bill, seeking to reach a deposit of B in his bank, which he had transferred by check to D, alleging fraud. After the filing of the bill the personal property of the firm so transferred, was sold and converted into money realizing about $1,200, and it appeared that the real estate so mortgaged was of the value of $30,000: Held, that the creditor,s bill was premature, as the mortgaged property should first have been sold even though a judgment had been recovered against A after the purchase and before the giving of the mortgage.

Sophia Cherry v. Mehitable Greene et al. Filed at Ottawa, Jan. 25 1886.

1. TRUSTEES.—An assignment or conveyance of land to trustees to pay all the just debts of the grantor necessarily implies a power of sale in the trustees, though not to be given in words.

2. No particular form of words is necessary to create a power of sale. Any words which show an intention to create such power or any form of instrument which imposes duties upon a trustee that he can not perform without a sale, will necessarily create a power of sale in the trustee.

3. When trustees are authorized to devote so much of the principal or income of the trust estate as may be necessary for the support of the grantor and his family, they will, when necessary, confer a power of sale.

4. When a deed conveying property in trust to trustees directs that in certain contingencies the fund therein named "shall be paid over" by the trustees to the wife and children of the grantor, such direction imports and confers the power to sell.

5. PURCHASER—Where property is conveyed in trust to pay debts generally, and apply the balance to the support of the grantor's family, the purchaser from the trustee is released from the obligation to see to the application of the purchase money.

6. A party conveyed all his property real and personal, to trustees in trust, (1) to pay all his just debts and the expenses of the trust; (2) to devote so much of the principal or income thereof as might be necessary for the support of the grantor and his family; (3) in case of his death upon the written request of his heirs, the trust should determine and the fund be paid over to his wife and children, and in default of such request, to devote so much of the principal or income as might be necessary for the use and support of his wife and children; (4) upon the death of his wife she surviving him' and upon the death of each of his children surviving him, if the trust was not proviously terminated, to pay over the proportion of said fund the wife or child would have been entitled to in case of a division of said fund at the death of the wife or child, to such person, or persons, as his wife or child should by will appoint, etc., the wife joining and releasing her dower and homestead. Held, the trustees became thereby invested with the legal title to the land and had the power to sell and convey the same to a purchaser, and that the purchaser was not bound to see to the proper application of the purchase money.

THE RECORD.

93659 Thomas Fleetman et al v Albert and Edward Harzfeld and Samuel Friend. By agreemt, $1799.30.

How to Decorate.

For upholstering a gilded chair, dull turquoise blue plush would be very pretty, the rich softness as well as the lustre of the fabric being jewel-like.

For lamp-stands brass necessarily occupies a conspicuous place, and comes in these into excellent combination with enamels and decorative porcelain.

A brass bedstead forms a most effective centre piece to a lady's apartment, and drapery depending from an embossed brass canopy at the head, well figured in color, capitally sets it off.

Mirrors with frames of finely wrought Norway iron, and parlor ornaments of the same, as well as trays of embossed copper, are among the late novelties.

White lace curtains are a thing of the past, if you have any, dye them yellow and remove the stiffness from them.

Considerable ornament has been expended on the frames of chairs in the way of encrusted metal work, also inlay of pearl and ivory; chairs of light structure and graceful form find wide acceptance.

A pretty way of fastening market harbor chair cushions is to embroider straps that hold the cushion, with initials or appropriate mottoes.

Much taste is now shown in making doorways and windows artistic and there is no limit to the labor and expense given to them. This is an excellent movement and will have a tendency to overcome any tiresome similarity.

A handsome cabinet always adds to the furnishing of a drawing room, and its drawers, doors and open shelves are full of interest. An occasional embroidered or painted hanging gives it a look of brightness.

The first manifestations of fine decorative art appeared on table ware, and the potters and glass makers have exerted their utmost genius in that direction. Until some years ago quiet decorations were used entirely, but lighter colors have finally succeeded them, and the ider has culminated in table services arranged in courses; first there is the soup course, then the fish course, the meat course, and so on down to the dessert course. The first course is very richly decorated in heavy colors; but as the dessert is approached the designs become quieter, ending in a very delicately decorated dessert course.

Dinner sets—One of the new Wedgewood designs in a dinner set is a white ground, decorated with straggling branches of scarlet poppies, interspersed with gold scrolls. A set of Minton has white centres and rich borders etched in a manner similar to gold etching on metal.

REAL-ESTATE LAW.

The People ex rel. Pheliskey F. Stanley v. Michael W. Ryan. Filed at Ottawa, Jan. 25 1886.

1. TAX SALE.—In order to make a valid redemption of lots from tax sale six months after the sale, the party redeeming is required by the statute to deposit with the county clerk the amount for which they were sold, with a penalty of fifty per cent, and all subsequent taxes and special assessments with ten per cent interest thereon from the day of their payment, unless such subsequent taxes and special assessments have been paid by or on behalf of the person for whose benefit the redemption is made.

2. To a petition in due form for a mandamus, to compel the county clerk to issue a tax deed to the relator for certain lots sold Sept. 27, 1880, for the sum of $40.65, the clerk filed a plea, in substance that the certificates of purchase were null and void, for the reason that, on April 1, 1881, said lots were redeemed from the tax sale by the owner or agent, for the sum of $60.98, which sum was deposited with defendant and by him tendered to the petitioner: Held that as the taxes on the lots fell due on Dec. 10, 1880, the plea was bad in not showing the deposit of the taxes of 1880, and interest thereon or their payment by the party attempting to redeem.

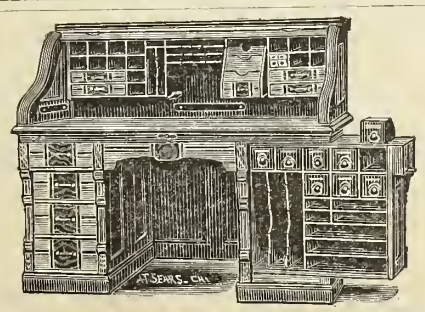
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

NEWSPAPER ADVERTISING A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

NATIONAL SHEET METAL ROOFING CO.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

+TIN+SHINGLES+

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

Real Estate and Building Journal

R. C. SMYERS, PROPRIETOR.

CHICAGO, SATURDAY, FEB. 20, 1886.

$10,000,000
TO BE INVESTED.

Buying Real Estate for the Wisconsin Central.

Those who have read THE REAL ESTATE AND BUILDING JOURNAL for the last three months are aware of the presence of a man by the name of John P Neal, whose "capacious maw" wonld seem never to be filled of real-estate. His preference for Rebecca street property at first excited some curiosity, until it was learned that he was buying for the terminal facilities of the Wisconsin Central Railroad Company. Within the last week he has paid out about $500,000, the amount of one purchase being $235,750. One of the marked features of these transactions is the low price paid for lots, many of them improved, on the street above named, the cause of which was that condemnation proceedings were begun against the property, which seems to have scared the owners, many of whom were poor people.

It is stated that the enormous sum of $10,000,000 will be expended jointly by the Grand Trunk Railroad Company and the Wisconsin Central. The former company. not being in the "pool" of the Eastern roads, found it necessary to secure an outlet to the Northwest by other lines than the Northwestern and C. M. & St. P., they being connected with the "pool" of the Eastern roads. This outlet is to be the Wisconsin Central, and the Grand Trunk road is furnishing the greater portion of the money now being expended.

A magnificent depot and transfer stations are to be built in Chicago. The depot will be built at the southwest corner of Harrison street and Fifth avenue, running to the river. their line crossing the river under or near 12th street bridge.

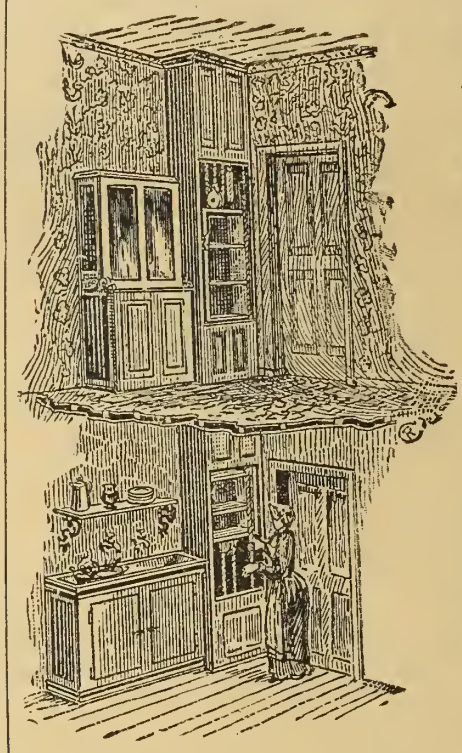
The condemnation proceedings have been conducted in the name of the Great Western Railroad Company, which is nothing more nor less than the Construction Company organized to do the work of building the connecting line.

Washington advices say that the property owners who are fighting the sale of the Bridewell lot to this company, are coming home to appeal to the Chicago City Council next Monday night and will present a petition for an ordinance widening Fifth avenue south from Harrison street, twenty or forty feet. The proposition of the Wisconsin Central for this property is said to be eminently fair. It provides for the appointment of three persons, officers of the United States, who shall act as a commission to ascertain the cash market value of the property, and report the same to the secretary of the treasury. The secretary is then authorized to sell the lot to the railroad company at such price, not less in any event than the price fixed. But if the secretary and the railroad company cannot agree as to the price, the same is to be fixed by a board of three commissioners, one appointed by the district judge of the Northern district of Illinois, and one by the Secretary of the treasury, and the two to select a third, but this commission cannot sell the lot for less than the sum at which it was first appraised, and the railroad company must pay the cash within ten days and all cost of appraisement. The secretary is then to invest the money in a suitable lot and cause to be erected thereon a suitable building for government uses in accordance with a previous act. It is the opinion of those best capable of judging that the present site is not the most desirable one for the government to occupy for an appraiser's office, and as they will doubtless receive a liberal price for the lot the arrangement will benefit the government, the railroad company, and the city; the latter in particular, as it will bring to it the tribute of several thousand miles of railroad, and there will be erected on the ground one of the handsomest passenger depots yet built in our city.

The Chicago and Great Western Railroad company is authorized by its charter and by the ordinance of the city of Chicago to locate its road over the lot and as far north as Harrison street. If this property was owned by a private individaal the railroad company would condemn it, and no one could object. Last spring a bill was passed appropriating $50,000 to build an appraiser's store on this lot. Nearly a year has passed since that bill was passed, and no steps have been taken toward the erection of any building, for the reason that the lot is not fit for such a use in the opinion of the treasury department.

This railroad company proposes to bring in a system of roads from the west and north, with their terminus at Harrison street, on the east side of the rivers. Unless the company can acquire by purchase the bridewell lot this plan cannot be carried out. The United States ought not to stand in the way of great public enterprise, and, as the sale of this lot will not in any way embarrass the treasury department, we think that this measure should receive the hearty support of the Chicago members in the house.

NEED OF APPRAISER'S WAREHOUSE.



The government has no appraiser's warehouse in this city. The building now occupied for this purpose is rented, and it is inadequate and far from fire-proof. This state of things ought not to exist a moment longer than is necessary. The bridewell lot is now the only piece of property owned by the government in the city which is at all suitable as a location for a fire-proof appraiser's warehouse, and it is feared if it is sold it will not be possible to get another except through very expensive condemnation proceedings. The need for a fire-proof building here for this purpose was so far recognized by the 48th congress that an appropriation was made for it when all other appropriations for public buildings were voted down. Secretary Folger, at the solicitation of Collector Spalding, went before the committee and advised the appropriation. One of the strongest arguments he urged was that the goverument already owned the land on which the building could be built.

If the railroad company must have this lot for a depot site, let them provide an equally suitable site for an appraiser's warehouse in exchange for it if they can.

A New Firm.

The firm of Byron A. Baldwin & Co. composed of B. A. Baldwin, J. W. D. Kelly and W. S. Baldwin have recently opened up an office at 154 Washington st., for the transaction of a general real estate business in all its branches. The gentlemen of the firm are old residents of Chicago and bring to bear in their new undertaking years of experience and a wide acquaintance.

BUILDING DEPARTMENT.

BUILDING NEWS.

COUNTRY.

Belle Plaine, Iowa, reports building improvements for 1885 to the extent $250,000.

Cedar Rapids, Iowa.—Building improvements for the past year amount to $1,000,000.

Billings, Mont. claims improvements to the amount of $150,000 during the past six months,

Winona, Minn. has expended about 700,000 dollars in building improvements during the past year.

Within the past year $1,000,000 was expended on five structures in Helena, Montana, including Masonic Temple, Grand Central Hotel, Union Block, and two residences, which sh ows that great wealth is accumulating in that mountin city.

Clinton. Iowa.—A three-story brick block, 50x90 feet, with iron roof, is commenced bere for Mrs. H. B. Sutherland, at a cost of $12,500. Mr. J. B. Williams is the builder. Also Mr. C. Lamb is about to build a three-story brick block, 100x90 feet, costing $40,000, and Mr. S. Shoecraft a three-story brick block, 50x90 feet, costing $12,000.

Last year 3,937 new buildings were erected in Brooklyn N. Y. at a cost of 19,670,262. In the Eighteenth Ward, through which the elevated railroad runs, 756 were erected. In the Twenty-third Ward, which is also situated near the line of that structure 438 were erected, while in the Twenty-fifth Ward, likewise accessible to rapid transit, 736 were put up. These statistics show that 50 per cent of these new edifices were built in the immediate vicinity of the elevated roads.

THE REAL ESTATE MARKET.

There is every indication of increasiug values in Chicago real estate. A wide awake agent said the other day that "public improvements were twenty years behind the times, because our present populatiou with its ratio of increase demands a better system of drainage, more tunnels, better bridges and a considerable increase and improvement iu street car accommodations. The JOURNAL reiterates what it has said many times before that private enterprise has outstripped public improvements. Commercially we are great but iu politics we are rotten and behiud the times. Our present Board of county commissioners are apparently disgusted with the crumbliug Court House as the repairs now needed will cost the county about $100,000 and if the steps are to be removed at the Clark st. entrance the cost will be much more. The newspa pers have kept up such a perpetual howl about this matter and the county Abstracts that the commissioners are standiug on their rights or rather the rights of the people. The interest of the tax payers demand that something be done by way of protecting and perfectiug the county abstract books; hence the followiug order is passed by the county board ou last Monday.

COOK CO. RECORDER'S OFFICE, Feb. 7.
Gentlemeu: The Board of Commissioners of Cook County, at its regular session held Monday, Feb. 15, 1886, adopted the followiug resolutiou:

"Resolved, That the Recorder of deeds be aud he is hereby directed to deny to all abstract firms, companies and corporations the privilege of using the Recorder's office for the purpose of advancing their private business."

Now, therefore, iu compliance with said resolutiou, aud as I am by law entitled aud empowered to do, I hereby give you notice that it will be necessary for you, on or before Saturday, Feb. 27, to withdraw from this office the force of meu here employed by you iu making copies or abstracts from the origiual iustrumeuts and records of this office, and that from and after that date I shall be compelled to deny access to the origiual iustrumeuts and records of this office to all parties desiriug to make copies or abstracts of the same for speculative purposes or for their own private gaiu. I am very respectfully yours,

WILEY S. SCRIBNER, Recorder of Deeds.

The question of abstracts cuts a very promineut figure iu all real estate trausactions; not a sale can be closed till the title is pronouuced good iu a properly certified abstract. The commissioners are of the opiuiou that the recorder's office can furuish abstracts at a great saviug to the people aud still make money for the county. Competent experts do the work for private firms and these same meu can be employed by the couuty. There is a question however to settle, whether there is auy differeuce between using the public records by individual tax payers aud having access to them for the purpose of speculation and profit.

Suffice it to say that the real estate interests of the couuty have assumed such vast proportions that nothing should be allowed to staud in the way of furnishing abstracts of title; but a truce! Four sales recorded this week amount to $703.250 aud a fair spriukliug of others raugiug from $2,000 to $10,000 and a few at $20,000 to $30,000. One of the evideuces of better times among real estate agents is the ready sale of the Robinson Atlas showing improved as well as uuimproved property and the character of the improvemeut—whether brick stone or frame. This New York concern has taken orders to the amount of $30.000, having sold over 200 Atlases.

In cauvassiug the city they have found that there is an urgent demand for a Couuty Atlas, showing lots blocks and subdivisious iu all suburbau towus, this is auother evideuce of the market value of outside lots. It is confidently believed by those who have canvassed the situation thoroughly that the year 1886 will be the beginning of a season of speculation in cheap lots and that our suburbs will fill up as never before. These foreign Atlas makers, however are beiug watched closely by their subscribers and their Atlas is criticised unfavorably by some of the leadiug agencies. Our reporter will make a further examiuation of the matter and if there is just grounds for believiug the statements of the complainauts, that the Atlas is not correct we will point out the defects in our next issue. A reliable County Atlas has long been ueeded but an unreliable one is of no earthly use.

ESTATES.

The will of John Cochrane was admitted to probate yestarday, disposing of about $27,000 worth of property, of which $35,000 is in real estate at Nos. 95 and 97 South Canal, street.

The will of George Dexter Baldwin of No. 2925 Prairie aveuue, who died in Plymouth Church Feb. 1, was admitted to probate. The estate is estimated at $150,000, of which two-thirds is in real property.

The estate of Celestiua Raggio. who died last November, amouuts to $18,000. The realty iucludes No. 110 North Clark street aud No. 266 West Adams street. the latter of which is iucumbered for $11,000.

C. J. HAMILTON, President. J. J. DANFORTH, Superintendent.

REAL ESTATE BOARD.

CHICAGO, Feb. 13, 1886.

A special meetiug of the board was called to order, President E A Cummiugs iu the chair.

The following named members were preseut: Lyman Baird, W. W. Baird, M. R. Barnard, F. A. Barnes, Geo. P. Bay, W. A. Boud, E. A. Cummings, E. S. Dreyer, F. M. Elliott, N. T. Gassette, R. C. Givins, C. L. Hammond, N. Hathaway, F. A. Henshaw, H. L. Hill, A. D. Hyde, W. G. Jacksou, J. L. Lombard, S. M. Moore, H. C. Morey, C. H. Mulliken, S. M. Parish, C. W. Pierce, E. Prussing and Edgar M. Snow.

The minutes of the previous meeting were read aud approved. Mr. Barnes of the Executive Committee made a report of funds on haud and it was resolved to loau out $500 of membership fees ou real estate security at not less than 7 per cent.

The bauquet committee made their final report and was discharged with the thanks of the Board.

The Committee on revision of the Constitution and By Laws reported progress on a preamble prepared by Mr. Gassette of said Committee which was adopted.

The following resolutious of the Coustitution and By-laws were amended so as to read as follows:

Sectiou 1 of Article II of the By-laws to read.

"There shall be five staudiug committees elected by the Board at the regular anuual electiou, to serve for one year uutil their successors are duly elected, namely: an Executive Committee cousistiug of three persons; a Committee on Membership consistiug of seveu persous, of whom five shall constitute a quorum; a Committee on Valuations, consisting of five persons, and a Call Board committee to consist of five persons."

Section "3" of Article I of the By-Laws to read.

"The annual dues of agent members shall be thirty dollars ($30), and the annual dues of associate members shall be twenty dollars ($20) to be paid semi-annually in advauce, on or before February 1, and on or before Angust 1, and any member in arrears for same uinety days and after demand has been made on him for payment, shall be suspended from the privileges of this Board, and due notice of such suspension shall be posted upon the bulletiu board. When the arrears of dues amount to the face value of the membership certificate, then the membership of such defaultiug member shall be offered for sale to the highest bidder for cash, by the secretary of the Board, after giviug ten days' uotice of such sale by postiug on the bulletin board; the proceeds to be used in liquidatiug the arrears of dues, the balauce if any to be paid to the defaulting member."

Paragraph II of Article IX of the Coustitution to read.

"This Constitution and the Articles under which this Board is orgauized may be altered or amended by a vote of three-quarters of the members present and notices at auy regular or special meetiug iu accord with the provisious of Article VIII of this Coustitutiou; provided, due notice of such proposed alteration or ameudmeut shall have been giveu at a regular or special meetiug held at least one week previously, and the purport of the same commuuicated to all the members of the Board by the Secretary.

Article XV of the By-Laws to read.

"These By-laws may be altered or ameuded or new by-laws adopted by a vote of two-thirds of the agent members present aud notices at any regular meetiug of the Board, one week's previous notice having been given by the Secretary to all members of the Board."

The last clause of Article VIII of the Coustitution to read.

"Provided also that any agent who shall cease to do business regularly as such, shall be transferred from the list of agents to that of associate members, but no rebate of any part of either initiation fee or dues which he has already paid shall be made; and that any associate member who shall afterwards become au agent can be trausferred to the list of agent members on paying the additional fee for iuitiation; but it is distinctly understood that the provisious of this article shall iu no way apply to the present membership."

The followiug rules of order were adopted for the conduct of the business meetiugs of the Chicago Real Estate Board:

SECTION I.
ORDER OF BUSINESS.

I. Readiug of minutes of previous meeting.
II. Reports of officers.
III. Reports of Staudiug Committees.
IV. Reports of Select Committees.
V. Special orders.
VI. Unfinished business.
VII. New busiuess.
VIII. Adjourn.

SECTION II.

The rules contaiued in "Robert's Rules of Order" shall govern this Board in all cases to which they are applicable, and in which they are not inconsisteut with the Constitution and By-laws of this Board.

The election of the additional members of the Call Board Committee being uext iu order, the Secretary was instructed to cast an affirmative vote for Messrs W. W. Baird and R. C. Givens.

On motion of Mr. Givius the followiug resolution was unauimously adopted and Messrs. R. C. Givins, C. L. Hammond and F. A. Barnes were appointed a committee to negotiate with the various newspapers; hence the followiug resolution:

Resolved, That, as the busy seasou and spriug trade approach, it will become necessary for the members of the Chicago Real Estate Board to expeud large sums in advertising, and as the advertisiug iu the real estate columns of the different Chicago papers is mainly furnished by the members of the board, we can make it advantageous to newspapers to negotiate with us iu making reasonable aud satisfactory rates.

There being no further busiuess on motion the meeting adjourned.

About 100 taxpayers of the Town of Proviso have filed a bill iu the Superior Court againat the Town Collector, to prevent the collectiou of a tax of 1 per ceut ou the assessed valuation for the construction aud operation of a macadamized road ou Twenty second street, or the "East aud West Pushick road," and on Lake and Madison streets. The authorities, have levied a tax to pay for the improvement of Lake and Madison sts., and the complainants object to it, because these two streets or roads are withiu the limits of the Villages of River Forest, Maywood, and Harlem, aud the village taxpayers are bouud to pay the tax; aud because the description of the roads was not set out with sufficient exactness in the ballots for or againat the measure; also, that the Collector, iustead of extendiug the tax at "1 per cent on $100 has extended it $1 on $100."

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, February 8, 1886.

An ordinance was passed establishing sidewalk space on Wilcox street from Western avenue to Rockwell street; for staying proceedings for improving Throop street from Taylor street to Blue Island avenue until the viaduct at the intersection of Blue Island avenue is extended to admit the Chicago & G. W. R. R. Co., as that will change the grade; also to stay improvement of Hunt street; also of Ann street, from Fulton street to Carroll avenue; also Fulton street, from Ada street to Ashland avenue; also the repaving of Madison street from Canal to Halsted street and Peoria street from Randolph to Madison streets, for the improvement of Laflin street, from 12th to 14th streets, and 13th Place from Blue Island avenue to Waller street; Brown street from 12th to 14th streets; for paving Warren avenue, from Leavitt street to Rockwell street; for improvement of Congress street, from Franklin street to Market street; the paving of Wabash avenue from 16th to 22nd street.

An ordinance to proceed in the opening and widening of alley between 26th and 29th street and Calumet and South Park avenues; repealing ordinance for paving 33rd street, from South Park avenue to Cottage Grove avenue; and Prairie avenue from Douglas to Egan avenues; and to stay assessment or improvement of Dashiel street from 26th to 31st street; the improvement of W. 22nd street from Ashland avenue west; the paving of Wright street from Canal to Halsted street; of Waller street from 12th to 14th street; of Carpenter street from Madison to Washington street.

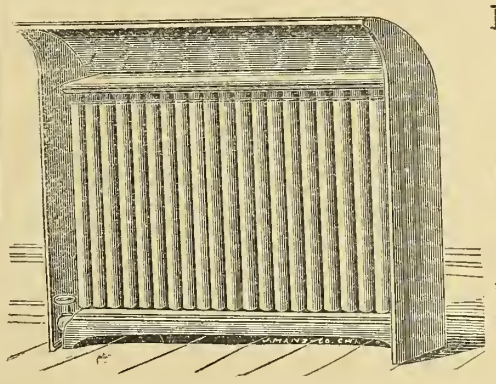
ORR & LOCKETT,

Dealers in

Builders' Hardware

Fine Cutlery and Tools



OF EVERY DESCRIPTION,

184 & 186 CLARK ST., AND 138 MONROE ST.

We Make a specialty of

Fine Bronze Trimmings

And Carry a Full Stock of all the Leading Makes. **We are sole Chicago Agents** for the Norton Door-Check, Geer's Spring Hinge, Dudley Shutter Worker, "Perfection" Metallic Weather Strip, and several other articles of merit. Prices and goods guaranteed to be satisfactory. Please call or send for Illustrated Catalogue.

KNISELY & MILLER,

129 & 131 SOUTH CLINTON ST.,

CHICAGO, ILL.,

Slate, Tin and Iron Roofers.

MANUFACTURERS OF

Galvanized Iron Cornices,

ETC., ETC.

S-C-R-E-E-N-S

For protecting walls from being blackened by the burnt dust arising from Steam Coils.
We have made a great many of these with uniformly satisfactory results.
Can furnish them plain, painted or japanned.
If you want anything of this sort, we will be pleased to furnish you estimates.

2846 H D Goldy v J M Allen. $128.
2847 Cold Blast Feather Co v Newberry Furniture Co. $158.46

THE PUBLIC DOMAIN.

GOVERNMENT LANDS NEARLY EXHAUSTED.

There is a widespread feeling against alien Landlordism in the United States. The distressing cry of the poor Irish tenantry of Great Britain, against the despotism of landlords there has awakened a feeling of alarm among the struggling poor of our own country. Already an alien by the name of Scully has acquired a large amount of land in Illinois and employs an agent to look after his tenants, who, it is claimed are very very poor on account of the severity of the owner's restrictions in the terms of the lease. In THE REAL ESTATE AND BUILDING JOURNAL of Feb 6, the full text of "A BILL TO REPEAL ALL LAWS PROVIDING FOR THE PRE-EMPTION OF THE PUBLIC LANDS THE LAWS ALLOWING ENTRIES FOR TIMBER CULTURE, AND FOR OTHER PURPOSES" called the "Senate Bill" and designed, (1) to protect the Public Domain, (2) to protect the valid rights of bona fide claimants will be found.

Governor Oglesby who was Chairman of the Committee on Public Lands of the United States Senate for four years and during his entire Senatorial term served on the committe and gave the subject much study, says in reference to a statement made by Dr. Loring and several writers in the North American Review to the effect that there are yet unoccupied above 200,000,000 acres of Public Lands, and that "There are millions of acres in the United States that have not been entered. They are not worth entering. But the lands that have a staple value have been entered. Uncle Sam has no more farms to give away. This I say generally. The 100th meridian separates the arid from the humid region in America. The land within the humid region has been taken up. There are millions of acres within the arid region not taken or entered. It is a question whether they are worth entering, whether the cost of artificial irrigation is not greater than the price of the resulting products. Now the result of this exhaustion of the lands within the humid region will inevitably produce land-hunger. We are beginning to experience it here already. When I was a young man working on a farm I could any day earn the price of an acre. The workingman now cannot earn the price of an acre inside of two months. Every acre that is in the market is taken up—snapped up. I believe that $50 an acre is an average price in Illinois. The purchasers are nearly all of them resident farmers. The alien landlords in Illinois are not numerous, and they are mostly accidental. They won't last. They will eventually have to go. But Tom Brown who lives in the same section as John Smith, would like to have Smith's acres. When Smith, for any reason, wants to sell, Brown scrapes together all the money he can get, borrows from the banker, or the grain-dealer, or from whomsoever he can borrow, and buys Smith's land and attaches it to his farm. He pays a better price than the non-resident, be he alien or citizen. He is hungry for the land. Every greenclad acre is a gold-mine to him. You will find this land-hunger all over Illlnois. The price now being paid may seem too high. It is not. The man who buys at $50 per acre now will get $150 per acre before many years for his purchase. This craving for the soil is perfectly natural to the human. You find it everywhere. It is the controlling influence now in American life. It will become more so.

"Do I think that this land-hunger will lead to the creation of big estates? To a certain extent, yes. But we have no primogeniture law here. Some will accumulate vast tracts of land, but they will be broken up among the children and relatives. The improvements in farm machinery will tend somewhat towards the creation of big farms, but big estates will not be the rule. The spirit of our laws is opposed to it. As long as American farmers have large families—and that is the rule, I believe—estates and farms must be and will be divided. The alien landlords will have to go. They are a luxury we cannot afford. American acres must be owned by Americans. The system of exhausting American soil for expenditures abroad will not hold. Mr. Scully and his fellows will be served with American notices to quit. I know Scully quite well. He is a very mild-mannered man as far as I know. He rents his farms here on business principles wholly. I suppose there is not much sentiment in his moral make up. He is a thoroughly well-informed man, well read, well-traveled. Personally he is all right. But as a landlord and an alien, we don't want his kind in America. As I said before, Americans must own American land. There will hardly be enough to go around within ten years. I presume that we will have 75,000,000 people before the end of the century. I havn't thought out how we shall get rid of them. It has occurred to me that perhaps the law proposed in the Iowa legislature to get rid of the aliens is in some of its provisions in the nature of an ex post facto law, and for that reason may be unconstitutional. However, I have not studied the matter very closely—and cannot of course pronounce on the subject. Every proper means, however, must be taken to keep the lands of the Nation in the hands of our citizens."

LAND INVESTMENTS PAY.

"They may not now but they will. This is not a question of present percentage. It is a question of future accretion and appreciation. The man who paid $2 per acre in 1850 did not receive a large percentage on his investment that year or the next one perhaps, but look at the price he can get for his purchase now. I hold that before 1900 land in Illinois will have trebeled in value; that investment in acres is the best and most profitable one that can be made; that a man who buys land at any price now cannot make a mistake.

"Although the lands of the humid region at this side of the 100th meridian are taken up, there are great possibilities yet for the earnest settler. Some of the lands are owned by the railroad companies, and the latter are always willing to sell. It is just as comfortable to buy from a railroad company as from the Nation. I do not sympathize with the abuse of railroad companies that have acquired public lands. Why we begged them to take it from us in return for opening up the country. We threw our lands at them. We wanted the country built up. We begged people to come here. We wanted population. We wanted more members of Congress, more Electoral votes. Illinois wanted to be as big as Ohio, we now want to be as big as New York. We were willing to give our lands to help the building up. What is said of Illinois is true of every other State and Territory. But, as I said before, the railroad companies have their lands in the markets. They are willing to sell at a fair price, and I'd advise every person having money to invest to buy of them, and not to waste time in thinking about it either. There may be some railroad companies that have not fulfilled their contracts with the Nation. They may not have given an equivalent for the lands now in their possession. Then by every honest means have these acres restored to the public domain, and kept for the advantage of bona fide settlers.

REAL ESTATE LAW.

Helen M. Mix et al. v. The People of the State of Illinois. Filed at Ottawa, Jan. 25, 1886.

TAXES—Excessive valuation—Frandulent Assessment.—If a party's property is fraudulently assessed at a greater value in pro portion to other like property in the same district, he should have the assessment reviewed by the tribunal appointed by law for that purpose. If he neglects to avail of his legal remedies, he can not contest the assessment and validity of the taxes on a bill by the State to enforce its lien against lands for such taxes.

TAXES—Sufficiency of bill to foreclose lien.—A bill to foreclose the lien against land for the taxes, etc., of several years, after setting out the taxes of the yeara 1878 and 1879 and the forfeiture of the same for those taxes, etc., charged as follows: "That the full amount now due upon said lands and lots as shown upon said collector's books of the year 1880, for taxes, penalties. interest and costs, including said forfeitures for the year 1878 and 1879, and accrued taxes for the year 1880, is the sum of $3,-687.40 and the amonnt which was and is a lien npon each tract and lot separately is shown by said books, and said copy attached opposite to each tract and lot separately and respectively," and prayed "that the said tax lien" might be foreclosed- Held, that these allegations were clearly sufficient to entitle the complainant to a foreclosure, not only for the taxes and forfeitures incurred for the year 1879 and previous years but also for the taxes shown by the collector's books to be due for the year 1880.

TAXES—Presumption in favor of legal assessment.—When two or more lots are assessed jointly and not separately, it will be presumed in favor of the acts of the assessor in the absence of a contrary showing, that they were so situated that their value could not be ascertained separately, as if one building had covered part of both lots.

MORTGAGE.—When a mortgagee under a power of sale sold and conveyed the mortgaged premises to a brother to enable the latter to raise money on the same for the former, there being nothing paid for the conveyance, and the mortgagee agreed with the mortgagor that the latter might redeem after such sale: Held, that the mortgage was thereby virtually kept alive, and in equity the sale and conveyance by the mortgagee was to be treated as an assignment of the mortgage to the grantee, who became the agent of the mortgagee.

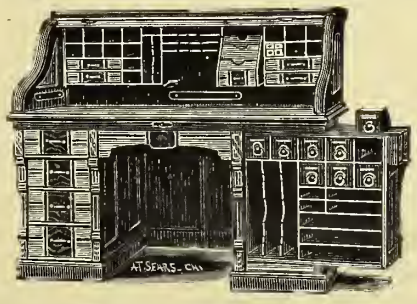
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

—TIN—SHINGLES—

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuous sheets.
2. **Storm-Proof.** It allows air to pass through freely from underneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. **The lightest roof** in the world, and perfectly fire, storm and wind proof.

P. S.—We have just been awarded FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

NEWSPAPER ADVERTISING
A book of 100 pages. The best book for an advertiser to consult, be he experienced or otherwise. It contains lists of newspapers and estimates of the cost of advertising. The advertiser who wants to spend one dollar, finds in it the information he requires, while for him who will invest one hundred thousand dollars in advertising, a scheme is indicated which will meet his every requirement, *or can be made to do so by slight changes easily arrived at by correspondence.* 149 editions have been issued. Sent, post-paid, to any address for 10 cents. Write to GEO. P. ROWELL & CO., NEWSPAPER ADVERTISING BUREAU, (10 Spruce St. Printing House Sq.), New York.

BONA-FIDE LIST.

[This List will be inserted once each week in the DAILY TRADE BULLETIN, and thoroughly circulated on Saturday and Sunday, as well as in THE REAL ESTATE AND BUILDING JOURNAL. Price 10 cents a line, or 5 cents under contract.]

Calumet Ave. No. 1921—A 3-story, basement, and sub-cellar pressed-brick house of 17 rooms; 4 bath-rooms, laundry, conservatory, two furnaces, set-bowl and chandelier in every chamber. House is well rented, in complete repair, handsomely papered, and newly painted within andwithout. A 2-story and cellar pressed-brick barn at side of house goes with the place, making a frontage of 66 feet. Price $22,500.

Calumet Ave. No. 1919—A residence equal and similar to the above-one, but without a barn. Price $15.000.

Vernon Avenue, at No. 3327.—A 2-story and basement octagon, marble-front house, with two-story brick barn in rear. House has eleven rooms, modern conveniences, new furnace and gas-fixtures, and was recently painted within and without. Both house and barn are in complete repair. Lot, 25x165 to alley. Price $8,500, and all street improvements made.

Wabash Avenue, No. 3111.—A 2-story, basement, and attic, octagon, marble-front house of 10 rooms. All modern improvements and in perfect order. Lot, 20x190 to alley. Price, 6,500.

Wabash Avenue, No. 3121.—An equal and similar house to the above, but better located. Price $7,500.

PERCY W. PALMER,
116 Dearborn-st., Room 41.

FOR SALE—By L. A: GILBERT, ROOM 5, 97 Clark-st.:

WOODLAWN PARK.—One fine new 10-room house, with brick basement, plate-glass front windows; lot 100x165; two blocks from depot; complete as can be made; price $10, 000. One fine new house on the ridge, on a corner, and in the grove; lot 90x165; fine barn, pigeon-house, etc.; one of the finest places that can be found for the money; price, $8,500. One 9-room new house, lot 50 feet front, only 2½ blocks from depot, with all modern improvements; price $3,800. One fine new house of 8 rooms, with lot 50 feet front; price, $3,000. One choice lot that will average 100x200, east front, in the grove, with a good 8-room house; price $4000. Choice lots in all parts of Woodlawn at the lowest possible prices and easy terms. One fine, 10-room house, hardwood finish; lot 50x165; price $4.500. Choice lots at Englewood on Dickey-st., just south of Sixty-third; price $30 per foot and assessment.

THE MARKET.

OFFICE OF REAL ESTATE AND BUILDING JOURNAL,
CHICAGO, February 27, 1886.

The uncertain tenure of our abstract Companies and their clerks has not as yet exerted a depressing effect upon the land trade in Cook county if we are to go by the number of lots and acres sold recently. In fact the miscellaneous copy printed in the JOURNAL under the heads of Agreements, Suburban Warranty Deeds, Townships, etc., has been almost double as much as usual. The Wisconsin Central or which is the same thing, the Chicago & Great Western R. R. Co. are paying out a tremendous amount of money for real estate in Chicago. Their line can be easily traced by following the list of sales to J. P. Neal & C. & Gt. W. R. R. Co. Their operatious extend into Cicero. The number of acre transactions is larger than for any previous week this year and the JOURNAL's prediction so often repeated that suburban property and acres would come into requisition the present year, can be verified by looking through the columns of County sales. Subscribers will not desire a repetition of important sales made during the week, as every one must know by this time that all sales of every name and nature and of all sizes and classes are found under the alphabetical arrangement, by streets and towns. To comment on everything of importance that transpires would tax the JOURNAL man heavily and it might be irksome to read it; besides newspaper comments do not govern buyers, but facts do. Having served the profession so long we know what they want and what they must have. Hundreds of people who have sold out their homes to the Railway Companies for a right-of-way and terminal facilities for spot cash will go and buy elsewhere and some of our young agents should bestir themselves and go and furnish these people a new home. Every one of these unhoused people's names are found in THE REAL ESTATE AND BUILING JOURNAL; a postal card might bring them in. Better do business in this way and get some money to pay bills with than sit around the office and growl like a bear with a sore head about hard times. The active agents are the men who are making the money, and some of these fine days we will publish a list of these hard, earnest workers under a roll of Honor, and maybe, a

black list too. There are a few cranks in the business who ought to be read out of the profession. They neither make money, nor spend it to pay their honest debts and some of them make money and refuse to pay their debts. A few of them do not do much of anything but try to get some ambitious fellow to start a new Real Estate Journal, notwithstanding thirteen have been started in a dozen years and "died a bornen" the last one being a stock company, and managed by responsible men. The name of every inquirer for a real estate paper from all parts of the world and Chicago has been kept in our books and all names of all who ask for sample copies alike appear upon our Temporary Lists. We are publishing all that can be published of facts and all the world are satisfied with the fairness and correctness of the JOURNAL except about three cranks and as many jealous newspaper fellows.—Back numbers of the JOURNAL are just now in request,—complete yonr files or send them in and we will sell them for you.

WEST SIDE IMPROVEMENTS.

Another meeting of property owners interested in the opening of Hanover and Canal streets was held on Monday evening last at the corner of 29th and Hanover sts. The committee appointed at a previous meeting, reported the result of their meeting with the city council and corporation counsel. They will incorporate a clause in the ordinance to be presented to the council next Monday night asking that the assessment be not collectible until the bridge is an assured fact. The council can not make an appropriation for a bridge until the street is opened, and the object of this clause is that the assessment should not be collected and their property remain idle at the pleasure of the council. Taking a straight line along Canal and Hanover streets, from Madison street to 39th, without deviating east or west, the cost will be $40.00 a lot,—if 2 blocks were taken the cost would be slight. The improvement, it is claimed, will be of inestimable value to the people on Stewart ave. and Grove st. One of the speakers made the statement that the population in that district would be three or four times as large as it is now if the improvement had been made twenty years ago.

Citizens of the west side are beginning to clamor for more sewers, street improvements as well as more bridges and tunnels. It is argued that all along the western side of Chicago lies two miles of prairie, green and bare of houses as when the wolves roamed over it, in close proximity to parks and boulevards which should become the best residence portion of West Chicago. There are scarcely any sewers there and but few sidewalks. The project ot an elevated railway does not seem to meet with favor among property owners of the West Division. Cable roads might help them some if they could cross the river. The Washington street tunnel should be kept in perfect order and another one built south of Adams street. A wide and spacious bridge, turned by steam enhances the value of property upon either side of the river, but a tunnel damages real estate for two or three blocks each way. Permanent bridges cannot be built for the weighty reason that too many millions of property along the South branch would be an utter loss if the shipping were stopped and transferred partly to the Lake Shore and the remainder driven to South Chicago.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, February 24, 1886.

At a special meeting of the Board of Aldermen the question of repairing the bridges came up and the limited resources of the city were deprecated. The bridges at State, Twelfth, and Eighteenth streets are badly in need of repairs, in fact dangerous. Provisions have been made for the State and Eighteenth streets structnres, but not for Twelfth street. The committee recommended that $150,000 be appropriated for cleaning improved streets and $128,000 for unimproved streets. Ald. Young made a motion to cut the appropriation down $41,000, but Cullerton who dislikes a depleted exchequer, laughed at him and wanted to know why he did not move to strike it all out.

The former then inquired as to what had become of the $232,000 appropriated for 1885. Ald. Campbell said there was a tremendous job in the street cleaning contract and suggested that an itemized bill of the monies expended in every job or contract be presented. Ald. Hull chimed in and said that thousands of dollars were lost to the city by this kind of swindling. It was necessary to know jnst who and how many there were of the Italians who did the scraping.

Ald. Wetherell suggested that it would be a wise course for the city to pnrchase the street-cleaning machinery and let its own employees do the work.

Ald Campbell—Anything for an improvement. Nobody is foolish enough to believe that a few dozen Italians working at $1.25 a day, but more frequently at $1 a day, can absorb all the appropriation made by the city for street cleaning. No: that money has sought a nest in some dark hiding-place and away down in the capacions pocket of the city contractor. We are not asses, but we would be if we gave out that we believed that the entire appropriation was spent for the service to which it was assigned, and the citizens ought to come here and ornament us with ears a foot and a half long.

Ald. Burke—That's right. The streets in portions of my ward are never cleaned. If we have a deep fall of snow we have to wait until God sends ns a thaw or a rain to take it away. And yet these contractors agree to clean all our streets.

At this juncture Ald. Hull in order to bring the debate to an end drafted an order directing the Mayor to send to the Council at its next meeting a communication giving the estimated cost for machinery for the city to do its own street cleaning, and that the item for street-cleaning be passed until the communication had been received. There was some vigorons opposition to the order on the part of Cullerton, Hildreth, and others, but it finally prevailed. The recommendations for street improvements were the same as last year, and were passed; bnt Cullerton's committee got another knock-down on his $60,000 appropriation for viaducts. Notwithstanding his protests that he has been economical and careful in the extreme in this item, upon motion the matter was postponed until City Engineer Artingstall had appeared before the Council and explained what was to be done in the viaduct line, and what the estimated expense would be. After some minor discussion theCouncil adjourned until 2:30 p. m. Thnrsday.

FEB. 15.—The Corporation Council advises that it is plainly within the city's power to pnrchase real estate to be used as a dumping ground for filth and garbage, as a sanitary measure. An ordinance was passed for opening and widening alley blk. 9, frl sec 15. Add. Same between Spring and 22d sts., west of South LaSalle st., also for repealing ordinance for the improvement of Warren ave., from Railroad tracks to Homan ave. Warrants No. 5872 and 5956 were ordered withheld from collection. The Clerk presented the report of the Committee on Railroads, on petition of property owners on Halsted street, between Clybourn avenue and the north branch of the Chicago river, praying that your honorable body grant the right to the North Chicago Railway Company to extend their tracks south on said Halsted street to the center of the river, so as to connect with the tracks of the Chicago West Division Railway Company; also, a petition of property owners on Halsted street, between Indiana street and the north branch of the Chicago river, praying that your honorable body grant the right to the Chicago West Division Railway company to constrnct, maintain and operate a double-track horse railway on said Halsted street, to connect with a line on said Halsted street, north of said river, and south to the Stock Yards; and also, a draft of an ordinance granting such rights, which failed to pass Feb. 8, 1886, and the vote reconsidered Feb. 8, 1886, which was carried and passed.

REMOVAL.

S. E. Gross & Co., Builders and Real Estate Dealers, have removed their office from Madison and Clark to the McCormick Block, Corner of Dearborn and Randolph streets, and now occupy the main office on the ground floor of that building, which has been fitted np by them in a style second to none of its class in Chicago. The counting room, sales department, and private offices are in walnnt with stained marble panels and other furnishings to match the whole, presenting a truly elegant appearance. The removal is due to the largely increasing business of the firm, for the transaction of which more commodious quarters were deemed requisite.

REMOVAL.

Among the recent removals of our real estate agents is that of Wm. F. Lubeke to No. 123 La Salle st. The central location and commodionsness of the new office will enable Mr. Lubeke to give better satisfaction and attention to the interests of his patrons and to all buyers and sellers of real estate. The bnsiness of this honse comprises all that belongs to a general real estate agency, buying and selling all kinds of real estate, negotiating loans, renting and the care and management of property.

Suburban Improvements.

HYDE PARK.

An ordinance was passed for a sidewalk on the west side of Prairie avenue, from 42d to 43d street; for same on east side of Sixth avenue, from 98th to 99th street; for same on both sides of Cottage Grove avenue, from 72d to 73d sts; for changing name of Frederick place to Monroe ave.

These two pieces very cheap.

7 acres in sec. 5, Town of Cicero, on which offer is wanted.

Two or three more packing house lots left at Union Stock Yards.

Blocks. Acres, Lots, and Houses and Lots west of Garfield Park in our Chicago Land Co. Subdivision.

WANTED

A first-class man who is thoroughly acquainted with the Real Estate business, for outside work. No personal application entertained and no one wanted who is above his business and who cannot give A 1 references. Send names of persons to whom you refer or written recommendations. Address "A," care Chicago REAL ESTATE AND BUILDING JOURNAL, 121 Fifth-Ave.

S. L. JENKS & CO.,
REAL ESTATE BROKERS,
133 LaSalle Street, CHICAGO.
Gen'l Eastern Ag'ts North-Western Land Association and Park addition to Pierre, Dakota.
Special attention given to the sale of suburban property. Houses built and sold on terms to suit purchasers.

THE ABSTRACT IMBROGLIO.

The Real Estate Board's Protest.

Injunctions Issued Restraining the Recorder from Carrying Out the Board's Order.

The adjourned meeting of the Real Estate Board, held at the Board rooms on Monday, Feb'y 22, was enthusiastic and well attended. The original meeting was called to protest against the action of the County Board of Commissioners in their attempt to exclude all abstract companies and their clerks from privileges in the Recorder's office.

The following resolution was unanimously adopted:

WHEREAS, In pursuance of a resolution adopted by the Board of Commissioners of Cook County the Recorder has issued a notice to the different abstract firms, companies, and corporations that Saturday, Feb. 27, 1886. they must withdraw their employes from his office, and that after that date he will deny access to the original instruments and records in his office to all parties desiring to make copies or abstracts of the same for speculative purposes or for their own private gain; and

WHEREAS, The execution of such order will create a monopoly in the making of continuations of examinations of title in the hands of the Recorder, thus crushing out the competition that now exists: and

WHEREAS, The condition of the abstract department in the Recorder's office, as shown by the report of the expert employed by the Board of Commissioners, is not such as to command the confidence of the public: and

WHEREAS, With the great and increasing call for examinations of title, averaging last year in the combined abstract offices over seventy-five orders per day, or 22,500 separate abstracts yearly, it is an utter impossibility for any one office working from one set of books to supply this enormous demand: and

WHEREAS, The execution of such order will interfere with the transactions of real-estate business and the loaning of money on real estate to an extent that will be disastrous to both owners and agents; and

WHEREAS, It is for the public good, as shown by past experience, that there should exist as many copies of the public records as possible; therefore,

Resolved, As the sense of this meeting that said order of the Recorder should be rescinded, and the resolution under which it was made should be repealed.

Resolved, That a committee be appointed to prepare a petition to the honorable Board of Commissioners of Cook County respectfully asking them to repeal said resolution and allow persons engaged in the making of abstracts of title the same privileges in the Recorder's office they have enjoyed for many years

H. C. MOREY,
A. B. MEAD,
LYMAN BAIRD,
ROBERT C. GIVINS,
E. A. CUMMINGS,
Committee.

Before the motion was put to pass the resolutions, remarks were declared in order and the following named gentlemen spoke on the subject. The attorney for the Board, Mr. J. P. Wilson, said in substance that, "The snbject matter of the proceediug of the County Board is of vital importance to the business interests of Chicago. We have. by hard work, gotten the work of abstract-making to a very perfect basis, and this has become so well known ontside that no one has any hesitancy in accepting one of them in a real-estate transactiou. The object of that resolutiou of the Commissioners can be nothing else than to build up a monopoly to be controlled by themselves and the Recorder, which object seems to be contrary to all law. If the Recorder wants to go into the abstract business nobody would object to him doing so in a fair competition. But as he is an elected officer political influences would be brought to bear upon him in the matter of makiug appointments and there would be a temptation to employ inferior and inexperienced help. Besides his aim is to conduct the business for a period of only four years nnder au absolute monopoly. The influence of such a coudition of affairs upon abstracts of the future is most appareut, for, when the present Recorder's term of office expires it will be of little importance to him personally and fiuancially how abstracts will be made by his successors." [applause.]

Mr. R. C. Givius claimed that the effect of the resolution of the County Board, if enforced, would result iu a dire calamity to the Real-Estate business in Chicago, and spoke of errors which occurred in abstracts made by the Recorder.

He said further that the entire wealth of the city nearly at this day was due to the preservation of the ante-fire abstracts by the abstract making firms. Were it not for these records this great city would not now have a population of 700,000. This was a more serious matter than the people had yet awakened to. He didn't want to ask anything unreasonable, but he wanted the Real-Estate Board to combine and request the Commissioners in all justice and reason to recind the obnoxious resolution, and if they failed to comply with a just request, then the matter should be taken before the courts and force the Commissioners to rescind it.

M. R. Barnard said that it was impossible for the Recorder to make a creditable abstract, because he hadn't the proper and complete records. The speaker knew this, because he had an abstract made in the Recorder's office in which a deed and a mortgage were missing. The records of Cook County are there because they have been bought and put there by the people of Cook County, and they had a right to see them when they desired. Nobody goes to look over the records for fun; all who consult them do so "for private gain." He characterized the action of the County Commissioners as "unjust, wicked, and rotten to the core, because it aimed at the foundation of the city's prosperity."

A number of legal gentlemen were present and took up the legal aspect of the question, and denounced the action of the County Commissioners as unlawful and outrageous. Mr. E. Prussing argued both sides of the question and warned the Real-Estate men and the lawyers to not build up a worse monopoly in trying to strangle another. This "milk and water" argument aroused the opposition, for the next speaker was the Hon. Thos. B Bryan who made one of his characteristic speeches but added more fire than he is wont to do on ordinary occasious. He threw solid shot alternated with grape aud canister at the county board with telling effect. The legal fraternity were represented by Messrs. Frank Collier, Charles Pope, Jas B Galloway aud others. As soon as the motion was put, for the adoption of the resolutious it was carried by a unanimous vote. The following named gentlemen were chosen by the chair to present the resolutions to the County Commissiouers at the meeting to-day.

Just before the meeting adjonrned the following resolution, submitted by Mr. M. R. Barnard, was unanimously adopted:

WHEREAS, The best interests of the public are served where the greatest competition exists; and

WHEREAS, Under the existing condition of the records of Cook County, the enormous nnmber of documents filed, averaging now over 100,000 per year, it is practically impossible for any new persons, firms, or corporations to enter upon the business of making title examinations; therefore, be it

Resolved, As the sense of this meeting that the tract indices to the records in Cook County should be kept posted up and placed with the public records in the Recorder's office of said county and made accessible to all persous desiring to examine or copy the same.

THE OTHER SIDE.

The aim of the JOURNAL is to present a truthful account of the controversy about the county records. Hence we give the opinions and sentiments of all factions. One of the Commissioners was present and took umbrage at much that was said. Two petitions were in circulation: one among the Real-Estate men and land owners generally and the other among the banks.

The Abstract-of-Title Committee of the Real Estate Board held a meeting at 10 o'clock on Tuesday and discussed the sitnation and the mode of procedure. Commissioner Lynn said he would concede nothing in the matter and is determined to fight it out to the bitter end. He will not even favor an extension of the time in the notice for the abstract men to quit. Commissioner Hemmelgarn said, "We have just as much right to ask Messrs. Handy and others for access to their ante-fire records for the purpose of making money for the county as they have to demand of us desk and office room for their gain.

The following letter from Recorder Scribner to the Chicago Tribune is the sum and substance of his opinion.

CHICAGO Feb. 23.—[Editor of the Tribnne.]—To read the intemperate and untrnthful remarks of a number of the gentlemen who talked so vigorously at the meeting of some of the real estate men on Monday. one would be led to suppose that the Recorder's office of this county is in a deplorable condition, and that it is really unsafe to risk a deed in that office for record. I will be greatly under obligations to you if you will permit me to say a word for the other side. I was elected Recorder of this county on the Republican ticket in November, 1884, and upon assuming the responsibilities of the office I discovered that all of the responsible and

difficult positions were filled by people who had held them a long time—many of them twenty years and over—and as they were people of high character, whose ability had grown with their experience, I determined that I would retain them all, and did so, excepting the Chief Clerk, and I took him with me from the Probate Court.

Almost all of the folio-writing in the office is done by women clerks, and for neatness, carefulness, correctness, and good penmanship I will compare them with any equal number of clerks in this city. When some poor man is sent to the Recorder's office with a half made up deed to be recorded, as was the case of George Adam Kortz, who had the misfortune to employ the services of Mr. James B. Galloway, it would be the duty of one of those clerks to record it—mistakes and all—just as it came from Mr. Galloway's hand; then note the errors on the back of the deed so that Mr. Galloway could see them and be furnished with an excuse to visit the Recorder's office and make insolent demands for the return of the 60 cents which had been paid for recording it.

Sec. 31, Chap. 20, R. S., provides that "deeds, mortgages, and other instruments of writing relating to real estate shall be deemed from the time of being filed for record, notice to subsequent purchasers and creditors though not acknowledged and proven according to law," etc. If Mr. Galloway would give a little more time to his law books and a little less time to advertising his ignorance in public he would some time doubtless attain a higher stauding in his profession than I think he gives promise of doing now. When I took charge of the Recorder's office I found in it a well-regulated abstract department in the hands of competent, painstaking experts whom I had known as such while I had charge of the records of the Probate Court, and knowing well the importauce of having experienced men at that sort of work I was very glad to have them continue in their positions. Everybody who knows anything about the expert abstract makers in this city kuows that Mr. Buschwah, Mr. Waddington, and Col. Cannon are rated with the best. They are now in the abstract department of the Recorder's office, and have been for seven or eight years, and I have yet to hear a word against either of them in character or ability. In reference to the abstracts made at the Recorder's office I will say that if any one has been injured in the slightest degree by reason of auy mistake which has occurred in any abstract made at the Recorder's office since I have been there, I have never heard of it. We have made a large number of abstracts during the last year, and the revenue to the county—although we only intended to pay expenses—has been for the last six months about $2,000. I have been admitted to the bar, aud for the last twenty years I have been about the courts and records, and I am prepared to say that, with the men and material at the Recorder's office as good an afistract can be made as can be had at auy other abstract office in Cook County. It is true that with the expenditure of a sum of money the abstract books in the Recorder's office could be improved to au extent which would make them the best in the county, and at the solicitation of Mr. Senne, when he was in the Board of Commissioners, I put in a proposition to do that work, but, owing to the low state of finances in the Treasury, I long since withdrew the proposition. It costs the county more to make an abstract now than it would if the books were improved as they ought to be, and this was Mr. Senne's chief reason for desiring that work to be done. The abstracts made would be the same.

I am well satisfied that a conspiracy has existed for a long time to destroy the abstract department in the Recorder's office and put it out of the power of the people to obtain abstracts of title to their property at low rates, but I desire to say that such a thing shall not be doue while I am the Recorder of Deeds of this county if it is in my power to prevent it.

WILEY S. SCRIBNER, Recorder.

Rumors are afloat that the County Commissioners have a decision by Judge Cooley of Michigan to the effect that a County Recorder of the Public Records may shut out and exclude private Abstract firms from his office, also two or three Real Estate men were found by the JOURNAL man who were reckless enough to assert that this whole fight was brought about by a combination or conspiracy between the Commissioners and Handy & Co. to force the County, or furnish a pretext for the County to buy Handy & Co's ante-fire records for a big sum of mouey—say $1,000,000.

(1) First because the business is losing its grip as a monopoly on account of competition.—(2), because so many abstracts have been brought down from the government to the time of the fire that almost every piece of valuable property in the City has been gone over time and time again and that these ante-fire abstracts are as numerous as autumn leaves in November. The injunction issued on Thursday will put a quietus on the whole affair for a time at least. The Real Estate Board are backed by the wealth of the City as would appear from the names on their petitions.

CHICAGO, ILL.

A MODEL
MEAT MARKET.

A meat dealer good at any place,
Is indeed an acquisition;
Where e'er is seen most every trace
Of cleanliest condition.

At William Davidson's best steaks are cnt,
Indeed with the greatest ease;
Of either Porter-house or Round.
In a manner sure to please.

And oh! such roasts, his are of fame,
Of either kinds of meats,
That brings to him a goodly name;
With best all around he greets.

He keeps the best of pork and mutton,
As well of veal and finest lamb;
And of pure meats be sausage makes,
And cured most fine he has of ham.

Of game he has the various kinds,
To suit the most fastidious minds;
At prices, too, indeed so low,
That patrons round to his place go.

Then go there every one and all,
For if on him you once bnt call,
The satisfaction he will give,
Will be remembered while you live.

REMEMBER THE PLACE:
WM. DAVIDSON,
No 48 N. State St., CHICAGO.

Country Building News.

DesMoines, Iowa.—A$150,000 hotel will be erected in this city at the corner of Locust and Fourth street. It will be commenced this spring.

Pollock & Co., of Montgomery, Ala., will erect a two-story brick office building there at a cost of $15,000; also a Babtist church costing $10,000; also J S Tyson will build a $12,000 brick building.

Rockford, Ill.—An art building adjoining the Rockford seminary will be built at a cost of $14,000 J C Cochrane of Chicago is the architect.

How to Decorate.

Ebony and old Honduras mahogany are the choicest woods for combination with brass, as affording rich contrasts. For heavy oak doors wrought iron forms a rich decoration.

A novelty in window decorations have panels composed of Japanese fret work, associated with light carvings in open work holding jewels of stained glass, or a simple Japanese fret-work is used with a lining of some bright colored silk.

The decorations for walls of picture galleries are frequently discussed. The old maroon background is still fashionable and displays pictures to advantage, while dead gold is of a more recent date and is equally effective; gray should be avoided.

There is great variety and beauty in fancy oramental ceramics. A new pottery called "Peach Bloom," has the exact tints and shades of a ripe peach. This ware is shown in vases and pitchers of handsome shapes. The Burmese ware is also very attractive in color and design; it is delicately shaded from the deepest red to a pale pink, or from bright orange to light yellow.

A marked feature of decorative art is the great use made of metal work. It is used for the trimmings and adornment of doors and windows and is no longer, clumsy or lumbersome, but has been transformed into beautiful shapes and designs and used for every conceivable, decorative purpose.

Tea cloths for small tables are made of China silk, either white or yellow, with outline patterns embroidered on them; bunches of purple clove are pretty on a white cover embroidered in file-floss, and holly leaves with its natural berries have a most charming effect on a scarf of yellow silk.

REAL-ESTATE LAW.

Henry Ebert et al. v. Anna M. Gerding et al
Filed at Ottawa, Jan. 25, 1886.

1. FRAUD—The failure of a complainant seeking to foreclose a mortgage to take the default of the mortgagor and his wife for over five years after service, does not show a fraudulent intent in taking a decree of foreclosure, especially when during such period of time the complainant is taking testimony, upon issues raised by another defendant claiming a prior judgment lien.

2. WITNESS—On bill by the heirs of a mortgagor against the heirs of a mortgagee to review and set aside the decree foreclosing the mortgage rendered during the lifetime of the mortgagors and mortgagees, one of the complainants being one of the heirs of the mortgagor's is not a competent witmess to disprove the sheriff's return of service of summons upon the mortgagor's wife, which occurred in the lifetime of the ancestor of the defendants, the mortgagee.

4. SUBROGATION.—Of junior mortgagee to rights of prior mortgagee.—When a junior incumbrancer in order to protect his own security, is compelled to discharge a prior mortgage, he will in equity become subrogated to the rights of the holder of the prior incumbrance. In such case the person discharging the superior lien will be treated as its purchaser or assignee, unless the facts show that it was intended as an absolute payment.

5. So, when the holder of a prior mortgage under a power of sale sold and conveyed the premises to one who paid nothing but before such sale agreed with the holder of a junior mortgage that the equity of redemption should not be thereby cut of, but that the latter should have a reasonable time in which to redeem to protect his lien, and he afterward paid the purchaser the amount necessary to redeem from the prior mortgage and received a deed from such purchaser, it was held that the junior mortgagor on the bill to foreclose his mortgage, which contained no release of the homestead had the right to be subrogated to the rights of the prior mortgagee, and have the prior mortgage foreclosed for his benefit.

6. BILL OF REVIEW.—Decree embraces the pleadings.—On a bill to review a decree for errors apparent on the face of the decree the decree will be taken to include not only the final judgment of the court. but the pleadings also; and in passing upon any such errors assigned the court will look through the bill and answer,

7. SUBROGATION.—Of mortgagee discharging prior lien.—When a mortgagee is compelled for his own protection to pay the amount of a prior mortgage, and the latter is discharging of record instead of being assigned to him, he is, nevertheless, entitled in equity to indemnify himself for such payment out of the mortgaged estate.

Chauncey A. Lake v. Milner Brown et al.
Filed at Ottawa, Jan. 25, 1886.

TRUST DEED—On sale under a trust deed, the property was struck off and sold to the holder of the debt thereby secured for $500 less than the sum due thereon. Pending suit by the purchaser for the possession of the premises, the debtor paid him $300 and a written agreement was enteerd into that if the debtor did not,, by the next term of the court, pay all taxes on the land and pay the purchaser $300 in addition to $100 then paid, the $400 paid should be retained by the purchaser in full payment of the balance due him on his original debt. The debtor failed to comply with this latter agreement: Held, that the creditor under such agreement had the right to retain the $400, and that the right of the debtor to any relief from the sale on account of it if he ever had any was gone.

CHANCERY—Reference to master to find taxes due.—On bill to foreclose the lien of the State for taxes due upon several tracts of land and lots, on which a certain amount of taxes have been paid, the court May properly refer the case to the master to determine and report the amount remaining unpaid on each tract including costs, and the approval of such report will be a sufficient finding by the court as to such amounts.

TAXATION—Decree on foreclosure.—The decree of foreclose of a tax lien against several tracts or lots of land after finding the sum due and unpaid upon each parcel. should fix a short time within which the amount so found due should be paid, so that the parties interested may pay upon all or any of the tracts and as to such avoid the sale.

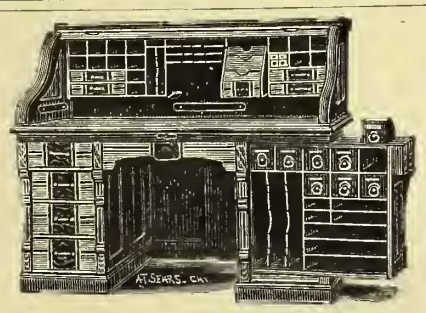
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

NATIONAL SHEET METAL ROOFING CO.
Organized under Charter granted by State of Tennessee, September 30, 1882.
SOLE MANUFACTURERS OF
WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.
TIN SHINGLES

We claim for this Roof the following very essential points which no other sheet metal roof has:
1. Rain-proof, without being put together in continuous sheets.
2. Storm-Proof. It allows air to pass through freely from underneath.
3. It can be taken off, and relaid with absolutely no wastage.
4. The only, absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. The strongest roof in the world made from sheet metal.
6. No cleets, half sheets or shorts, to commence at eaves.
7. A tin roof, ready to be applied without skilled labor, or expensive tools.
8. A roof in which contraction and expansion is provided for in each separate sheet.
9. A roof applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. A roof that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. A roof that has two designs in one—a perfect hexagon and a complete arrow—which can be ornamented when desired.
12. The lightest roof in the world, and perfectly fire, storm and wind proof.
P. S.—We have just been awarded FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.
L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

BUILDING DEPARTMENT.

THE LUMBER MARKET.

An active beginning of business in the lumber trade was predicted for early Spring and is now being realized by a general increase of orders. Actual orders in larger volume and increased figures have been coming in. There are rumors of many changes in location of dealers. The amount of lumber on hand is less than a month ago, and as there is no prospect of a large log cut there should be a tendency to higher prices. The opening of Spring and a continuance of favorable weather will insure a brisk business in the lumber trade and an early beginning of building may be looked for in Chicago and suburbs.

FRAME BUILDINGS.

(Extract from J. H. Carpenter's Hints on Building.)

All kinds of wooden buildings are prohibited within the city limets, but the suburbs have adopted pretty styles, at once attractive, cheap and durable.

Timber used in construction is subject to crushing, tensile and transverse strains; therefore its shape as well as size has a marked influence in regulating its adaptability. The strength of timber varies materially with the age of the tree, the locality of growth, whether the piece is from the center or outer portion of the tree, the straightness of grain, knots, number of rings, etc. From the time it is tapped as a green tree until erected in place it is subject to influences which either add to or detract from its value; should a stick in use be placed with the natural top of of the tree downward, it will show it by rotting at the end placed downward sooner than if placed in position as grown in nature, the laws of structure increasing evaporation and keeping a stick dry which is properly placed, but obstructing evaporation when reversed.

Prospective Building.

RENTS.

THE REAL ESTATE MARKET.

OFFICE OF REAL ESTATE AND BUILDING JOURNAL,
CHICAGO, March 6, 1886.

While it is too early for architects to feel warranted in divulging specific information in regard to much of their work, they feel assured of an active building season.

Draughtsmen are kept busy in drawing sketches and designs. The high price of brick, being $9 and $9.50 per thousand is keeping many from building at once, preferring to wait till new brick comes in. Some extensive builders it is said are holding back on account of the looked for strike among the laborers; but from general indications this is needless. After the 1st of May, the bricklayers will work only eight hours a day, receiving the same rate per hour as before. This will have no material effect upon building as it will require merely the hiring of more men to finish work in the same time as before.

RENTS.

Several of the large renting agencies have already renewed or let anew all their large leases at the same prices as last year. The general tendency of rents is firm at last year's prices. It is believed that they then reached the low water-mark.

The demand at the present time for residences is quite strong, showing plainly the growing population of Chicago.

MARKET.

The real estate market is not as active as it should be to come up to the bright and alluring prospects heretofore held forth by by many of the brokers. A recent sale of 80 feet on Lake avenue, south of Oakwood avenue, brought $250 a foot; an advance of $50 over previous sales on that street. Turner & Bond negotiated the sale. A Chicago loan firm got the better over sleepy St. Louis, as might be expected, in the negotiations of a loan of $200,000. The loan was made at 5%, while St. Louis wanted 6%.

Percy W. Palmer reports an active demand for loans with rates at 5½% and 6% or on an average of 1% lower than last year. He has sold several houses and lots during the past week.

Rutz, Needles & Netling are receiving many applications for loans from Western towns of 5,000 to 25,000 inhabitants, indicating a revival of building in these towns. The rates for these loans are 6%, while large loans in cities are made as low as 5% and 5½%. This firm negotiated the above mentioned $200,000 loan.

C. U. Gordan & Co report building very active in Lake View along the New Evanston railroad where property is on the advance.

Byron A. Baldwin & Co. report a good demand for a medium class of residence property also an activity in loans.

Architect J. C. Cochrane is busy with the plans for the Scott County Court House at Davenport, Iowa. Plans will be ready for bids by the 9th of March and contracts let on the 10th of April.

Architect Clinton J. Warren has opened up an office in the Grannis Block.

New work has been coming in rapidly into the offices of Architects Hansen, Halberg, Schaub and Berlin, W. L. Carroll and Ackerman & Smith.

Our table of new buildings on 3d page as well as all of our miscellaneous building news, gives information only as to buildings to be built in the future, even before the architect's plans are made.

DECISION ON THE ABSTRACT QUESTION.

Judge Lotz at Marion, Indiana, has recently decided that any one interested in the County records has a right to examine them and to make such memoranda as he wishes, and that if anything further were wanting any tax-payer could give a written agency or authority to get the records for him. The very purpose of the county records is to give notice to the public of transfers and mortgages of property so as to enable future buyers of the same piece of property to ascertain by or through an abstract just how it stands promptly and without delay.

REAL ESTATE BOARD.

The following were elected members of the Real Estate Board: F. B. Peabody, B. Hagaman, P. L. Garrity as associate and Wm. Loeb, Geo. G. Newbury, Percy W. Palmer, W. F. Lubeke, M. E. Greenebaum, D. S. Place, J. Donnersberger, Byron A. Baldwin and H. G. Foreman as agent members.

ANNEXATION SCHEMES.

The people residing just beyond Webster ave. and outside Milwaukee ave. in what is called the city limits want to get into the City. They have already secured the required number of voter's names on their petition and papers, and a majority of the names of the property owners. The scheme is opposed by the Real Estate Agents who handle property in that section. If the property is taken into the city purchasers cannot build frame houses. The real-estate men are, therefore, intriguing against taking in the territory, much to the disgust of the resident property-owners. One of the latter expressed himself about the annexation plan to a JOURNAL reporter as follows:

This kind of fever afflicts the citizens of the north-east cor. of the town of Lake and also of Englewood. The disssatisfaction among the people, concerning the mismanagement of Town affairs by the stock yard element is the main reason why the Town of Lake wants to be annexed. Pudding heads like Gahan & Buck McCarty are big now in that much pestered suburb. The town of Hyde Park is in the same condition and a short time ago they were clamoring for admission into the City. They should all be compelled to remain where they are for their own good and the good of all concerned. If they were a part of the City frame buildings could not be built and poor men could not secure a home so easily as they can now. The rottenness of public officials in these outside towns is only exceeded by the crookedness, meanness and ignorance of some aldermen in the Chicago City Council.

REAL-ESTATE CALL BOARD.

Instead of having the sales of the Call Board every day at the Board Rooms, the Call Board committee has arranged to have an auction sale of real estate at Central Music Hall on March 18.

The plan of selling will be for the owner to submit his property through any member of the Call Board. The Call Board will embrace all real-estate agents of the real-estate board who are engaged in selling property on commission. The owner will set a net price on his property, below which it cannot be sold. The commission and prorate expense of the sale (which will be a mere trifle when divided among twenty or thirty entries) will then be added to the owner's net price. Then the price started by the board at the sale will be the owner's net figure, with the commissions and pro rata share of expense added. The highest bidder above this fignre will secure the property.

After the expenses are paid, the overplus will of course, go to the owner. This system will be perfectly fair for the owner, as he will not have to pay a cent unless the sale is made, and he will get all for his property that such big advertising will bring his property.

LEGAL SALES.

The attorneys and commissioners are handicapped so by judicial procedure and statntory red tape that a bona-fide buyer at a foreclosure or forced sale, nnless he has looked np the matter of title, etc., and knows all the parties and is familiar with all the endless procedings, would almost as soon be indnced to buy a piece of one of the planets as a lot sold at a court sale. According to custom, such sales are nsually held at the north door of the court honse. Acrowd of buyers standing for two hours at the north door of the court-house when a Manitoba wave is sweeping along Randolph street would freeze and a few tons of rock fron above likely at any moment to come crashing through their ambitious skulls. Commissioners appointed by our courts are allowed by statute a fee that amounts to a day laborer's hire. No business man can take the job. This law was enacted when such sales took place about once a year and the property sold was of comparatively little value. Now this business of itself, is of immense proportions. Scarcely a week bnt pieces are sold of great value under jndicial sale. Now, it is claimed that if the courts could allow these sales to be made on the real-estate board, minors would receive their proper allowance for their property. Foreclosure sales would realize in many instances snfficient to render the sold-out party a balance, and the result would be of unquestioned benefit to the public at large. The board will give this system at their first great sale a fair trial, and are very hopeful of success. The sale will be in the evening, so that every one interested can attend. All the judges, masters in chancery, and people interested in judicial sales will be invited, besides a large delegation of property-owners from this and other cities. One delegate from a proposed similar organizatinn in Detroit has signified his intention to be present. Several are coming from West Virginia, New York, Hartford, Boston and Philadelphia, who are largely interested here.

At the inaugural sales ladies will have every attention. A first-class orchestra will discourse music between sales.

Choice business property paying good retnrns on the investment, a well-selected list of residences, a few good acre pieces, and perhaps one or two big down town corners. The comm'ttee are working the thing up in good shape. The names of the committee are as follows:

C. H. Mulliken, chairman; N. T. Gassette, W.W. Baird, of Baird & Bradley; C. P. Silva, of Hopkinson & Silva, and R. C. Givens, of E. A. Cummings & Co.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, February 23, 1886.

An ordinance was passed for water-service pipes on Morgan st., from Milwaukee ave. to W. Chicago ave; on Lexington st., from DeKalb st. to Leavitt st.; on Dayton st. from North ave. to Belden ave.; on Larrabee st., from North ave. to Center st.; ordinance establishing grade on Irving ave. from W. Jackson st. to W. Van Buren st.; also for establishing side walk grade on east side of Lake st., and from 21st to 120 ft. sonth; for repealing ordinance for the improvement of W. Jackson st., from Hoyne ave. to Rockwell st.; for repealing same for sidewalk on Coventry st., from North ave. to Wabansia ave.; for repealing ordinance for sidewalk on Hoyne ave., from W. Chicago ave. to W. Division st.; and on Marcy st. from Wabansie to Clybourne pl.; for establishing sidewalk space on Seeley ave. and Park ave.

COUNCIL MEETING MARCH 1.

The Arcade Rapid Transit Co. asked permission to lay tracks for and operate an underground railway donble track along Monroe st., from State to Crawford ave. and along La Salle st. and ave. from Monroe to North ave. and thence to the city limits, cars to be operated by electricity, cable or other similar power which was referred to the committee on railroads.

The City Collector has received warrants for collections for curbing, filling, and paving Twenty-fourth street from Hanover to Butler streets; and Sanger street from Archer avenue to Twenty-sixth street. Also for curbing, filling, and macadamizing Prairie avenue from Thirty-third street to Douglas avenne.

Architect George Beaumont, formerly superintendent for the late firm of Wheelock & Clay, has opened an office at 115 Dearborn street. He is the first Vice-President of the Chicago Architectnral Sketch Club, and a member of the Royal Institute of British Architects in London.

Fur rugs are in great demand. and the handsomest of all rugs are the white cashmere goat skin.

REAL ESTATE LAW.

The Illinois Central Railroad Company v. Theodore W. Thompson. Filed at Mt. Vernon, Jan. —, 1886.

USE AND OCCUPATION.—If a party continues to occupy and use premises after being notified by the owner that if he does so he will be expected to pay rent, he thereby becomes liable to the owner to pay rent therefor.

Charles Weingaertner et al. v. Melchoir Pabst et al. Filed at Mt. Vernon, Jan. 1886.

SPECIFIC PERFORMANCE—Where the owner of land, being old and infirm, made a contract with his daughter and son-in-law, that if they would come and reside with him, maintain and support him and his wife during their lives, and improve the land, he would, by his will, devise the same to them upon condition the son-in-law should within two years after the death of the father-in-law or that of his wife, in case she should survive him, pay each of his other children a certain sum, bnt instead thereof devised the land to his other children: Held, that the son-in-law was not entitled to a specific performance against the devisees withont paying the other children the sums so secured to them by the contract.

A contract for the sale or transfer of land by will to a party in consideration that such party would support the vendor and his wife for and during their respective lives. will not be specifically enforced when such party refused to perform his undertaking to support the vendor and his wife. The party seeking specific performance of a contract for the conveyance of land must have performed his part of it. If he refuses or neglects to do so he can not compel specific performance of it.

Suburban Improvements.

HYDE PARK.

An ordinance was passed for a sidewalk on both sides of Cottage Grove ave., from 72d to 75th sts; also on the west side of Prairie ave. from 42d to 43rd sts.

An ordinance dividing the village of Hyde Park into 24 elective precincts.

An ordinance for a street railway on 63rd st. from State st. to Stony Island av.

How to Decorate.

Beautiful work is now displayed in clock cases, pedestal style; the design being an important modification of those of former times.

Cut-glass table bells are new and novel.

A decided improvement has been invented in screen frames. It is a fine wire rolling screen, to be placed in the top of a window frame over the lower sash and rolls up like an ordinary shade. It need not be removed during the winter but rolled np out of sight, and does not interfere with the raising and lowering of the window.

The luxnry of color is seen in glass tazzas, vases and bottles of the cameo glass, the tinted opal, golden green and amber and the ice-frosted wine jngs.

Brass tables of the various forms are charming accessories to the drawing-room.

Brass waiters and tea-kettles brighten up the five o'clock tea-tables.

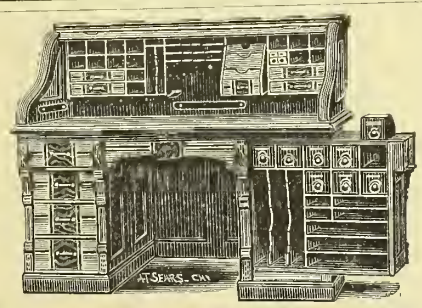
J. J. WADE'S

WASH TANK

AND ALL-PORCELAIN

WATER CLOSET.



THE want of a valveless closet has at last been supplied by my new Wash-Out, in which a body of water is kept constantly in the basin. It is constructed of one piece of earthenware, and is fitted with two-inch brass couplings for ventilation; one for the basin and one for the trap. The basin has a pierced rim, which, at the front, has an outlet extending downward and entering the bowl just above the surface of the water; when water enters the closet, the sides of the basin are washed by the water passing through the pierced rim. But the main body of water passes to the front and thence into the basin with such velocity as to completely force everything from the basin.

This elegant fixture can be seen with the water connected with it at my store,

531 W. MADISON ST.

I also keep on hand an elegant supply of Gas Fixtures and Globes.

House Draining and Plumbing in all its Branches.

NATIONAL SHEET METAL ROOFING CO.

Organized under Charter granted by State of Tennessee, September 30, 1882.

SOLE MANUFACTURERS OF

WALTERS' PATENT METALLIC ROOFING AND SIDING PLATES.

—TIN SHINGLES—

We claim for this Roof the following very essential points which no other sheet metal roof has:

1. **Rain-proof,** without being put together in continuons sheets.
2. **Storm-Proof.** It allows air to pass through freely from nnderneath.
3. **It can be taken off,** and relaid with absolutely no wastage.
4. **The only,** absolutely rain and storm proof sheet metal roof that continues so from the time it is applied.
5. **The strongest** roof in the world made from sheet metal.
6. **No cleets,** half sheets or shorts, to commence at eaves.
7. **A tin roof,** ready to be applied without skilled labor, or expensive tools.
8. **A roof** in which contraction and expansion is provided for in each separate sheet.
9. **A roof** applied without the use of solder, mallets, seamers, tongs, or fire about the building.
10. **A roof** that is painted by a dipping process, in which every particle of the shingle is thoroughly painted before applying.
11. **A roof** that has two designs in one—a perfect hexagon and a complete arrow —which can be ornamented when desired.
12. **The lightest roof** in the world. and nerfectly fire. storm and wind proof.

P. S.—We have just been awarded **FIRST PREMIUM and GOLD MEDAL at the World's Exposition New Orleans, La.**

L. D. CORTRIGHT, Western Agent, 122 La Salle St., Chicago.

THE
Real Estate and Building
JOURNAL.
R. C. SMYERS, Editor and Proprietor.
CHICAGO, SATURDAY, MARCH 13, 1886.

The Market.

Prospective Building in the Wholesale District.

Suitable building lots in all parts of the city are in great demand. A larger per cent than usual of those who have heretofore rented, will build for themselves this spring,

Houses ranging from $2,000 to $4,000 are selling quite readily. Many extensive builders of this class of residences are offering them on easy terms, requiring a payment of $300 or $400 down and monthly payments of $40 or $50. This inducement is leading many to invest in homes for themselves

The greatest activity in business property is manifest in the wholesale district. Several important transactions have been consummated this week including two improved pieces at $90,000 and $50,000 respectively and another unimproved at $50,000. A 99 year lease has been made of the latter and building will be commenced immediately. The heaviest building this year will probably be on this unimproved property on Market and Franklin streets. The prices for this property show an advance of at least 25% over those of last year.

Renting now forms an important part of the business of many of our agents. There is a slight depreciation in the rents of old houses without modern improvements while other houses are generally leasing at last year's prices.

Barnes & Parish report the demand for houses to be double that of last year.

Snow & Dickinson have closed this week two important sales of business property. The demand for property is active with them.

W. L. Davis & Co. report favorably from Argyle Park; the promising little suburb on the new Evanston Railroad. The growth of this place has been due largely to their efforts.

The Union National Bank aud the American Exchange Bank are to be refitted this Spring. The contracts have been let to A. H. Andrews & Co. for $11,000.

A SOLUTION OF THE PAVEMENT QUESTION.

The question of the kind of pavement to be used in the streets of Chicago is already attracting attention and will continue to do so during the coming season. A solution of the problem in some such way as the following will bear the thought of our many readers. First, let the streets be divided up into four or more different grades, as first and second class business streets, first and second class residence streets. Then let a certain pavement be determined upon for each grade of streets. This can be done by the election of a board of street pavement commissioners whose duty, it shall be to visit the more important cities both in this country and Europe and examine the various pavements in use and from the practical information thus receivod, determined on the kinds of pavements best for Chicago. This committee should be composed of men who are known to be above the receiving of bribes and fifteen to twenty-five in number. This would not do way with competition as there would remain as now a large number of competitors for each kind of pavement. But it would do away with the endless wrangle which property owners always enter into whenever the pavement of a street is determined upon. Thus there would be obtained the best kind of pavements for the various grades of streets which is what Chicago at the present time more than ever demands. The opinions of our readers are sought in this proposed solution to the street pavement question.

LOANS.

From present indications, the business to be transacted in loans this year, will show an increase over the large business of the past year. Greater confidence in Chicago real estate both by home and non-resident capitalists is shown. This may be also said of realty in general for large amounts are seeking investments in the improved property of aggressive cities throughout the Western States.

Large amounts are yet to be made by investing in and improving city and suburban real estate.

The firm of Rutz, Needles & Netling have recently opened up a Chicago office at rooms 36 and 37, Portland Block, South-east corner Dearborn and Washington sts., for the purpose of negotiating loans in any amount on city real estate both in Chicago and all Western cities of over 25,000 inhabitants. They are prepared to compete with the lowest rates, offering money at 5% and 6% according to security and the amount of the loan. Among their recent loans is one of $200,000 on real estate in St. Louis at 5% and another of $125,000 in Minneapolis, Minn., at 5½%. The firm is composed of Mr. Edward Rutz, Ex-State Treasurer of Illinois for three terms and Messrs H. M. Needles and W. F. Netling, men of experience and business talent.

Increasing the Prices of Lumber.

Advices from Brainerd, Minn., state that a combination has been made of Northern Minnesota lumber manufacturers to raise the season's opening prices of lumber from $1.50 to $2 per thousand, according to grades. The combination, as alleged, covers all the manufacturers and dealers who go into the Dakota and Montana Markets north of Minneapolis, and includes the operators and dealers of the St. Cloud, Sauk Rapids, Little Falls, Brainerd, Duluth, the Cloquet mills, and all the larger mills along the Northern Pacific. It is understood that the left-over stocks are all pooled, with details in the hands of the Northwestern Lumber Association, recently organized here, and the combined stocks aggregate, it is estimated, exceeding 200,000,000 feet.

CHICAGO CITY COUNCIL.

COUNCIL CHAMBERS,
CHICAGO, March 6, 1886.

Ordered, That the Mayor be and he is hereby requested to cause a report to be made to this Council, at its next meeting, giving an estimate of the amount required to purchase sufficient machinery, etc., to clean the improved streets of the city, and to give to the Council whatever data and advice in the premises he may have at command.

An ordinance was passed for the vacation of Haines street and part of alloy in B 86, Elston add; also for establishing side walk space on Warren ave., from C. & N. W. R. R. trades to Homan ave; on Indiana ave. from 18th to 22d sts.

An ordinance to stay proceedings for paving Wabash ave. from Harrison to 12th and from 12th to 18th sts.

Ordered, That the City Clerk of the city of Chicago be and he is hereby ordered and directed to turn over to the commissioners of election all the ballot boxes now in his possession.

Ordered, That the Comptroller be and he is hereby directed to submit any and all proposals for printing annual reports under his advertisement of February 15, 1886, to this Council for approval.

Ordered, That the Law Department submit an opinion to this Council, by what right the Chicago Dock Company has to occupy part of Taylor street, west of the Chicago river.

Suburban Improvements.

HYDE PARK.

An ordinance was passed for sidewalk on both sides of Kimbark ave. from 55th to 58th sts.; on each side of 6th ave. from 98th to 99th sts.

BUILDING MATERIAL.

Mahogany, Redwood, Pine, Sash, Doors and Blinds.

MANTELS AND BRIC-A-BRAC.

REDWOOD.

For over twenty years housebuilders on the Pacific coast have been acquainted with the merits of the California redwood for interior finishing and shingling; and so great has the demand for this beantiful wood grown that the California millionaire, the late Peter Donohue, was induced about ten years ago to construct a narrow guage railroad to bring the redwoods within easy shipping reach of San Francisco. All the stations on this road, as well as those on the line of the Southern Pacific and other California roads, are finished in this wood, which takes with mere oil or shallac a superior polish to the best mahogany. It defies decay, does not warp, and never skrinks, and hence it grows daily in favor. Its use is no longer confined to the Pacific slope, but is gradually growing popular in Eastern States. Having all the beauty and lasting qualities of mahogany, cherry and walnut, while much less expensive than either, it increases in favor with builders wherever introduced.

The well known firm of Charles B. Crombie have introduced redwood into Chicago with great success, and it is being more and more sought for by our builders and contractors. Its superiority over hard woods and pine in the matter of shrinkage and warping, and its lasting qualities, which are double those of pine, and the fact that it does not require painting, are advantages self evident to every one; added to which it can be supplied as cheap as pine itself. It is well adapted for panels, stair rails, newels, wainscotting, ceilings, door jambs and furniture, as well as for shingling roofs and gables; and, in a word, is one of the most valuable woods known in the manufacturing lumber trade to-day.

Any further information that may be desired as to the qualities and merits of the California redwood will be gladly furnished by Charles B. Crombie, at his office in the Adams Express building.

* * *

Nothing can better evidence the spirit and enterprise of the firm of C. J. L. Meyer Sons Company, well known for years as the largest manufacturers of doors, windows, blinds, sashes, stairways, stair railings, mouldings, etc., in the United States, than a visit to the magnificent new store of the firm, Nos. 133 and 135 Wabash avenue. To the architect, readers of the JOURNAL who delight in all those artistic belongings which go to make up the ensemble of a beautiful home such as they are so often called upon to design, this attractive and unique establishment possesses an especial interest. Here may be seen in every diversity of style, mantels, tiles, and bric-a-brac in brass, iron, copper, and bronze, comprising the largest and most complete stock of recherche house furnishings to be found in any city in the United States. The firm has for years held the foremost place in those industries which have for their object to make home beautiful, employing artists and designers of rare taste and artistic ideas, together with skilled professional workmen to give effect to their conceptions. This has enabled them to produce work of unequaled excellence, whilst their large and unrivaled resources justify prices that defy competition.

The warerooms of C. J. L. Meyer & Sons Company have been fitted up so as to display to the greatest advantage, both as to taste and arrangement, the varied products in house ornamentation of the firm, and afford to visitors a unique display of the resources of our city in this department of decorative art.

* * *

The tendency of the age in bullding is towards the beautiful and well as the useful and substantial, and hence channels for the employment of decorative art has been opened, which less than a quarter of a century ago were not even dreamed of. This has created a demand for the finer kinds of mahogany and cabinet woods, the trade in which. as in all other kinds of lumber, now centers in Chicago. Among the enterprising houses that recognize this fact the JOURNAL points with pleasure to that of J. Rayner, of New York, direct importer of mahogany and fine cabinet woeds, whose yards and offices are located at 283 to 289 E. 20th st. Here can be found lumber and veneers of all thicknesses on hand or sawed to order, which are received from the New York mills and wharf of the house, situated on East Houston street, and which are offered to manufacturers and dealers at bottom figures. Importing direct, and having rare facilities enables this house to give special satisfaction to customers, and the JOURNAL, as the organ of tbe building trades, takes pleasure in recommending it to its readers. The business of the house in Chicago is under the able management of Mr. Frank Rayner and Mr. F. Schindler, both gentlemen who are well and favorably known to the building trade.

* * *

Never has the outlook for the lumber trade been better than this Spring. The number of new buildings projected and for which architects are busy drafting designs is daily increasing and the demand for building lumber of all kinds promises to be greater than for many years past. Active measures to meet this demand has caused the greatest activity among our lumber manufacturers and among the firms who are well prepared to meet it. The JOURNAL takes pleasure in noting for builders and contractors the firm of C. Tegtmeyer & Sons, with main office at 381 Lumber street and factory at 761 to 773 Canal street. This firm is among our largest dealers in lumber, laths and shingles and has ever since its establishment been in the front rank of the houses which have given to Chicago its pre-eminence in the lumber trade. The firm manufacturers and are extensive dealers in hardwood and mouldings and carries large stocks of all varieties of building lumber. Mr. Christopher Tegtmeyer, the head of the firm has left the management in a large measure in the hands of his Sons. Messrs. Wm. Tegtmeyer conducts the business at the yards, Chas Tegtmeyer, jr, superintends the mills on Canal st., and Chris Tegtmeyer looks after the outside work.

Any communications to box 21 Builders and Traders Exchange will receive immediate attention.

G. A. MARINER & Co., Chemists, 81 S. Clark st.—The contiguity of Chicago to the vast mines of the West and the necessity of having samples of ore subjected to chemical analysis, has rendered it the home of some of the leading chemists of this country. Mr. G. A. Mariner established himself here in 1856, aud has since that time devoted himself to the study of chemistry, until to-day as an analytical and consulting chemist he stands foremost among the leading chemists of Chicago. His office and laboratory, located at No. 81 Clark st., is fitted with all the most improved instruments used in the profession. The Professor applies chemistry to mining, geology, agriculture, useful arts, metallurgy, patents, inventions, medical, legal, commercial and domestic affairs, and gives particular attention to the examination of mines. He makes also chemical and microscopical examination of foods, drinking waters, writing, etc., and reports are made on all kinds of technical aud scientifio research. Mr. Mariner is frequently consulted by the legal and medical professions, and is often called upon to give expert testimony. For instance, in the trial of the celebrated Mackin case for forging the tally-sheets in an election case, Mr. Mariner's testimony was considered of the utmost importance. He gives instructions in practical chemistry, and attends promptly to any samples that may be sent by mail or express. For many years Mr. Mariner has had associated with him Mr. William Hoskins, who is almost as widely known as Mr. Mariner himself. Mr. Mariner has always held a high position in the esteem of his fellow-citizens, and by his uprightness of character has an envied reputation throughout the entire country, his certificates being recoguized as very high authority.

(From the Daily Trade Bulletin, March 11.)

Dual Forces.

In this day and age, amid the light of the nineteenth century, there seems to be two forces of a dual nature which affect society, one tending strongly in the direction of progress and enterprise which build up our great cities and develop the natural resources of the country; the other undermining all morals and disturbing and hindering honest labor. The rapid strides made in architecture and house-building and all cognate interests serve to show the spirit of the age in which we live; but the tendency to vicious idleness and to dishonesty among the young men and boys of the present day is a crying evil of the times which must lead sooner or later to serious results. Not a day brings forth fewer than a score of bad deeds by previously trusted employees in our city, and when there is no opportunity to steal or betray their employers in money matters the discontented and reckless ones instigate a strike which nine times out of ten results injuriously to employee and employer. Hundreds of young and middle aged men apply daily for situations, in answer to advertisements in the papers for help, and depend upon it the advertiser is in earnest or else he would not waste his time and money; but ninety-nine times out of a hundred these fellows, after bothering and occupying the time of the would be employer prove to be chronic applicants, scalawags and deadbeats, neither competent nor desirous of doing anybody any good, not even themselves. The majority of them lack energy and industry, some of them tact, but many of them are men in disgrace as well as boys who have been dishonest and were forced to leave home to get a living amongst strangers.

The talk that the reason why employes steal is because employers do not pay sufficient salaries to keep soul and body together is all nonsense. The two young men who robbed the Pullman Co., the young married man who embezzled money belonging to the Insurance Company on La Salle st., and the two young married men who stole $5,000 from N. K. Fairbank & Co. so recently were all high salaried men. Ten times as many more cases of embezzlement and unfaithfulness might be cited as occurring during the same time in this locality. Aside from shop lifting a dozen cases a week sometimes occur in the different dry goods stores, and private detectives are constantly employed to shadow suspicious employes. As a rule all well disposed young men and women who seek employment, get it, and keep it, but the idle horde of chronic applicants are nothing less than an army of tramps, escaped convicts and discharged criminals who have served their term. Chicago is a good place for them; they can live on free lunch such as it is and sell their votes once or twice a year to the professional politicians who in turn get their living by jobbery and selling THEIR votes.

Some of the business men of Chicago should put Sam Small, the Evangelist on the racket they are giving us; he no doubt could find suitable expressions to characterize this cussedness and laziness of young men of the present day. R. C. SMYERS.

MASTER PAINTERS' ASSOCIATION.

The Master Painters' Association held its annual meeting, Tuesday evening, March 2, at the rooms of the Builders' and Traders Exchange. The following officers were elected: President, J. G. McCarthy, Vice-President, H. G. Milligan; Secretary, B. S. Mills; Treasurer, N. S. Lepperr.

Among the pleasant occurrencies of the evening, was the presentation of a silver table service, valued at $200, to B. S. Mills, as a recognition of his efficient services to the association. Twenty-five members were present and considerable enthusiasm manifested.

The Association looks forward to the coming year with the hope of still further promoting the common interests of the master painters of Chicago through its organization. A special meeting will be held March 16.
